

MAE BRUSSELL RETURNS!

MAE BRUSSELL'S RESEARCH ABOUT CHILD ABUSE-- SANCTIONED, TOLERATED AND BURIED BY THE

USA!<http://www.newsmakingnews.com/mbchildabuseindex.htm>

Since Mae Brussell's demise in 1988, much has been written and rumored about her intense investigation of the San Francisco Presidio child abuse case and Michael Aquino, and his Army Intelligence and Nazi contacts. Her research led to Marin County child care facilities based on Aquino's property. [Click.](#) Mae Brussell received death threats when investigating the Presidio case. Mae Brussell died of fast-onset cancer in the midst of her investigation into this matter, among others. Mae Brussell lost her daughter, Bonnie, in a fatal car accident, which she attributed to a "hit" by her enemies. The issue of abused, abducted and murdered children was personally important to Mae Brussell.

NewsMakingNews publishes Mae Brussell's thoughts, as best can be ascertained, derived from her World Watcher Series and accompanying tapes, to attempt to shed light on the end the abuse and slaughter of American children, the most recent prominent cases being the unsolved abduction of Christina Williams at the Monterey Presidio Army base, the unsolved murder of and JonBenet Ramsey daughter of Naval Intelligence office John Ramsey and his wife, Patsy, and the kidnap and murder of Polly Klaas in Petaluma, California, whose grandfather Joe was a high ranking Air Force intelligence officer. Many of these children had significant relatives who had a military rank.

These notes cover the time period from November 3, 1986, Tape #778 through June 13, 1988, Tape #862, one of Mae Brussell's last tapes. Read patiently. The gems of knowledge are within the notes, and the connections must be drawn by the reader. (Note: Mae Brussell's spelling, capitalization, syntax are kept as they are typed by her in the original World Watcher pages.)
