

Americans may describe Hillary Clinton in a lot of ways but “Jesuit” or “Roman Catholic” won’t be at the top of the list.

They should be.

Hillary Rodham was born in the Jesuit capital of radical Leftist “community organizing”: Chicago. The Jesuits have a long history of radicalizing minorities there. It’s where the man who is likely Obama’s biological father, black Communist, pornographer and pedophile Frank Marshall Davis worked on the same Communist newspaper (the *Chicago Defender*) as Vernon Jarrett, the father-in-law of Obama’s top advisor, Valerie Jarrett—a woman so powerful she has her own secret service detail, courtesy of the American taxpayer. A “former” Jesuit named Greg Galluzzo would show young Barry the ropes of organizing the minority community in Chicago and Roman Catholics would later fund both Obama and the “secular” Jesuit vehicle for that radicalization; “ACORN”.

Hillary Rodham would walk a similar path. In 1974, Rodham was on the staff of John Andrew Droar, the lawyer hired by Congress to investigate the Watergate Hotel Democrat National Convention break-in which had CIA hit-man Everett Howard Hunt at the heart of it. Hunt had done it all for the CIA, from overthrowing the administration of Jacobo Arbenz in Guatemala in 1954

to the Bay of Pigs invasion to the murder of John F. Kennedy. **Rumor has it** that fellow conspirator Frank Angelo Fiorini (who later changed his name to “Frank Anthony Sturgis”) made a death-bed confession claiming **Jesuit-trained** FBI Special Agent George Gordon Battle Liddy was the one who murdered Dallas Police officer JD¹ Tippit, not Lee Oswald, with the rationale being that Tippit was “dirty”. One might call that a “Jesuitical” rationale in light of Tippit’s murder being used to further frame a Patriot who **tried to warn the FBI** through Special Agent James Hosty that there was a plot to murder the President.

The irony of Hillary asking Richard Nixon “What did you know and when did you know it?” has not been lost on the politically astute.

A year later, in 1975, Hillary

Rodham would become Hillary Rodham-Clinton.

The media **very strongly proclaims** that Bill Clinton is a “Southern Baptist”, which is interesting because at each turn of his life, there has been either a Roman Catholic or a Jesuit holding his hand.

Clinton was born “William Jefferson Blythe, III” although his biological **father is said to be** a travelling salesman who died in a car accident just after his birth.

It was a rather sophisticated name coming from mother Virginia Dell who dumped William Jefferson off on her parents while she went to nursing school. She apparently didn’t do well as she was subsequently named in the wrongful deaths of **at least two of her patients** as an anesthesiologist.

Officially, Virginia was married to four different men and may have “known” a few more.

One of them might have been the son of John Davison Rockefeller, Jr., Winthrop Aldrich Rockefeller, the 37th Governor of the State of Arkansas.

A transplant from New York who had no roots in Arkansas (the striking reverse of Hillary Rodham’s political career), Rockefeller was **a reputed homosexual** who lived with a black friend and had “the world’s largest porn collection”.²

Perhaps “sexual deviant” would be a more appropriate descriptor rather than “gay” if one believes Winthrop Aldrich to be Bill Clinton’s father and, given the lifestyles of the rich and shameless, not a far stretch.

Nor does the connection end there. Winthrop is said to have been the one who engineered the famous meeting **between Bill and Jack Kennedy** just a few months before Kennedy was brutally murdered.³

It was Winthrop Rockefeller who **stepped up and made sure** that Bill got a Vietnam draft deferment and an internship with J. William Fulbright that lead to an **all-expenses-paid tour** of Communist Europe and Asia.

Another oddity regarding the “blue collar” upbringing of William Jefferson Blythe-Clinton is that he was a **member of the Jacques de Molay Society**,

named after the final (overt) Grand Master of the Knights Templar.

If the Rockefellers gave Bill Clinton life, it was the Jesuits who trained him.

After getting his ticket from Winthrop out of Vietnam (known as “Spelly’s War” because it was co-ordinated by NY Cardinal Francis Joseph Spellman ⁴), Hippie-Communist Jesuit Richard McSorely **helped train Bill** as he protested the war he didn’t have to go die in while in England then received special training in then-Communist Prague and Moscow.

Later, Bill would complete his training under the tutelage of men like Professor **Carroll Quigley while** at Jesuit Georgetown.

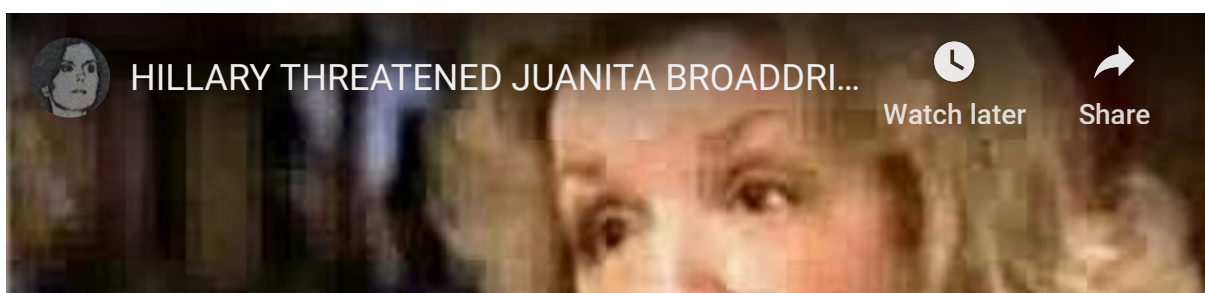

Bill’s hidden silver spoon would soon get him to sit where his benefactor (and father?) once sat; in the Arkansas Governor’s mansion.

There, Bill and Hillary joined hands with the Bush family and they all built dynasties on **a mountain of cocaine** flown in to Arkansas courtesy of the Central Intelligence Agency.

That Jesuit guidance continued through a full 8 years of punishing the **American people hard and it included** shooting up a separatist family in Idaho in which a Japanese Roman Catholic FBI sniper named Lon

Horiuchi ⁵ slaughtered a mother with an infant in her arms ⁶; a trial run false flag on the World Trade Center in 1993 killing 6 and injuring 1,000; burning alive 80 men, women and children in the Seventh Day Adventist compound at Waco (what the Inquisition does to “heretics”—you may not believe that this was part of the tactical decision-making process **but it was**) and slaughtering 168 people, including 19 small children and then blaming it on a “right-wing Constitutional Christian fanatic”, Timothy McVeigh.

While this was going on, both Bill and Hillary were living large as debauched sexual predators, **both raping and defiling** as they pleased and when victims came forward, Hillary Rodham lowered the boom.

“ *An alleged rape victim said in an interview Friday that Mrs. Clinton “took me through hell,” during her early days as a lawyer. The woman was referring to Mrs. Clinton’s major criminal case at age 27, in which she defended Thomas Alfred Taylor. The man, then age 41, was accused of raping a 12-year-old girl in 1975, and ultimately plead guilty to lesser charges.*

Audio tape of Mrs. Clinton talking about the case was provided by the Washington Free Beacon on June 15. During the tape, the former Secretary of State seems to suggest that her client was guilty.

“I had him take a polygraph, which he passed, which forever destroyed my faith in polygraphs,” she says in an interview archived at the University of Arkansas in Fayetteville. Mrs. Clinton laughs at the remark and does so again after discussing DNA evidence that was accidentally destroyed by a crime lab. The interview was conducted by Arkansas reporter Roy Reed.

*In her interview with the Daily Beast, the victim addressed Mrs. Clinton directly: “I would say [to Clinton], ‘You took a case of mine in ‘75, you lied on me... I realize the truth now, the heart of what you’ve done to me. And you are supposed to be for women? You call that [being] for women, what you done to me? And I hear you on tape laughing.’” ~ **The***

Washington Times

Hillary Rodham continued to play the role of strong-man by **illegally going through** the FBI dossiers of their political enemies for blackmail. Neither the existence of the dossiers nor the activity were addressed with prosecution.

In fact, the corruptions that occurred during the Clinton Administration that were being ignored were so vast a side-show was fabricated over a sexual tryst Bill had in the Oral Office. Meanwhile, in best Hegelian fashion, Bill’s

Jesuit keepers were ordering him to keep backwards Communist China in full threat status by sending them **nuclear secrets** and **supercomputers**; all acts of high treason that were shoved under Monica Lewinsky's stained dress.

After Clinton dodged his impeachment the way he dodged the draft (with help from his handlers), "bulldog" Republican investigator Kenneth Starr opinioned how he would've liked to have had dinner with the Clintons. **This was in 2005** so he very well may have by now.

But after Bill stepped down into retirement (with a Jesuit "job well done!") Hillary stepped up.

With no political experience what-so-ever, she ran for United States Senate in a state she's never lived in; New York—the exact opposite of Bill's father, Winthrop Rockefeller.

New York is a state owned by Rome; the "Pope of America"—the Archbishop of New York—sees to it that Leftist Catholic Democrats always reign supreme even when they claim to be "Methodists" like Hillary.

Timothy Cardinal Dolan with the far-Left Roman Catholic Mayor of New York City, Bill de Blasio.

Timothy Cardinal Dolan with the far-Left Roman Catholic Governor of New York, Andrew Cuomo (son of former far-Left Roman Catholic Governor of New York, Mario Cuomo). “Free elections”, indeed.

The Pope of America and the Pope of Rome.

In 2008, Hillary put her political career on hold...to seek higher political office.

Unfortunately for her, she was informed that the **Jesuits had a better candidate** in Barack Hussein Obama.

As much as the “press” is corrupted and controlled, they aren’t on board enough (at least at the lower levels) to be privy to a Bilderberg meeting so they were tricked and basically kidnapped.

The Bilderberg Group is a regular meeting of the Power Elite where they get instructions on how to push the enslaved masses towards unification under the Holy Father. The **founder of the Bilderberg** movement (and of European

unification) was a former Jesuit seminarian, some say full ordained Jesuit priest, Józef Retinger.

If you know how to pick through the smokescreens of blaming Jews, claiming the Vatican was alright until it was “infiltrated” and promoting Freemasons as “enemies of Rome”, sources like Jan Van Helsing’s ⁷ *Secret Societies and Their Power in the 20th Century* can be illustrative.

“

The Vatican’s secret service has always been the Society of Jesus, whose members are called Jesuits. I would like to open the eyes a bit of those who believe that Jesuits were just another harmless religious organization. The initiation oath for the 2nd degree demands the death of all Protestants... They were the leading force behind the massacre of the Huguenots and were also responsible for the beheading of countless Protestants ... in England during the 16th and 17th centuries. The Society of Jesus was founded in 1534 by Ignatius Loyola...

The power of the general of the Jesuits is such that he is called the Black Pope.

... The P2 is the strongest of the Italian Masonic Lodges.

Within the P2 is the Great Vatican Lodge, which was at the root of the P2 scandal in 1976, when a list surfaced in the Vatican with the names and entry dates of 121 high Church dignitaries, among them cardinals of the Curia, archbishops, bishops, prelates and laymen. ...

Among the names on the list were also those of the secretary of state cardinal Jean Villot, the Vatican’s Foreign Minister Agostino Casaroli, cardinal Sebastiano Baggio, cardinal Ugo Poletti and the head of the Vatican Bank, Bishop Marcinkus. ...

By the end of World War II ... Allen Dulles, head of the CIA ... had a secret meeting with the SS leader Gehlen.

They made arrangements to smuggle SS officers under the cover of the Catholic Church into Switzerland. Some SS officers took their vows and were posted in other countries, predominantly Argentina, Paraguay, and the U.S. After the war it was Gehlen’s task to organize the station Radio Free Europe. After the war a large section of the SS was directly taken over by the CIA.

Another interesting member of the Committee of 300 was Joseph Retinger. After the war the CIA supported him in making contracts with the Vatican. For instance, he won over Dr. Luigi Gedda, the medical advisor of Pope Pius VII and leader of Catholic activities. With Gedda's help he succeeded in strengthening for the future the connection with Pope Paul VI who had already collaborated with the OSS (Office of Strategic Services).

Retinger also met with Prince Bernhard of the Netherlands, the Italian prime minister, Sir Colin Grubbin, director of the SOE (Special Operations Executive, British Secret Service), and CIA director General Walter Bedell.

Before the war Prince Bernhard was with the SS and then held a position at I.G. Farben. He married Juliana, who in 1948 became queen of the Netherlands, and he took up a post with Shell Oil. This group was the core that met at the hotel De Bilderberg in Oosterbeek, Holland for the first time in May 1954 and later became known as The Bilderbergers. Committee of 300 member Prince Bernhard of the Netherlands became the first director of the Bilderbergers. ...

One of the CIA members with a strong influence in the Vatican was Cardinal Spellman. He helped the CIA with the overthrow of democracy in Guatemala in 1954. It was also Spellman who introduced Father Paul Marcinkus from Chicago to the Pope. In 1971, Marcinkus became archbishop and head of the Vatican Bank. Marcinkus developed close links with Masonic P2 lodge members Michele Sindona and Roberto Calvi. The grand master of the P2 was Licio Gelli. Calvi who headed the Banco Ambrosiano helped the Vatican to transfer more than 100 million U.S. \$ to the Polish Solidarnose movement. Later he was involved in the huge Banco Ambrosiano scandal. In 1982 his body was found hanging from the London Blackfriars bridge. He had bricks in his left and right pockets and his legs were tied at a right angle. This a Masonic ritual murder. This peculiarity was never written about in the newspapers. Sindona became advisor to the Vatican Bank. The P2 lodge had many links with the Vatican, Opus Dei and the CIA. Many of its members held high offices in the Italian government.⁸

Here is another source that claims Retinger was an ordained Jesuit and not just a seminarian who didn't graduate.

“

The Committee of 300, although in existence for over 150 years, did not take on its present form until around 1897. It was always given to issuing

orders through other fronts, such as the Royal Institute for International Affairs. When it was decided that a super-body would control European affairs, the RIIA founded the Tavistock Institute, which in turn created NATO. For five years NATO was financed by the German Marshall Fund.

Perhaps the most important member of the Bilderbergers, a foreign policy body of the Committee, was Joseph Rettinger⁹, said to have been its founder and organiser, whose annual meetings have delighted conspiracy-hunters for several decades.

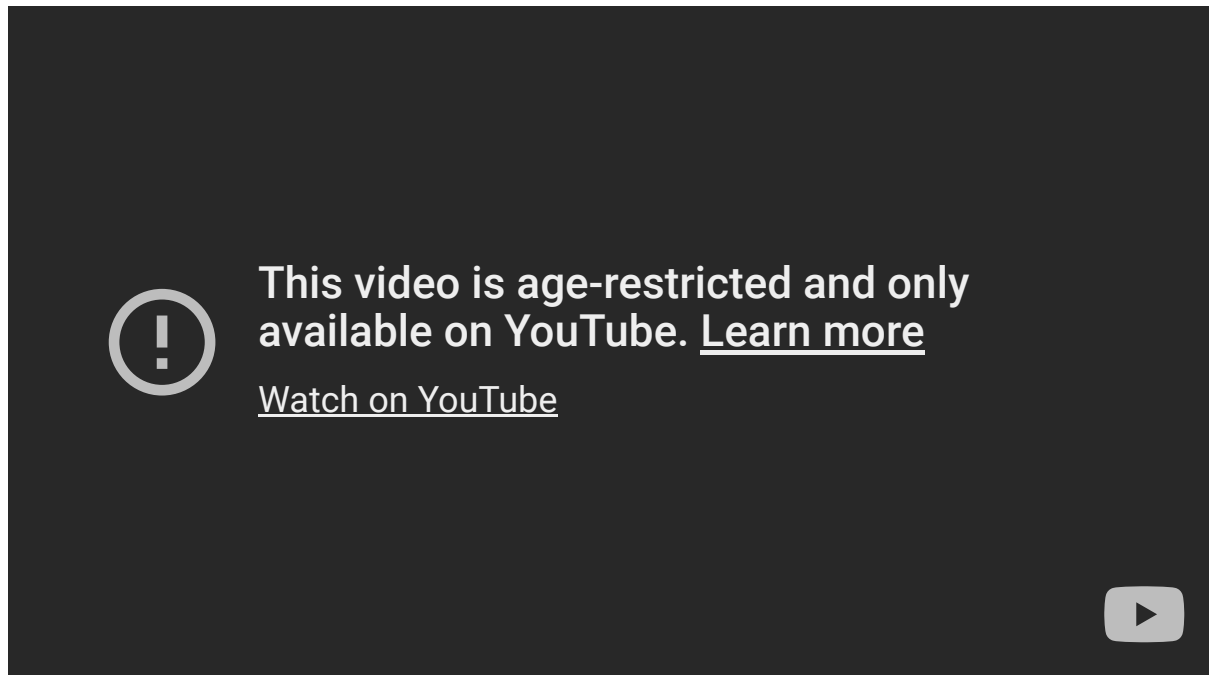

Rettinger was a well-trained Jesuit priest and a 33rd Degree Freemason.

Mrs. Katherine Meyer Graham who is suspected of having murdered her husband in order to get control of the Washington Post, was another ranking member of the Club of Rome, as was Paul G. Hoffman of the New York Life Insurance Company, one of the largest insurance companies in the United States and a leading Rank company, with ties directly to Queen Elizabeth of England's immediate-family. John J. McCloy,^{10 11} the man who attempted to wipe post-World War II Germany off the map and last but not least, James A. Perkins of the Carnegie Corporation, were also founding-members of the Bilderbergers and the Club of Rome.¹²

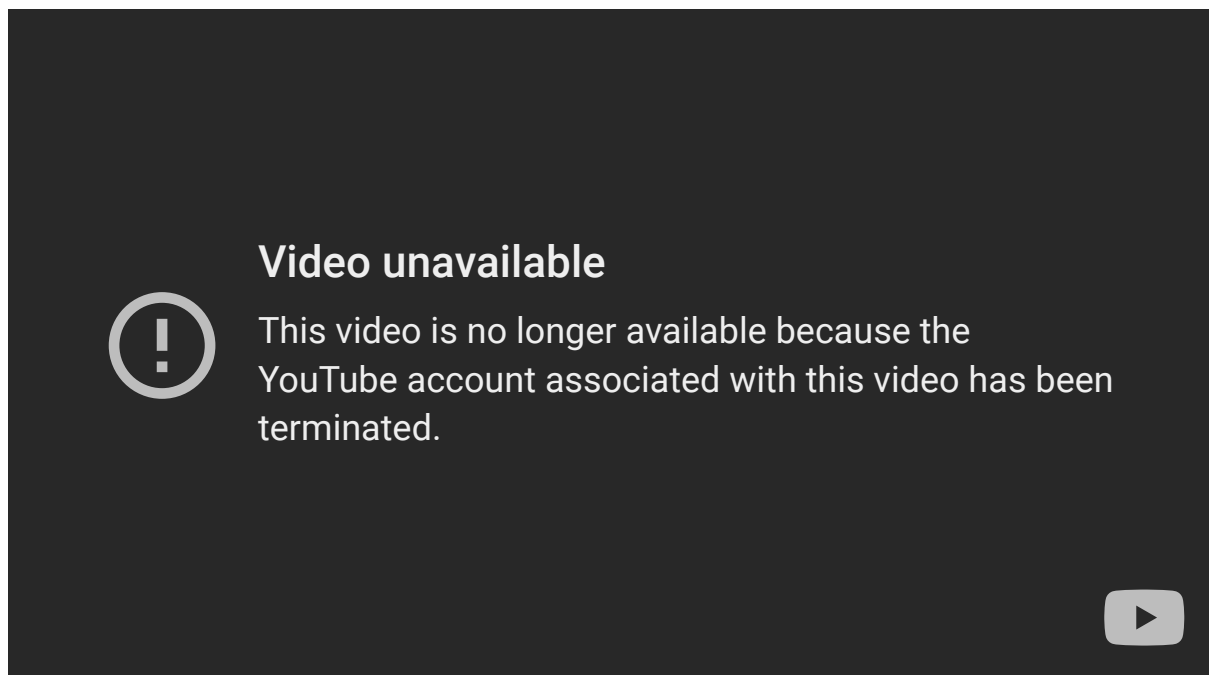

If you had any doubt, just look at the Papal Knight symbolism on this Bilderberg Hotel in Apeldoorn, Netherlands.

As apparently vehement as the campaign was, Hillary Rodham would later accept the position as President Obama's Secretary of State where she oversaw matters of high treason such as an illegal 8-month war to oust the sovereign of Libya—and oust him they did.

Oddly, in an interview with CBS, Rodham quoted Julius Caesar in his letter to the Senate after his victory against Pharnaces II of Pontus, *Veni, vidi, vici*, adding her own perverse sociopath twist.

It was an unusually Roman thing to say for a gloating Methodist.

Clinton would help to insure the treasonous humiliation of **purposefully allowing** a CIA arms hub and interrogation center to be over-run, sacrificing her own ambassador along with several security experts who courageously attempted to intervene.

The end-state for such unbelievable treason was to arm the CIA-trained “rebels” in Syria with Russian-made man-portable surface-to-air missiles and it has been **a sickening success**.

Rumors that Hillary Rodham prefers women over men continue to fly as the result of the role played by her close aide, Huma Abedin.

In the crass, tabloid sensationalism of the Village Voice, **Michael Musto wrote**

“ As I recently said on MONICA CROWLEY’s radio show, whisper campaigns are claiming that HILLARY CLINTON is GAYLE KING-ing her aide de camp, the glamorous HUMA ABEDIN, an Indian/Pakistani goddess from Kalamazoo, Michigan. In other words, Hillary may be putting Huma out there in the press and purposely making her more visible as a pre-emptive strike that amounts to her hiding in plain sight. This way, no Republican can later say, “Who is this gorgeous babe who spends so much intimate time with Hillary that the Observer called her Hill’s ‘body person’? Was GENNIFER FLOWERS’s book right about Hillary’s sexual taste?” And does either of this couple have the balls to bottom?

Of course that whole scenario can't possibly be true, since Bill and Hill have been so lovey-dovey lately for the cameras, and besides, whenever he's been serviced by an intern—or by anyone—he's clearly been thinking of his wife. (They're that close.) But suddenly, Huma—a sort of Muslim SALMA HAYEK—has that spread in Vogue and the accompanying write-up notes that she “oversees every minute of Senator Clinton's day.” Every single minute? Even Gayle King takes a break now and then!

The Observer noted that Abedin has an opulent lifestyle (one that doesn't comport with a staffer's salary):

“ According to a friend, her favorite designers are Mr. de la Renta, Catherine Malandrino, Charles Nolan and Prada. “And she has a weakness for Marc Jacobs bags,” said the friend. “She is known for her bags.”

Robert Barnett, the Clintons' longtime attorney, said that in 11 years of knowing her, he has never seen her wear the same outfit twice.

Although there are “Christian” web sites like that of the Shoebat family who draw attention to connections **Abedin supposedly has** with the Saudi Royals, the Shoebats are clearly incognito Papal insurgents, masquerading as “Christians” who **frequently attack Protestants** and draw focus away from Rome with calls for a **new Crusade against Islam**. There are a great many just like them (because Rome *owns* all of the media resources) and it takes a despicable individual to wage such a psychological operation of misrepresentation specifically designed to fleece Christians.

Abedin has been with Hillary Rodham since 1996 but was married to former Congressman and former NYC mayoral candidate Anthony Weiner in 2010.

It is not, apparently, a fulfilling marriage as Weiner was forced to leave Congress and step away from the mayoral campaign as a result of **repeatedly getting caught** sending lewd pictures of himself (“sexting”) to women other than his wife.

Perhaps the marriage is as convenient to the Weiners as Hillary's is to Bill. Another Washington blog **confirmed the special relationship** between Hillary Rodham and Mrs. Weiner.

In 2015 it was discovered that, as Secretary of State, Clinton had made extensive use of private e-mail servers for official communication; a grievous breach in national security. Hundreds, perhaps thousands of State Department e-mails could either have been intercepted or sent to hostile entities on purpose without an official record or Federal Government security mechanisms (which would be the reason why Clinton sent them from an outside server, if treason was, once again, her intent).

The Director of the FBI, however, said that after a “thorough examination”, **no wrong-doing** was conducted.

But in 2010, the **FBI was able to keep** Russian spy Cynthia Murphy from getting “too close” to Clinton, although what exactly that meant was left to the imagination.

The current Director, James Comey, is a Roman Catholic raised in a **very devout Catholic family**; much as the founder of the **FBI was, Charles Joseph Bonaparte**, great grand-nephew of Emperor Napoleon Bonaparte.

In 2009, Secretary of State Hillary Clinton visited the shrine of Our Lady of Guadalupe at the basilica of the same name in Mexico City, to see first-hand the mural of the Virgin Mary. The scant media accounts of the visit all **mock Clinton’s non-Catholic** couth at not knowing the image was miraculously imprinted on the cloak of St. Juan Diego in 1531 as the Virgin had been

communicating to him her desire for a church to be built in that location in her name. But is Hillary Clinton really that oblivious to the ways of the hands that feed her?

Now in 2016, Hillary Rodham is again on the campaign trail for President of the United States.

She'll be running against Donald Trump, who spent two years **at Jesuit Fordham** before transferring to the **incognito Jesuit facility**—the University of Pennsylvania. Trump's son, Eric, received a full degree at Jesuit Georgetown and is now on the board of **the McDonough School of Business** at Georgetown.

Is Hillary Rodham Roman Catholic?

One doesn't need to be Roman Catholic to be powerfully used by Rome (just **ask Knight of Malta**, recipient of **the Order of St. Gregory**, Rupert Murdoch) to the detriment of the American people—it just helps to have that added bit of loyalty.

Yet there's no question that Hillary gets her marching orders from Rome and that the relationship is kept *hush-hush*. Recently Clinton had a "private"

meeting with American Pope ¹³ Timothy Cardinal Dolan, which **the media played off** as just a “candidate” reaching out to the “Catholic community for votes”. Why this would happen “in private” and without any pictures of Clinton and Dolan together does leave one to question.

The deciphering of who handles Hillary can perhaps finally be ascertained beyond doubt with the selection of her vice presidential running mate; Tim Kaine.

Kaine is, you guessed it, a devout Roman Catholic. He is a United States Senator for the Commonwealth of Virginia—a state which also boasts a Jesuit-trained Roman Catholic Governor; Terence Richard “Terry” McAuliffe.

Kaine went to Rockhurst; an all-boys Jesuit prep school in Kansas City, Missouri.

But more than a Jesuit prep school, **Kaine spent a year** with the Company while on mission in Honduras.

How did that shape the United States Senator and possible future Vice President?

Professor of Political Science at the University of Virginia, (and devout Roman Catholic) Larry Sabato, says of Kaine—

People are cynical about politicians, but in Tim Kaine's case, faith and service really have driven his life. There's a lot of Jesuit in him

At this point, we can throw out any vestiges of Hillary’s “Methodist” background.

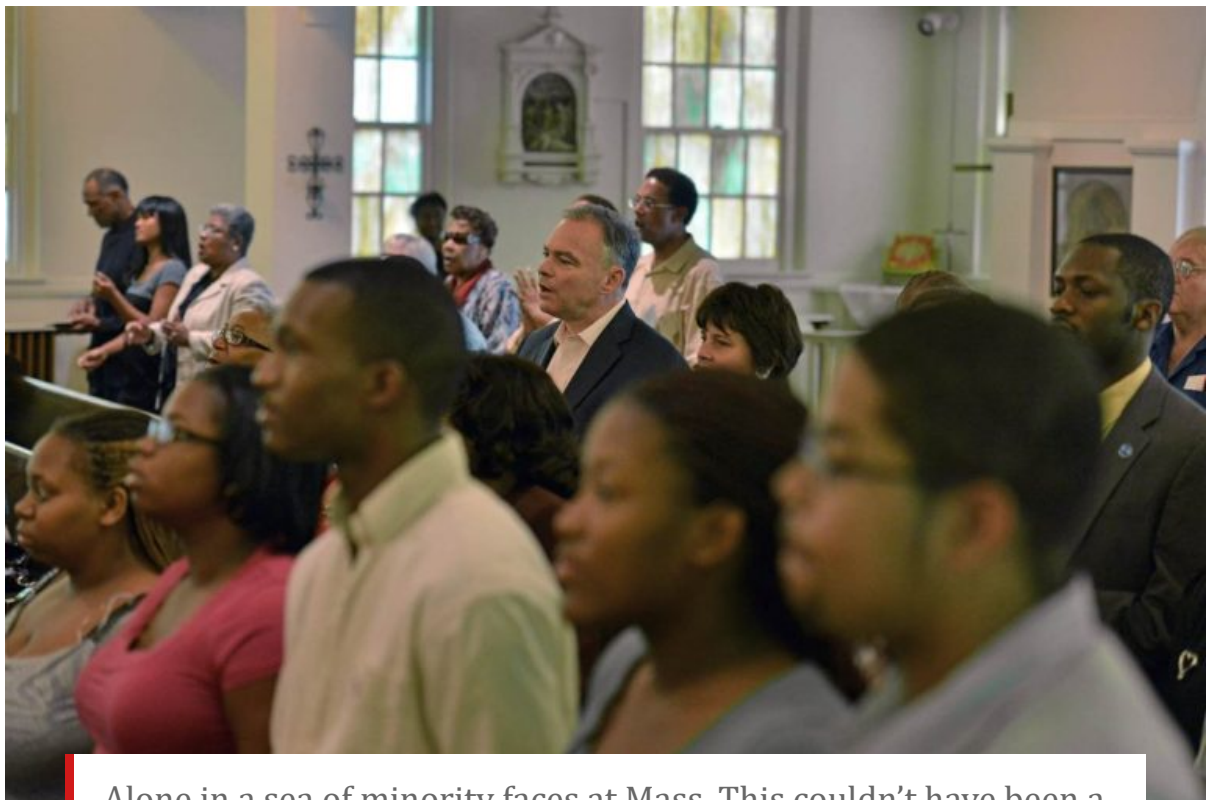

Perhaps we should simply rename her “Hillary *Roman*-Clinton”.

UPDATE 26 July 2016, 01:37 PM, EST: Tim Kaine, the Democrat with “a lot of Jesuit in him” has promised at the Democrat National Convention in Philadelphia to legalize America’s invading army of Hispanic Roman Catholic illegal immigrants **within the first 100 days** of a Hillary Roman Clinton administration.

Given that flooding Western nations with Catholic and muslim immigrants (either legally or illegally) is a **top priority for the Jesuits**, we can say more than just “Kaine has a lot of Jesuit in him”.

Most Papal operatives work very distantly from their masters, receiving positive and negative reinforcement for their behavior.

It’s clear, however, that Kaine is trusted enough to be receiving direct communication from America’s Inquisitors.

Alone in a sea of minority faces at Mass. This couldn’t have been a photo op, could it?

As time is running short for what the Book of Revelation calls “the Whore of Babylon” (**Revelation 17-18**) expect the Jesuit puppets on the far Left to pick

up the torch from Barack Obama rather than the Jesuit puppets on the pseudo-Right come this November.

Johnny, excellent article. It is no surprise Tim Kaine's connection to the Jesuits. I really believe more and more people are waking up to the power of the Jesuits, which you have a lot to be credited for. Hillary's sick sexual deviancy is mentioned in Cathy O'Brien's book Tranceformation of America. Pure evil to the core.

Thanks, Camille. I actually cited O'Brien's book in the column—it's one of the hyperlinks, maybe two of them.
