*Traditional Tree of Life, including the Daath Pack, Tarot Spread with Interpretative Chart*

*The Tree of Life and Daath Pack are to be read in three stages, no more than once a year. The three stages consists of 41 cards total, meaning the 10 card Tree of life and the 7 card Daath pack should be spread out in formation, without reshuffling. The Daath Pack can be placed next to each Tree, without spreading them out until the Tree it is dedicated to has been read. The stages are as follows:*

*Cycle One is the Past.*

*Cycle Two is the Present.*

*Cycle Three is the Future.*

*Each stage should be read accordingly, due to the Kabbalistic ideas that join the three pillars (verticals):*

*Cards 2, 4, 7*

*The right hand branch should be read with mercy/compassion.*

*Cards 1, 6, 9, 10*

*Center should be read in the spirit of harmony.*

*Cards 3, 5, 8*

*The left hand branch should be read with severity, should a particularly negative or influenced card appear in this area the querent may be scolded.*

*Prior to any reading being completed, the Querent must choose a face, or court card that is a most accurate representative of him/herself. Write down the card, replace it in the deck, and reshuffle the deck until the querent and yourself is ready to deal the cards. Should the card reappear on the Tree of Life or in the Daath Pack, special attention should be paid to the location and timing of the card—Where is the card located? Is it in the Past, Present or Future?*

*The Daath Pack Instructions: After pulling and casting the ten cards for the Tree of Life, the next seven cards are taken out of the deck and set to the side. These seven cards are to be used to qualify and enlarge upon each Tree of Life. Details of what is also going on.*
