## Allahu Akbar shouts the Mind Controlled Manchurian Candidate

 THE FOXY FOX OCT 13, 2023

Matthew Pauly was tortured to admit non existent terror plots and told to shout

- *Allahu Akbar! Allahu Akbar! Allahu Akbar!*
- *My name is Mohash!*
- *Mohammad is the Prophet!*
- *I know how to make bombs!*
- *I am going to blow up the CN Tower!*

Matthew is a Canadian who was mind controlled programmed by the CIA to be a sleeper assassin. He felt he had to get the following words tattooed on his thigh...

*Canadian aka Malcolm Pauly FB Matthew Pauly. Non Consensual MK Ultra Sleeper Assassin Test Subject. Doctor/Coroner Test for Scopolamine and poisons. Contact The Toronto Star, news columnists, Search: "Malcolm Pauly Sleeper"*

Matthew's story leaves no doubt that MK Ultra mind controlled programming is still being carried out today. The official story in wikipedia and the like is that the CIA's mk ultra programme was discontinued just before being exposed in the 1970's. Yes they expect you to believe that! All they will have done is rename and relocate it, so that their lies can be covered with a thin skin of superficial truth.

Matthew has published an ebook called the *Murder of Time*, download available here [\[3a\]](#). In the book Matthew tells briefly of his sexual abuse as a child, which led to his PTSD and later being chosen as a subject for adult interrogation and torture. He also tells

- how he killed someone in the US whilst he was under mind control
- of his being raped by his US mind control torturer Blondie / Mitch of CICA
- how he fears being used as a Manchurian Candidate for a false flag shooting

Most people in my experience use the term Manchurian Candidate meaning a mind controlled individual, programmed as a sleeper for use in the future probably as assassin. This is the plot of the 1959 book by Richard Condon and the film in 1962 which sticks fairly closely to the book, and a remake in 2004, which takes more liberties. For more on the book, the films and more see *Manchurian Candidates – MK Ultra Mind Control Assassins* [\[1\]](#)

*Manchurian candidate* can also be defined as “*a person, especially a politician, being used as a puppet by an enemy power*” [\[6\]](#). That is maybe how it was used recently by Trump about Biden or maybe it was a comment in a deliberately grey area as Presidents are mind controlled as well.

Matthew Pauly was tortured to admit non existent terror plots and told to shout “*My name is Mohash! “Mohammad is the Prophet! “Allahu Akbar! Allahu Akbar! Allahu Akbar! “I know how to make bombs! “I am going to blow up the CN Tower!.”*

Gladio was a codename for the stay behind armies after World War 2 intended to fight communists. Gladio B has been in play for some time using false flags to blame Muslims for terrorist events. See *Operation Gladio and Gladio B* [\[5\]](#). Gladio B combined with mind control is presumably the plan behind what was done to Matthew.

Those who have studied the mind control programming project monarch / mk ultra will know that there are millions of programmed individuals, see *How many mind controlled slaves are there?* [\[4\]](#). These people are programmed for a multitude of tasks including assassins, supersoldiers, singers, musicians, actors, models, journalists, editors, photo editors, church leaders, politicians, sportspeople, sex slaves, corporate bosses, trainers, doctors, psychotherapists, therapists, nurses, medical personnel, dentists, coroners, funeral home directors, judges, lawyers, environmentalists, social media influencers, ministers - whatever tasks are needed so that they may act to cover for the cabal and to act in a Hegelian dialectic / problem reaction solution fashion to be able to manipulate people to the conclusion that the cabal want.

Taking into account what Matthew was taught and what Gladio B is about it is easy to see how mind controlled provocateurs can be used to provoke a war situation, then mind controlled “journalists” can be used to whip up and intensify emotions for the mind controlled politicians to take the subsequent warmongering decisions by glossing over inconsistencies with rhetoric and word salad. Of course they need not all be mind controlled as bribery, blackmail and ideology all can be used.

The mind controlled all have cover lives in different alters, and in other alters they will be utterly convincing that they are not anything else other than they portray as there

are amnesic barriers between the different alters.

The mind controlled / Manchurian candidates can be activated to come out in specific alters by numerous triggers - a sound, a smell, colour, shape, different words or signals etc.

The Luciferians are increasing the pace of their end times plans since the raising of the antichrist in April 2020 and Obama's appointment as head of the Satanic Council perhaps also called the World Governing Council.

Jews should not be conflated with Zionists or Israel or the Government of Israel or even Khazarians. There are many Jews opposed to the existence of Israel, many opposed to the Israel government actions. Similarly Hamas should not be conflated with Gaza, nor Palestine nor Muslims. There are a few thousand Hamas, 2 million Gazans and there are Palestinian Christians as well as Muslims, with many Palestinians not being Gazans. However these essential details will be lost as emotions are deliberately stoked up by Manchurian candidates peddling their emotive atrocity propaganda, manufacturing outrage amongst the people who are as yet not tuned in to the deceiving ways of Luciferians.

The war between Hamas and Israel is just a start, the Luciferians intend to widen the religious and racial divisions between countries and inside countries and will use Manchurian Candidates to provoke and inflame these divides. Indeed it will already be happening. Note most mass shootings were carried out by people already known to the intelligence services. Yes of course, they programmed them. See a great article *I HEAR VOICES: MKUltra? A Worrying Trend Of Mass Shooting Suspects Throughout History Before Committing Horrific Murder* [9]. The V2K voice to skull may also be a means of triggering a candidate.

On social media there are already many influencers and some new arrivals. Watch for emotive claims and little or no evidence. Things to look out for are those that insist their way is the only way, are aggressive, attack others and cause strife and division. Take care. This also applies generally to the survivor community.
