I. Final Hypothesis (334):

In [Parts XI](#) and [XII](#) of this series, I put forth 333 hypotheses to try to explain what in the world is going on in Crestone/Baca, Colorado. In this final Part XIII, I would like to consider this final hypothesis:

Hypothesis 334: *Operation Crestone/Baca*, Colorado, involves the continuation of top-secret MKULTRA mind control experiments on our local residents, spiritual seekers, and retreatants within our local cults and spiritual communities. Meditators, contemplatives, and retreatants tend to isolate themselves in silence and hence, provide ideal guinea pigs for covert brain mapping via 24/7 remote neural monitoring, manipulation, and "harvesting of brainwaves." Monitoring and manipulation of information, thoughts, emotional states, dreams, moods, etc. sent to and received from targeted individuals and groups via non-invasive neuroscience technologies (NeuroS/T) affords *neuroscientists* and "*WINS*" (*warfare, intelligence, national security*) operatives the opportunity to test and deploy "*cognitive warfare*" (CW) capabilities against unwitting American citizens.

1) "We are living in an era where everything is controlled by the elite and intelligence agencies and those opposing their tyranny are eliminated by mind controlled, micro-chipped patsies, or false-flag suicide or accidents or induced illnesses. The organization that rules the world today behind the scenes is the "New World Order", Illuminati with the Star of David, CIA, FBI, British Intelligence, and their local lackeys. Their goal is the next generation as biological robots. And the middle class has to be eliminated. Organized stalking-electronic torture is the most important policy of the US government.

"The elite have plans to get rid of 2/3 of the world's population with electromagnetic warfare, chemical warfare, and psychological warfare.... Mind control, MK, is listed as a "non-lethal weapon" by the military... (In 2002), the United Nations Institute for Disarmament Research (UNIDIR) in Geneva, Switzerland, designated mind control as a weapon of mass destruction along with nuclear bombs.... This technology links the brains of people via implanted microchips to satellites controlled by ground-based super-computers....

...All the US military branches are involved in the development of the technology, in cooperation with civil institutions like the Department of Health, in what is known as the NEURAL NETWORK ASSOCIATION. At their 1991 conference, it was revealed that they submitted and endorsed over 1000 projects in brain-computer technology at 350 medical centers, universities, etc.

...The best way to control people without their knowledge is through mind control. According to the CIA Director in 1972, mind control means a world where every thought, emotion, observation, and need is controlled..... Cybernetics, full neurological control and communication, has been in use since the 1940s without the knowledge of the public... The objectives are behavior modification and influencing mental and bodily functions, processes, and emotions remotely through computer-satellite links....

...Directed Energy (DE) weapons, mostly EMF (electromagnetic frequency) and acoustic weapons, act on the psyche and the body of human beings and all living creatures. They have been called by many names: Psycho-physical weapons, weapons of information warfare, psychotronic weapons, cognitive weapons, neurological weapons, mind-invasive weapons, mind control and electronic harassment weapons, remote neural monitoring, active denial systems, weapons of electronic warfare, means of neuro-linguistic programming, means for behavior modification, means of influence technology, computerized brainwashing machines, devices to zombie people, means to induce mental and physical illness, means for hostile surveillance, people zappers, and weapons of mass destruction.

...(And) the Swedish military research (FOI) declares in their report of activities that their goal is to direct the cognitive functions of people for a lifetime.

... On July 21, 1994, the U.S. Department of Defense (DOD) proposed that "non-lethal" weapons be used against anyone engaged in activities that DOD opposed. That could include almost anyone. DOD's potential enemies may be counter-cultural individuals, those with opposing political viewpoints, economic competitors, biological undesirables, etc. From my point of view, the uses of this new technology philosophically are comparable to and amount to the Biblical Fall of man, the eviction from paradise. The all-encompassing thought-reading and mind-influencing capacity (of this technology) divides man into two encampments: Those few "God-like" people, who are allowed to use these means, and all others, whose freedom and free will is being taken away.

We have been very surprised to hear about school and shopping center shootings. How many realize that these are tests where mind control programming is used to create a human robot. The serial killer is a victim himself, being programmed to be an emotionless robot and following orders to kill. The real killers sit behind computers and send him electromagnetic beams to the brain.

.... the secret services and their sabotage and terror "departments" are the biggest "terrorists" in the world and work together with the mafia. That was the case even in World War II, as has been published decades ago.... **More crimes against humanity have been committed under the shield of "national security" than the people can ever know.... possibly even more than the mafia.**

...To label the (non-consensual) human experimentees, the victims of mind control, as paranoid-schizophrenic is a crime against humanity..."

Dr. Rauni Kilde, Former Chief Medical Officer of Northern Finland, Targeted Individual (TI), author of "Bright Light on Black Shadows" 2015 (From: "The Organization" And Its Methods and Goals Exposed by Dr. Rauni Kilde (M.D.)

2) Cognitive warfare (CW), the "battle for your brain," is a new form of military combat that forms a 6th military warfare domain (in addition to air, land, sea, space, cyberspace). (See: [Behind NATO's 'cognitive warfare': 'Battle for your brain' waged by Western militaries \(by Ben Norton, October 8, 2021\)](#)). This paper explains that CW "is the art of using neuro science/technologies (S/T) to alter the cognition of human targets" in order "to harm the cognitive abilities of opponents," "make everyone a weapon," "harm societies as well as military," and "capture the psycho-cultural as well as the geographical high ground" at home and abroad. CW involves "hacking the individual" via cybertorture and neuroweapons and it weaponizes individuals and entire societies so that "citizen-based agents" (collaborators with military and police) wage war against "targeted individuals"adversaries. In cognitive warfare, anyone and everyone can be a target! The chief developer and deployer of CW is the US Department of Defense.

Hybrid warfare includes cognitive warfare (CW) as well as economic warfare, cyber warfare, information warfare, and psychological warfare. In the above post, author Francois Du Cluzel, asserts that NATO member states are already targeting (THEIR OWN) domestic populations at an unprecedented rate because the NATO military cartel increasingly sees their own domestic populations as a threat! (This is the targeted individual program!!) He adds that "CW will lead to the militarization of all aspects of human society, from the most intimate of social relationships to the mind itself." Cluzel notes that "weaponization of neuroS/T can and will be used to induce morbidity, disability or suffering; and 'neutralise' potential opponents or incur mortality" – in other words, to maim and kill people. Furthermore, cognitive warfare "is potentially endless since there can be no peace treaty or surrender for this type of conflict."

Cluzel also notes that "NATO military officers are calling on corporations to invest in NATO's cognitive warfare research." So here we have an entire secret, lethal war domain now funded largely by the private sector, aka Public Private Partnerships (PPPs). Maurice Strong was selling PPPs as an alternative to representative government in the UN Agenda 21! Whoever pays this piper gets to "selectively cull" (i.e., target) whichever part of "the herd" it wishes to eliminate. So we must ask: Which groups provide the greatest input into the selection of "blacklisted" individuals who are placed on the DHS-FBI Terrorist Screening Data Base?

Dr. Eric Karlstrom, from this article

3) Current lifestyles and consumption patterns of the affluent middle class- involving high meat intake, use of fossil fuels, appliances, air-conditioning, and sub-urban housing- are not sustainable..... Isn't the only hope for the planet that the industrialized civilizations collapse? Isn't it our responsibility to bring that about?"

Chairman Maurice Strong, from his opening address at the 1992 UNCED (Rio Earth Summit) conference

(Webmaster comment (March 4, 2023): It should be obvious to those paying attention that this is happening to America and the industrial civilizations now! Maurice Strong and his New World Order syndicate partners, who include the US military-intelligence-corporate complex, are bringing it about! 4) "The Strong's (Maurice and Hanne) say they see the Baca, which they call 'The Valley of the Refuge of World Truths,' as the paradigm for the entire planet and say that the fate of the earth is at stake. Apparently, the Kissingers, the Rockefellers, the McNamaras, the Rothschilds, and other Establishment New World Order elites all agree as well, for they do their pilgrimage to the Baca- where politics and the occult- the New World Order and the New Age- all merge..... Baca Grande also appears to be a magnet for military attention.... And reputedly is an active site for observing both UFO's and spiritual manifestations."

5) "(In 1987) I attended The Fourth World Wilderness Congress. Maurice Strong, the convener, said it was called the Fourth World because it was the fourth one of these environment congresses that Edmund de Rothschild had created. I learned later that the World Order refers to the coming One World Government as the Fourth World, or world control by the World Order where there is no more First, Second, or Third Worlds, just a boundary-less planet which is called the "fourth world wilderness." Yogis and shamans refer to it as the "fourth world wilderness," the "lostness of the mind." The "lostness of the mind" refers to the collective consciousness. Persons will be coerced through lies, drugs, fear, and pain to surrender themselves, their egos to the collective consciousness.

The Fourth World will be a return to a society much like the Caesar's or Babylon or the Fourth Reich, within the fictionalized societies described in Huxley's Brave New World and Brave New World Revisited and Orwell's classic, 1984. We will flourish with only a whimper. The World Order wants to create a new society out of the ashes of chaos; a collectivist Fourth World complete with a collectivist religion, collectivist finance and unchecked world national socialism (fascism). The World Order will offer Gaia, mother earth, to the masses as the big brother image to worship in the Fourth World.

Maurice Strong has already has set up a 140,000-acre project in Crestone, Colorado to develop this earth religion system. Projects are funded by the Rockefeller Fund among other foundations. The (1992 UN Rio) Earth Summit will link environment with industry. The Lords of the UNCED (United Nations Conference on Environment and Development) Conference will be the masters of who gets what and when if we don't do something about it quickly.

Who leads the environmental movement? The Convener of the (Rio Earth) Summit, Maurice Strong, identifies Baron Edmond de Rothschild as the creator of the environment movement. Strong states that Rothschild is the positive synthesis of environment on the one hand and growth and development on the other. Strong very clearly admits that the Rothschild combination, including the Rockefellers and most world capitalists, aim to control the environment and development movement as the synthesis. Power will converge into their hands through the Rio Conference. The synthesis, the head of the power, merges into the hands of the House of Rothschild.

Another speaker at the Fourth World Conference was David Rockefeller, world energy capitalist and banker. He was named "Mr. Growth and Development" at the meeting. His counterpart, William Ruckelshaus, organizer of the EPA and creator of its laws under Presidents Ford and Reagan, was dubbed "Mr. Environment." "Mr. Environment," Ruckelshaus, is the CEO and Chairman of the Board for BFI, Browning-Ferris Industries, one of the largest private environment companies in the world. The hypocrisy is that Ruckelshaus as EPA chief, made the very laws by which his waste company, BFI, is becoming rich. Hypocrisy number two is that Ruckelshaus and Maurice Strong were key investors in American Water Development, a company which tried to circumvent Colorado water laws and gain control of one of the largest underground reservoirs of water in the world.....

I did a survey of the people down in the San Luis Valley. And I asked what will happen when Maurice Strong and William Ruckelshaus and others will pull 200,000 acre feet of water/year out of the San Luis Valley? It was unanimous that their land will turn into a wasteland, will turn into a desert. So here we have people at an environment congress that are waltzing 200 miles south that want to suck the aquifers dry and turn it into a desert. The hypocrisy is so deep.

What kind of madness are these World Order Caesars afflicted with? They hope to run the lives of people for generations to come. They are the same crowd who created a Hitler, arranged the assassination of Lincoln and Kennedy, and have indicated elsewhere that they want to drastically reduce the population of the world to make environment and development more "sustainable."

George W. Hunt: From: Part I: The UN, Maurice Strong, Crestone/Baca, CO, and the "New World Religion"

6) In October 1985, after (Maurice) Strong had left Tosco's board, his First Colorado Corporation did buy the Baca Grande ranch and other AZL (Arizona-Colorado Land And Cattle Company) real estate and oil and gas assets from Tosco.... First Colorado paid Tosco \$8.2 million for these assets, including the 139,000-acre (Baca) ranch which also encompasses two major mountain peaks. Underneath the ranch lies a huge aquifer (San Luis Valley aquifer) whose water First Colorado hoped to sell for billions.

Elaine Dewar, "Cloak of Green: The Links Between Key Environmental Groups, Government and Big Business" (1995)

(ETK comment: I.e., this was a planned, corporate "fire-sale"/heist; Dewar explains how Tosco was set up to be "asset-stripped" by Strong and other robber barons. Amazingly, the Manitou Foundation began granting land parcels to spiritual groups BEFORE Strong officially bought the Baca Ranch. This was a coordinated invasion of Sagauche County, Colorado by globalists. See: Appendix 2. Maurice Strong- Godfather of Crestone/Baca (From Elaine Dewar's "Cloak of Green: The Links Between Key Environmental Groups, Government and Big Business" (1995))

7) "In 1986, AWDI (Maurice Strong's American Water Development, Inc.) applied to the Colorado State Engineer for the right to pump from under the Baca (Ranch) 200,000 acre feet of water annually, which considering some Western cities were paying from \$6,000 to \$10,000 an acre foot, worked out to gross cash flows approaching \$2 trillion a year."

Sam Bingham, "The Last Ranch; A Colorado Community and the Coming Desert" (1996)

(ETK comment: With a prospective "return on investment" (ROI) of many trillions of dollars on his \$8 million investment in the Baca Ranch, UN potentate, Maurice Strong, was obviously fronting for an extremely powerful criminal syndicate.)

8) If you look at the history of covert special operations, it's all about securing a piece of land that has some valuable resource. Once the resource is identified, special ops figures out the most efficient way to suppress or extinguish the population that is unfortunate enough to live near it.

Then the big companies come in, from the United Fruit Company to the Bechtels and Halliburtons of the world. That is the way it has been and still is, from John D. Rockefeller and Allen Dulles right through Kissinger, Bush Sr. and Cheney. Millions of innocent civilians have been slaughtered. Let me repeat that: Millions of innocent civilians have been slaughtered. And I'm not kidding you. These are evil motherfuckers and they are no friends of ours. These things don't have anything to do with protecting the US people or standing up for freedom and democracy. They don't give a shit about the average American. In this age of the global economy, the concept of nation state is obsolete. If only proud Americans could understand that. Pride in the American way is just another propaganda device for PsyOps agents – people like me – to use to manipulate you and make you think that black is white and white is black.

The bottom line is that the most power-crazed and greed-addicted people are above the law and get away with

everything. In the covert world, rules do not apply. Democracy is a fairy tale. Nothing is what it seems, reality isn't real. Through the looking glass Alice goes.

David Vincent, "The Art of Mental Warfare" (<https://torturedinamerica.org/BlackOps.pdf>)

9) ... the CIA had chosen to move mind control experimentation from academic and military labs into the community. An inner circle of Heironymous scientists experimented on cult devotees, and sometimes collaborated in mass murder to silence the subjects (Jonestown, SLA, Solar Temple). It was a marriage of convenience. Occult societies are secretive. They follow direction. They exist in corners of a society that ignores them.

... electronics are the beating heart of mind control because CIA scientists discovered years ago that any breakthroughs they may have enjoyed with hypnosis and drugs they could more easily and dependably reproduce with remote brain technology- and since the subject never lays eyes on his tormentors, they need not fear exposure. EM (electromagnetic) stimulation of the brain and nervous system to control or punish a human guinea pig is the perfect crime...

The technology of "biophysical information transfer" is so advanced that it is often passed off as "alien." In a lawsuit filed against the National Security Agency in a District of Columbia federal courthouse (civil action 92-0449) a private citizen, John St. Clair Akwei, described the ultimate in electronic surveillance, Remote Neural Monitoring (RNM). This device sends coded signals to the brain's auditory cortex, he claims, communicates directly with the brain "to debilitate subjects by stimulating auditory hallucinations characteristic of paranoid schizophrenia. Without contact with the subject, Remote Neural Monitoring can map out electrical activity from the visual cortex of a subject's brain (on) a video monitor. NSA operatives see what the surveillance subject's eyes are seeing. Visual memory can also be seen. RNM can send images direct to the visual cortex, bypassing the eyes and optic nerves. NSA operatives can use this surreptitiously to put images into a surveillance subject's brain while in REM sleep for brain programming purposes.

The paranormal fantasies spun by Ed Dames, a veteran of the CIA's UFO Working Group, could be interpreted as a blind for illegal mind control experiments and the harassment of subjects or anyone falling into disfavor with the intelligence community. In fact, the deep history of Psi-Tech is a story of a much larger movement, one that thrives on the spread of religious programming, "alien" invasions and other forms of irrational belief. The surface of the underground movement swarms with seemingly delusional quasi-mystical savants.

Beneath, a hidden world of terror- with origins in the waste of the war-struck Europe and the beating hearts of some of Nazi Germany's most ruthless military scientists. From these cold chambers exploded many of the mysteries that have since riddled the postwar world.

The New Age (still dripping with occult beliefs reminiscent of the "New Age" in proto-Nazi Germany), saucer mythology and drugged clairvoyance are blinds for involvement in extreme human rights violations. The gamut of zany cover stories combine in the enigmatic C.B. Scott Jones, yet another military intelligence officer who, as a Navy pilot in the Korean War, happened to witness a UFO overflight. It has long been suspected by abduction researchers that Jones is a veteran of electromagnetic mind control operations.

Angela Thompson, once a fixture at Jahn's psi research lab at Princeton, reports that Jones's primary metaphysical pursuit is "dream projection" (a la John Alexander and his much ballyhooed "Jedi Project," the DoD's "New Age Army"), the supposed ability to entrain and manipulate the thoughts of others.

... Scott Jones is founder of the Human Potential Foundation (HPF), a UFO "watchdog" organization in Washington, D.C. In October, 1995, Common Cause reported that Laurance Rockefeller donated some \$700,000 to the Foundation." ... Dr. Cecil Jones (same as above) "retired" from Naval Intelligence in 1976. Like his fellow psyop agents, emergent neuro-cybernetic technology lurks behind the shaggy-dog "aliens" and psychic excursions.

... While still an intelligence officer, Jones worked at Kaman Temp, Inc., a subsidiary of Kaman Sciences Corporation. The Kama Corporation is a sprawling, diversified military contractor. Kaman provides "advanced technology services to a number of customers, including all branches of the armed forces and various government agencies." Kaman's technical services include "various types of artificial intelligence systems," the heart of modern mind control.

The CIA's use of cult cut-outs was advanced by a visit to Elizabeth Kubler-Ross, whose knowledge of the occult underground served as the map or forging alliances. Cults sprang up and proliferated throughout the 1960s, many with links to the munitions and intelligence empires. The cults were on the rise. In San Francisco, Anton LaVey's "Magic Circle" the forerunner of the Church of Satan, was an elite society comprised of assorted eccentrics. They enacted Egyptian rituals in celebration of Osiris, seances, black masses.... The gothic trappings of LaVey's postwar notoriety had their beginnings in rumors circulating in Germany, grim accounts of a Black Order operating within the Nazi Party. The shamanic beliefs of the cults were formed by national security gurus spinning capricious spiritual self-indulgence into blinds for CIA mind control operations.

Alex Constantine ("Virtual Government: CIA Mind Control Operations in America," 1997)

(Webmaster comment: This is a perfect description of what Operation Crestone/Baca is REALLY about- human experimentation and mind control by military-intelligence agencies in cooperation with the academic-medical establishment.)

10) The CIA is very interested in that place (Crestone/Baca, Colorado).

Peter Horn, former gas station attendant in Saguache, Colorado to Professor Eric Karlstrom in 1994, the year I purchased 3 lots in the Baca Grande

11) Hanne (Strong) said there were CIA agents present at every meeting she had.

Rumor mill, from Crestone/Baca resident

12) Just like there are "safe houses," we also have "safe communities." We have communities where we know it's safe for (sleeping agents or retired agents) to be and to operate. They'll often have every day jobs. But there they are awaiting orders.

Chip Tatum (Former Special Operations Whistleblower)

13) Based on my experience as a surveyor here over the years) 80% of the homes in the Baca are owned by Trusts.

Ed Eavenson, Eavenson Surveying

(Webmaster comment: Presumably, then, 80% of people in Crestone/Baca are also "owned," subsidized, or at least beholden to and controlled by outside interests! Hence, the New Age community of Crestone/Baca is/was a false front, a facade, or "Potemkin Village" that conceals an entirely different reality- a CIA-MI6-DoD-military-intelligence mind control cum Open-Air Guantanamo Bay electronic concentration camp cum "beach head" for One World Government.)

14) "You have to do "the work." And everything is amplified by the energy here. So it helps you with your retreat. And most people, you know, if they do not do their spiritual work... you better take a hike out to the road and get out of here.

Hanne Strong (from Denmark), Director of Manitou Foundation, wife of the late-Maurice Strong (from "The Flame: Finding

Gold in Crestone, Colorado," 2013)

(Webmaster: We may speculate that "the energy here" that amplifies people's "spiritual work" consists of neuroweapons/electromagnetic fields/pulsed electromagnetic frequencies, etc.)

15) *Crestone is a vortex. It is the "crown chakra of the planet." And people just get brought in here. They just kind of get sucked in here. And there's a saying here: 'You either get embraced by Crestone or you get spit out.'*

Cheyenne Mendel, Crestone acupuncturist (from the movie, "The Flame; Finding Gold in Crestone, Colorado")

16) *We have a particularly difficult situation here, since we are in the Mother ship of Agenda 21, and have a group of Sustainability New Age Religious groups, doubly reinforcing the brainwashing, and demonizing everyone who thinks outside the 'peace and love' herd mentality here calling us "aggressive" or "crazy" or even literally 'demons,' lower energy forms. etc. Agenda 21 was written by Maurice Strong.*

Crestone is the Petri Dish of Cults being used as 'thought reform' in a little town, probably with the approval of the same people that brought us MKUltra (i.e., the CIA). They learned they don't need drugs; they have the Lamas, who are now a front for "peace" and 'social harmony' (it's really working well in Crestone, isn't it?). With cult Hindu/Buddhist/New Age groups, how it works is that they take over a whole group of people and make them passive, non-participating citizens. It would take every sane citizen in Crestone to rise up and fight that "Spiritual Alliance." That is probably never going to happen.

This is a global movement of GAIA, a Hindustani/Brahmin movement of World Hindus. Tibetan Buddhism is not Buddhism; it is Hindu Tantra with many 'masks.' This system created the longest-lasting, most repressive theocracy in the world. Crestone is a multi-Theocracy of cults that are running the town into the ground.

They corrupt everyone, fool everyone who gets elected, and everyone becomes their puppets, either unwittingly or consciously. They are the power there, and they will never let a democracy happen here. THAT is who we have to go after. Not one group, but the (Crestone Spiritual) Alliance.

... Since leaving Crestone, I've been sleeping like a baby.

Christine Chandler, psychologist, ex-Buddhist, and ex-Baca Resident, 2012 (From: [Appendix 4: Emerging Theocracy Cult in Crestone / Baca? \(Crestone/Baca residents' emails, 2012-13\)](#))

17) *Dr. Eric Karlstrom's Response to Christine Chandler's email message above:*

I believe that behind the "Buddhocracy" in Crestone is the "Judocracy" of Crestone... and well, the world. CIA MKULTRA, the Nazis, and countless revolutionary movements and secret occult societies are ultimately the work of the Jews. (Malaysian Prime Minister Mahathir Mohamad recently told a summit of Islamic leaders that "Jews rule the world by proxy. They get others to fight and die for them.") On the political stage, they are now orchestrating a "Clash of Civilizations" in the Middle East so as to set up a holy war that will get Christians and Muslims to wipe each other out. Convenient for the Jews because both Christians and Muslims are "goyim" (cattle) and therefore are hated enemies of the Jews.

... Judaism appears to be the largest and possibly the baddest and most successful of the many, many "possession cults." Anthropologists have noted that in rituals of Haitian voodoo priests we find common references to Cabalistic symbols and even Hebrew words- so their black magic is now merged with many other systems of occult black magic- perhaps including Buddhism too. We are dealing with myriad movements and cults that are controlled ultimately by the main Judeo/Masonic/Satanic cults.

Historically, Judaism merged with the magical occultism in England under John Dee (Jewish Cabbalist, occultist, astrologer, and spy with the moniker 007), who was the mentor of Francis Bacon, and top advisor to Queen Elizabeth I). Masonry got going about this time... (It is) esoteric, occultic, and (Jewish-) Cabbalistic in it's beliefs and rituals. The British East India Company (which morphed into the Committee of 300) conquered and subjugated India, of course. This happened back in the 1700's- so the magic and occult aspects of Hinduism then got enlisted into the cause of "British Israel's" world conquest. And the English aristocracy intermarried with daughters of Jewish financiers and now they call themselves Lords, Dukes, Earls, Princes, and soon, even King (William and/or Charles?).

From Wikipedia: Total Information Awareness (TIA) was a mass detection program by the United States Information Awareness Office. It operated under this title from February to May 2003 before being renamed Terrorism Information Awareness. Based on the concept of predictive policing, TIA was meant to correlate detailed information about people in order to anticipate and prevent terrorist incidents before execution (webmaster: i.e., pre-crime.) The program modeled specific information sets in the hunt for terrorists around the globe. According to Senator Ron Wyden, TIA was the "biggest surveillance program in the history of the United States".

Congress defunded the Information Awareness Office in late 2003 after media reports criticized the government for attempting to establish "Total Information Awareness" over all citizens. Although the program was formally suspended, other government agencies later adopted some of its software with only superficial changes. TIA's core architecture continued development under the code name "Basketball." According to a 2012 New York Times article, TIA's legacy was "quietly thriving" at the National Security Agency (NSA).

We are tracking neurological or brain signatures of key targeted individuals that are thought to represent whole groups. NEURINT (Neuro intelligence) coupled with assessment and access gives me these capabilities....

I can utilize neuro-pharmacologics and various forms of brain stimulation to extract information from key intelligence targets.

Where now we have almost a seamless triangulation between government entities, research entities, and commercial entities that are then able to mobilize those resources in the deep surveillance that is necessary for acknowledging, addressing, and assessing relative risks that may become threats, quantifying the risk to threat index, and then identifying what aspects of

those quantifiable risks are mitigable and/or preventable, and then engaging the resources that are necessary to do that (i.e., "mitigate"/"take out" the "threat"/"targeted individual.")

Neuro-hacking allows us to adjust memories at the nano-scale.

I came up with the concept of "Dark Networks" when I was advising SOCOM (US Special Operations Command) on this concept of "Bad Guy Hunting-Targeting"... Just like Wal-Mart has a supply chain, Dark Networks have supply chains. Their goal is to produce disruption and conflict. So if you are in the Bad-Guy Hunting Business (i.e., the gangstalking-targeted individual program!), you've got to have a supply chain.

32) In the early days of its psychic warfare program, the NSA used "psychic spies" and remote viewing to remotely access a targeted person's mind. Today, this is largely accomplished through the use of artificial intelligence computers, which operate via signals intelligence satellites, over the horizon radar systems, and the electromagnetic spectrum.

... Under Rothschild Zionism, the complete subversion of the U.S. federal government has spread like a cancer to state and local government, as well as to our own communities, which now act as Red Squad vigilantes in regard to their covert and illegal surveillance on targeted American citizens, as well as the vicious psychological warfare attacks that they subject us to. All perpetrated under the cover of the 9/11 false flag operation and the fraudulent war on terror.

The House of Rothschild must be destroyed, or not only will they destroy every nation on the face of this planet, they will succeed in destroying the human species, while replacing us with a global race of cybernetic beings, whose shared consciousness stems from an Artificial Intelligence computer driven neural network; like the MIND and TAMI networks which Dr. Robert Duncan has stated were created by the Pentagon and CIA by the midst of the 1970s.

With the advent of this complete subversion of the human race, the concepts relating to individuality, free thought, and human emotions such as love, will be lost forever.

III. Introduction

I begin this final chapter of my extended series, "Is Crestone/Baca, Colorado, the "Vatican City of the New World Order: An Expose of the New World Religion," with the above quotes because I believe they reveal what Crestone/Baca's New Age-UN Agenda 2030-New World Order community ((here named "Operation Crestone/Baca") is really all about. Yes, 33 epigraph quotes is a bit excessive! However, I ask the reader to ponder these statements carefully, as I have, for doing so can help lift the veil of deception that still engulfs this "**Potemkin Village**" (false-front) community.

"All war is based on deception," observed Chinese military genius, Sun Tzu. I submit that this extended series proves that Crestone/Baca, Colorado and, indeed, America have been under "unconventional warfare" attack for many decades by "globalists forces" within the United Nations, the Committee of 300, and other foreign networks, in cooperation with their local minions, idealists, lackeys, and "useful idiots." Indeed, Cumbey (1983, 1986) concludes that the New Age movement itself is part of the *Tavistock Institute/Psychological Warfare Division of the British Army's unconventional-psychological warfare* offensive against America and western civilization. This has occurred with the full complicity and participation of the American military-intelligence-corporate sector, i.e., "military-industrial complex."

The topics I tackle in this series are not covered by the mainstream media because the mainstream media has been weaponized and is part of this coordinated attack. Deliberately serving up a toxic blend of truth, misinformation, and propaganda, it comprises an essential part of the hybrid (information/psychological/cognitive) warfare being waged against domestic populations in our nation and worldwide. Information presented in this extended series demonstrates that "globalist forces" are led by **international bankers, the City of London, the Federal Reserve, Tavistock Institute, secret societies, DoD/CIA/Mossad/MI6, a host of think tanks and foundations, and the international corporatocracy.** We may also refer to this global cult/cabal as "**British Israel**," "**International Jewry**," "**Rothschild Zionism**," "**the military industrial complex**," the "**International Zionist Criminal Syndicate**" (IZCS), "**the Committee of 300**," "**Judeo-Masonic-Satanists**," and the "**Synagogue of Satan**." Historically speaking, only two nations have attacked the United States on US soil: England, in the Wars of 1812 and 1814, and Israel, in the attack on the USS Liberty in 1967. While these two nations pose as America's friends, they are key components of the "**British Israel World Federation's**" current hybrid warfare attacks against the American people. What has been constructed over many decades through taxpayer dollars and bankers' usury is a corporate-military-intelligence killing machine of vast proportions which has captured our governments and been turned against the domestic populations of the world.

I have staked my life on the veracity of my conclusions in this series and in my websites (see above). Forgive my immodesty, but I assert that I'm 'batting 1000' regarding my major conclusions. The reward for my efforts? I have reaped "the whirlwind," that is, been subjected to "**neutralization**," "**depersoning**," and "**disposal**" via the "**targeted individual program**," aka **state-sponsored terrorism via slow-kill, soft-kill, silent-kill no-touch torture/psychological and electronic (psychotronic) warfare** (see my gangstalkingmindcontrolcults.com website). "The program," so-called, is actually a covert "**black project**," a form of **satanic ritual abuse (SRA)/satanic ritual murder** carried out, I believe, largely by mind-controlled members of interlocking Satanic cults which sprawl across America and the world. It may also be described as an "**open-air Guantanamo Bay**," "**global electronic concentration camp**," or "**Monarch: The New Phoenix Program**." (See my: [Cutting Through "Smokescreen Terminology:" 290 Names & Descriptions Reveal Truth Of Gangstalking War Crimes/Crimes Against Humanity](#).)

I embarked upon this 12-year research and writing project immediately upon retiring from a 30-year career as a university geography professor in California. I had just moved to live full-time in the small mountain town of Crestone/Baca,

Colorado. During my attempts to protect my community, nation, and myself from the coordinated depredations of these "alien forces" (that is, my forays into community activism) between about 2006 and 2013, I had already discovered that Crestone/Baca is a highly-controlled "company town." Our owners and controllers, for the most part, live elsewhere and our politics are influenced by groups and individuals (spies, agents provocateur, etc.) that have infiltrated our community to advance United Nations-New World Order agendas antithetical to the interests of the civilian population. [Appendices 1, 3, 4, 10, and 30](#) of this series document my activism efforts on behalf of this community and nation. **Figure 1** below lists many of the most powerful institutions of the "West's Transnational Oligarchy."

In this regard, Operation Crestone/Baca should be seen as a hostile military operation with multiple functions. Globalist-aligned groups identified herein and active in our tiny community include the **United Nations, Maurice and Hanne Strong's Manitou Foundation, the Crestone Spiritual Alliance, Subud, the Aspen Institute, the Lindsfarne Foundation, the US Department of Defense, CIA, MI6, local, state and federal law enforcement, and their many local minions, dupes, and lackeys.**

a href="https://911nwo.com/wp-content/uploads/2014/02/image012.png">

Figure 1: Institutions of "The West's Transnational Oligarchy." Note that Maurice and Hanne Strong's Manitou Foundation is listed under 1001 Nature Trust/Club. (From: Project for the Exposure of Hidden Institutions (PEHI)).

The coordinated infiltration, sabotage, and capture of Crestone/Baca and Saguache County, Colorado were/are part of the United Nations-New World Order "globalist" plan to wrest control of America's land and resources, overthrow the United States and other sovereign governments, and suppress, kill off, transhumanize, and/or enslave the vast majority of citizens via UN Agenda 21/2030 mandates. Per **quote #3 above**, Maurice Strong stated in his opening address at the 1992 Rio Earth Summit that the ruling elite had "the responsibility to bring about the 'collapse of industrial civilization' in order to 'save the environment.'"^{xxx} Can you grasp the colossal insanity of that statement? **Maurice Strong, a high school dropout no less, intends to "save the planet" by destroying Western civilization!** We have entered "insanityland?" How many billions of people would have to die to fulfill Maurice Strong's vision? As part of the Rio Earth Summit (1992), UN Agenda 21 operatives attempted to covertly sneak a Biodiversity Convention Treaty through the US Congress that would have excluded American citizens from half of the landmass of the coterminous United States (See **Figure 2**). Incidentally, Maurice Strong was also mentor to World Economic Forum's director, Klaus Schwab, the current principle advocate of the neo-fuealist/fascistic "Fourth Industrial Revolution" now being implemented worldwide under the cover of the Covid plandemic/scamdemic.

Figure 2: The Agenda 21 "Map of Death" introduced to the US Congress in 1992 under the Biodiversity Treaty of United Nations Agenda 21. Note that areas marked in red are off limits to human use and yellow areas are highly restricted/regulated use.

This extended series is now huge. It includes 13 parts (chapters) and a whopping 184 appendices (See [Table of Contents: Is Crestone/Baca the "Vatican City of the New World Order?"](#)). The amount of information contained therein is so voluminous that it may be impossible to present a concise summary of even some of the major points. But I will try!

The Honorable Maurice Strong, UN Agenda 21, and "Wizard of" Crestone/Baca, Colorado

Upon my retirement in the fall of 2011, I had the time, energy, and motivation to investigate some urgent issues raised in a 1996 speech by Tom DeWeese of the American Policy Center. He stated:

What does Maurice Strong have to do with American property rights? Everything. The assault on property rights, the entire radical environmental agenda, is being driven by the United Nations. And Maurice Strong is the number one force behind UN environmental policy. Maurice Strong is the leader of a radical contingent of environmentalists that believe that technology and modern industrialization must be stopped. Radical greens believe that all of man's activities on earth

are harmful and therefore not sustainable. They believe that man is a cancer on the earth. Their goal is to slowly cut back and finally reduce human habitat to specific areas while the rest of the world is turned into wilderness.

Maurice Strong and his buddies are the driving force behind a New Age pagan religion known as Gaia. And it is pure nature worship. **The Strongs own a 63,000-acre ranch in Colorado known as Baca Grande... Baca Grande, Strong believes, is the Vatican City of the New World Order.**

Maurice Strong is also a director of the Temple of Understanding in New York City, where pagan rituals and earth-worshipping ceremonies include escorting sheep and cattle to the alter for blessing. Elephants and camels walk the isles. A soprano sax is used to create the sound of a wolf moaning its extinction at the hands of man. Here, Vice President Al Gore delivered a sermon, as worshippers marched to the alter with bowls of compost and worms...

From "The Most Dangerous Man in the World," speech by Tom DeWeese, President, American Policy Center, 1996

Was the "Honorable Maurice Strong" really "the most dangerous man on earth?" Strong wore a bewildering number and assortment of hats. Among them, he was Secretary-General of the United Nations Conference on the Human Environment (1972), the UN Conference on Environment and Development (**UNCED or Rio Earth Summit of 1992**), and UN Conference on Sustainable Development (Rio+20 Summit of 2012). Widely celebrated in the media as "The Wizard of the Baca," "Planetary Savior," and "Godfather of Crestone/Baca," Strong, a Canadian, and his Danish wife, Hanne, are at the center of the New Age-New World Order makeover foisted upon our tiny community of Crestone/Baca, AS WELL AS our nation, and our world.

I present extensive information on Maurice Strong, his UN connections, and UN Agenda 21 (2030) in [Part I and Appendices 2, 5, 6, 18, 100, 101, 111, 112, 117, 133, 135, 142, 155, and 156](#) of this series. "Chairman Mo" was: a) founder of the UN Environmental Program (UNEP) as well as innumerable other UN environmental agencies and initiatives, b) the billionaire CEO of seemingly countless corporations and agencies, c) friend and confidant of such NWO titans as the Rockefellers and Rothschilds, d) a world class robber baron billionaire in his own right, and, according to Dewar (1985), e) a spy with British intelligence (MI6). Strong joined the Board of Directors of **Arizona-Colorado Land and Cattle Company** in the late 1970s and by 1985 had assumed ownership of one of its major properties, the 140,000 acre **Luis Maria de Baca Grande Grant #4**. The next year he made a bid to extract billions to trillions of dollars by siphoning off the priceless water from one of North America's largest aquifers that lies beneath the San Luis Valley in Colorado! (See **quote #7** above.)

In "The Conspirators Hierarchy: The Committee of 300" (2006), ex-MI6 intelligence analyst, Dr. John Coleman, identified Maurice Strong as a member of the Committee of 300 which has long ruled the Anglo-American Empire and the world. Information presented in this series, in toto, suggests that Strong was/is a front man for the Committee of 300/global financial elite's interests, i.e., the New World Order. Thus, he brought "The Committee's" and the United Nations' vision, connections, wealth, and resources to bear on our sparsely-populated but resource-rich Sagauche County. According to Coleman, Committee of 300 members identify themselves as "the Olympians," "Moriah Conquering Wind," "the Darker Forces," "the Magicians," "the Cult of Dionysius," "the Cult of Isis," "the Cults of Catharsis, Gnostics, and Bogomils," or simply, "the military-industrial complex." They are the inheritors of the Illuminati secret society. They believe they are above God.

(When I was investigating and writing articles about these matters in 2008, an anonymous person emailed me with the question: "Are you going to stay in "Illuminativille?," (**quote #20** above.))

The list of present and past Committee of 300 members includes the British and other European Royal families, Baron Edmond de Rothschild, David Rockefeller, Sir John Rawlings Reese, Sir Winston Churchill, Henry Kissinger, Sir Aldous Huxley, Colonel Edward Mandel House, Lord Arthur Balfour, Sir Halford John Mackinder, Warren Buffet, George H.W. Bush, George Schultz, Ted Turner, John P. (J.P.) Morgan, John J. McCloy, Sir Bertrand Russell, Eugene Rostow, Cecil John Rhodes, H.G. Wells, Sydney Webb, S.C. Warburg, and Earl Warren among others. An informed reader will discern that these and other members of the Committee of 300 have had an enormous influence on world events during the past couple centuries. They rule the rulers of the nations. The many "Sirs" and "Lords" in this list reflect its predominantly British composition.

IV. "The Bigger Picture" in Flow-Chart Diagrams

Appendix 101 of this series includes a compendium of 73 flow-chart diagrams entitled "**MKULTRA and intel community database**" compiled by Jan Irvin of Gnostic Media (now Logos Media) in 2018. ([Appendix 101: Operation Crestone/Baca In Flow Chart/Diagrams: Cults, Mind Control, & Weaponization of Religion For World Conquest](#))

The following flow-chart diagrams (**Figure 3** below) demonstrate many of the well-established networks and connections between Maurice Strong (**Figure 3-A**), World Government (**3-B**), U.N. Agenda 21 (**3-C**), New World Order (**3-D**), United Nations (**3-E**), UNESCO (United Nations Educational, Scientific and Cultural Organization) (**3-F**), UNCED: (United Nations Conference On Environment and Development, Rio Earth Summit, 1992) (**3-G**), (4th) Fourth World (battle for the collective mind) (**3-H**), Crestone, Colorado (**3-I**), and MKULTRA cults (**3-J**). These diagrams present a quick, visual sense of the many, many tentacles of the New World Order's "Octopus" (Beast?) system:

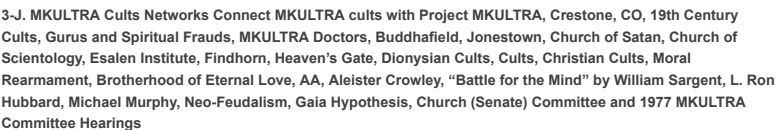

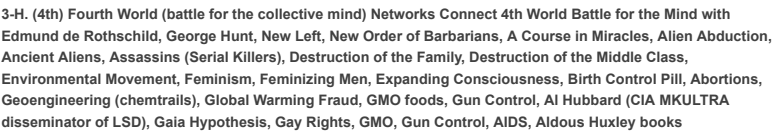

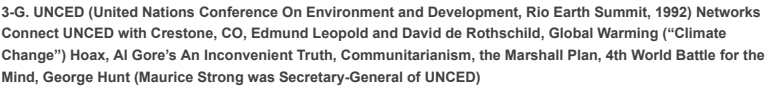

Figure 3. Diagrams 3-A through 3-J from Appendix 101 Connect Maurice Strong, World Government, UN Agenda 21, New World Order, United Nations, UNESCO (United Nations Educational Scientific and Cultural Organization), UNCED (UN Conference on Environment and Development), and Fourth World Battle for the Collective Mind with Crestone, CO, and (CIA) MKULTRA cults.

I never collaborated with Mr. Irvin or consulted his work with Gnostic Media during 99% of the writing of this series. Yet these diagrams present many of the connections I made throughout my research and writings, thus helping to independently confirm these networks of influence. Specifically, they help confirm that **Crestone, CO** is: 1) a locus of **New World Order-UN Agenda 21/2030-world government-UNCED (Rio Earth Summit) activity**, and 2) is a (CIA) **MKULTRA cult**! It is no coincidence, then, that in **Figure 3-J: MKULTRA CULTS**, **Crestone, CO** is associated with many names, cults, and institutions which I have previously referenced and/or provided in-depth information about in this series. These include **L. Ron Hubbard and the Church of Scientology**, **Michael Murphy and the Esalen Institute**, **Findhorn (New Age-Intelligence Cult)**, **Heaven's Gate (New Age-Intelligence Cult)**, **Jonestown (New Age-Intelligence Cult)**, **the Church (Senate) Committee**, **Aleister Crowley**, **the Church of Satan (New Age-Intelligence Cult)**, **"The Battle For The Mind" by William Sargent**, as well as "gurus and spiritual frauds."

In "Cloak of Green" (1985) Elaine Dewar reports that as a former British MI6 spy, Maurice Strong, delighted in finding multiple purposes for his projects in a process intelligence agencies refer to as **"function stacking."** The evidence in this series, reinforced by the above diagrams, indicates that some of the main **covert purposes of "Operation Crestone/Baca"** include:

- 1) theft and/or permanent control of our land, water, and mineral resources, via their "swarming" our community with on-the-ground agents to support the implementation of local, regional, national, and international UN Agenda 21/2030 policies,
- 2) creating a base of operations for Manitou Foundation to help organize and "sell" the "new paradigm" (one-world-government, new world order, ecospirituality, religious syncretism, mother GAIA worship, green new deal, green energy, the global warming fraud, etc.) of the **1992 UNCED Rio Earth Summit/Agenda 21** (Agenda for the 21st century),
- 3) syncretizing/melding (destruction of) the world's religions and their replacement with the "New World Religion," a hybrid blend of New Age philosophy, the "green new deal" (climate change-related energy restrictions), GAIA earth worship, Luciferianism, witchcraft, military-police state surveillance and repression, Judeo-Masonic-satanism, and the establishment of the fourth world "wilderness of the mind" cum cybernetic/transhumanism through brain-computer and brain-machine (Pentagon AI Cloud) mind control operations.
- 4) the continuation and operational deployment of CIA MKULTRA mind control/cult research and experimentation upon nonconsensual human subjects (including spiritual seekers, locals, activists, others). The goal is to develop and deploy neuroscience and technology (NeuroS/T) "dual use" capabilities to both enhance and degrade human cognitive capacities. **Cognitive or neuro warfare (neuroS/T) weapons systems**, comprise the new 6th warfare domain, and are used to augment other warfare domain (land, sea, air, space, and cyberspace) systems to achieve:
 - a) total population control ("full spectrum dominance" and "Mastering The Human Domain" by the military and police aka WINS (warfare, intelligence, national security) and National Security Racketeering Network.)
 - b) "total information control" of selected targeted individuals and groups via organized stalking-electronic harassment (OS-EH), the "targeted individual program."
 - c) the creation of a global (Luciferian) hive mind consciousness (aka Pentagon AI-cloud and fourth world battle for the collective mind) that incorporates intra-body nanotechnologies from chemtrails and Covid injection bioweapons along with psychological-information/cognitive warfare weapons that can be activated by electromagnetic frequencies.
- 5) the implementation of the New World Order/New World Religion/one-world-government/British Israel World Federation/New Order of Barbarians/neo-feudalism-communism under communitarian law. Aka "the Antichrist Kingdom," Jewish Utopia, *"Tikkun Olam"* (Hebrew for "the repairing or reinvention of the world"), and the Synagogue of Satan.

I discuss all these aspects of *Operation Crestone/Baca* at length in this series and in my other websites.

Following is a brief synopsis of some of the other **MKULTRA cults** featured in **Figure 3-J**. Some of these operations also functioned as intelligence "Potemkin Villages." These cults are described in greater detail in [Parts VIII](#) and [IX](#) of this series:

1. **Findhorn Ecovillage**: While meditating, Eileen Caddy, co-founder of the **Findhorn Ecovillage New Age Community** in Scotland, began hearing the "voice of God" in the 1960s. She "channeled" numerous books by transcribing "the voice." The fact that her two husbands were British and American intelligence officers and that the Findhorn "spiritual community" was located on the northern Scottish coast adjacent to **Kingloss Royal Air Force Base**, suggests she was actually "channeling" human voices via synthetic telepathy weapons (aka Voice of God/Voice-To-Skull/V2K/microwave hearing/microwave auditory effect).
2. Another presumed "Manchurian channeler" was **Helen Schucman**, a Jewish psychology professor at Columbia University, a hotbed of CIA mind-control activity. In 1976, Schucman purportedly began hearing the "voice of Jesus" and transcribing **"A Course in Miracles,"** which became a best-selling book. (Some Christian authorities regard the heretical theology presented in "A Course in Miracles" to be demonically inspired).
3. **Heaven's Gate and Jonestown** (The People's Temple) were two CIA MKULTRA cults that went so wrong that all members were "suicided," that is, executed by special forces in a US Special Operations Command (USSOCOM) hit. Work by independent researchers indicates that Jonestown was one of many joint CIA-US military mind control and enslavement experiments. People's Temple cult members were predominantly black and mentally handicapped. They had been airlifted to Guyana after being released from mental hospitals in California after Governor Ronald Reagan cut funding for California's mental health programs.
4. **The Church of Scientology** is a UFO-mind control cult founded by Naval Intelligence Officer, **L. Ron Hubbard**. Hubbard was a friend and associate of **British occultist, Cambridge graduate, and MI6 operative, Aleister Crowley, aka "The Beast" and "666."** Scientology cult members who try to leave the cult are typically **gangstalked by other cult members in a process which they term, "Fair Game."** In [Part IX: NWO 'Slavemasters' & Our 'Absolute Slavery' Via Intel Ops, Mind Control, Scientology, Cults, Torture, 9/11, & "Voices of God": 2 Timelines \(1962 – 2012 AD\)](#) of this series, we learn that (L. Ron) Hubbard "expected Scientologists to support every goal of the New World Order.... (including) a) elimination of international boundaries, b) one world government, c) one world bank, d) one world currency, and e) a one

world army. Go figure!

5. The Esalen Institute, co-founded by **Michael Murphey**, "collects a huge amount of research by **CIA and MKULTRA doctors**," according to reddit.com. Esalen and Michael Murphy are both closely associated with the **Human Potential Movement** which also continued MKULTRA mind control programs after the Church Senate Committee exposed some of these nefarious CIA mind control operations in 1977.

6. The Church of Satan was founded by Jew, Anton LaVey (born Howard Stanton Levey), who incidentally, was also the "handler" of Monarch-mind controlled sex slave, Marilyn Monroe. (Webmaster: That must have been a rough job, Howard!)

The pattern that emerges here is one of cults created by the CIA, US Navy and other branches of military-intelligence in order to covertly continue MKULTRA-type mind control experiments and programs in communities across America and the world long after these programs were allegedly shut down. The Jonestown "experiment" clearly had the objective of enslaving the black "parishoners" through mind control, torture, and abuse.

Typical activities within these and other destructive cults include:

- a) "Manchurian channeling" (broadcasting voices to victims' brains via pulsed microwave signals called "Voice of God" weapons),
- b) the creation of mind-control slaves through use of trauma (torture)-based mind control per the MONARCH military mind control protocols,
- c) gangstalking and "suiciding" (murder/disposal) of wayward cult members and political enemies, etc., and
- d) tight control over cult members and cult communities by military-intelligence "handlers."

Based on Crestone/Baca's "alleged" association with these MKULTRA cults in the above figures and in information presented throughout this series, do you think any or all of these activities occur in Crestone/Baca? Absolutely yes.

To draw out these connections further, in **DoD-CIA Projects Bluebird, Artichoke, MKULTRA, and related mind control programs of the early 1950s**, it was deemed necessary to conduct "terminal experiments" on human test subjects. Of course, this resulted in the deaths of some human test subjects. Thus, "disposal" of subjects became a necessity. I believe that gangstalking protocols fulfill this "disposal" requirement in addition to fulfilling other intelligence agency objectives. **Organized stalking-electronic torture (OS-EH)/the "Targeted Individual Program"/Satanic Ritual Abuse is "the perfect crime"** because if/when "targeted individuals" (TIs) complain of being harassed by groups of strangers and/or assaulted by electronic directed energy and neuroweapons, they can be smeared, slandered, diagnosed as crazy, and then institutionalized. This "psychiatric reprisal" has been used in many totalitarian nations to discredit and eliminate political enemies, expendable human test subjects, and other undesirables over the past century. These totalitarian states include the Soviet Union, communist East Germany, fascist Germany, the United States, Canada, UK, and others.

The following two diagrams from Nico Haupt of the New York 9/11 Truth Movement provide a visual timeline for global mind control operations (**Figures 4 and 5** below, from "The OSS-Tavistock MindControl Cult- 9/11 Truthing Infiltration Timeline," (http://911closeup.com/nico/911truthing_cult4.html). These figures help to further clarify some of these cult relationships.

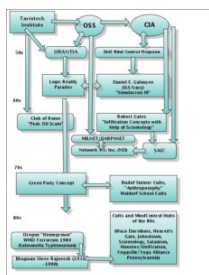

Figure 4. Mind control timeline: pre-1950's through 1980's. Note that "cults and mind control hubs of the 80s" include Waco (Branch) Dividians, Heaven's Gate, Jonestown, Scientology, Satanism, Moonies/Unification, Yogaville, Yoga Alliance Pennsylvania. (From Nico Haupt, 9/11 Truthing Infiltration Timeline in: Part IX: NWO 'Slavemasters' & Our 'Absolute Slavery' Via Intel Ops, Mind Control, Scientology, Cults, Torture, 9/11, & "Voices of God": 2 Timelines (1962 – 2012 AD)).

The timeline begins with the Tavistock Institute of Human Relations (upper left of diagram), founded in Tavistock Square in London in 1920. In Part V of this series, we learned that Tavistock is the world's brainwashing center (Coleman, 2006). Nico Haupt explains the linkages and the chain-of-command:

(Tavistock's) network extends from the University of Sussex to the U.S. through the Stanford Research Institute, Esalen (George Schultz, Bechtel), MIT, Hudson Institute, Heritage Foundation, Center of Strategic and International Studies (CSIS) at Georgetown, where State Department personnel are trained, US Air Force Intelligence, and the Rand and Mitre corporations. A network of secret groups, the Mont Pelerin Society, Trilateral Commission, Ditchley Foundation, and the Club of Rome is conduit for instructions to Tavistock.... The entire OSS program, as well as the CIA has always worked on guidelines set up by the Tavistock Institute. Included in the OSS program is also Nazi technology, later officially used for the Atomic Bomb and NASA.

Figure 5 (below) shows critical developments in mind control programs. In the 1990's, Osho Rajneesh/Osho's (the Baghwan) International cult, the worldwide web, hangout versions of Simulacron II, and "Urantiagate" come about. The 2000's see the implementation of **Operation 9/11** as "Logic Reality Paradox," and the successful **Orwellian infiltration** of the 9/11 Truthing Movement "cult" by Byron Belitsos and Les Jamieson of the Urantia cult, followed by that of David Ray Griffin (CFR, "One World Government" advocate), Dr. Steven E. Jones (DOD, "exotic weaponry"), and Robert Bowman (DOD and former head of "Star Wars" project in 1980's).

Please note that these figures and accompanying timelines also help identify the "who, what, when, where, and why" of Operation 9/11.

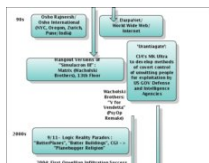

Figure 5: Mind Control history: 1990's through 2007 9/11 conference in Chandler, Arizona. (From Nico Haupt, 9/11 Truthing Infiltration Timeline).

Author, Alex Constantine lends support for the assertion that Crestone/Baca is an MKULTRA cult in quote #9 above:

"... the CIA had chosen to move mind control experimentation from academic and military labs into the community. An inner circle of Heironymous scientists experimented on cult devotees, and sometimes collaborated in mass murder to silence the subjects (Jonestown, SLA, Solar Temple). It was a marriage of convenience. Occult societies are secretive. They follow direction. They exist in corners of a society that ignores them.

... electronics are the beating heart of mind control because CIA scientists discovered years ago that any breakthroughs they may have enjoyed with hypnosis and drugs they could more easily and dependably reproduce with remote brain technology- and since the subject never lays eyes on his tormentors, they need not fear exposure. EM (electromagnetic) stimulation of the brain and nervous system to control or punish a human guinea pig is the perfect crime..."

From (Alex Constantine's "Virtual Government: CIA Mind Control Operations in America," (1997))

Statements by Hanne Strong and Cheyenne Mandel in introductory quotes 13 and 14 above also support to this conclusion:

13) *"You have to do "the work." And everything is amplified by the energy here. So it helps you with your retreat. And most people, you know, if they do not do their spiritual work... you better take a hike out to the road and get out of here."*

Hanne Strong (from Denmark), Director of Manitou Foundation, wife of the late-Maurice Strong (from "The Flame," 2013)

(Webmaster: We may speculate that "the energy here" that amplifies people's "spiritual work" to which Ms. Strong refers consists of neuroweapons/pulsed electromagnetic frequencies, etc.)

14) *"Crestone is a vortex. It is the "crown chakra of the planet." And people just get brought in here. They just kind of get sucked in here. And there's a saying here: 'You either get embraced by Crestone or you get spit out.'"*

Cheyenne Mendel, Crestone acupuncturist (from the movie, "The Flame")

V. My Experiences in Crestone/Baca as Probable Nonconsensual Human Test Subject and Definite Targeted Individual (TI)

A. Carmelite Contemplative Retreat Hermitage Moves To The Baca

Some of my experiences in Crestone/Baca are relevant to this discussion. I am an example of one who was first **"embraced by Crestone"** and then **"spit out,"** as Cheyenne Mendel mentions in **quote 14** above. In fact, my very first experience in Crestone/Baca is relevant. I had been a friend of "the Carmelites" (aka **The Spiritual Life Institute of America, SLIA**) since 1968 when I was a student at Prescott College. At that time, their "Nada" (Spanish for "nothing") hermitage, located in Sedona, Arizona, was staffed only by Fr. William McNamara and his administrative assistant, Tessa Bielecki. The "Carmelite" (a Catholic order) community provided a place where individuals could meet God first hand through contemplation and "going to the desert to pray." They provided a center for **silent, contemplative retreats** in the spiritual/intellectual tradition of Trappist monk and author, Thomas Merton. The SLIA grew over the years and, in 1983, they were the first spiritual group that the **Manitou Foundation** invited to join the "Refuge For World Truths" in Crestone/Baca. In about 1985/86, upon completing partial construction of their new facilities, the priests, monks, and nuns of the SLIA hosted a celebration-party-program for their old friends and supporters. I was invited, came, and was very impressed with the beautiful Crestone/Baca-Sangre de Cristo mountain area.

The principle speaker at the event was **Michael Murphy**, reportedly a friend of Fr. William McNamara. Co-founder of the **Esalen Institute** and a key figure in the **Human Potential Movement**, Murphy made a memorable presentation. Murphy waxed eloquent about the importance of finding ways for humans to achieve "peak performance," for example, how champion athletes can get "in the zone." Esalen had grown out of the 60's counter-culture-New Age movements and was famous for hosting expensive conferences in Big Sur, California that featured hot tubs, nudity, and spectacular views of the Pacific Ocean. Esalen also "collected a huge amount of data from CIA and MKULTRA doctors" (wikipedia) and was integrally associated with the **Human Potential Movement** which continued MKULTRA research and experimentation even after these crimes were exposed and outlawed by the Church Senate Committee hearings in 1977.

Of course, I was ignorant of these connections at the time. But please note that **Michael Murphy** and his **Esalen Institute** are listed in connection with **MKULTRA Cults** in **Figure 3-J** above, along with numerous other **intelligence and CIA-spawned cults, including Jonestown, Heavens Gate, the Church of Satan, the Church of Scientology, and Findhorn Ecovillage**. These same (MKULTRA) cults are featured in Nico Haupt's 9/11 *Truthing Infiltration Timeline* (**Figures 4 and 5**).

Don't get me wrong. Like many others, I loved the SLIA Carmelites and greatly admired and respected their charismatic and dynamic founder, Fr. McNamara. Having been raised a Unitarian, however, I was not able to discern that Fr. William was actually a fairly radical "New Age Priest." In retrospect, I can think of at least six reasons why the SLIA might have been invited to join Manitou Foundation's "Refuge For World Truths" by the New World Order globalists that control Crestone/Baca:

1) In 1960, **William McNamara** had an audience with **Pope John XXIII**, who blessed his vision to create a a "new wineskin" that is "at once a return to primitive Carmelite eremitical life and a creative contemporary response to the needs of modern society." Fr. McNamara's new contemplative retreat center, the Spiritual Life Institute of America, would include priests, monks, and nuns.

2) The primary focus of the SLIA was to inspire and provide a place for people of all faiths to engage in contemplative retreat. Fr. McNamara described *contemplation as "a long loving look at the real..." "a pure intuition of being, born of love. It is experiential awareness of reality and a way of entering into immediate communion with reality."*

3) Fr. McNamara was a strong advocate of Jesuit priest-paleontologist and Darwinist, Teilhard de Chardin's rather heretical ideas. de Chardin (1881-1955), considered the "prophet of a "new Christianity" centered on evolution," was "known for his theory that man is evolving, mentally and socially, toward a final spiritual unity, the Omega Point," which he regarded as "an apex of thought/consciousness" (from wikipedia). This "**noosphere**" "would be the result of the interactions of increasing activity of **human networks creating a highly charged "thinking layer."** This idea would certainly appeal to globalists and military-intelligence people trying to create a **global (AI) hive mind** they can completely control. In other words, de Chardin's "noosphere" may be an apt description of the **Pentagon-DARPA-AI-cloud (BEAST) system** aka "**fourth world battle for the collective mind**" (per **Figure 3-H** above) now being constructed

worldwide. US military-intelligence's demonic attempt to control everyone's mind via asserting "*full spectrum dominance*" over everything and everyone and "*Mastering the Human Domain*" (per the **Jade Helm military drill of 2015** and **UWEX-16 (Unconventional Warfare Exercise of 2016)**) could be construed by globalist psychopaths as "the Omega Point" of history.

4) McNamara was a personal friend of Rabbi Abraham Heschel, who helped convince the Catholic leadership of Vatican II to reverse 2,000 years of doctrine and exonerate "the Jews" of their guilt for crucifying Jesus Christ. As we shall see, the New World Order is primarily a Judeo-Masonic-Satanic World Order (see below).

5) McNamara authored "Earthy Mysticism" among several other books. His "earth-centered mysticism" was/is compatible with the UN's worship of Gaia, the earth goddess, and the Masonic syncretization of all religions into a "new world religion" headed by the "Universal Church" (Catholicism). (See references to the **Gaia Hypothesis in Figures 3-J (MKULTRA Cults)** and **3-H (Fourth World Battle For the Collective Mind)** above.)

6) Fr. William and the SLIA were extremely open-minded, intellectually and spiritually. They were ecumenical to the core and both encouraged and participated in many inter-faith dialogues with Buddhists and other religions.

Fr. William was one of my heroes and I do not mean to denigrate him, his efforts, or his legacy in the slightest. I am merely trying to understand, via 20/20 hindsight, what happened in Crestone/Baca. As a long-time friend and associate of the Carmelites, I also note that between 1985 and 2003, Fr. William spent the great majority of his time in California rather than at the Nada hermitage. In 2003, the Carmelite community banished McNamara from the community he had founded, presumably for womanizing. He denied these charges, but was nonetheless kicked out and "de-frocked." The "coup of 2003" resulted in a radical downsizing of the Carmelite community as a number of priests, brothers, monks, and nuns left the SLIA at that time.

After a few years of "wandering in the wilderness," the indefatigable Fr. William established another contemplative retreat center, his fourth, on the border of California and Oregon. I visited him there in about 2010 shortly before he died. His comment to me about his friend, Rabbi Abraham Heschel: "*He never once mentioned the name of Christ.*" His comment regarding his ouster in 2003: "*It was a mutiny.*" (Knowing what I know now, I suspect this "coup" was engineered by the New World Order team that controls Crestone/Baca.)

As noted, Fr. William was extremely ecumenical. In the late 1980s, he encouraged SLIA members, including co-foundress, Tessa Bielecki, to engage in extended "inter-faith dialogues" with Tibetan Buddhists in Boulder, CO. I attended one of these conferences with some of them. By then, I had already taken a trekking and mountain climbing trip to Nepal and Tibet and begun reading and studying books by Tibetan Buddhist masters. In about 1996 or 1997, I attended a Dzogchen retreat in Pagosa Springs led by the young Tibetan Buddhist master, Tsoknyi Rinpoche. From approximately the late 1990s to 2011, I studied and practiced the Tibetan form of Buddhism. For a number of years, I made a concerted but ultimately unsuccessful effort to hold both Christian and Buddhist worldviews simultaneously, as Fr. William's Catholic ecumenism seemed to encourage.

I certainly won't attempt a comparative analysis of these two traditions here! Suffice it to say that for me, the two worldviews are intellectually incompatible and it is impossible to follow both traditions simultaneously. In two Power of Prophecy audio programs entitled "**The Ways of the Serpent**," Christian author, Texe Marrs, asserts that the implantation of the "**double mind**" is **satan's principle strategy!** George Orwell referred to "**double-think**" as "*having the ability of holding two contradictory worldviews in your head at the same time.*" Some of Orwell's famous examples were: "*war is peace,*" "*freedom is slavery,*" and "*ignorance is strength.*" Indeed, "double-think," aka "implantation of the double mind" is a severe form of mind control. As James 1:8 states: "*a double-minded man, is unstable in all his ways.*" Likewise, in Peter 3:8, we learn: "*Finally, be ye all of one mind, having compassion one of another, love as brethren, be pitiful, be courteous.*"

B. (Brain) Monitoring of Retreatants and Meditators?

More to the point of this discussion, when I attended mass with the Carmelites, a Scottish man named Martin Maccauley generally occupied the front row on the far right side in the chapel next to the wall. After the "coup of 2003," Maccauley seemed to assume the mantle of parishoner-in-chief, for example, always holding the wine chalice during communion. I mention this because Maccauley often acted a lot like, well, an MI6 spy... which I suspect he was/is. As per **introductory quote #23**, Maccauley is reported to have stated: "*The important thing is to keep things stirred up.*" Once when I met him in "downtown" Crestone while I was walking my two dogs, his only greeting was: "*Nice cats.*" And in [Part XII](#) of this series, I report that when I ran for a position on the Baca Grande Property Owners Association Board of Directors, Maccauley wrote a smear piece about me for the Crestone Eagle's letters to the editor. Entitling his letter "Dr. Karlstrom and Mr. Hyde," Maccauley listed some of the valid, truthful conclusions on my websites, but cast them as ridiculous lies. He concluded by admonishing locals not to vote for this, you guessed it, "anti-semitic conspiracy-theorist." If he were indeed a PsyOps agent for MI6 he would be well aware of the tactic of using the "psychiatric reprisal," i.e., smearing "targets"/"enemies" as crazy. (Please revisit the above sentence: "*This 'psychiatric reprisal' has been used in many totalitarian nations to discredit and eliminate political enemies, expendable human test subjects, and others over the past century.*")

And, perhaps not coincidentally, when I attended Tsoknyi Rinpoche's Tibetan Buddhist teachings, another British fellow, Mark Eliot, said to have MI6 connections (i.e., parents), generally always sat near the right front of the students, often turning around and surveying the meditators. At a local restaurant, I overheard Eliot confide to Hanne Strong, "*they are the kind of people we want here.*" What kind of people do **we** want in Crestone, Mr. Eliot? And who are "**we**?"

I wonder now whether these two Brits, who seem now to have been monitoring and "handling" our community, were keeping track of the Buddhist meditators and Catholic parishoners and perhaps other local spiritual groups as well, for nonconsensual, noninvasive mind control/behavioral control experiments. Were/are they foreign agents? If indeed, Crestone/Baca is/was utilized for covert mind monitoring, mind reading, mind mapping, and mind manipulation experiments, as I suspect, British intelligence (MI6) may well have been involved in the operation, for example, in cooperation with the CIA. If so, these two Brits may have been doing a lot more than simply their own spiritual practice!

C. International Bankers Come To My Street For Silent Meditation Retreat

Now fast forward to about 2008. I was a fairly serious student, meditator, and practitioner of Tibetan Buddhism at that point. By then, I had a considerable library of both Christian and Buddhist books and had filled notebooks full of "teachings" from Buddhist masters, including the Dalai Lama himself. My house is located within very short walking distance of Tsoknyi Rinpoche's retreat land and teaching facilities. That year, I was still a Full Professor of Geography at California State University, Stanislaus in Turlock, CA, but had been granted a sabbatical leave to conduct research and was spending that time in Crestone.

There are only six houses on Peaceful Way, the long, winding street where I live. But that particular fall, a Swedish lady named "Trillium Seafyre" (real name: Jenny Larson), a banker in London, had rented the house immediately next to mine (973 Peaceful Way). "Trillium" had taken time off from her banking career to meditate with a Buddhist group led by Alan B. Wallace, a University of Massachusetts, Amherst professor and author. The house across the street from mine (940 Peaceful Way), was simultaneously occupied by a young Jewish-Buddhist couple from New York City, Nick and Michelle, who were also part of Wallace's meditation group. Nick was a Wall Street stock broker and one of Al Gore's "global warming-climate change" ambassadors/evangelists. As these three were embarking on an extended "silent retreat," I talked with them only briefly.

Please hang in there, dear reader, this is going somewhere. Dr. Alan B. Wallace is author of a number of books on the relationship between Buddhism and modern physics and neuroscience, etc. including these listed with the Santa Barbara Institute:

– *Meditations of a Buddhist Skeptic: A Manifesto for the Mind Sciences and Contemplative Practice*. New York: Columbia University Press, 2011. Epilogue and Chapter One

– *Mind in the Balance: Meditation in Science, Buddhism, and Christianity*. New York: Columbia University Press, 2009. Chapter 10

– *Hidden Dimensions: The Unification of Physics and Consciousness*. New York: Columbia University Press, 2008. Chapter Four

– *Contemplative Science: Where Buddhism and Neuroscience Converge*. New York: Columbia University Press, 2007. Chapter One

– *The Taboo of Subjectivity: Toward a New Science of Consciousness*. New York: Oxford University Press, 2000.

The Bridge of Quiescence: Experiencing Tibetan Buddhist Meditation. Chicago: Open Court Press, 1998.

Choosing Reality: A Buddhist View of Physics and the Mind. Ithaca, NY: Snow Lion, 1989.

These titles demonstrate Wallace's orientation towards the **scientific** study of Buddhist meditation. How do you scientifically investigate meditation? Methods for remote measurement of brain waves include electroencephalography (EEG) and EEG-feedback, remote neural monitoring (RNM), remote neural manipulation, transcranial neural modulation, brain-computer-interface (BCI), brain-machine interfaces, and a variety of other methods. In fact, studies that focus on monitoring, measuring, and manipulating brainwaves have been conducted by military and intelligence agencies, medical facilities, and academic institutions since 1955 at least! And electronic methods of mind influencing, monitoring, mapping, and manipulation have been the predominant focus of the CIA-military-medical establishments' MKULTRA and related programs since about 1960! Moreover, the Dalai Lama's Life Sciences Foundation has long been conducting similar experiments on meditators.

Now we can begin to connect some dots and experiences. What do MKULTRA cults (Crestone, CO), the Esalen Institute, the Human Potential Movement, the Dalai Lama's Life Sciences Foundation, and Alan B. Wallace's team of Buddhist students, meditators, and academics all seem to have in common? Among other things, apparently, the study, monitoring, harvesting, and manipulation of people's brain waves and mental states.

Parenthetically, during that fall, I noticed that a UPS truck delivered an inordinate number of large boxes and packages to Nick and Michelle's rented residence at 940 Peaceful Way. Was this equipment for brain monitoring/measurement/manipulation? If so, whose brain(s) was/were being monitored and manipulated? Since they had all moved immediately next to and across the street from my house, might they have been capturing and measuring my brain waves? Or might they have been targeting the meditators at Tsoknyi Rinpoche's nearby retreat center? Or perhaps their own brains were being monitored? Or other members of the community? Or all of the above? Might they also have been involved in the sale or "trading" of my (or our) brain waves to a variety of other institutions?

Incidentally, the **UN term for organized stalking-electronic harassment (OS-EH) is "cybertorture."** Per the diagram below, **"cybertorture" is "the mining of brain data."** The people who are subjected to "cybertorture" and "the mining of brain data" are called **"targeted individuals."**

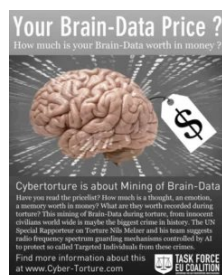

Figure 6: "How much is your brain data worth in money. Cybertorture is about mining brain data."

As a "targeted individual" (TI), I am in contact with many other TIs. Many of them believe that they (we) have "owners" and "renters," i.e., we are "human trafficked" into secret brain, behavioral, and torture studies which are highly lucrative for the contractors involved. Trillium (Jenny), Nick, and Michelle seemed like nice people. They wouldn't be involved in enrolling others, such as me for instance, into nonconsensual human experiments that involve 24/7 surveillance, targeting, torture, and covert brain monitoring and manipulation, would they? I don't know. But this is exactly how the "TI program" works.

As a practicing Buddhist, and then Christian, and, indeed, a scientist myself, I surely wouldn't object to the scientific study of the brain waves of spiritual practitioners, would I? If this research includes **nonconsensual human experimentation, torture, and removal of civil liberties of human test subjects**, as is the case for millions of "targeted individuals" around the world, (including myself, and perhaps many other Crestone/Baca residents), I most certainly object. And I do not grant my consent.

So. What are the odds that three members of an academic-scientific-Buddhist meditation group who also happen to be representatives of Wall Street and the City of London banking and/or brokerage institutions would simultaneously move into homes immediately next to my house on a tiny street in a tiny town at the same time that I'm there? I'd say the probability of this happening by chance is extremely low.

D. Military Neuroscience and Technology (NeuroS/T) Research is Multi-Billion Dollar Business: "We are targeting the brain"

Again, many targeted individuals are aware that they/we are trafficked and that there is big money to be made in neuroscience. To highlight the revelations of Dr. James Giordano, "neuroweaponologist," neuroscientist, and "neuroethicist" at Georgetown University who is a consultant for DARPA (the DoD's Defense Advanced Research Projects Agency) and the European Union's Human Brain Project (in epigraph quote #30 above):

"Neuroscience captures \$175 billion dollars annual market space.... The brain is the next battlespace.... We are targeting the brain.... We need to recon (the) target area (i.e., the domestic population) in order to: 1) acquire viable targets and 2) avoid collateral damage. Like (in) any race, the morbidity and mortality, going at this speed... is real.

We are tracking neurological or brain signatures of key targeted individuals that are thought to represent whole groups. If I understand how his or her brain works and do this on a broad enough scale, I can develop patterns and I can use this in ways that informs my intelligence; this force multiplies and synergizes my human intelligence (HUMINT), my

signals intelligence (SIGINT), and my communications intelligence (COMINT). NEURINT (Neuro intelligence)
coupled with assessment and access gives me these capabilities...."

Similarly, in **quote #31** above, Dr. James Canton, CEO of Globalfutures, Inc., states:

"Neural nets at the core of AI involve over a trillion dollars of financial trading... So neuro is likely a game changer, and it has much larger impact domains when it's in the wild (webmaster: i.e., secretly used against "targets" in society)... Neuronal self-assembly and nano-technology.... one of the factors of neuro-science – The dark side is the weaponization of these technologies... These (Cuban and Chinese) embassy attacks are directed, purposeful, and targeted at a particular population that is targeted and chosen..." Neurotechnology will drive the next "hybrid war," which has already started... Everything that can be made can be hacked. Neuro-hacking includes the ability to create thoughts and blend it with AI. These devices that we think were used externally or possibly internally (in the Cuban embassy attacks). Or they are tied to other sensors, or flyables, drones... Neuro-hacking allows us to adjust memories at the nano-scale."

Both Giordano and Canton stress the **"dual-use"** nature of these operations. That is, the technologies involved can be used to help and possibly "enhance," and they can also be used to harm, maim, and kill people.

Giordano says "neuro S/T" (neuroscience and technology) is a \$175 billion/year business while Canton says it and highly related life-extension studies involve over a trillion dollars of financial trading..... That's big money! That kind of money could certainly bring Wall Street and City of London financiers as well as British and American intelligence agencies to Crestone/Baca. It might even bring them to Peaceful Way in Crestone, CO, to rent homes adjacent to mine, *especially if I were the target of the brain study!*

Do these factoids factor into the explanation(s) for how and why I have been targeted? The 2013 movie, "The Flame" has this subtitle: "Finding Gold In Crestone, Colorado." Yes, people used to mine gold here. But what is the gold today? Is it the priceless water in the San Luis Valley aquifer, reportedly worth trillions? Or is it free, convenient access to nonconsensual test subjects' brainwaves so these can be sold, monitored, manipulated, degraded, enhanced, altered, and/or destroyed at will? I suspect it may include both of these "commodities."

E. Center For Contemplative Research Supplants Carmelite's Contemplative Retreat Center

Fast forward to about 2019. After several years on the market without a buyer, the Carmelites (SLIA) retreat center in the Baca finally sold to [The Center for Contemplative Research \(CCR\)](#) (Center For Contemplative Research). Amazingly, this group is headed up by the aforementioned **Professor Alan B. Wallace**. I visited the former Nada Hermitage soon after the new occupants moved in and talked with a psychology professor from UC Santa Barbara named Robin who was on sabbatical leave there. She explained to me that EEGs (electroencephalographs) and other brain wave patterns (from local meditators and residents, presumably) are gathered and analyzed there and shared with academics and medical people all over the world! These expert neuroscientists, psychologists, cognitive researchers, etc. regularly have zoom conferences to discuss the "brain data." Their website indicates that CCR's Board of Directors include the following scientists and neuroscientists:

Board of Directors Of The Center for Contemplative Research (CCR) (From: [Center For Contemplative Research](#)).

Michel Bitbol: Director of Research, French National Centre for Scientific Research, Paris, France
David J. Chalmers: Co-director, Center for Mind, Brain, and Consciousness New York University, New York, New York, United States
Steven Chu: William R. Kenan, Jr. Professor of Physics, Stanford University, Professor of Molecular & Cellular Physiology, Stanford University School of Medicine, Stanford, California, United States
Christopher A. Fuchs: Professor of Physics, University of Massachusetts Boston, Boston, Massachusetts, United States
Marcelo Gleiser: Professor of Physics and Astronomy, Appleton Professorship of Natural Philosophy, Director, Institute for Cross-Disciplinary Engagement, Dartmouth College, Hanover, New Hampshire, United States
Piet Hut: Professor of Astrophysics and Interdisciplinary Studies, Institute for Advanced Study, Princeton University, Princeton, New Jersey, United States
Elisa H. Kozasa: Professor of Neuroscience and Behavior, Albert Einstein Israelite Hospital, São Paulo, Brazil
Claire Petitmengin: Professor Emeritus, Institut Mines-Télécom Business School, Évry-Courcouronnes, Essonne, France
David E. Presti: Teaching Professor of Neurobiology, University of California, Berkeley, Berkeley, California, United States

In [Appendix 184: The Center For Contemplative Research's Website: On acquiring "semantic information" from "professional contemplatives"](#), we learn that **The Center For Contemplative Research** solicits and utilizes "professional contemplatives" for their acquisition of brain data because:

"Professional contemplatives provide the world's highest-resolution access to the fundamental processes that create semantic information — the processes by which meaning is extracted from our world, and from which all concepts, scientific or otherwise, are derived. For this reason, professional contemplatives provide the best sources of data regarding subjective phenomena like thoughts, emotions, memories, and consciousness. One of the largest scientific contributions that contemplatives can make is to help clarify the nature and potential of both consciousness and genuine well-being. The CCR's contemplatives are unique in that they're engaged in full-time retreats, meditating 8–12 hours a day under world-class instruction and in exceptionally conducive retreat environments, while remaining open to longitudinal collaboration with the scientific community."

Thus, the ultimate goal of collecting, i.e., harvesting, all this brain data, i.e., brainwaves, from these meditators/contemplatives is to better understand how **information, aka semantic information**, is processed. The CCR website states:

*"Fortunately, scientists already work with a phenomenon that provides an entryway into the subjective domain. This phenomenon is **semantic information, referred to below also as information**. In addition to the concepts of matter, energy, space, and time, scientists are increasingly considering information to be a core facet of science. For instance, computer scientists work with computer hardware but are ultimately most interested in how these computational systems process information. And some physicists have concluded that information is so fundamental to our description of reality that it is meaningless to even draw a distinction between reality and information (Zeilinger, 2004)."*

This kind of brain research seems to involve many academic disciplines and involve much interdisciplinary collaboration as per their Figure 9 below:

Figure 9: Professionally trained contemplatives offer the most refined technology — albeit of a different sort than scientists are used to — that we have for studying consciousness directly, and thus for studying the creation of information, since this process is currently known to occur only in the mind of a conscious being.

F. Is Crestone/Baca and CCR's Brain Research A Continuation of CIA-DoD's MKULTRA Experiments?

We can now very legitimately pose the question: Is this CCR brain research a continuation of the CIA's MKULTRA mind control experimentation? The following passage from Dr. John Hall's "Guinea Pigs: Technologies of Control" (2014) suggests that their research is a direct outgrowth of past MKULTRA projects:

"Things had become a little hot for the CIA (MKULTRA) researchers by the early 1970's. Victims' complaints had prompted congressional hearings and the unethical experimentation conducted by the CIA on unwitting subjects began to be exposed... The CIA began looking for other ways to continue their mind control research with greater plausible deniability and less chance of getting caught with their pants down. The era of remote neural monitoring had begun.

The Advanced Research Projects Agency awarded a contract for \$338,000 to the Stanford Research Institute (CSRI) on February 9, 1972. The program director was Dr. George Lawrence and the contract was granted to Dr. Lawrence Pinneo to determine the feasibility of bio-cybernetic communication. More specifically, Dr. Pinneo was researching the feasibility of designing a communication link between man and computer using electrical activity of the brain during verbal thinking. The hypothesis was that the electrical activity of the brain during thought may be similar to the electrical activity of the brain during overt speech. "The research was predicated on the assumption that thought is nothing more than covert speech."..... Overall, Dr. Pinneo's research in 1972 determined that a bio-cybernetic communication system was feasible which would allow a computer to interpret human thought based on the EEG.

The research that followed focused on remotely sensing the small, electrical potentials generated by the brain. Remotely detecting the EEG would negate the need for scalp electrodes and alleviate the requirement for informal consent on the subjects. One researcher, Robert G. Malech, researched remotely monitoring and altering brain waves which culminated in the filing U.S. Patent number 3951134 in 1974. His apparatus involved transmitting a base signal and a first signal to the brain of a monitored subject. The brain of the subject would then transmit a second signal back to a receiver in response to the two incoming signals. Essentially, the two incoming signals would entrain with the brain's inherent electrical frequency and or interference waveform would be returned to a receiver. The interference waveform could then be demodulated, amplified and displayed visually before being routed to a computer. According to Malech, the demodulated waveform would be used to produce a compensating signal which could be transmitted back to the brain. The compensating signal could be artificially attempted to entrain the normal brain activity and produce a desired change in the subjects' brain. In Malech's description of the apparatus he specifically mentioned its value in monitoring a conscious subject without his awareness. His patent was published in 1976 and his apparatus was comprised of components commonly employed in radar systems at that time.

Using these basic concepts, more modern research has focused on converting the received electromagnetic waveforms back into audible thought that can be monitored and recorded. Essentially, mind reading has come of age and has been in use among intelligence agencies for a number of years now. In addition to monitoring a subject's thoughts, researchers have also capitalized on Malech's earlier discovered EEG entrainment techniques. Once a dictionary of EEG waveforms corresponding to various emotional states was created, it became relatively easy to cause a normal subject's brain to entrain the desired waveform to produce a desired emotional state. One would assume that using the same technique, the visual and auditory cortices of the brain could be entrained to stimulate visual and auditory hallucinations respectively. This would result in what subjects would perceive as realistic appearing holograms or sounds that cannot be attributed to a realistic source in their surroundings. Indeed, thousands of people across the United States are voicing complaints of just this phenomena.

.... Microwaves belong to a part of the electromagnetic spectrum which are included in radar, microwave ovens and all cell phones. Their non-thermal effects can be as equally detrimental as their thermal effects, as witnessed every day in microwave ovens. Allan Frey targeted various organ systems with microwaves and was able to reproduce detrimental effects, including heart arrhythmias and sudden death. Modulated microwave frequencies, those carrying a second embedded frequency, were found to be the most damaging. In 1975, Frey reported that microwave energy pulsed at certain modulations could breach the blood-brain barrier and induce neurological changes. The DoD took a keen interest in Frey's research. They were intrigued not only with the use of microwave as a directed energy weapon, but as a carrier signal for communications to be placed directly in the brain. This is now called "microwave auditory effect" and has been extensively researched by government and private institutions. Finally, the need for electrodes, as with the Neurophone, was a thing of the past."

The above discussion more or less proves that CCR's research is a direct continuation of MKULTRA studies. Our next question, then, should be: Is CCR a front for ongoing CIA-DoD brain research? I'd say unequivocally that it is. It is clear that CCR is undertaking the kinds of brain research to which Drs. Giordano and Canton refer in quotes #30 and 31 above and in the next section of this paper on **cognitive warfare**. The symbiotic partnership between military-intelligence, military contractors, and the academic-medical establishment, already well-established during Project MKULTRA and related mind control programs, has only increased since the 1950s.

G. Cognitive Warfare (CW), Weaponized NeuroS/T, and Targeted Individual Program

The Pentagon has a long-standing interest in "the militarization of brain science." [Appendix 176: Battlescape Brain: Engaging Neuroscience in Defense Operations](#) (Dr. James Giordano, 2017) identifies numerous NeuroS/T (neuroscience and technology) methodologies that are weaponized for military purposes. These include EEG-based neurofeedback devices, EEG-based brain-to-computer interfaces, neurosensory immobilizing devices, transcranial neuromodulating devices, and nano-neuroparticulates.

As noted above, **cognitive warfare (CW)** is the DoD's and NATO's new 6th warfare domain that is deployed synergistically with the other five (land, sea, air, space, and cyberspace) as a part of hybrid warfare. [Appendix 182: Redefining Neuroweapons: Emerging Capabilities in Neuroscience and Neurotechnology](#) (DeFranco, et al., 2020) indicates that **neuroS/T can be employed in warfare, intelligence, and national security (WINS) applications as both soft (nonlethal) and hard (lethal) weapons and that they are used during kinetic (combat) and non-kinetic engagements ("peacetime") "to incur destructive and/or disruptive effects."** NeuroS/T weapons include directed energy delivery systems, transcranial neuromodulatory systems, and neuro-nanomaterial agents.

Military "scholars" acknowledge that **cognitive warfare (CW) is the modern outgrowth of information warfare and psychological warfare**. The World Economic Forum defines "**information warfare**" as follows:

"Information warfare combines electronic warfare, cyberwarfare and psy-ops (psychological operations) into a single fighting organisation, and this will be central to all warfare in the future."

Wikipedia states: *"Information warfare is the manipulation of information trusted by a target without the target's awareness so that the target will make decisions against their interest but in the interest of the one conducting information warfare. [1] As a result, it is not clear when information warfare begins, ends, and how strong or destructive it is. [2]"*

Golly, gee whiz. All this sounds an awful lot like organized stalking-electronic harassment (OS-EH) aka the "targeted individual (TI) program" to me. In fact, I believe that we are beginning to realize that **"the targeted individual program" IS cognitive warfare and BOTH COMPRISE the operational deployment of the MKULTRA mind control programs!**

So of course we must ask: Are the scientists involved with CCR research studying brain data from **"targeted individuals"** and possibly **Crestone retreatants, meditators, and/or spiritual practitioners as well as brain data**

from “professional contemplatives?” Would the “brain data” harvested from “involuntary” vs. “voluntary” test subjects be treated differently? Are CCR neuroscientists’ research contracts associated with the **European Union’s Human Brain Project?** Or perhaps **DARPA’s B.R.A.I.N. (Brain Research Through Advancing Innovative Neurotechnologies®) Initiative?** Or is their research funded by **DoD, military contractors, and/or high-tech industries?** I strongly suspect that extensive networks of neuroscientists collaborate on the analysis and interpretation “brain data” derived from a whole variety of sources and that the results of the studies are shared widely utilized for both military and academic purposes.

So, we seem to have come full circle. It seems most likely to me, anyway, that Crestone/Baca spiritual centers involved with the Manitou Foundation’s **“Refuge For World Truths”** may have provided the “brain data” subjects for the continuation of top-secret MKULTRA mind control research on nonconsensual experimentees. Some of these projects could have been associated with the Esalen Institute-Human Potential Movement and Spiritual Life Institute of America complex. The many retreatants at Crestone/Baca’s Buddhist retreat centers may have also nonconsensually supplied “brain data” to neuroscientists, perhaps while on retreat and perhaps whilst in their own homes. We do know that for this kind of human research, the harvesting of **“professional contemplatives”** **“brain data”** has now come out into the open with the Center for Contemplative Research.

Another factoid may be germane at this point. As I stated earlier, I had and have great respect and affection for “the Carmelites” and was saddened by the breakup of their community. I talked to different members and former members of SLIA at that time and was surprised to hear Tessa Bielecki, the co-foundress of SLIA, tell me that all the members of the community had to undergo therapy for PTSD for at least five years after the breakup! PTSD is *“post traumatic stress disorder.”* It used to be known as *“shell shock,”* a term applied to soldiers who psychologically shut down after exposure to traumatic battle conditions. I could scarcely believe this revelation about individuals that I genuinely thought were so spiritually advanced that they must have been living close to heaven with God and Jesus.

Now that I have put some of these pieces together, I can offer some speculations: Were the **Carmelite priests, monks, nuns, and their retreatants also guinea pigs and “targets”** in the Crestone/Baca MKULTRA cult mind control experiment? Were they also traumatized via “the TI program” of “cybertorture”/psychotronic warfare” experimentation? I.e., was their “brain data” also being harvested experimentally? Was the “brain data” of their parishoners and retreatants being harvested? If so, were any of them aware of this? Or was the **“coup of 2003”** a traumatizing intelligence psyop and setup? Is it possible that our entire community, or our spiritual groups, in particular, have functioned as nonconsensual guinea pigs, i.e., have been targeted with electromagnetic frequency (nonlethal) weapons and psychological warfare techniques for many decades?

To repeat introductory **quote #8** above: *“the CIA had chosen to move mind control experimentation from academic and military labs into the community. An inner circle of Heironymous scientists experimented on cult devotees, and sometimes collaborated in mass murder to silence the subjects (Jonestown, SLA, Solar Temple). It was a marriage of convenience. Occult societies are secretive. They follow direction. They exist in corners of a society that ignores them. (From Alex Constantine: “Virtual Government: CIA Mind Control Operations In America,” 1997)*

An extended visitor/observer/possible agent in Crestone, Bruce Polock told this writer in 2013: *“Most people around here are afraid to come out of their houses.”*

Compare this statement with Dr. John Hall’s observation: *“The ultimate goal of the stalking and defamation phase (webmaster: of the “TI program”) is to get the target diagnosed as mentally ill or drug addicted to ensure job loss where they will be more apt to remain home where the rest of the operation can be accomplished.”*

Allow me rephrase this sentence as follows: The stalking and defamation phases of the TI program are designed to harass and intimidate victims to the point where they retreat to their homes, where they become guinea pigs, i.e., nonconsensual test subjects for electromagnetic and other forms of mind-behavioral control technology.

So we must ask: Is Crestone/Baca a government mind-control project basically comprised of two groups: **1) “targets” (or test subjects)** on the one hand and **2) secret teams of psychologists, handlers, and enablers who oversee and facilitate these covert experiments** in addition to the **stalking perpetrators** themselves whose job is to harass and intimidate the TIs? If so, this might help account for the high turnover of people in our community and indeed, the relatively high number of suicides and disappeared citizens.

To better understand the “TI program,” I’ll offer additional insights from Dr. John Hall’s “Guinea Pigs, Technologies of Control (2014):

*“Organized stalking is the harassment of an individual by people unknown to them for the sole purpose of inducing psychological trauma. It is perpetuated by individuals from within their community working in concert with each other to achieve a desired goal and is centrally directed and organized... The overwhelming majority (of victims) are experiencing a very methodical progression of experimentation that fits well into the template that I am hypothesizing. **Targeted individuals are experiencing a form of experimentation that follows a progression of phases that include: 1) selection, 2) surveillance, 3) stalking, 4) defamation, 5) attack, and 6) monitoring.***

*One must remember that the technology being used to commit these crimes originates at the federal government level. Hence, it is seen being used most often by private investigative agencies that are owned and operated by former FBI agents. These individuals maintain contacts with the agency who work with them in a reciprocal relationship. These relationships are imperative to the **defamation phase (phase 4).***

*The **attack phase (phase 5)** is characterized by directed-energy attacks meant to disrupt normal physiological functioning. It may occur at any time during a victim’s targeting but is most noticeable as a distinct phase late in the targeting..... According to Dr. Robert Duncan PhD, in his book, “Soul Catcher: Secrets of Cyber and Cybernetic Warfare Revealed,” the attacks are the result of central nervous system manipulation. In effect, the brain is being manipulated to manifest the physical symptoms of twitching, burning, spasm, and other symptoms. While this may be true, almost all of the victims also report electrical disturbances within their homes. It is my belief that some of the attacks are secondary to directed energy attacks at specifically targeted peripheral nerves, muscles and organs and not strictly through the central nervous centers controlling them. In effect, the same directed energy modalities being used to open and close garage doors, turn lights on and off and disrupt computer screens in the victim’s home may also be used to physically attack the victim at targeted sites other than the brain.*

*The **weapons used in the attack phase include microwave, millimeter wave, radio-frequency, laser and probably scalar modalities.** All of these modalities have been researched extensively and weaponized for military use as mentioned earlier in the book.*

*The attack phase is followed by the **monitoring phase (phase 6).** Having worked with multiple victims that have been victimized for varying lengths of time, **it is clear that the victims have been chosen for experimentation for the duration of their lifetime.”***

H. Mind Control: History and Applications

I have previously compiled very extensive information about the history and applications of mind control in various posts on my gangstalkingmindcontrolcults.com website. The following posts highlight the “contributions” of some of the biggest names in psychology and psychiatry, who incidentally, should be regarded as depraved psychopaths who betrayed their patients and their Hippocratic Oaths:

1) [Mind Control: History and Applications by Professor Eric T. Karlstrom, 2012](#)

2) ["The Minds of Men:" History of Cybernetics, Totalitarian Brain Science, & Satanic Technosorcerers, 2018 Documentary by A. & M. Dykes w/ Notes And Transcription by Dr. E. Karlstrom, and](#)

3) [Descent Into Hell: MKULTRA's Torture Doctors, Scientists, Spies, & Politicians: Hall of Shame Rogues Gallery](#)

These posts trace the history of mind control programs since before World War II. These nefarious, even satanic programs were carried out by medical and academic professionals in partnership with military-intelligence agencies and the military-industrial-corporate complex. It seems that in their zeal to advance the cause of "national security" and/or to reap financial rewards and prestige, psychologists and neuroscientists forgot that the brains they study have owners. Historically, the brainwaves they study are coming from the tracking, targeting, torture and traumatization of nonconsenting human test subjects, often termed "targeted individuals." Neuroscientists tend to forget that TIs are fellow human beings with God-given civil rights and the Constitutional guarantee of being able to live free of "cruel and unusual punishment" and torture. Torture and "cruel and unusual punishment" are apt descriptions for the "targeted individual program."

Surveying the extremely dark history of mind control experimentation, it is clear that the psychological and psychiatric professions as a whole are complicit in these war crimes and crimes against humanity. In "Bluebird: Deliberate Creation of Multiple Personality by Psychiatrists" (2000), psychiatrist Dr. Colin A Ross states:

"Clinical responsibility for the mind control experimentation lies with the doctors, who should have been constrained by the Hippocratic Oath.... (Operation) BLUEBIRD blows the whistle on extensive political abuse of psychiatry in North America in the second half of the twentieth century. Many thousands of prisoners and mental patients were subjected to unethical mind control experiments by leading psychiatrists and medical schools. Organized academic psychiatry has never acknowledged this history. The network of mind control doctors involved in BLUEBIRD has done a great deal of harm to the field of psychiatry and to psychiatric patients."

But that's just the introduction, boys and girls. When the Pentagon and allied agencies weaponize these technologies, the results are much more horrific yet. The following posts indicate our (Nazi) superstate has deployed and continues to deploy trauma-based mind control techniques and technologies secretly against military personnel, innocent citizens, and children today:

[Appendix 32. NSA Mind Control and Psy-ops by Will Filer](#)

[Appendix 31: Are Directed Energy Weapons Being Used to Destroy the "Astral Body" of Targets? \(by J.F. Marino\)](#)

[Appendix 126: Jeffrey Madore \(TI and Electronics Expert\) Explains Organized Gangstalking "Human Research" Torture-Murder Program: 2015-17 Video Transcriptions and Comments](#)

The most horrific information of all is contained in this article by an ex-NSA psychic warrior who became a whistleblower upon writing this article in 2009. He was murdered in 2010.

4. [Appendix 174: The National Security Agency: Citadel Of Evil, Prison For the Mind, Collateral Damage \(Parts 1-3\) By Steven J. Smith](#)

The pattern that I discern here, based on information provided in the above articles, is that CIA, NSA, FBI, military and the medical-academic establishment, in concert with their British counterparts, "weaponized" psychology and psychiatry, in particular, during their Macys and Ratio Conferences and MKULTRA-related programs from the 1940s to the present. In fact, secret development of electronic mind control technologies was a major hidden theme of the Cold War itself. Shockingly, the objective of the elites that have run our nation since WWII has always been to transform humans into cybernetic (cyborg) slaves; that is, to merge humans with machines in order to enslave us. Mind control has always been a deeply satanic program in that it incorporates satanic ritual abuse and satanic ritual murder. To see where this has led us, we need only look at the wholesale criminal behavior of our top medical establishment during the contrived Covid-bioweapon plandemic/scamdemic. The Moderna website actually bragged that the injections comprise "operating systems."

All this said, I readily acknowledge that:

1) Many, perhaps most, brain and behavioral scientists may genuinely believe the work they are doing is beneficial, i.e., contributes to positive applications of these "dual use" technologies, and

2) the use of "professional contemplatives" as a source of "brain data" could possibly result in the diminution of the number of "targeted individuals," i.e., nonconsensual experimentees, required for this kind of research.

However, I am certain that the TI program continues unabated today because it is still being deployed against me and a variety of other TIs with whom I am in contact. And I have no certainty that "professional contemplatives" will fare better than TIs in the long run. They could be used/abused in the same manner, after all, what's important is the "brain data," not the test subject. Thus, this public use of "professional contemplatives" as a source of brain data may simply comprise a "limited hangout" by intelligence agencies. (I have become acclimatized to their tricks.)

As with any scientific endeavor, complete transparency as to methods and research subjects utilized must become legally mandatory. Likewise, laws that secure citizen's "cognitive liberty" must be enacted and enforced. In the meanwhile, I believe our society must become aware of these atrocities and then defund and dismantle these research projects immediately and bring ALL criminal perpetrators, including the brain scientists, to justice.

I. Insights of a Tech-Savvy, Tortured Targeted Individual (TI)

As webmaster of gangstalkingmindcontrolcults.com, I am in touch with many TIs worldwide. Some of these are extremely bright people. A great many are brutally tortured, some well beyond the limits of human endurance. I publish some of the insights of a TI (E.C.) in [Appendix 121: Why Governments-Corporations Are Collecting Our Brain Waves \(A TI's Perspective, 4/30/22\) and Related Links](#). Here are contents from that post:

"Webmaster Introduction:

I recently spoke with TI, E. C., who claims she is referred to as "Beta 1" by her handlers/attackers. She believes she has been a TI since at least 2012 and that she has many implants. She cannot find a doctor willing to remove them. It is clear that she is tortured incessantly and has suffered and is suffering immensely. She is isolated and her friends and relatives believe she is crazy. During the conversation, she offered the following possible explanations for why the US Government, Inc. is collecting her (that is, OUR, TI's and others') brain waves:

Reasons Governments-Corporations-Bioengineers Are Collecting Brain Waves From Nonconsenting Human Guinea Pigs (Targeted Individuals) according to TI, E. C.:

1) As part of the DARPA Brain Initiative aka **Obama's B.R.A.I.N. ("Brain Research Through Advancing Innovative Neurotechnologies") Initiative of 2013** which delivers human test subjects for the **European Unions' Human Brain Project**, also initiated in 2013.

- 2) Brain mapping involving mobile EEG (electro-encephalographic) and brain imagery
- 3) Mind reading
- 4) Cognitive and emotional studies; to measure emotional and physiological responses to their stimuli, including street theater and directed energy/neuroweapon attacks of all kinds
- 5) To develop and deploy Brain-Computer Interface (BCI) and Brain-to-Brain Interface (BBI) technologies
- 6) To inflict and measure traumatic brain injury to learn how the brain heals
- 7) Study "neuroplasticity": how neurons grow and repair themselves in the brain in response to stimuli, trauma, torture, etc.
- 8) Google-AI "Deep Mind" project conducted by Singularity University (Ray Kurzweil?) and NASA
- 9) Developing products, wearables, etc.
- 10) Study of Alzheimers and dementia
- 11) To develop mind-reading capabilities
- 12) Predictive programming
- 13) Robotics- to create and design personalities and character for robots
- 14) Recording lives for simulations (clones), algorithms, and products
- 15) For augmented reality simulations (DoD's Sentient World Simulation)
- 16) For creation of digital twins (clones)
- 17) To create the "Rosetta Brain," the FIRST individual (s) whose brain was crammed full of all of Dr. George Church & Co.'s brain tech (Dr. George Church; Harvard Medical School geneticist, molecular engineer, inventor of CRISPR)
- 18) Test and develop Neuralink, Blackrock, IBM, and NIH Brain chips and Brain-Computer Interface products
- 19) As test subjects for NIH Working Groups
- 20) Personality studies
- 21) Torture voyeurism
- 22) Perception studies- semiotics

Webmaster additions:

- 23) To provide data for research and development of "nano-body networks" and "the Internet of Bodies"
- 24) Neuroscience and neurotech (Neuro S/T) industry captures \$175 billion/year, according to DARPA consultant and Georgetown University's Dr. James Giordano, self-described "neuroweaponologist" and "neuro-ethicist."
- 25) Life-extension research is a trillion dollar industry, according to Dr. James Canton, CEO of Globalfutures Inc., advisor to Joint Chiefs of Staff, governments and corporations, who equates the Havana Syndrome (gangstalking-electronic torture) with "dark network supply chains" and the "bad guy hunting business"

E.C.'s Further Observations:

- 1) Wifi networks are used to collect brain waves 'cbci' (find screenshots at @hacked_brain on Twitter)
- 2) Starbucks collects people's brainwaves
- 3) Francis Collins, NIH Director 2009-2021, is directly involved
- 4) The Covid "vaccine" injections get the (self-assembling) technologies into the body
- 5) Jews control the tech, torture is via military contracts, and stalking is done largely by new immigrants
- 6) She has reason to believe she is chipped with Neuralink, Blackrock chips and IBM's Truenorth
- 7) Her brain is mapped
- 8) Brain waves can be captured by people (stalkers, spotters, trackers, etc.) with mobile phones equipped with EEG Apps
- 9) Behind this vast enterprise are networks of wealth that have been around for centuries
- 10) She has been and is exposed to a) nano particles introduced through plumbing and heating systems, b) gassing from the ceiling of buildings, and c) they are bombarding the sky with drones and chemtrails and nano that is absorbed via wifi implant base of skull and left ear.
- 11) "Butcher Number" refers to the formula for calculating the number of neurons that need to be destroyed to effect specific mental changes (a remote electronic lobotomy?)
- 12) EMF-attack damages include "microbleeds"
- 13) "They" know they are psychopaths and enjoy torturing others
- 14) Either in the DNC or Hillary email dumps, there was a question by a staffer regarding Presidential "executive action" on behalf of donors (i.e., well connected individuals who contribute money to the President). "Executive action" is a euphemism for assassination.
- 15) "They" call brain chips and hive mind "quantum entanglement."
- 16) FBI and other perps have the ability to control the life functions of some TIs
- 17) FBI and other perps can and do erase information and photos from electronic devices.

Webmaster's Comment: Targeted individuals are essentially society's lab rats; human sacrifices to Moloch and the gods of war, scientific progress, the CIA-academic-medical complex in partnership with the DoD (Department of Death) and NIH (National Institutes of Health). Each TI is a "covert operation" subjected to nearly continuous covert psychological, physiological, and neurological operations (attacks) carried out by the military-intelligence-corporate-academic-medical complex in cooperation with large segments of civilian society, including organized crime. Today, millions of civilians, government and legal officials, police, FBI/NSA/CIA, and scientists derive their livelihood through destroying the lives of others. This is paid for with our tax dollars. Such a society essentially functions as a death cult and ensures its own destruction.

In "The CIA As Organized Crime, How Covert Operations Corrupt America and the World" (2017), Douglas Valentine observes that **"to the CIA, we are all either cannon fodder or lab rats."** Millions of people, including the 400,000 "atomic soldiers," the nearly 500,000 victims of "Gulf War Syndrome," and military personnel that have been required to take the experimental gene-therapy jab, function in both capacities (lab rats AND cannon fodder).

J. "Havana Syndrome" Attacks Come To My House Before Cuba

On about July 1, 2106, I was standing in my own living room facing north when I felt a powerful blow to the back of the head that knocked me to the floor. BTW, I'm a 6'1, 230 pound former mountain climber and active hiker. I am very strong and have good balance. I spent the next couple weeks on my living room couch, unable to walk, eat, or function normally. I had to crawl on my hands and knees to go to the bathroom. I did not go to the hospital or call anyone for help because I had experienced similar but less severe attacks previously and I had a pretty good idea I had been hit once again by a directed energy/neuro (aka "nonlethal") EM weapon.

At that time, I was contacted via email by a stranger, named "Tiara Lusk" who claimed she lived in Idaho. She wanted to talk to me on the phone, supposedly regarding some topic I had raised on one of my websites or radio interviews. I was so weak that it took me two weeks to recover to the point where I could talk to anyone on the phone! When I was finally able to talk again, my voice was extremely weak, soft, and hoarse. (I now realize, of course, that Tiara Lusk's "assignment"/job was most probably to monitor me after the DEW attack.) Interestingly, when I picked up the phone for her call, I noticed her caller ID stated "Brigham Young University"! I now speculate that she was a student, or employee, or somehow otherwise affiliated with the BYU psychology department. I make this inference now because I have encountered other psychology students that have appeared in my life at strange times, presumably as part of the organized stalking operation. Perhaps this was/is considered an "assignment," a project, or extra credit for them?!

Don't forget "they" conduct 24/7 ubervalliance on TIs and know where we are at all times. Also please recall that Dr. James Giordano and his colleagues convinced the government that *"a whole of nation approach"* is required for this black

project. Giordano stated: *"Where now we have almost a **seamless triangulation between government entities, research entities, and commercial entities** that are then able to mobilize those resources in the deep surveillance that is necessary for acknowledging, addressing, and assessing relative risks that may become threats, quantifying the risk to threat index, and then identifying what aspects of those quantifiable risks are mitigable and/or preventable, and then engaging the resources that are necessary to do that (i.e., "mitigate"/"take out" the "threat"/"targeted individual.")* (**quote # 30**)."

The DEW attacks against me in the summer of 2016 caused me to experience a suite of symptoms consistent with the symptoms of mind control victims documented in my gangstalkingmindcontrol.com website. (See: Microwave Mind Control Symptoms & Published Evidence (by Cheryl Welsh, 2003)). It is probably not a coincidence that similar directed energy attacks on US and Canadian diplomats in the Cuban and Chinese embassies occurred a few months later, in that fall of 2016 and throughout 2017. Based on the now officially-documented suite of symptoms produced by these exotic weapons attacks at the embassies, the government has devised a new term for this phenomena: "Havana Syndrome." However, I regard this as a sort of a "limited hangout" operation, a standard tactic of the CIA-military establishment. After all, **these kinds of covert electronic attacks on innocent civilians have been occurring since 1955 at least, with the full knowledge and participation of the US government!**

(As per **quote #7** above by ex-special forces operative, David Vincent, from "The Art of Mental Warfare" (<https://torturedinamerica.org/BlackOps.pdf>):

*"**These are evil motherfuckers and they are no friends of ours.** These things don't have anything to do with protecting the US people or standing up for freedom and democracy. They don't give a shit about the average American. In this age of the global economy, the concept of nation state is obsolete. If only proud Americans could understand that. Pride in the American way is just another propaganda device for **PsyOps agents** – people like me – to use to manipulate you and make you think that black is white and white is black.*

*The bottom line is that the most power-crazed and greed-addicted people are above the law and get away with everything. **In the covert world, rules do not apply.** Democracy is a fairy tale. Nothing is what it seems, reality isn't real. Through the looking glass Alice goes."*

I did not go to the hospital after this event (actually, two events) in the summer of 2016. Rather, I stayed home alone without any help whatsoever. I did not inform anyone of the events/attacks or reach out for help. I now believe that some unknown person or persons with direct knowledge of these attacks must have coordinated Tiara Lusk's phone and email communiques with me as a means of monitoring my response to the attacks.

Did these electronic attacks constitute attempted murder? Was it an experiment to "inflict and measure traumatic brain injury to learn how the brain heals" as TI, E.C., states above? Were they testing new forms of exotic directed energy/neuroweapons on me? Was this the "terminal" part of my "terminal MKULTRA experiment" to dispose of the nonconsensual human test subject, me? It could be all of the above. I regard these attacks as attempted murder.

I have not yet told the entire story of my targeting to anyone anywhere. Suffice it to say that after these electronic assaults I was extremely weak and my blood pressure was abnormally very low for an extended period of time. I eventually got a medical checkup, at which time my doctor referred me to a cardiologist in Alamosa, Colorado. Despite the fact that I had a whole suite of symptoms not related to heart issues, the cardiologist suggested that I start taking Coumadin, an anti-coagulant or blood thinner. Having developed a deep distrust of all medical people and indeed, people in general, as a result of my targeting, I did not rush out to find Coumadin. However, when I mentioned the cardiologist's recommendation to my primary physician, he was visibly startled, and stated: "If you take Coumadin with very low blood pressure it could kill you!"

Such is the life of a "targeted individual." You live in a perpetual "war zone" in which others are instructed to abuse you because you have been "blacklisted" as a "potential terrorist threat" and are smeared in your communities by retired FBI-types as a pedophile, drug dealer, or some other lie. You learn from continually being the target of "lies, spies, setups, and psyops" that nobody can be trusted. And as I noted earlier, the stalking perpetrators, i.e., the "mind controlled patsies," as Dr. Rauni Kilde calls them, are reputed to celebrate with wild, festive parties when one of their targets commits suicide. In Catholic doctrine, suicide is an "unforgivable sin" which automatically sends a person to hell. Thus, obviously, the stalking perps are satanists and this "program" is from the pit of hell.

K. MKULTRA Subprojects Pertinent to "Targeted Individual Program"

In this section, I quote passages from Dr. John Hall's "Guinea Pigs: Technologies of Control" (2013). Dr. Hall briefly summarizes the MKULTRA subprojects he regards as most applicable to the kind of targeting/experimentation of innocent civilians known commonly known as "organized stalking-electronic harassment" (OS-EH) or "the targeted individual program."

"Unfortunately, there is no legislation in the United States that prevents government agencies from experimenting on the public. ... We have entered an era of technological advancement in electromagnetic weapons that have allowed agencies to use society as a laboratory, giving plausible denial to those performing the research... Society has become the new laboratory, the public guinea pigs, for the technologies of control.

Nazi Germany first saw the use of psychiatry as a punitive tool for controlling political dissidents. In Nazi Germany, psychiatrists were responsible for killing hundreds of thousands of their patients deemed racially and cognitively compromised.

At the end of WWII many German physicists, medical doctors, scientists, and psychiatrists were brought to the U.S. through secret channels without State Department approval. Their entry into the United States was facilitated through two OSS (Office of Strategic Services) operations called Project Paperclip and Project 63. Over 1,000 researchers were allowed entry into the United States through these projects. Many of them were physicians guilty of mind control experiments at concentration camps such as Dachau, where the effects of mescaline and other mind altering drugs were tested on prisoners... The OSS became the CIA and the horrors at Dachau became government-funded projects with a myriad of codenames like MKULTRA, MKSEARCH, ARTICHOKE, and BLUEBIRD. Similar to the concentration camp victims in Nazi Germany, the American public would become the unwilling guinea pigs of most of these government-funded abuses of human rights.

MKULTRA was created by the CIA in 1953 and continued, according to documents, until 1972 under codename MKSEARCH. Many of the MKSEARCH documents remain classified to date and the documents that were released are heavily redacted. MKULTRA consisted of 149 subprojects that were all aimed at mind control... The recurring theme in all of the studies was the attempt to control human emotion, human thought, and human behavior by any means available. Thousands of people today are voicing complaints of subliminal control, hearing voices in their heads and being attacked with directed energy weapons. The following subprojects of MKULTRA paved the way for the experimentation we see happening today:

Subprojects 5, 25, 29, 49

All of these subprojects were conducted by Dr. Alden Sears. They involved the study of hypnosis, recall of hypnotically-acquired information, hypnotic techniques and methods of hypnotizing unwilling subjects. All were labeled as "top secret." They were done under the auspices of the University of Denver and the University of Minnesota. These four

subprojects ran between 1953 and 1956 with an estimated budget of 75,000 US dollars.

Subprojects 23, 45

These subprojects were contracted to Charles Geshickter from 1953 to 1956 and were labeled as top secret. They were done under the auspices of the University of Richmond and the National Institute of Health. Subproject 23 involved the study of chemical agents that would modify the function of the central nervous system. Subproject 45, through the NIH involved the development of techniques to maximize physical and emotional stress in human beings.

Subproject 62

Maitland Baldwin supervised this subproject through the NIH in 1956. It involved the stimulation of monkey's brains with various radio frequencies.

Subproject 68

Directed by Dr. Ewen Cameron, this subproject was conducted in 1957 at McGill University (Canada). It studied the effects of repeated verbal signals on human behavior. Cameron published his results in the American Journal of Psychiatry in an article entitled "Psychic Driving." Psychic Driving entailed de-patterning a subject through massive amounts of electro convulsive therapy (ECT), drugs, and (sleep) deprivation. Following depatterning, the subjects were then played repetitive loops of recorded material to re-create a new personality. Many victims were left incontinent, amnesic, and unable to return to normal society. Dr. Cameron was the President of the American Psychiatric Association and was eulogized after his death as having made "outstanding contributions to the mental health of the Canadian people."

Subproject 94

This subproject was conducted through the Bio-Research Inc. Company and the Panoramic Research Company. Both companies were funded with CIA dollars. They were studying remote control of behavior through brain stimulation.

Subproject 119

Dr. Saul Sells directed this project under the auspices of Texas Christian University in 1960. He was researching the techniques of controlling the human organism by remote electronic means. The subjects in this subproject were unwitting and many were children. I have interviewed one of the childhood subjects of this subproject who is now in her fifties. She claims she is still being subjected to covert experimentation.

Subproject 138

Conducted at the University of Texas at Austin in 1961, this subproject involved the creation of biomedical sensors. It's subjects were unwilling.

Under the umbrella of MKULTRA, several researchers also investigated the use of brain implants to alter the human condition... The goal was the same in all of the studies; to control human behavior through the introduction of electric shock, radio frequency or directed energy to the brain. While most readers familiar with MKULTRA may see it as a dark past in our nation's medical history, there is ample evidence it is continuing today.

... Advances in technology took the brain stimulation studies a huge step forward in the late 1960s and early 1970's. Negating the need for brain implantation, researchers now turned the exposure of the brain to external electromagnetic fields to produce similar results to brain implantation... As it would be discovered, the human brain is very responsive to externally applied electromagnetic fields.

.. Multiple personality disorder (aka Dissociative Identity Disorder) is the technique used in MKULTRA to create Manchurian Candidates (programmed assassins).

Two doctors in particular have done the bulk of the research using electromagnetic fields to alter human brain activity. Dr. Michael Persinger, currently at Laurentian University in Canada, has studied the ability of magnetic fields to create false memories and alter consciousness for many years..... Dr. Persinger is accredited with developing the "God Helmet" which, when placed on a subject's head, uses microwave energy to stimulate the temporal lobes of the brain. The subject will then have spiritual experiences akin to being in the presense of a supreme being or having alien contact. In the article, "On the Possibility of Directly Accessing Every Human Brain by Electromagnetic Induction of Fundamental Algorithms," he mentioned the potential for the capability of directly influencing the approximately six billion brains of the human species. He goes on to mention that this could be accomplished by generating neural information within a physical medium within which all members of the species could be immersed.

... Of interest, the remote viewing studies of the 1960's and 1970's have a direct relation to both MKULTRA and current, ongoing experimentation... The United States Government has and will continue to use the unwitting public as guinea pigs for this type of experimentation."

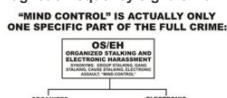

VI. What Are Ongoing MKULTRA Mind Control Programs For?

We should probably just acknowledge that the USG-CIA-DoD's mind control programs comprise their top secret, so-called "family jewels" ("skeletons in the closet"). Electromagnetic frequencies are used in many (covert) ways to manipulate and control individuals' and groups' behavior, moods, thoughts, etc. Ex-CIA neuroscientist, Dr. Robert Duncan (2010), asserts that the elite would rather see humanity destroyed than give up these technologies! (That might provide a clue that these elites are not human!?) Among the many types of control over others "the technology" affords them:

1) These technologies can and are being used to influence thoughts, moods and behavior of large population groups by sending subliminal messages from cell towers via 450 – 700 MHz EMF signals (Figure 7).

Figure 7: Government mind control through broadcasting subliminal messages to the population via 450-700 MHz electromagnetic frequency signals from cell towers. Any number of messages and moods can be sent in this

programs. The Jewish Kabbala, i.e., black magic satanism, provides the core elements of mind control programming for these Illuminati trauma-based mind control systems.

VII. Excommunicated From Crestone/Baca!

In 2013, I became aware that I was being targeted via “organized stalking-electronic harassment;” not only in Crestone/Baca, but everywhere I went, even when I drove across the country! My friends and neighbors in Crestone/Baca supported and participated in my targeting. In epigraph **quote #19** above, former fellow Carmelite Ruth Pulver informed me via email in 2014: “*Now Crestone is going to take you down.*” In **quote #18**, former Metropolitan Opera singer, Sue Vaughan, explained to me in an email in 2014: “*You can’t criticize the Jews or even use the word. That’s why nobody wants to know you. Jews created the world.*”

My community-based, government-supported shunning-stalking-stoning-targeting in Crestone/Baca was also presaged in epigraph **quotes #14 and 15**, respectively, wherein Hanne Strong, the Danish woman who heads the Manitou Foundation, proclaimed that those “*who do not do their spiritual work... better take a hike out to the road and get out of here*” and Crestone acupuncturist, Cheyenne Mendel, observed: “*you either get embraced by Crestone or you get spit out.*” And in **quote #21**, Marvin Mattis declared: “***We don’t want people to live here full time.***” (This is a theme I’ve encountered several times here. It may have to do with the fact that our handlers realize that “the energies” (i.e., electromagnetic frequencies and directed energy and neuroweapons) in Crestone/Baca are too toxic for most to survive year round. Or it could have to do with the fact that our managers find it is easier to “handle” ‘part-timers’ than ‘full-timers.’)

In 2017, I finally felt compelled to flee the pervasive hostility of the Crestone/Baca community and indeed, of America, and I relocated to Mexico. I still retain my house in Crestone/Baca, however, in hopes it may someday become a normal American town. I believe that many others have also been “**spit out**” of Crestone/Baca over the years. Quite a number have committed suicide and/or gone missing in our “love and light” berg. Indeed, I knew some of these unfortunates.

As noted, my experience indicates that a considerable number of people in Crestone/Baca and Saguache County participate and/or have participated in “the TI program” as stalking perpetrators (“perps” or “flying monkeys”), surveillance role players, sheriff’s informants, citizen spies and informants, crisis actors, etc. I feel the term “**fake people/spies**” perhaps most accurately describes these individuals. Living in a fake community such as Crestone/Baca is much like living in “The Truman Show” (movie) where “*they’re all pretending,*” as the girl who loves Truman informs him. Dr. Rauni Kilde refers to the perps as “mind-controlled patsies.”

Regardless, these pathetic losers obviously operate within a chain-of-command, a para-military-type system designed for the sole purpose of injuring others who are “blacklisted” as “enemies.” These are modern “death squads” and, as I understand it, this lifestyle becomes a passion as well as a living for perps. They are typically paid via gift-cards, bitcoin, and various creative off-books methods, including receiving new cars, new homes, a new roof, etc. It has taken me a long time to adjust to living around “fake people/spies,” that is, people who are in a secret chain-of-command and therefore, not acting on their own volition. All the normal rules of social behavior are thrown out the window by this reality. And, of course, “honey pots”/“honey traps” come with “the program” as well. To be a TI is to live in a fake world and like living in a spy movie, where nothing is as it seems.

Dr. John Hall explains the purpose of the psychological attacks in phase (#5) of the program as follows: “*Remember, the goal of this (attack) phase is complete annihilation of the victim’s personal and professional life.*”

So much for our “*love and light*” community... so much for the “*land of the free and the home of the brave*”.... and so much for the Golden Rule. It seems that our “*Neighbors Helping Neighbors*” charitable endeavors in Crestone/Baca have morphed, under the cloud of fear produced by the phony Global War on Terrorism and the influence of our local satanic groups, into “*Neighbors Ratting On Neighbors,*” “*Neighbors Smearing and Slandering Neighbors,*” “*Neighbors Harassing Neighbors,*” “*Neighbors Stalking Neighbors,*” “*Neighbors Hating On Neighbors,*” and “*Neighbors Zapping Neighbors.*” The Hindustani death pyre rituals carried out locally by our “**End of Life Project**” in which the deceased are publicly cremated suggest yet another term: “*Neighbors Burning Neighbors.*”

However, all this does make for the effective implementation of a communist (“Fourth Industrial”) revolution, Great Reset, and UN Agenda 2030, doesn’t it? I wonder how many of the foreigners in Crestone/Baca are registered foreign agents. Since this is the new form of warfare, and since it targets innocent American citizens for degradation and destruction, perhaps we should reconsider the idea of hanging spies in the public square.

VIII. Is Crestone/Baca a “Potemkin Village” (facade/false front/cover story)?

Chip Tatum, former Special Operations whistleblower, states in introductory **quote #12**: “*Just like there are “safe houses,” we also have “safe communities.” We have communities where we know it’s safe for (sleeping agents or retired agents) to be and to operate. They’ll often have every day jobs. But there they are awaiting orders.*”

And in introductory **quote #13**: Ed Eavenson of Eavenson Surveying in Alamosa, Colorado, told me (Eric Karlstrom): “*Based on my experience as a surveyor here over the years) 80% of the homes in the Baca are owned by Trusts.*”

Potemkin Village (From Wikipedia): “*In politics and economics, a Potemkin village is any construction whose sole purpose is to provide an external façade to a country that is faring poorly, making people believe that the country is faring better.*”

Are there other examples of communities that have functioned as false fronts/facades for covert intelligence operations? Yes, many. In addition to the various CIA-spawned cults mentioned above, here are a few more:

In “Weird Scenes Inside the Canyon: Laurel Canyon, Covert Ops, and the Dark Heart of the Hippie Dream” (2014), David McGowan documents that the Laurel Canyon rock scene of the 1960’s was a “whole cloth invention” of the military-intelligence establishment designed to discredit and neutralize the anti-war movement in America. Thus, the Laurel Canyon community must have been significantly infiltrated with undercover spies, agents, handlers, and patsies, just like Crestone/Baca. Similarly, in “CHAOS: Charles Manson, the CIA, and the Secret History of the Sixties” (2019), Tom O’Neil documents that the Haight-Ashbury Free Clinic of San Francisco was utilized as a mind control experiment by CIA MKULTRA Doctor Louis Jolyon West. His psychiatric patients/mind control victims included Charles Manson and his bevy of young mind-controlled slaves. Similarly, Wolfgang Halbig’s analysis of housing deed transfers on Christmas Day (Dec. 25), 2009, in Newtown, CT (Sandy Hook), indicates profound external manipulation of the domestic population for apparently nefarious “intelligence purposes.”

Then there is the whole January 6 staged, false-flag event, whereby trained government agents tried to “turn” a peaceful

protest of a blatant election theft into an "insurrection."

[Simulated Reality/Crisis Actors/Ludicrous Clown World: FBI-DHS Staged Capitol "Insurrection" False Flag Fraud \(12 videos, 1 article\) Compared w/ Video Analysis of Staged Boston Bombing Terror Fraud: Both = IIA-Military PsyOPs/FAKE NEWS!](#)

I'm sure there are many, many more examples. After all, this is what the CIA and DoD do with our tax dollars. Of course, the CIA, the Federal Reserve, and DHS, the Council on Foreign Relations, and a host of other agencies and businesses in America are also beachheads for "the globalists."

My conclusions, based on many years of research and experience:

1) Crestone/Baca is a Potemkin Village/false front/facade for multiple purpose military-intelligence operations, including testing and deployment of the U.S. military's cognitive warfare system on the public.

2) Part of the mission of Operation Crestone/Baca has been to continue MKULTRA cult-mind control experiments on nonconsensual test subjects, including me!

3) A silent genocide/democide of civilians is now being carried out against those blacklisted as "potential terrorist threats" via the DHS-FBI Fusion Center system. These "targeted individuals" are attacked by all sectors of society via the FBI-DHS Fusion Center and Community-Oriented Policing (COPs) systems.

IX. The "Targeted Individual Program:" MONARCH, the PHOENIX PROGRAM & Cognitive Warfare

[Appendices 9, 20, 29, 31, 34, 42, 44, 45, 46, 47, 48, 49, 53, 57, 58, 59, 60, 83, 84, 85, 86, 89, 90, 103, 114, 120, 121, 122, 123, 124, 125, 126, 127, 130, 137, 141, 152, 161, 166, 167, and 171](#) and my gangtalkingmindcontrolcults.com website, now with over 2200 posts, provide extensive information on the "targeted individual program." Indeed, per force, this has become perhaps the major discovery and theme in this series of articles.

A. Military-Political Functions of the "Targeted Individual Program"

a) On the programmatic level: Marshall Thomas accurately described the "organized stalking-electronic harassment (OS-EH) aka the "targeted individual" program as **Monarch: The New Phoenix Program**. However, most people don't know what these taxpayer-funded programs were/are. So here is a short description of each.

MONARCH is the DoD's (Department of Defense's) systematic weaponization of MKULTRA mind control techniques that has secretly used to produce Manchurian candidates (programmed assassins, or sex slaves, Manchurian channelers, supersoldiers, etc.) through inducing dissociative identity disorder (DID) through trauma-based mind control. Torture-based mind control is essentially synonymous with satanic ritual abuse (SRA). Traditionally, the rape of children six years old and younger is the primary technique to produce DID by inducing alter personalities to split off from children's core personalities, whereupon skilled "trainers" program these subalter personalities with different identities and abilities to perform different tasks. These SRA techniques, evidently based on the Jewish Kabbalah system of black magic, have been used by the Illuminati and other secret societies for hundreds of years to program their own children to become their bio-robot slaves.

British Tavistock Institute psychologists like Sir John Rawlings Rees and William Sargent, Nazi mind-programmers such as Josef Mengele, and CIA psychiatrists such as Drs. Ewen Cameron and Jose Delgado, "scientifically" refined these techniques over the past century. These torture technologies are currently applied at "detention" and "rendition" centers such as Abu Ghraib and Guantanamo Bay and throughout the world today through "organized stalking-electronic harassment" (OS-EH), that is, the "targeted individual program."

OS-EH, now deployed as a weapons system against people of all ages, involves two main means of subjecting victims to trauma-based mind control: 1) gangstalking/psychological attacks and 2) attack via electronic (directed energy and neuro) weapons. Combined psychological and electronic warfare is often referred to as "psychotronic" warfare. Childhood victims of MKULTRA and adult victims of OS-EH (psychotronic warfare) may both be accurately referred to as "targeted individuals" and "survivors," I believe. Both groups have survived essentially the same scientifically-enhanced Illuminati satanic ritual abuse programs designed to torture them into compliance and indeed, into becoming bio-robot slaves.

The Phoenix Program: During the early phases of the Vietnam War, the CIA and US military felt they were losing the war because Vietnamese civilians supported the guerilla fighters, termed Vietcong or VC. Dr. Robert Komer and Nelson Brickham of the CIA devised a bureaucratic system to coordinate all elements of society, including the military, police, political, and business and domestic sectors via supercomputers to identify, locate, track, attack, and destroy these "targeted" individuals. "Targets" were typically teachers, farmers, business people, or anyone the CIA thought might influence civil society. Military and police (both US and Vietnamese) rounded up these targeted individuals and delivered them to local, regional, and national "interrogation" (i.e., torture) centers. There they were subjected to enhanced interrogation (torture) methods outlined in the **CIA's KUBARK Interrogation (Torture) Manual (1963)**, based on torture methods developed in the CIA's MKULTRA programs.

From what I gather as a civilian, military/intelligence personnel have a relatively simple worldview. They regard everyone as "adversary," "asset," "ally," or "neutral" depending on whether or not they comply with their demands. (During the Vietnam War), civilians "blacklisted" as "adversaries" were brought to interrogation/torture centers and tortured until they either: 1) "broke down" and became assets, informants, or allies, or 2) died from the incredibly brutal torture and abuse.

As I see it, the "targeted individual program" operates essentially in the same way today. This "Global Phoenix Program," as it has been called, fulfills the same functions and is now directed against the entire world's population. Thus, Mark M. Rich's (2013) description of the TI program as "a cleverly disguised program of torture and murder" is accurate. Assuming the above, we can speculate that many of the so-called "stalking perps" may have formerly been "adversaries" who were "turned" into "assets" by these torture techniques. (In America, of course, "anti-war protesters" were regarded by the military as probably their single greatest "threat" and have been treated as "enemies," "adversaries," and "threats" ever since the Vietnam War.)

Dr. Alfred W. McCoy (2006) referred to MKULTRA and related mind control programs of the 1940s onward as a multi-billion dollar/year, top-secret "Manhattan Project Of The Mind." Similarly, ex-Admiral John Pointdexter has described his new "Total Information Awareness" aka "Terrorism Information Awareness" programs in 2003 as a "Manhattan Project for Counterterrorism." Despite the deliberate Orwellian confusion of terms, people must understand that "counterterrorism" IS "terrorism." In fact, "counterterrorism" is state-sponsored terrorism directed against the domestic population. What is referred to as "cognitive" or "hybrid" or "Fourth Generation" or "Fifth Generation" warfare today then, combines all the techniques and technologies developed under MKULTRA research with everything they know about waging counterterrorism, uber surveillance, etc. against domestic populations. It is the secret merger of the "Manhattan Project of the Mind" with the "Manhattan Project for Counterterrorism."

Cutting through the smokescreen terminology, Dr. Rauni Kilde, TI and former chief medical officer of Northern Finland, has stated: "This (targeted individual program) is the most important policy of the US government." Of the many, many different Orwellian terms for the targeted individual program, recent ones include "total information control" and "cognitive warfare."

Cognitive Warfare (CW)

As described in various military articles, cognitive warfare (CW) is the “battle for your brain,” a new form of military combat that forms a 6th military warfare domain (in addition to air, land, sea, space, cyberspace). (See: [Behind NATO's 'cognitive warfare': 'Battle for your brain' waged by Western militaries \(by Ben Norton, October 8, 2021\)](#)). This paper explains that **CW “is the art of using neuro science/technologies (S/T) to alter the cognition of human targets” in order “to harm the cognitive abilities of opponents,” “make everyone a weapon,” “harm societies as well as military,” and “capture the psycho-cultural as well as the geographical high ground”** at home and abroad. **CW involves “hacking the individual”** via cybertorture and neuroweapons and it weaponizes individuals and entire societies so that “citizen-based agents” (collaborators with military and police) wage war against “targeted individuals”/adversaries. In cognitive warfare, anyone and everyone can be a target! The chief developer and deployer of CW is the US Department of Defense.

Duh! This is a perfect description of the “targeted individual program!!!!” Evil motherfuckers!!!!

Hybrid warfare includes cognitive warfare (CW) as well as economic warfare, cyber warfare, information warfare, and psychological warfare. In the above post, author Francois Du Cluzel, asserts that **NATO member states are already targeting (THEIR OWN) domestic populations at an unprecedented rate because the NATO military cartel increasingly sees their own domestic populations as a threat!**

(Cognitive Warfare IS the targeted individual program!!)

Cluzel adds that “*CW will lead to the militarization of all aspects of human society, from the most intimate of social relationships to the mind itself.*” He notes that **“weaponization of neuroS/T can and will be used to induce morbidity, disability or suffering; and ‘neutralise’ potential opponents or incur mortality”** – in other words, to maim and kill people. Furthermore, cognitive warfare *“is potentially endless since there can be no peace treaty or surrender for this type of conflict.”*

Cluzel also notes that “*NATO military officers are calling on corporations to invest in NATO’s cognitive warfare research.*”

So here we have an entire secret, lethal war domain now funded largely by the private sector, aka Public Private Partnerships (PPPs). **Maurice Strong was selling PPPs** as an alternative to representative government in the UN Agenda 21! Whoever pays this piper gets to “selectively cull” (i.e., **target**) whichever part of “the herd” it wishes to eliminate.

So we must ask: Which groups provide the greatest input into the selection of “blacklisted” individuals who are placed on the DHS-FBI Terrorist Screening Data Base? Well, the ADL (Anti-Defamation League) and SPLC (Southern Poverty Law Center), both of which are Jewish lobby groups, among others. (See: [GANGSTALKING Radically Expands As Anti-Defamation League \(ADL\) and SPLC \(Southern Poverty Law Center\) Use DHS & FBI To Target \(Gangstalk\) All Americans As “Domestic Terrorists” \(Whitney Webb/Jason Berman, 1/11/21\)](#)) And which groups are over-represented among the groups that actually get the DHS contracts to target and stalk these so-called “potential terrorist threats?” Well, Jewish groups make up over 90% of the DHS contracts. (See: [Jewish Groups Get 94% of Homeland Security Grants \(6 articles\)](#)). Would it be considered anti-semitic to report these facts?

Starting to get it now? There are innumerable “scholarly” articles about these warfare techniques, as well as related patents, grants, military manuals, etc., that support these conclusions.

(Webmaster: Anyone can find these materials. The fact that you haven’t discovered these facts does not mean they are not facts. So... Anyone who calls “targeted individuals” crazy today must either be a “perpetrator” and/or a lying so-and-so. It’s all in the military documents.)

We know the DoD’s stated goals are “*full spectrum dominance*” and “*Mastering the Human Domain.*” After 9/11, President Bush announced the “*battlefield*” (*aka “battlespace”*) in the Global War on Terrorism includes your neighborhood, the street where you live, and the space between your ears. In other words, the battlefield in the Global War on Terrorism is everywhere all of the time, including your mind. In other words, this is total war. And Bush-Cheney instructed the CIA to “take the gloves off” regarding torture. Which they did and still are doing.

Author and reporter, Christopher Hedges recently stated: “*Depopulation is total war.*” So now we get a better sense of what Bush, Cheney and Co. had in mind for the American people. I hope this extended series will help citizens figure out just who is destroying our lives and our societies as well as how and why. We certainly outnumber them and we can win if we understand our enemy and his methods.

From the TI's Perspective: What is it like to be surveilled, tracked, targeted, abused, stalked, and harassed 24/7 in your house, in your community, and wherever you go? I now have 2251 posts on my gangstalkingmindcontrolcults.com website and these posts include the testimonies of hundreds of TIs. As Dr. Hall explains above, the process is systematic and quite devastating to TIs. New Zealand activist, journalist and politician, Suzie Dawson does an excellent job of explaining “the program” in her ten-podcast series (See: [Suzie Dawson 10-Part Video Series: “Opening the Five Eyes: Exposing the Spies:” \(Fall, 2019\) W/ Transcriptions, Graphics, and Sample Quotes](#)).

It seems to me that the “satanic spirit of gangstalking” is well described in the “Excommunication of Spinoza” by Amsterdam Synagogue, Jan. 27, 1656, found in Douglas Reed’s “The Controversy of Zion” (1976):

“cursed be he by day and cursed by night; cursed when he goeth out, and cursed when he cometh in; the Lord pardon him never; the wrath and fury of the Lord burn upon this man; and bring upon him all the curses which are written in the Torah. The Lord blot out his name under the heaven. The Lord set him apart for destruction from all the tribes of Israel; with all the curses of the firmament which are written in the Torah. There shall be no man to speak to him, no man write him, no man show him any kindness, no man stay under the same roof with him, no man come nigh unto him.”

As my life has become more and more systematically degraded over the past decade, I have dedicated considerable time to understanding and explaining this diabolically evil program. As noted, I have learned that **“the program”** is “**state-sponsored terrorism**” that deploys military-grade weapons systems against “watchlisted” civilians. It is run out FBI and DHS Fusion Centers and carried out by private contractors, sheriff’s offices, first responders, citizen vigilante groups, sayanim, ex-military and ex-cop contractors, etc. Today, it is an ever-expanding, for-profit, worldwide business. To better understand how this DHS-FBI-DOJ system operates, it useful to examine the recent lawsuit filed by targetedjustice.com against these entities on behalf of 17 targeted individuals.

See: [Bullet Point Summaries of 1\) Preliminary Injunction and 2\) Targeted Justice’s \\$1.3 Billion lawsuit against M. Garland \(AG, DOJ\), DHS, FBI, C. Wray \(FBI Director\), A. Mayorkas \(Sec. DHS\), C. Kable, Jr., \(FBI TSC Director\), K. Wainstein \(DHS Sec. Intelligence and Analysis\)](#).

Please note that the lawsuit quotes federal sources that acknowledge that **over 97% of the individuals whose names are on the Department of Homeland Security’s Terrorist Screening Data Base (TSDB) have no connection with terrorist activities in any way!**

I fear that unless the citizens of the world expose and reject this highly diabolical program it will continue to grow as a **RICO racketeering operation**, and then become the **military-policing system of the New World Order-Agenda 2030-AI-controlled SMART CITIES across the world**. Covert intelligence-community neutralization/elimination of “blacklisted” political enemies, commonly referred to as “organized stalking-electronic harassment” (OS-EH) or “the targeted individual program,” is so widespread today that a **silent genocide (or democide, “murder by government”)**

Experimentation upon and torture of nonconsensual human test subjects is in stark violation of the Nuremberg Code, the Geneva Conventions, and innumerable federal, state, and local laws, not to mention the laws of God (See: [Laws of God and Man \(US, States, UN, and International Treaties\) Violated by Organized Stalking/Electronic "Information Operations" Against Civilians](#)).

XI. The Luciferian Conspiracy and The Master Cult

An honest researcher follows the data where it leads. So, we have followed the trail of evidence to where it leads: the "Luciferian conspiracy" of the Bible. Certainly, implementation of the Antichrist kingdom can be accomplished by connecting all human brains to the Pentagon Cloud-Hive Mind and accomplishing the bio-robotization and zombification of our species. This project is now well underway. And I suggest that we "targeted individuals" have been beta test guinea pigs for this global enslavement project since 1955 at least. 1955 was the year that Dr. Norbert Wiener, the MIT mathematician, invented the autocorrelator computer that could *generate and interpret EEG patterns* that he sent to and from the human brain along 12 channels. I submit that since that date, many, many millions of innocent civilians have been and many millions more are now targeted in this manner and for this purpose.

Dr. Norbert Wiener was a Jewish math genius and major contributor to the Macys Conferences from 1942 to 1953. (See: ["The Minds of Men:" History of Cybernetics, Totalitarian Brain Science, & Satanic Technosorcerers: 2018 Documentary by A. & M. Dykes w/ Notes And Transcription by Dr. E. Karlstrom.](#)) His most pertinent books include:

1948, Cybernetics: Or Control and Communication in the Animal and the Machine. Paris, (Hermann & Cie) & Camb. Mass. (MIT Press) ISBN 978-0-262-73009-9; 2nd revised ed. 1961.

1950, The Human Use of Human Beings. The Riverside Press (Houghton Mifflin Co.).

1964, God & Golem, Inc.: A Comment on Certain Points Where Cybernetics Impinges on Religion. MIT Press.

I believe the titles of these books reveal that Dr. Norbert Wiener understood very well that this research:

1) would lead to the creation of cyborgs (cybernetic organisms) which is to say, bio-robot slaves, and that

2) these bio-robot slaves could and would be used as **"golems"** (monsters/killers) by the Jewish people against their enemies, which is to say, all non-Jews.

Golem (definition): In Jewish folklore, an artificially created human supernaturally endowed with life.

In his article, "The Golem is at Hand," Texe Marrs states:

"The Golem, simply put, is a Beast; perhaps he is The Beast. He springs from the satanic mindset of ancient and modern Jewish rabbis. The Golem, according to the Jewish holy books, is a hero. He is a monster, true, but once conjured up through supernatural black magic, he kills and destroys on behalf of the Jewish people. The Golem is the frankensteinian monster whom the rabbis unleash on the enemies of Israel. In fact, the medieval cabalistic lore of The Golem inspired Mary Shelley's classic tale of Frankenstein."

In: ["The Human Species Is On The Precipice Of Becoming A Race Of Mind-Controlled Cybernetic Slaves."](#) TI and MKULTRA survivor, James F. Marino, sums up our extremely grave situation today:

"It is Rothschild Zionism's control over the U.S. Military Intelligence complex, and its total subversion of this complex, which the American citizenry must collectively be made aware of. Especially since this Orwellian complex is being used in secret to brain map the entire U.S. population in the interest of ultimately reducing us to a cybernetic race of beings, whose state of consciousness will come from a neural network of artificial intelligence driven computers.

Imagine a race of people all thinking the same thoughts simultaneously while being incapable of having an individual thought – a true slave race – and you can begin to understand the inherent evil which drives those who operate within the very hierarchy of this complex."

(see: [Appendix 35: THE ROTHSCHILD ZIONIST PLAN: ONE GLOBAL BRAIN/CYBERNETIC HIVE-MIND AND SATANIC WORLD GOVERNMENT \(by James F. Marino\)](#))

When I first began this research, I wondered if this article was too extreme and alarmist. I now believe Marino's assessment is accurate and not alarmist.

The Master Cult

It is possible to hold different opinions regarding the identity of the "master cult"/"cabal." For example, I'm now reading MONARCH-survivor, Laura Worley's kindle book, "Puzzle Pieces to the Cabal, Mind Control, and Slavery: Putting It All together For Peace, Healing, and Freedom." Worley has a lot of personal experience, obviously, with the MONARCH mind control program. She identifies the "cabal" as including four aspects: satanism, Illuminati, military, and witchcraft, and notes there is considerable overlap of members of these cult groups. My research, however, leads me to identify the master cult as "Judeo/Masonic/satanists." But clearly, she and I are referring to the same cabal. Perhaps Ms. Worley is unaware that the Illuminati is a powerful Jewish secret society and that the Jewish Kabbala is the basis for witchcraft, Masonic rituals, and mind control programming. Regardless, I believe Ms. Worley is correct in her statement: "They will never stop. We have to stop them."

I offer the following sampling of statements from [Part IV: The \(Jewish\) "Controllers" and Their Destructive Mission](#) and [Appendix 33: Quotes on Judaism and Zionism](#), in which members of "the cabal"/"master cult" identify themselves. I believe the statements speak for themselves.

1) *"The net which Israel now casts over the terrestrial globe enlarges and extends. . . . Our power is immense. Learn to turn that power to our cause. The day is not far distant when all the riches, all the treasures of the earth, will become the property of the children of Israel."*

The Jew and high Mason, Cremieux, founder and president of L'Alliance-israelite-universelle (1860); from "The Trail of the Serpent," by Inquire Within (1936).

2) *"The Jewish people as a whole will be its own Messiah. It will attain world domination by the abolition of other races, by the abolition of frontiers, the annihilation of monarchy, and by the establishment of a world republic in which the Jews will everywhere exercise the privilege of citizenship. In this new world order, the Children of Israel will furnish all the leaders without encountering opposition. The Governments of the different peoples forming the world republic will fall without difficulty into the hands of the Jews. It will then be possible for the Jewish rulers to abolish private property, and everywhere to make use of the resources of the state."*

-Baruch Levy, Letter to Karl Marx, La Revue de Paris, p. 54, June 1, 1928

3) *"When the Messiah comes every Jew will have 2800 slaves."* -Simeon Haddarsen, fol. 56-D (Jewish Talmud)

4) *"The goal for which we have striven so concertedly for three thousand years is at last within our reach, and because its fulfillment is so apparent, it behooves us to increase our efforts and our caution tenfold. I can safely promise you that*

before ten years have passed, our race will take its rightful place in the world, with every Jew a king and every Gentile a slave. We will openly reveal our identity with the races of Asia and Africa. I can state with assurance that the last generation of white children is now being born.

Our control Commissions will, in the interest of peace and wiping out our interracial tensions, forbid the whites to mate with white. The white woman must cohabit with members of the dark races, the white men with black women. Thus the white race will disappear, for mixing the dark with white means the end of the white man, and our most dangerous enemy will become only a memory. We shall embark upon an era of ten thousand years of peace and plenty, the Pax Judaica, and our race will rule undisputed over the world. Our superior intelligence will easily enable us to retain mastery over a world of dark people.

... This war will end for all time the struggle against the Gentiles... Our race will rule undisputed over the world... And so, with vision of world victory before you, go back to your countries and intensify your good work, until that approaching day when Israel will reveal herself in all her glorious destiny as the Light of the World".

-Rabbi Emanuel Rabinovich; Speaking of the Third World War, Rabbi Rabinovich is publicly reported to have addressed a special meeting of Rabbis in Budapest on January 12, 1952 as reported in the Nov/Dec 2000 issue of Americas Bulletin (N.P. Purvis, Editor), The Canadian Intelligence Service – Excerpt from September 1952 issue, "The World's Troublemakers," [See resources] "THE STRUGGLE AGAINST THE GENTILES"

5) "My basic thesis is that the Jews are a criminal people, and the Jews completely control the United States, and the Jews are using the United States as a vehicle to take over the World.... There is no United States as people think of it. It's just a puppet in the Jews' hands. It's a plaything for the Jews... The US government and American Jewry are virtually interchangeable...

Jews are intensely selfish, intolerant and antisocial. They are full of hate, greed, malice. Naturally, other people, i.e. the non-Jews, don't like being bulldozed aside, robbed and murdered by the Jews, and will sooner or later resist. That is where the lies and deceit of the Jews come into place. No lie is too big for a Jew, no lie is too small... Jews live by lying, and die with coming in contact with the truth.

Almost everyone who has been around me turned out to be a secret agent working for the Jews, working for the CIA... The Jews have planted so many of their Jew agents and CIA rats all around me. So many people... girlfriends, lawyers, everybody almost, turned out to be working for the CIA and the Jews. Unbelievable but true."

-Bobby Fischer (of Jewish parentage), American chess grandmaster, 11th World Chess Champion, often considered the greatest chess player ever (and possible TI)

6) "No obstacle discourages them; they persevere throughout the world, throughout the centuries, the unity of their race. The Talmud has given them a powerful organization which modern progress has been unable to change. Deep, ineradicable hatred of everything that is not Jewish stimulates them in war which they wage against Christian Society, which is too divided to be able to fight with the necessary energy."

F. Trocase, in Jewish Austria,

7) "We must look at the Jews not only as a distinct race, but as on aliens. It would be a most awful humiliation to be ruled by this, the most base race on earth."

Napoleon, La Vieille France, N-305.

10) "We hate Christianity and Christians; even the best of them must be looked upon as our worst neighbors. They preach the love of our neighbours and mercy, which is contrary to our principles. Down with the love of our neighbour; what we want is hatred. We must learn how to hate and it is only then that we shall conquer the world."

Commissar for Public Instruction of Soviet Union, Lunatscharsky, a Jew

11) "Judaism is a secret Satanic cult posing as a religion.... Judaism is not Monotheistic but Luciferian. It's goal is the replacement of God with the secret Jewish leadership. Both the Talmud and the Cabala are dedicated to the proposition that only Jews are human.... Modern history and culture reflect a Cabalistic (Satanic) spell cast on the human race. It is dedicated to the fulfillment of prophecy, the eventual enslavement of mankind by the "Jews" who in practice will be the crazed Illuminati Order."

Henry Makow, Jew writer, 2009

12) "The core of Judaism, like the core of Gnosticism and Egyptian Hermeticism, is magic, the manipulation of the universe, contra (against) God's creation; i.e., against nature. Gershom Scholem, Professor of Kabbalah at Hebrew University wrote that Kaballa embraced a great deal of "black magic... a wide realm of demonology and various forms of sorcery that were designed to disrupt the natural order of things."

13) "Our race is the master race. We are divine gods on this planet. We are as different from the inferior races as they are from insects. In fact, compared to our race, other races are beasts and animals, cattle at best. Other races are considered as human excrement. Our destiny is to rule over the inferior races. Our earthly kingdom will be ruled by our leader with a rod of iron. The masses will lick our feet, and serve us as slaves."

Menachem Begin (Israeli Prime Minister, 1977-1983), excerpt from LEHI (the terrorist Stern Gang) training pamphlet, circa 1946, shortly before the organization began a series of murders of unarmed opponents of the establishment of the

Jewish state of Israel.

14) "You (goyim) accuse us of stirring up revolution in Moscow. Suppose we admit the charge. What of it? You make much noise and fury about the undue Jewish influence in your theaters and movie palaces. Very good; granted your complaint is well-founded.... But what is that compared to our staggering influence in your churches, your schools, your laws and your governments, and the very thoughts you think every day? A clumsy Russian forges a set of papers and publishes them in a book called "The Protocols of the Elders of Zion," which shows that we plotted to bring on the late World War. You believe that book. All right... It is genuine and authentic.... (But) what use is it wasting words on the alleged control of your public opinion by Jewish financiers, newspaper owners and movie magnates, when you might as well justly accuse us of the proved control of your whole civilization by the Jewish Gospels?

You have not begun to appreciate the real depth of our guilt. We are intruders. We are disturbers. We are subverters. We have taken your natural world, your ideals, your destiny, and played havoc with them. We have been at the bottom of not merely the latest Great War but of nearly all your yours, not only of the Russian but of every other major revolution in your history. We have brought discord and confusion and frustration into your personal and public life. We are still doing it."

19) "We are a superior subspecies. We transcend humanity. We are Nature's Supermen. We deserve the subservience and availability of everyone around us. Luckily, every year 100-million people are born throughout the world. We have 100-million new choices every year."

Sam Vaknin, Jewish psychopath, EGOMANIA

20) "With so many jews involved with methods of deep psychological torment directed at me for so many years, it is impossible that these methods are not culturally jewish, known by all jews above a certain age.... This culturally jewish method of profiling and stalking someone to ruin would have existed before technology made it easy, perhaps explaining why jews have been exiled from so many lands.

The benefits to shadow governments are endless; spy operations, police stings, drug dealing, money laundering drops and black operation terror events where an asset or target are surrounded by nothing but layers of backup in a pre-scripted crowd simulation.... What gave away the core of this mob stalking method as culturally jewish was that Israelis always positioned themselves in the lead to appear as a victim, with their terrain cues consistently ordinary, per Mossad and Shin Bet's mottos of deception and concealment as a strategy.

The culturally jewish methods of deception and concealment are mafia tactics, as evidence by the similarity in criminal activities between American jewish mafia and the Israeli mafia; the embedded Nation of Israel and Israel proper:

Jewish-American mafia criminal activities: Narcotics trafficking, racketeering, gambling, loan sharking, bookmaking, contract killing, diamond trafficking, extortion, weapons trafficking, fraud, prostitution & money laundering.

Israeli mafia criminal activities: Drug trafficking, diamond trafficking, racketeering, loan sharking, robbery, extortion, money laundering, highjacking, gambling, prostitution, bookmaking, weapons trafficking and human trafficking."

21) FYORDOR DOSTOEVSKY, Russian novelist, 1877:

"The Jews look forward to world domination. This requires them to maintain their own close-knit identity. If the Jews are given equal legal rights in Russia, but are allowed to keep their 'State within a State,' they would be more privileged than the Russians. The consequences of this situation are already clear in Europe.

"It is not for nothing that everywhere in Europe the Jews are reigning over the stock exchanges, not for nothing that they control capital, not for nothing that they are masters of credit, and not for nothing, I repeat, that they are the masters of all international politics. What is coming is the complete triumph of Jewish ideas, before which, sentiments of humanity, the thirst for truth, Christian feelings, and the national and popular pride of Europe must bow. And what will be in the future is known also to the Jews themselves: Their reign is approaching, their complete reign!

What if there were only three million Russians and there were eighty million Jews? How would they treat Russians and how would they lord it over them? What rights would Jews give Russians? Wouldn't they turn them into slaves? Worse than that, wouldn't they skin them altogether? Wouldn't they slaughter them to the last man, to the point of complete extermination?

It is impossible to conceive of a Jew apart from his religion. They are all waiting for their messiah, all of them, from the lowest Yid to the highest and most learned philosopher and rabbi-Kabalist. They all believe that their messiah will unite them in Jerusalem and bring by his sword, all nations to their feet.

The Yid and his bank are now ruling over everything: over Europe, education, civilization, socialism, especially socialism, for he will use it to uproot Christianity and destroy its civilization. And when only anarchy remains, the Yid will be in command of everything. For while the Jew goes about preaching socialism, he will stick together with his own, and after all the riches of Europe have been wasted, the Yid's bank will still be there.

Bismarck, Beaconsfield, the French Republic, Bambetta, etc., all this as a force are nothing, a mere mirage. It is the Jew alone with his Bank, who is their master and who rules all Europe (is it only Europe?). The Jew will suddenly profer "VETO" and Bismarck will fall as grass cut by a scythe. The Jew with his Bank is master of Education, of Civilization, of Socialism, above all, by means of which the Jew is going to TEAR UP Christianity by its roots and destroy it's civilization. And when nothing but Anarchy remains, the Jew will put himself at the head of ALL. For, while propagating Socialism among all the Nations, the Jews will remain united among themselves; and when the wealth of Europe is dissipated, the Jew's Bank will remain."

Foyodor Dostoevsky, author, 1880

22) On the Jewish Character:

Adamantine materialism, a flair for assuming mysticism outwardly, a supreme contempt for other races, a complete disregard for other people's rights, cleverness in imitation and improvisation, contempt for all labor not associated with high profits, great energy in the cause of money-making, a hatred of all nationalism but their own, a high degree of loyalty to their family and their own community, an implicit faith in the power to corrupt gentiles, a brilliant capacity for intrigue, and a pathetic inability to keep pace with any deeper thought or higher idealism are the chief characteristics of the Jewish race. On all these attributes, volumes could be written; but it should suffice to express the resultant of these forces very simply in the following tendencies:

- 1) *An inability to avoid forming a state within a state.*
- 2) *Complete inability to view their Gentile hosts as possessing equal rights with their own.*
- 3) *Predetermined specialization in all those processes which bring high profit. Hence, in capitalism, almost exclusive preoccupation with finance, distribution, and exchange as distinct from productive industry. Professional work undertaken either for profit or for the sake of social advancement.*
- 4) *A natural tendency to utilize social and economic advancement for the purpose of gaining political power.*
- 5) *An unholy dread of nationalism as a factor which would draw attention to their racial nature and expose their operations.*
- 6) *The deliberate debasement of the standards of culture in the land of their sojourn.*
- 7) *The elimination by competition of the Aryan who merely wants to get enough for himself and not more than anybody else.*

These resultants seem to manifest themselves in every land that the Jew inhabits."

26) Letter From The Alta Vendita (Masonic) Lodge, recovered by Catholics in 1859:

"The Pope, whoever he is, will never come to the secret societies. It is up to the secret societies to take the first step toward the Church with the aim of conquering both of them. The task we are going to undertake is not the work of a day, or of a month, or of a year. It may last several years, perhaps a century, but in our ranks the soldier dies and the struggle goes on.

You wish to establish the reign of the chosen ones on the throne of the prostitute of Babylon. Let the Clergy march under your standard, always believing that they are marching under the banner of the Apostolic Keys.

This reputation will put access to our doctrines into the midst of the young clergy, as well as deeply into the monasteries. In a few years, by the force of things, this young clergy will have overrun all the functions; they will be called to choose a Pontiff who should reign."

28) The best way to control the opposition is to lead it ourselves. – Vladimir Lenin, Jewish leader of the Bolshevik Revolution and first dictator of the Soviet Union

29) There is a war between the Jews and the non-Jews. – Henry Kissinger, Mr. New World Order, German Jew, Committee of 300

30) If we get caught they will just replace us with people of the same cloth. So it does not matter what you do, America is a Golden Calf and we will suck it dry, chop it up, and sell it off piece by piece until there is nothing left but the world's biggest welfare state that we will create and control. Why? Because it is the will of God and America is big enough to take the hit so we can do it again and again and again.

31) 1781 message from British General Cornwallis as he surrendered to American General Washington:

"A holy war will now begin on America, and when it is ended America will be supposedly the citadel of freedom, but her millions will unknowingly be loyal subjects to the Crown. Your churches will be used to teach the Jew's religion and in less than two hundred years the whole nation will be working for divine world government. That government that they believe to be divine will be the British Empire. All religions will be permeated with Judaism without even being noticed by the masses, and they will all be under the invisible all-seeing eye of the Grand Architect of Freemasonry." (And indeed George Washington himself was a Mason, and he gave back through a false religion what he had won with his army.)

XII. Final Conclusions

A. Is This Spiritual Warfare?

In Matthew 4:9, the devil tempts Jesus saying: *"All these things I will give You if You will fall down and worship me."*

Of course, we know that Jesus rejected "the deal." But we all should know, based on observation and experience, that a great many groups and individuals have accepted this "deal." These groups and individuals do (human and animal) sacrifices and rituals for Satan and expect him and his demonic realm to help them reap rewards in this life. In fact, these groups/individuals often "summon the demon" via a process called "theurgy" and often demand their rewards. Anyone who is literate can read of the "Jewish conspiracy" and the "Luciferian conspiracy," which are one and the same, and which spans thousands of years. Douglas Reed has traced this history in "The Controversy of Zion" (1976) and concludes that **"Judaism IS the worship of Moloch (Satan)."**

And Rabbi Stephen Wise has stated: *“Some call it communism, I call it Judaism.”*

What do Judaism, Freemasonry, Theosophy, Mormonism, Scientology, the secret societies, the military, intelligence services, UFO cults, the New Age Movement, the Nazis, etc., all have in common? The Jewish system of black magic, the Kabbala, is at the core of most of these. From what I understand, the Jewish Kabbala provides methodologies for summoning angels and demons in the proces of “theurgy.” It outlines methods of casting spells and curses, etc., as the means of enhancing personal or group power or wealth, etc. Of course, this is all forbidden in the Bible.

We have seen that the CIA and other powerful groups create cults, including Satanic cults, to experiment with different methods of controlling people via mind control, etc. Based on my observations, cult leaders exert considerable control over the thoughts and behaviors of cult members. Indeed, in some cults, members often seem to be connected in a sort of “hive mind” that is controlled, perhaps, by the cult leader(s), and possibly by, you guessed it, the one who often commands the cult leaders, the devil. Obviously, these mental-spiritual connections are greatly facilitated and enhanced today by technologies such cell phones, computers, face book, up to and including the **military’s C4 ISR systems (Command, Control, Communications, and Computers; Intelligence, Surveillance, and Reconnaissance)** as well as **PROMIS, Palantir, and ESCHELON spyware computer programs which advance the agendas of “Total Information Awareness”/“total information control,” etc.**

I’m speculating here that some cult systems, especially “the master cult,” for example, are designed to entrap their members into Satan’s “hive mind.” Adam Weishaupt, founder of the Bavarian Illuminati in 1776, reportedly wanted to rename his group, “the Order of Bees.” The terms “hive mind” and “bees,” etc., call up images of mind-controlled masses. Utah, the world capital of Mormonism, even calls itself “The Beehive State.” I’ve read that Mormonism is a Judaic-Masonic sex-cult based on the rituals of the Jewish Kabbala.

Thus, on a spiritual level, it seems obvious to me, anyway, that satan and his minions’ goal is to entrap everyone in this satanic “hive mind” and bring everyone into satanic enslavement and, of course, to hell with them. I suggest that that, my friends, is the real meaning and spiritual import of the “fourth world battle for the collective mind” aka the Pentagon-AI-cloud system.

Before leaving the JQ (Jewish question), I offer my blunt observation, based on my research and experience, that Jews as a group are under demonic oppression or possession. This is hardly a new revelation. As Reverend Meryon Smith, a Jew, states in quote #17 in the above section: “The Jew is the anti-Christ; was in St. John’s day; is today and will be.”

There it is, dear reader: Jews, the so-called “Synagogue of Satan,” are the principle architects of the Antichrist/Beast system now being rapidly constructed before our eyes. Anyone with “eyes to see” and “ears to hear” will discern this dynamic unfolding in our world today. I hope this key insight might help my “targeted individual” friends as well as “not-yet-targeted-individuals.” On the spiritual level, our targeting may be merely satan and his minions “doing their damndest” to recruit us into their kingdom, which is hell. This is apparently a zero-sum game spiritual war. People must choose sides now, I believe. And that choice has eternal consequences.

B. Is Crestone/Baca “The Vatican City of the New World Order?”

If we define New World Order as the “fourth world lostness of the mind,” the Pentagon-AI-Cloud (Satan’s) hive mind, and the Antichrist Kingdom, that is, a society of transhuman bio-robot slaves and spiritual zombies who serve the Judeo-Masonic-satanic elite, then yes, Crestone/Baca could be regarded as the “Vatican City of the New World Order.” This “Vatican City” would fulfill its intended role in the “Luciferian Conspiracy” if it contributes to the syncretism (i.e. destruction) of all major world religions except Luciferianism/Judaism/Freemasonry and transhumanism/posthuman eradication of the human species as it presently exists. Obviously, I suggest we resist this demonic BEAST system with everything we’ve got.

C. Summary of the TI program aka “Authoritarian Political Warfare, DoD/NATO’s Cognitive Warfare (CW), Secret State-Sponsored Domestic Terrorism, Open-Air Gitmo, CIA No-Touch Torture & Soft-Kill Depopulation Purge”

The following two paragraphs currently comprise my latest “abstract”/summary of “the Targeted Individual (TI) program” on the homepage of gangstalkingmindcontrolcults.com. I have struggled over the years to write a short, accurate description of “the program,” but, alas, have found this to be impossible. So it is as short as I could make it:

“The US Department of Defense’s (DoD’s) cognitive warfare (CW) is the secret, illegal ‘war against the individual,’ aka counterterrorism, organized stalking-electronic harassment (OS-EH), Targeted Individual (TI) program, cyber torture, authoritarian political warfare, state-sponsored domestic terrorism, contract stalking, open-air Gitmo, CIA no-touch torture/murder, total information control, and covert transhumanism to bio-robot (cyborg) enslavement through trauma-based mind control, torture and abuse. CW comprises the sixth warfare domain and is deployed synergistically with the other five warfare domains of land, sea, air, space, and cyberspace. Cognitive or neural warfare is the modern incarnation of top-secret CIA MKULTRA/MHCHAOS/PHOENIX and DoD MONARCH black, mind control-torture programs dating from the 1950s. A centerpiece of US domestic and foreign policy, this “new form of combat” seeks to destroy enemies from the inside out. Using “national security” and the Global War on Terrorism as pretexts, CW is a central component of hybrid warfare, 5th generation warfare, full-spectrum dominance, information operations, and Jade Helm (Mastering the Human Domain) and UWEX-16 (Unconventional Warfare Exercise) military drills of 2015 and 2016, respectively. Citizen targets are secretly watchlisted/blacklisted as “enemies” through the FBI-DHS Fusion Center system and electronically tracked, hacked, and attacked everywhere they go by the NSA Global Spy Network’s Signals Intelligence (SIGINT). Tis (targeted individuals) are also harassed 24/7 everywhere they go by networks of street perps (perpetrators, aka “goons on the ground”), including special forces, police, military-intelligence counterterrorism specialists, military psychological operations groups, surveillance role players, sayanim, military and civilian cyberstalkers, ex-police and ex-military private subcontractors, citizen spies, police/FBI informants, Neighborhood Nazis, citizen-based-agents, etc. (i.e., a secret army of thugs, cowards, and bullies). Meanwhile, FBI sources admit that over 97% of individuals placed on the Terrorist Screening Data Base (TSDB) have no links to terrorism.

Cognitive warfare (CW) involves: a) covert trafficking, targeting, 24/7 active surveillance (including breaking and entering homes, cars, etc.), electronic tracking and hacking, and ritual abuse, torture, and murder of innocent citizens, b) weaponization of neuroscience and technology (NeuroS/T), c) covert targeting of individuals’ and populations’ brains worldwide, continuously, and ceaselessly, d) weaponization of anyone, everyone, and society itself, e) a secret War OF Terrorism via psycho-political/psychotronic warfare, f) exotic weapons-testing, mind control, no-touch torture/murder, and bio-engineering experimentation on nonconsensual human test subjects. According to “neuroweaponologist” and DARPA-EU consultant, Dr. James Giordano, a “whole of nation” approach is required to wage this “Manhattan Project For Counterterrorism” via neural warfare. CW “perps” (perpetrators) operate within “the Interagency,” including DoD, NATO, financial and political leadership, intelligence and security agencies and private sector cutouts, government agencies, law enforcement, the super-rich, and cooperating corporate, academic (especially neuroscientists, psychiatrists, and psychologists), medical, mafia, community-oriented policing (COPs), public-private partnerships (PPPs), and vigilante civilian groups. The “Interagency” is apparently controlled by Deep State racketeers (aka “the Enterprise,” “Brotherhood,” “Organization,” “Company,” “Agency,” and “International Zionist Criminal Syndicate”) that also traffic humans, children, sex, slaves, organs, illegal drugs, and arms worldwide. I believe the “program” is deeply satanic, that “perps” belong to interlocking destructive cults, and the master cult is the “Synagogue of Satan.” There is no statute of limitations for these capital crimes (treason, murder, attempted murder, torture), war crimes, and crimes against humanity.”

Professor Eric T. Karlstrom, Ph.D.

D. Final Hypothesis 334: Operation Crestone/Baca, Colorado involves the continuation of top-secret MKULTRA mind control experiments on local residents, cults, spiritual communities, spiritual seekers, and retreatants. Meditators, contemplatives, and retreatants tend to isolate themselves and hence, provide ideal guinea pigs for covert brain mapping via 24/7 remote neural monitoring, manipulation, and "harvesting of brainwaves." Monitoring and manipulation of information, thoughts, emotional states, dreams, moods, etc. sent to and received from targeted individuals and groups via non-invasive neuroscience technologies (NeuroS/T) affords neuroscientists and "WINS" (warfare, intelligence, national security) operatives the opportunity to test and deploy "cognitive warfare" (CW) capabilities against American citizens.

Hypothesis 334 is herein proven.

E. Final Thoughts

In **quote #24** above, Dr. Robert Duncan, ex-CIA neuroscientist, author of "Project Soul Catcher: Volume Two Secrets of Cyber and Cybernetic Warfare Revealed" (2010) states:

"The most profound crime a government can do to an individual is peer into their minds without consent... They improve their techniques of manipulating the justice system and hacking politics during the process as well as the technical capabilities. The intelligence agencies have become a virus, a cancer, on all of humanity."

Amen. These military-intelligence MKULTRA mind control-cult operations are so antithetical to what America stands for that the guilty parties must be prosecuted and punished to the full extent of the law post haste. Execution would be too kind for the members of these highly destructive cults. (*"Ye shall know them by their fruit." Matthew 7:16*)

I have lived long enough and with enough integrity and discernment to begin to understand that I and indeed, all Americans, have been fooled for many decades via our governments' psychological operations. Indeed, in many ways, we have lived in a false-matrix of disinformation, propaganda, and lies. These strategic deceptions and frauds comprise acts of **information warfare** against the American citizenry and hence, are antithetical to living in a free, constitutional Republic. In the case of Crestone/Baca, CIA-UN-MI6 "operations" exposed in this post include psychological, psychotronic, and cognitive warfare. I suggest that disinformation and lies have been and are being used to coverup long-term covert nonconsensual human experimentation and concomitant organized stalking-electronic torture crimes (the T1 program) perpetrated by plain-clothed special forces, ex-military and police, MKULTRA cults, citizen-vigilantes, etc. These domestic crimes must be exposed and rectified and the perpetrators must be punished post haste.

President John F. Kennedy stated: *"An error doesn't become a mistake until you refuse to correct it."* This is why I have the temerity to insist that these crimes be exposed, the real truth of the matter established, false-fronts and frauds dismantled, and these criminals brought to justice. This series strongly suggests that the "Refuge of World Truths" is a massive con, a false-front deception perpetrated by **"UN foreign agents"- "New World Order fifth columnists"** who are hell bent on stealing our land and wealth and enslaving humanity through mind control, cognitive warfare, etc. But it appears that Crestone/Baca is more than simply a "Potemkin Village" false-front for intelligence and military operations. It has provided a beachhead for a strategic UN-driven military-style invasion that has allowed these fifth column enemies (yes, alas, including DoD, CIA, MKULTRA cults, etc.) to control and ultimately appropriate our land, resources, citizens, and nation.

Oh and BTW, it appears that **UFOs, aliens, and MKULTRA cults of "the Mysterious Valley"** are all just military psyops and for that matter, part of "cognitive warfare" against the domestic population. And **9/11 and the global warming fraud?** Yep, you guessed it. Although for these we can apply the German term, **"Weltanschauungskrieg" or "worldview warfare,"** which is, of course, psychological and cognitive warfare. It is appropriate to let former special forces operative, David Vincent's, have the final words (from: *"The Art of Mental Warfare"* (<https://torturedinamerica.org/BlackOps.pdf>) (**quote #8** above):

"If you look at the history of covert special operations, it's all about securing a piece of land that has some valuable resource. Once the resource is identified, special ops figures out the most efficient way to suppress or extinguish the population that is unfortunate enough to live near it."

Then the big companies come in, from the United Fruit Company to the Bechtels and Halliburtons of the world. That is the way it has been and still is, from John D. Rockefeller and Allen Dulles right through Kissinger, Bush Sr. and Cheney. Millions of innocent civilians have been slaughtered. Let me repeat that: Millions of innocent civilians have been slaughtered. And I'm not kidding you. These are evil motherfuckers and they are no friends of ours. These things don't have anything to do with protecting the US people or standing up for freedom and democracy. They don't give a shit about the average American. In this age of the global economy, the concept of nation state is obsolete. If only proud Americans could understand that. Pride in the American way is just another propaganda device for PsyOps agents – people like me – to use to manipulate you and make you think that black is white and white is black."

The bottom line is that the most power-crazed and greed-addicted people are above the law and get away with everything. In the covert world, rules do not apply. Democracy is a fairy tale. Nothing is what it seems, reality isn't real. Through the looking glass Alice goes."
