[Deep Underground Military Base \(D.U.M.B.\) Information](#) (self.conspiracy)

submitted 3 months ago * by [NeedleworkerSad357](#)  3   

This post is an overview of deep underground military bases (D.U.M.B.s). As with my other posts, I highly encourage you to research further yourself. An understanding of what trauma-based mind control programming (MKULTRA/MONARCH) is and how it works is necessary to understanding much of this. All citations, sources, and links are at the end section.

These 'above top secret' deep-level underground bases are used for trauma-based mind control/MONARCH programming, experimental programming, genetic and other human experimentation, military/Illuminati/NWO technology development and storage (including advanced weapons and advanced antigravity crafts), the highest level scientific and 'paranormal' experiments, military abductions, 'black ops', child/human trafficking, rape and torture, breeding programs, and other terrible things.

There exists a huge network of mag-lev tube shuttle connections under the United States, which extends into a global system of tunnels and underground bases/cities. Many pictures of the machines used for digging are [on this page](#).

"They are basically whole cities underground. They all are between 2.66 and 4.25 cubic miles in size. They have laser-drilling machines that can drill a tunnel seven miles long in one day. I was involved in building an addition to the deep underground military base at Dulce, which is probably the deepest base. It goes down seven levels and over 2.5 miles deep. I helped hollow out more than 13 deep underground military bases in the United States."

- Phil Schneider [3]

"I discovered that not only was our government focused on building deep secret cities, but the Illuminati families were also. Furthermore, they were using technology that the public was unaware existed. The idea behind it all was to create safe and secret places for themselves. Witnesses have described elevators going miles down, super-fast trains, back-up government agencies, genetic experiments, warehouses of stockpiled materials, and a non-human human hybrid project. But what continues to haunt me was the look one eyewitness gave me when he said, 'Fritz, you don't have a clue. What is going on is beyond all you have thought of.' And after that, there was a stoned-faced mask on his countenance."

- Fritz Springmeier [12]

These underground bases are funded by the 'black budget' and '[non-appropriated funds](#)'. Intelligence agencies run the global drug trade.

"Where's this money coming from? It's not coming from our regular Black Ops budget. It's coming from the illegal sale of drugs. In the United States there's at least, by conservative estimates, a quarter of a trillion to a half a trillion of illegal drugs just sold in the United States that goes directly into underground budgets, and 90-95% goes to the DUMBs."

- Phil Schneider [3]

"Black Ops budget is half a trillion dollars per year: a quarter of the US gross national product. Black Budget is not monitored by Congress - it's an independent taxing body but is mainly financed by drug operations by the CIA, NSA and the Drug Enforcement Administration, also the FBI more recently. FBI man tried to tell the public about this and was murdered in January, '95."

- Phil Schneider [13]

"Much of this 'black ops' drug money is being used to fund projects classified 'above top secret'. These projects include the building and maintaining of deep level underground bases, such as: The 'Chrysanthemum' underground bio-genetics facility in Dulce, New Mexico. Pine Gap in Australia. Brecon Beacons in Wales. Snowy mountains in Australia. The Nyala range in Africa. West of Kindu in Africa. Next to the Libyan border in Egypt. Mount Blanc in Switzerland. Narvik in Scandinavia. Gotland Island in Sweden. There are at least 1400 of these D.U.M.B.S worldwide, 131 in the US, with 2 underground bases being built per year in the US at the moment. The average depth of the bases are four and a quarter miles underground (some shallower and some deeper). The bases are on average the size of a medium sized city. Each D.U.M.B. costs between 17 and 26 billion dollars to build, which is funded by MI6/CIA drug money. A nuclear powered drill is used to dig underground. This drill goes through rock at a tremendous rate and literally melts the rock away to form a smooth glass like surface around the edges of the tunnels."

- James Casbolt [1]

"Project Mannequin was started in 1972 and is still being run from a 6-level underground facility beneath the small town of Peasemore in Berkshire, a few miles from where I grew up (also the CLC-1 base under Westminster in London and connected to a large base under Parliament, the MONSOON-1 facility under RAF Lakenheath 90 miles north of London, and the underground facility below the Porton Down bio-warfare facility in Wiltshire). This underground base is so secret that the local residents of Peasemore are not even aware it exists. This NSA facility, known in intelligence circles as the AL/499 base, is located 200 feet below the village. There are entrances to the facility at: Greenham common (known as 'Bravo' entrance, which is now sealed off). Watchfield Military Science College ('Delta' entrance). Harwell laboratories in Oxfordshire. There are entrances to the base in Lamourne and Welford in Berkshire. The underground base at Lamourne is the 'Area 51' of the U.K. with many exotic, anti-gravity aircraft stored there."

- James Casbolt [1]

Many of these underground facilities are equipped with advanced technology used to program slaves and soldiers, especially 'super soldiers' (All black ops/Delta/etc. soldiers are highly abused and programmed). High tech programming is used along with the blood rituals and extreme mind-splitting traumas, utilizing "trip-seats" (Psychological Program Alteration Units), modified sensory deprivation tanks, advanced virtual reality and holograms, harmonics, various surgical and medical alterations, implants and microchips, brainwave scanning, negative sound rooms, machines used to program in specific beliefs and responses, and a number of other sophisticated electronic hardware-based hypnosis machines.

"One of the largest research centers for experimental programming is on the West Coast of the United States; the large research facility is underground, and is combined with sophisticated milab (military laboratory) research. Another is in East Berlin; and another is in Prague in Europe, and yet another one exists in Rome."

- Svali [9]

"My training was completed in the USA at age 14 years by Lieutenant Colonel Michael Aquino in a special laboratory established at Dulce underground base. Delta training included the weaponization of psychic ability, or psychic warfare training."

- Fiona Barnett [5]

"TRAPDOOR genetics facility below SAS training ground in Brecon Beacons - you can consider it the UK version of the Dulce base in New Mexico. The man who showed me around the facility at Brecon in 2006 told me the following - 'When you're traumatised you develop intuitive abilities'!"

- James Casbolt [1]

"During my trip to the USA at age six, I was also transported to Dulce, home of the Frankenstein lab purpose built for Col. Louis Jolyon West, Lt. Col. Michael Aquino, and John W. Gittinger, who were trained directly by Operation Paperclip's most clandestine recruit, Joseph Mengele. Dulce lab technicians strapped my naked body to a chair, plastered large electrode pads to my back and limbs, and attached a Medusa-mass of EEG electrodes to my head. My brain splits were colour-labelled: Green, Blue, Red, White, Yellow. For each

colour, Dr. West was codenamed 'Dr. White.' He held a large sheet of coloured card in my face while a computer repeated the name of the colour: 'Red. Red. Red. Red. Red...' I was simultaneously electrocuted until my senses were overwhelmed and I surrendered my will to the insertion of their instruction. They stopped torturing me once they recognised the desired brainwave pattern on their monitors."

- Fiona Barnett [10]

"The mind control aspects of my abuse mainly occurred at laboratories in Sydney University, Holsworthy Army Base, Lucas Heights nuclear reactor, and Pine Gap. Holsworthy Army Base sits adjacent to Lucas Heights nuclear reactor, now called ANSTOW (Australian Nuclear Science and Technology Organisation). Lucas Heights nuclear reactor is a 20-story underground research facility that was connected via underground tunnel to another (7-story) underground research facility at Holsworthy Army Base. Data and material collected from these labs were delivered to Australia's main CIA / US Military underground facility at Pine Gap. Holsworthy and Lucas heights both featured underground rooms dedicated to Luciferian ritual and the worship of their ancient deity Dagon. All top Australian military brass were Luciferians. Most Sydney University staff were Luciferians."

"Mt. Shasta, CA - Underground facilities around this huge mountain in the Lake Shasta area are putting out Monarch programming that makes the people think they are in communication with aliens. This facility is for torturing & reprogramming captured runaway Monarch slaves. People are brought into the area via helicopter, plane, or flying saucer. [This site](#) is probably the largest mind-control programming center. It is in a remote wooded area. It is heavily guarded, has fences, and a large contingent of black helicopters. Mt. Shasta is equipped with state of the art high tech programming equipment. Mind-controlled slaves who are soldiers are programmed and trained at the Mt. Shasta facility."

- Fritz Springmeier and Cisco Wheeler [14]

"Schefflin and Opton wrote *The Mind Manipulators* based on the FOI release of 10,000 pages of CIA MK-ULTRA related documents. A memorandum (dated January 14, 1953) titled *Interrogation Techniques* states:"

"If the services of Major Louis J. West, USAF (MC), a trained hypnotist, can be obtained and another man [DELETED] well-grounded in conventional psychological interrogation and polygraph techniques, and the services of Lt. Colonel [DELETED], a well-balanced interrogation research centre could be established in an especially selected location."

- 456 Alan Schefflin & Edward Opton (1979). *The Mind Manipulators*, Paddington Press.

"I am certain one of the names deleted from this document was Lt. Colonel Michael Aquino. The other omitted name could have been John C. Lilly, but I believe it was John W. Gittinger. In any case, all three collaborated with Major Louis West at the 'interrogation research centre' described in the proposal for MK-ULTRA Subproject 43:"

"...a unique laboratory must be organized and constructed. This laboratory will include a special chamber, in which all psychologically significant aspects of the environment can be controlled. This chamber will contain, among other things, a broad-spectrum polygraph for simultaneous recordings of a variety of psychophysiological reactions of the individual being studied. In this setting the various hypnotic, pharmacologic, and sensory-environmental variables will be manipulated in a controlled fashion and quantitative continuous recording of the reactions of the experimental subjects will be made."

"A Frankenstein laboratory fitting this description was built within an underground military base located near Dulce, New Mexico. 'Interrogation' means 'torture.' The documents refer to using drugs, hypnosis, sensory deprivation, and torture on children."

- Fiona Barnett, 'Eyes Wide Open', Chapter 23, 'MK-DELTA Child Soldier' [10]

"The Dulce laboratory contained an upright version of John C. Lilly's sensory deprivation tank. During the 1950s, the CIA funded John Lilly's development of the sensory deprivation tank and his research into brain waves and Altered States of Consciousness. In his book, *Programming and Meta-programming in the Human Biocomputer*, Lilly blatantly explained how children are

programmed using LSD, his sensory deprivation tank, and implicit learning via classical and operant conditioning. Lilly compared the human mind to a bio-computer installed with programs that can be erased, modified and created. We are all born with 'programs' like eating, sleeping, and feeling pain ingrained in our genetic code. 'Meta-programming' is our ability to learn new information and develop ideas beyond these innate programs."

- Fiona Barnett [10]

"Josef Mengele laid my Core programming during that Canberra trip, in a lab beneath the US Embassy. The embassy was staffed with CIA pedophiles and hosted VIP pedophile orgies, like nearby Parliament House. A tunnel system existed beneath the US Embassy in which some of my abuse occurred. I was left naked and alone in a cage built into the side of a dark underground cave. I lost track of time but might have been left there for three days. I was subsequently tortured in a lab by Mengele and his assistants."

- Fiona Barnett [10]

"Focus 15 of the Gateway Process involves transcending our space-time continuum to time travel into the subject's past, while Focus 21 entails travelling into the future. I know from experience that Focus 15 formed the basis of Project Looking-Glass which involved peering into history. Looking-Glass was conducted at the Dulce lab in the mid-1980s. Alice Delta soldiers were hooked up to machinery including brain scans attached to computer monitors which displayed images transformed from the subjects' neural activity. A rudimentary version of Looking-Glass technology was replicated in an experiment conducted 20 years ago at the University of California. Berkley scientists recorded signals from the brain of a cat while it watched movie scenes, then reconstructed the recorded signals into images which they displayed on a computer monitor. The recorded images were fuzzy but recognizable versions of the movie scenes the cat watched."

- Fiona Barnett [10]

Many of these military bases are also used for rituals and sacrifices.

"Mornington Crescent - that London Underground Tube station which has been closed since whenever, contains the entrances to British Intelligence's tunnels to Illuminati 'HQ'. This is where they all go to perform their Satanic rites (not just old WWII secret bunkers). There is also a tunnel under the Thames from MI6 to the Houses of Parliament. A whole underground network that not too many people know about."

- Ex MI6 [11]

"Underneath the Royal Observatory upon Greenwich Hill there is a large military base, accessible by a trapdoor within the Observatory or the Queen Anne's colonaded house next door to Queen Anne's garden. People have been abducted, tortured and murdered down there for many decades now and upon Prince Philip's orders. Not to mention the child sacrifice that goes on down there."

- Ex MI6 [11]

"A large underground facility (located in Czechoslovakia). This facility has numerous altars within it, where sacrifices are done continuously day and night, for the spiritual empowerment of the project. This facility is equipped with high-tech equipment."

- Svali [9]

"The people running the AL/499 facility in Berkshire and the connected underground bases are a hard-line military regime that is ultimately a religious cult centred around the corrupt Zionists and Rosicrucians. These places are religious centres where so-called 'black magick' rites are performed, ancient deities worshipped, and children trained and sacrificed."

- James Casbolt [1]

"Emerald City is beneath the Pentagon. The underground city below Area 51 is called Zion (or Mars), and it has a mirror underground city also named Zion located in Israel. This location has a giant stone altar with Nephilim skulls on it. Those skulls are there for 'end-time' rituals, which are rituals which will be done at the time that the Illuminati is ready to unveil their New World Order and raise the Antichrist. There is some indication that Michael Aquino, famed Satanist and very high-level Luciferian, faked his own death and went underground to run the underground city Mars, which he calls 'The Mars Colony'. Valhalla is in northwestern Kansas, underneath Gove County. It is a meeting place for the very highest of the ranks of the Illuminati."

- Jessie Czebotar [6]

"The Mormon temple at Lake Oswego in Portland has a large programming facility in tunnels beneath it."

- Jessie Czebotar [6]

"The new Mormon Temple has an extremely high tech underground tunnel facility for programming built underneath it. Witnesses have collaborated their testimony on this high tech programming site under the Portland Mormon Temple. Although building plans are to be public information, the city of Lake Oswego makes it very difficult to view the temple's building plans. The plans show that the foundation walls are far thicker than any conceivable earthquake would ever call for. The reason is that the foundation helps house an underground arena for the Illuminati & and their guests to watch perverse shows. Three separate Monarch slaves independently described this underground installation. In order to gain access to the underground programming tunnels, a person has to have to place their palm on the wall, where a disguised instrument identifies a person's hand. One is from the Temple Laundry Building south of the temple and another is from the hotel south of the temple."

- Fritz Springmeier, Cisco Wheeler [14]

The 'New World Order' relies on these secret bases, the technology developed in them, and their sophisticated mind control technology for their plans.

"Most people, including most of the so-called patriots, are sincere about defeating the New World Order, but they are really looking in the wrong direction. They need to uncover, expose and alert the people of the world what's going on below the earth's surface. What if you were to realize that Canada has over 30 DUMBs, and its neighbor to the south has over 140 active DUMBs? Worldwide there are now over 1500 DUMBs. Let us assume all North American DUMBs are connected below by oxygenated magnetoleviton trains from Krupp, Germany, and are able to reach MACH2+, having the tunnels vacuumed of air to eliminate air resistance."

- "Timothy" [4]

"Do you know that more than 3,000 people have been killed for trying to talk about what goes on in these underground bases? It's basically a death sentence when you start getting too close to the nerve center of the real New World Order's plans. The real heart and soul of the New World Order plan lies in the mysterious underground military bases scattered all over the world."

- "Timothy" [4]

"[He became privy to this top secret information when he served as a junior officer in the Canadian Armed Forces in the aerospace engineering branch, while working at one of the top secret deep underground military bases at Cold Lake in Canada.]"

- "Timothy" [4]

"In the U.S., approximately 140 of these DUMB bases exist. A geologist friend of this author who helped build these DUMB bases (Phil Schneider), gave his life to get the truth out to the American people. He was a programmed multiple of the Illuminati, and some of his alters knew it. These underground bases play a vital role in the entire mind-control network."

- Fritz Springmeier [12]

There also exist massive underground cities and areas, fully-equipped and stocked for harboring a large amount of people for a long time.

"I'm primarily using the term 'slab' because this is what they used to describe the town area and what the town area sits on. Each town area was their own slab. This is taken from the fact they the cave area was open and huge (maybe the size of Chicago? New York?) and they divided it up and floored it off. 3 football fields long, 6 football fields wide, was the size of the slab. The whole opening was divided up into approximately 10 slabs. This I will assume when taken into that is probably the size of Chicago/New York. The reason I keep calling the area we were in a slab is because that's what they call it and that name stuck. There were many slabs that had X amount of homes on it. Outside of the home it was very spacious, wasn't cramped even slightly it was like being anywhere in the U.S. but just dark of course because you were underground. One thing that was a little strange was that it was like your ears were hearing a 'hollowed' out kinda sound. Very strange and it is something

you would have to experience. It wasn't noise, or a sound, kinda like empty/filled air all around you. Also, most of the homes were empty. They were owned in full. But it wasn't like people went there on family vacations to hang out. We were only there because my dad's friend needed him at the time. They have the ability to stay underground for CENTURIES. Probably till the point they would come out eventually looking something far from us today."

- "I_reddit_for_lulz" [8]

A big function of these bases and underground laboratories is genetic research and every conceivable type of human experimentation, including modified humans, chimera creation, and any and all types of tests and experiments on slaves and embryos. These bases tie into 'alien' abductions, the victims are brought to them for programming and experiments.

See my 3-part '[Alien Abduction Mind Control Programming](#)' post for information about what these abductions actually are, and the 'aliens' they are creating in these labs.

There are many extremely horrific breeding programs in these facilities. Many survivors have also talked about the rows and rows of cages holding humans for terrible experiments and rituals at many of these underground bases.

"Via molecular biology and genetics, humanoids that are vastly different from normal humans have been created in secret underground installations. They have been created in secret underground installations. They have been modifying humans to design para-humans, and then applying mind-control to them."

- Fritz Springmeier [15]

"[Kay Griggs](#) stated the military is cloning humans. That is correct. I saw human cloning being conducted at Dulce and Pine Gap. The bodies are grown to full form in giant test tubes just like in the propaganda film, The 6th Day. When I was six years old, Gittinger showed me a massive clone army of super soldiers assembled like Stormtroopers on the floor of a three-story+ high auditorium carved beneath Pine Gap. They looked 7 ft. tall, were dressed in black Nazi-style uniforms, and lacked male genitalia. Gittinger told me to take a look at the genitalia of one of them, and it looked like a Ken doll. A fleet of UFOs with NASA stamped on their shell were stored on an underground conveyor belt system at Pine Gap."

- Fiona Barnett [10]

"A great deal of secret experimentation has gone on in underground installations with genetics. This author has had the privilege of debriefing someone who worked at the Area 51 underground installation. He was murdered after having had several long interviews with this author. Truth is stranger than fiction. It goes without saying that the Illuminati has gathered up every hair-brained idea for controlling and manipulating the human race. That doesn't mean everyone of them has been attempted, but they have the means to carry out very bizarre experiments in their underground facilities, such as the ones at Area 51. There is no question that they have tried to augment natural human features and replace natural human parts. Who knows what weird transgenic or cybernetic beings have been created? This author knows that they have been successful in some of their work at reshaping humans. This author has accumulated a great deal of information on the underground installations from eyewitnesses, but there is no way of knowing what is accurate and what is disinformation. However, a few details are definite. These underground installations are massive and they involve genetic manipulation to create new species or breed special types of people. The NWO has been secretly creating chimeras. Chimeras is the widely used name for beast-men. This research is generally not for the public to see but is done in some of the underground facilities listed in [Appendix 2](#). An example would be a creature that was half human and half some other beast."

- Fritz Springmeier [15]

"The elite JASON scientists operated out of Dulce in the USA and Pine Gap in Australia. DNA and reproductive materials collected from child victims at the CIA research facility at ANSTO in Lucas Heights were stored in liquid nitrogen flasks and transported to Pine Gap in central Australia for use in the JASON super soldier genetic engineering project."

- Fiona Barnett [10]

"One thing that they do that is very advanced, almost mind-bogglingly

advanced, is genetic manipulation and cross-breeding of humans. Both Jessie and Cisco report that the Illuminati Brotherhood is secretly creating human-animal hybrids, called chimeras. They are breeding humans with birds and other animals, as well as inserting DNA into humans that normally would belong only to a fish, for example."

- Veronica Swift, Jessie Czebotar [6]

"Area 51 (Dreamland, Groom Lake), NV - Area 51 is also known as Dreamland. There are a number of extensive underground facilities in the area. This was one of the first genetic research facilities in the U.S. and perhaps the first major genetic research facility. The people/workers & victims are brought in by airplane and tube shuttle. The worst cases of [UFO/alien type](#) of Monarch programming are coming out of Area 51. The eggs from slaves are being harvested and weird genetic creatures are being developed from human eggs which have been genetically mixed with other things."

- Fritz Springmeier [14]

"This security officer (Barry King) witnessed many of the strange things I saw in Project Mannequin. Not least, small military 'bio-robots' that are part machine and part organic, known as PLF's (Programmable Life Forms). These are short, grey-coloured beings used for many projects. The PLF's are developed in 3 stages, and each stage has its own section in the base. There are up to 500 stored at any one time, and these are used in the AL/499 and also shipped to various military bases in this country and overseas. The development between stages is rapid and is approximately 3 months. Depending on what the PLF's are being used for, they have 3 fingers and a thumb, and some have 4 fingers and a thumb."

- James Casbolt [1]

"The basic MK-DELTA model was a mind-controlled human whose abilities were enhanced through hypnosis, drugs, sensory deprivation, esoteric means, etc. Another model had abilities enhanced through bio-chipping, bionics, and genetic modification using animal DNA."

- Fiona Barnett [10]

Many of these larger underground constructions are constructed in or connect to already existing massive natural cave systems. There are huge tunnel and cave systems running underneath the surface of the entire Earth.

"There are natural cave systems, border tunnels, underground military bases, vacuum-sealed super transport tunnels, underground scientific research institutions, catacombs of historic buildings, subway and train tunnels, secret community tunnels, and underground railway tunnels."

- "The CCP, NWO Deep State, and Underground Human Trafficking" [7]

"The world is made up of tunnel systems that go all the way back to Babylon. Below the earth's surface there are tunnels, some nearer the surface and some way below the surface, very very deep. Most of us are aware that there are tunnels that carry sewage, street water runoff and other waste either towards a water treatment plant or the ocean for removal from cities, but that's only the very first level of tunnel Systems. Deeper than that are tunnels for the Deep Underground Military Bases (DUMBS), and a level even deeper are tunnels used by The System, specifically by the protectors."

- Jessie Czebotar [6]

"Underneath Texas, and connecting to Florida and California are ocean water-filled tunnels that submarines can travel through which are used to transport children and adults in human trafficking. These were built by the Luciferians specifically for this purpose."

- Jessie Czebotar [6]

"In some of the tunnel systems that The System uses exclusively for themselves are booby traps, located in a device that looks something like a decommissioned Poseidon missile, which is filled with biological weaponized compounds, things like smallpox and ebola. Jessie was told as a child that they would be set off if the location was discovered. In the deepest tunnel systems are born and bred generations of children who never live to see the light of day. Their skin is very translucent, and their pupils are very large and black because of the scarce lighting. The System calls them the mole children, or the black-eyed children."

- Jessie Czebotar [6]

Many National Parks and Indian reservations are used for these 'above top

secret' underground facilities. For example, there is an extensive underground CIA/Nazi/NWO base in Glacier National Park, Montana, which connects to Canada.

Picture 1

"Hidden high atop the mountainside along Going-to-the-Sun Road at more than 6,600' is the secret tunnel entrance to an extensive underground Nazi/CIA facility (48.7474°N 113.7633°W). In the above satellite image, the larger circle denotes the hidden rock façade entrance and the smaller circle denotes the position of camouflaged guards. The secret tunnel descends more than two miles to a giant hollowed-out industrial complex below the mountain. This huge underground city/base connects Montana to Canada just north of the national border at the (cleverly named) International Peace Park. This underground base is where the CIA keeps its stolen Holocaust trillions and tests its most secret New World Order black projects, including Tesla's flying disc, optically invisible aircraft, and other stolen Tesla technologies. Operations at the base include maintenance and deployment of [stealth drones](#)."

"Glacier National Park was the first national park to have railroad access at the time – a necessity for all large-scale underground military-industrial construction. This enabled the them to transport the rumored Nazi-gold train of stolen holocaust loot from Montauk, NY to the secret base located inside the mountain. On the promontory above the secret tunnel entrance there is a strange looking outcropping of rocks that at certain times of the day looks like a grizzly bear, hence the name 'Grizzly Peak'. The CIA uses this secret tunnel route to illegally smuggle drugs, guns, SS Nazi war criminals and dignitaries into Canada without stopping at any border crossings."

Picture 2

"The secret tunnel entrance to the underground base is hidden behind a remote-controlled, movable rock-wall located in the side of the mountain on Going-to-the-Sun Road, shown in Skorzeny's photograph, just north of Grizzly Peak and the Weeping Wall. In the far background the Garden Wall can be seen, and at far right is the base of Haystack Butte. The tunnel entrance (shadowed overhang circled, bottom right) was cut out of the bedrock by precision laser to prevent any possible discovery. When the base is active during the summer months, there are armed and camouflaged guards hiding on the mountainside (upper left corner) surrounding the secret tunnel entrance. The Nazi New World Order keeps its stolen holocaust trillions and stolen Tesla technology secretly hidden inside this hollowed-out mountain facility, providing access only to the New World Order elite."

"The CIA Nazis use stolen Tesla technology to create artificial "antigravity fields" around Glacier National Park, the nearby Blackfoot Indian reservation and many other locations throughout the world. There are hundreds of satellites orbiting the Earth that project high-intensity positively charged laser beams to certain areas on the Earth. The New Word Order Nazis' use these beams not only as weapons, but also to transmit power to levitating aircraft, flying discs and various other stolen Tesla technologies below. The absorptive properties of the levitating aircraft allow their utilization of energy beamed from orbital plasma generators, optimally transmitted when the stealth aircraft are themselves plasma-cloaked for optical and radar invisibility (giving off only infrared light). A hazardous by-product of these space-based laser beams is radon gas. Radon is said to be an invisible gas that causes cancer and leukemia in humans and animals, but if you ask the US government about radon gas you will not get a straight answer. Native Americans on the nearby Blackfoot Reservation have suffered from extremely high rates of cancer and leukemia since the 1950s. The US government says that nothing is wrong and there is no reason to be concerned, yet suffering communities must be informed of the true cause of their severe ailments."

"The SR- 71 Blackbird, B-2 Stealth Bomber planes and antigravity flying discs are constantly hovering just below 200' in the skies above Glacier National Park and the Blackfoot Indian Reservation. This explains why commercial flights are forbidden to fly below 200' in Glacier National Park; and why no one is allowed to bring firearms into the park for protection against the aggressions of the resident grizzly bears. There are many more secret CIA bases at other National Parks around the country, including the Grand Canyon. These planes are optically invisible and make no audible sound at all. The SR-71 et al. are periodically brought in to the secret underground hangers located in the hollowed-out mountain below Grizzly Peak on Going-to-the-Sun Road. These

levitating airplanes are slowly lowered into the waters of Lake McDonald in Glacier National Park, seen above. The planes are capable of traveling underwater like submarines for short distances. Once the planes are submerged in Lake McDonald they travel to the underground/underwater hangers inside the hollowed-out mountain. Once inside the underground hangers the planes are serviced. There is a giant elevator inside the mountain that brings the planes up to a full-size hidden runway inside the mountain. During the night, when Going-to-the-Sun Road is closed, a large camouflaged section of the mountain is briefly opened for aircraft to exit the facility. Once the plane has left the mountain base, the secret runway bay doors are closed. Otto Skorzeny presented the photograph below, taken on August 27, 1997, describing the hidden stealth technologies active around Glacier Park's Lake McDonald. Skorzeny pointed out the flat, squared rock as being a hidden flat-panel radar array (circled), one feature among several secret installations enabling covert surveillance of the sensitive airspace."

Picture 3

"The disc-shaped cloud (upper left) is actually a plasma-cloaked stealth disc aircraft silently hovering above the CIA boat. Photos of cloud-enveloped discs are well known in UFO circles. The US government claims that SR-71 Blackbirds in hangers are wet because they expand and shrink while flying thereby causing condensation build-up. That line is disinformation – stealth planes spray mists of water on themselves while flying to create the illusion of optical invisibility by interaction with the electrified aircraft shell. Water vapor is used by stealth planes to disguise the aircraft in a white-colored artificial cloud that, when ignited, forms a plasma mirage envelope for complete optical cloaking. To use the words of Otto Skorzeny, 'the stealth planes are like flying ozone-generators.' This advanced application of HHO plasmas derived from water allows the planes to be lowered through the waters of Lake McDonald or other lakes around the US to secret underwater/underground CIA facilities."

Picture 4

"Secret bases include Area-51, NV; Camp Hero Montauk, NY; Las Cruces, NM; Wright Patterson 'underground' Air Force Base, OH; and the secret hollowed-out mountain base in Glacier National Park, MT. The secret entrance to the Glacier Park, Montana base is circled above."

Unfortunately we're fighting against two factions. The ones that still believe in our political process to the point of not believing that something like deep underground military bases exist. And then the paid shills who want to make sure there's division at all costs so we never start wondering about deep underground military bases or the reason why they've been built!

That's the bigger question... What is it that's going to be happening in the near future that the governments around the world have been preparing for?

Eventually yes... IMO Prior to that it'll be the correction that will take place due to the migrating poles. It's not a total "flip" but when it happens there will be 200 mph winds, tsunamis, floods etc... Either that or because a CME / Carrington event has decimated satellites and our power grid...

Op you refer to Otto Skorzeny a lot, quoting from 1997. He was born in 1908 and would have been 89 at that time. This is not one of those weak attempts to discredit, but I'm trying to get some clarity. What is the story regarding his life during operation paperclip? How is it that he was outing information like this at age 89? Also, I am an aviation enthusiast and the claims about SR 71s and B2's hovering over a lake seem out of place. SR 71s were reconnaissance aircraft that were notoriously unstable at low airspeeds. Additionally when this aircraft was not at a supersonic speed, there were gaps in the fuel tanks that caused it to leak fuel. The fuel tanks were basically voids in the entire wings and chines. Submerging an SR 71 in water would fill the fuel tanks with water and render the aircraft completely inoperable and probably irreparable. This part of the story reads like a person was just name dropping every advanced US aircraft they could think of. Of course they could have been using them as test beds for new technologies, I suppose this is the purported purpose of the base there. Either way, I'm aware of some true stories that contain stuff like this that flies in the face of logic, so I am not presenting it as evidence otherwise. I'd just like to know more about the Skorzeny account and why he was taking and publishing pictures when he was 89.

Most of this stuff discredits itself, for example the long one from czebotar at the end, the source is a conspiracy book, there is no real proof beyond "it's written in a book so it must be true", the pics have circles that show nothing in most of them or just a random blurry pixelated thing that could very well be some natural feature. Not to mention there are all sort of extraordinary claims that aren't about bases. Things like nazi-cia bases... wtf. It's just too absurd to even start discussing. Most of those testimonies don't even corroborate each other and more often than not are even contradictory, sometimes it's zionists, other it's nazis...

I have heard better and more reliable secret base testimonials. But this, come one, the main pic is hilarious.

[permalink](#) [save](#) [parent](#) [report](#) [reply](#)

Regarding your first 'point', Jessie Czebotar is a high-level Illuminati survivor, hence her having been taken to/informed about these areas. Her other information is consistent with known facts about these cults, how they operate, and their programming methods. Of course it's a 'conspiracy book', do you think there would ever be a mainstream admission of these facts? The information comes from people who have lived and survived it. Also, if you don't know about the CIA-Nazi connection, you seriously need to do some more research. Nazis were extremely instrumental in merging the SS with the CIA precursor (and NASA), and a huge number of the top Nazi programmers and scientists covertly relocated to the US through Paperclip and other means (hence projects like MKULTRA and MONARCH, furthering the trauma-based mind control research that the Nazis were already conducting). The CIA is filled with them. These claims aren't 'extraordinary' if you have even a halfway decent picture of what's actually going on. You mention some quotes don't corroborate each other (the only example you give is Zionists and Nazis). They are from different perspectives, in different parts of the world. The Zionist quote is about the AL/499 base in Berkshire, while the Nazi quote is about the underground base/city in Glacier National Park. Do you think that one singular group is running every single underground base in the world? Do you think there are absolutely no overlaps or hierarchy between all of these different NWO groups? This information is obviously not all from one source. That is purposeful, to get a varied view of what's happening from multiple different victims/survivors of these places and groups. They are all different facets of this fact (that these bases exist). Feel free to share your own testimonials you refer to.

Jessie started off ok when she did anonymous interviews as Jane on Bride Ministries. I know Dan Duval (who runs B/M) and his Mentor Dr Preston Bailey...

Look Jessie is spewing ALOT of BS that is easily disproven - and if it catches on and gets rocketed to MSM - it can be smeared and delegitimize everything true that's associated with it by proxy. They could make her story the next comet pizza and set back the movement.

She's a large reason I'm starting to go public. She's not high level - most females in that branch are trained being told they will be a MOD... it's part of the system. She's very confused and arill programmed.

I dumb down info I disperse in my interview. I had position... Will talk privately because you've got a good list abd obviously care - but I've seen you on that BS too (even in a comment to me) so maybe a quick chat can help the bottom line in the good fight

The UFO community talks about a breakaway civilization run by the Nazis who escaped to Antarctica after WW2. They kidnap people with German ancestry from national parks in the United States (maybe elsewhere). Watch Cosmic Disclosure season 5 episodes 5, 6, and 7 (Tony Rodrigues). The guy they interview did what's called a "20-and-back" program where they basically kidnap you for 20 years as a slave mining on a moon somewhere (and threaten you with death if you don't comply) and then age regress you and send you back in time to your bed where they stole you from at the end of it (and then your memories come back later). He said he thinks it happened to him because there was a super smart kid in his class (he said he probably had an IQ of 200, spoke like an adult in grade school, and was instructing his teacher how to teach) whose family was in the illuminati and he didn't like him so he made the mistake of picking on him in school. When he got back from his 20 years of slavery the kid thanked him and said he really helped them out. Fucked up.

The guy right before him (Jason Rice) also did a 20-and-back but his job was as a soldier on Mars. He said the reptilians aren't running the show but rather an ancient AI that runs them. Ok I've ranted enough. I've watched all 20 seasons I could rant forever.

I'm very familiar with Cosmic Disclosure on Gaia. However, I still use discernment. Poor Tony was in it as a punishment I believe. Jason Rice seemed very robotic to me, but is likely heavily programmed.

There's a few episodes with Randy Cramer and the 20 and back. I personally really like him, but still am a bit skeptical. Emery Smith is quite bland, but I very much enjoy him too. He speaks about the DUMB's quite frequently.

Anyways, I don't think their tales are a very far stretch from whatever is actually going on, but I still try to use discernment, as I don't know why they'd openly reveal that much to the public. Again, there's always truth and misinformation mixed together.

I just asked ChatGPT about old underground facilities. I was a little surprised on just how many UNDERGROUND CITIES have been discovered. There is all sorts of pictures and videos of them. If this was possible back then, we literally have to be completely stupid to think it isn't possible today.

ChatGPT It is possible that you are referring to the underground city of Derinkuyu in Cappadocia, Turkey. The city is believed to have been built in the 8th century BCE and was used as a shelter during times of war and persecution. The city was carved into the soft volcanic rock known as tuff, which is relatively easy to excavate but also provides a stable structure for the underground chambers and tunnels.

Derinkuyu is one of several underground cities in the Cappadocia region, and it is believed to be one of the largest and most extensive. The city is estimated to have housed up to 20,000 people at its peak, and it includes multiple levels of tunnels, chambers, and living spaces, as well as ventilation shafts, water wells, and other infrastructure. The city was rediscovered in 1963 and has since become a popular tourist destination.

..... WTF. 20,000 people could live in there? I bet they could make one today that Oh, I don't know..... 85,000 kids could fit in. If people research Derinkuyu and still get on here running there mouths about DUMBS not being a real thing..... Honestly, for me, makes the brainwashing thing seem pretty plausible. There's really no disputing it.

The Greenbrier bunker is another good example. Build right under the public's feet without them knowing. And now you can go take a tour. Where did the money for that come from??

Not linked in oceans. That was Ghislaine's whole Terramar project. If they had tunnels connecting everything they wouldn't have to smuggle children in the water.

Children and humans are smuggled in *every single possible way* (including underground, undersea, boats/sea vehicles, planes/air vehicles, cars, [shipping containers](#), etc.), not merely one way or another, and by a wide variety of different groups and organizations.

People across the world do know. They just haven't figured it out yet. The groans and noises that people hear coming from the "sky" are underground cities repurposing air from underground. I suspect "THEY" haven't been able to repurpose air quietly yet.

Now, on some conspiracy websites, they have been named "skyquakes." What a joke!

The cause of the hum is the release of air that is being repurposed or replaced in these underground cities. "THEY," I suspect, haven't been able to find a way to do this quietly. People all across the world hear this "hum" and don't know what it is. Now you know.

Please remember that when the weather channel refers to an "atmospheric river" the weather channel "meteorologists" have to know the weather is weaponized and is being used to drive everyone off the west coast. How do you move that many millions of people? By taking away their ability to live.

Mammoth lake ca. received 62 feet of snow this past winter and that doesn't include their most recent snowfall. Why do I mention this? They are all against us and there is no truth to anything, including the weather channel, they say and they fucking know it.

I got a story for you guys. I grew up in South Beach in the early 80s. It must have been 1983 or 84 when this happened. We were a gang of bmxer beach rats and got to know everyone. So there was this one guy, (can't remember his name now!) late 30s, beach bum surfer type, long bleached hair, fit, was really good with a speargun hunting barracudas of all things. Lived on the beach for all I know. A real character, like there was in those days and seem to have disappeared from the world. Anyway one day hanging out he tells us he used to be an engineer and worked with minuteman missiles. He told us there was a giant network of underground bases with trains that could zip from LA to New York in minutes. That they even had their own McDonalds and everything down there. But he had to get out of that life. I don't know if this was just some smart ass fucking around with impressionable 13-15 year olds or there was some truth behind it. This was 1983, we never heard anything like that and there was this matter of fact attitude about the way he delivered the info that stuck with me to this day. Not until the advent of the internet, like 15 years later did I read about things like that again. What do you think?

Andrews came across a file compiled for him by his late father. It contained records from a past he did not remember, including documents indicating he was removed from school for weeks every year, from the first through 12th grades. The records also contained a shocker, that he received an honorable discharge from the U.S Air Force and worked in space intelligence communications as a minor. Andrews maintains he has no memory of having served in the U.S Air Force.

Referred to a classified White House National Security Council program, which had been delegated to the Department of Defense, Andrews then met a man who ran the highly classified program, who introduced him to a doctor. The doctor had worked for the CIA and had expertise enabling him to help Andrews start to piece together what has happened to him and others like him. Soon after connecting with the doctor, Andrews says he experienced symptoms associated with the Havana Syndrome, a phenomenon first reported by military personnel working at the U.S. Embassy in Havana, Cuba, in 2016. The syndrome has generated significant media attention in top-tier outlets including 60 Minutes and The New York Times in recent years. An investigation went on to determine that Andrews had been targeted with an advanced energy weapon.

Fiona Barnett's a hard one. Although I don't doubt a lot of this stuff is going on, just from my own healing journey - I feel like with her there might be other factors at play. The detail and lucidity is there, but I've also read writings from her that refer to herself as genius-level with ninja meditation abilities....at that point I started to become unsure there wasn't some sory of far out grandiose narcissism going on as well. (Mental issues and all she's gone through aren't mutually exclusive anyway.)

I read "Thanks for the Memories" front to back and it paints a rather horrifying picture of our "leaders." One of the most beloved comedians of all time, Bob Hope, is allegedly one of the most sadistic child rapists and killers on the planet when he was alive.

Henry Kissinger is also allegedly one of the most evil people that has ever lived. He allegedly used Brice as a human computer and as a sex slave who was to perform for a number of presidents and top ranking officials.

I purchased the book for \$60 from her website. I was unable to locate the book anywhere else as it is being suppressed by the globalists. I went to the library and there were only 3 copies in libraries across the World. They were unable to get me a copy.

It's kind of sad. I'm 15 and my age mates wouldn't care less; it doesn't affect them. Furthermore, if I attempt to shed light on the topic, I'll be labelled crazy.

I tested it on a few classmates by asking them if there was a possibility we're being lied to, about everything, that maybe news sources aren't the most truthful sources. That maybe global warming is a hoax, and all that met me was that distinguishable fluoride stare.

So I simply have to blend in with them, pretend to care about clothing and the latest trends and the best phones, I feel like an imposter, but it is what I must do to keep myself from spiralling into self hatred - in knowing there is nothing I can do.

There's also an underground city called Crystal City located under Washington DC and is a place rituals are done by politicians. I don't consider myself a religious person but every time I hear about D.U.M.B's it makes me think of revelations 6:12 through 17:

"And I Beheld when he had opened the sixth seal, and, lo, there was a great earthquake; and the sun became black as sackscloth of hair, and the moon became as blood; and the stars of heaven fell unto the earth, even as a fig tree casteth her untimely figs, when she is shaken of a mighty island were moved out of their places. And the kings of the earth, and the great men, and the rich men, and the chief captains, and the mighty men, and every bondman, and every free man hid themselves in the dens and in the rocks of the mountains; and said to the mountains and rocks, fall on us, and hide us from the face of him that sitteth on the throne, and from the wrath of the lamb: For the great day of his wrath is come; and who shall be able to stand?"

When it fits it guess.

I gotta say, I am very skeptical about NWO stuff, but the idea that there are submarine tunnels connecting the Atlantic to the Pacific is interesting. I somewhat doubt they would go alllll the way across the continental US, but making a tunnel located anywhere from Southern Mexico to Panama would make sense. It would mean that submarines could quickly move to a different side of the world without going through a known chokepoint such as the Panama canal or having to sail all the way around.

The bases **are** real. My opinion, after hearing all of the arguments for and against Phil Schneider for years, is that he absolutely was part of constructing these top-secret bases. The 'alien' part strikes me as a cover or screen memory/programming. Anyone working on or at one of these 'above top secret' projects or bases **will** be under government mind control, that's just how it is. This is the number one way secrets are kept by them (number two being murder, which in fact did happen after he talked). Fritz Springmeier mentions that "*He (Phil) was a programmed multiple of the Illuminati, and some of his alters knew it.*" The government/Illuminati love to do fake aliens programming, and I think this is what was going on with him. The bases are undoubtedly real, and he **was** killed for speaking publicly about them, but I do not believe the alien fight story happened that way, even if he did. People under mind control can be made to believe literally anything at all.

If he was leaning against the bucket and off the ground, as lineman generally are in their job, could hitting a live current burn his midsection and not kill him, as well as burn off his fingers on one hand but not his other?

It casts doubt for sure, but I'm not a lineman or even a novice home electrician. I remember several men killed and one whose arms were burned off as a kid in the 70s They were linemen and in buckets when it happened .

If he was in a bucket, like lineman would be, how did he live with just his abdominal burns and losing his left hand fingers, but presumably nothing else?

Previously I read on this blog site <https://veronicaswift.blog/> (previously it had a different domain, I can't find the specific post no more) about DUMBS and their purpose. It was pretty obvious to me that they are a real thing and deserve more eyes looking at this.

Thanks for this well articulated post! Definitely worth the read

Thanks so much for sharing all of this.

I actually reviewed a handful of your resources, and was very pleased that these were free books/documents. That makes me believe these folks are genuinely trying to spread the word.

This information isn't for the faint of heart, then again most folks have cognitive dissonance and are flat out brain washed since popping out of the womb.

This is extremely disturbing information, but I believe these to be truths for the most part. I've heard about a lot of this stuff before, but reading personal accounts literally made my stomach churn. However, I'm not actually that shocked. True fall of humanity, prison planet at its finest.

Unfortunately, I think mankind is royally f'd...really don't want to be around once shit truly hits the fan, and it likely will.

I shared this on EscapingPrisonPlanet Sub.

Do you think that those people will get retribution from god or a divine source, and what and when do you think that those things will happen. I am skeptical that those things are real, but if they are, then I am truly shocked, I don't want to have any part in all of these worlds/realities that have anything to do with this again, reincarnation or otherwise.

I'm 100% certain these horrific things are happening, and honestly not shocked. However, I'm still skeptical with what I read/research.

I doubt most "normal" people can even conceptualize/process this information. They also wouldn't want to know. Just too disgusting. It's all happening in plain site, yet most are way too programmed to even notice or ask any questions.

I doubt there will be retribution by a "higher" power. These monsters are condemning themselves.

[permalink](#) [save](#) [parent](#) [report](#) [reply](#)

↳ [Metaiore](#) 1 point 2 months ago*

Could we process this information?

I seem to get a rough justification as to what is happening down there, but I don't get the details because there is too much conflicting information about the motives of aliens, if they or those so called "reptilians" even exist or not, ancient gods etc.. I mean, I could believe maybe 1-2 theories but you just can't expect me to believe ALL of them. Also, what do you mean by these "monsters condemning themselves".

[permalink](#) [save](#) [parent](#) [report](#) [reply](#)

↳ [Believingisseeing81](#) 2 points 2 months ago

This planet is run by psychopaths, perverts, murderers, liars, abusers, users, and quite possibly evil multidimensional entities, call them demons if you want.

The "monsters" being the mortals that are participating in all of this sick darkness. I believe we can only save ourselves/condemn ourselves in a spiritual sense. These people are basically selling their souls over for participating in these horrible actions. They are ultimately punishing themselves, and will very likely never escape the cycle of Samsara.

Ultimately, this is just my opinion. In the end, what do I really know. I've been trying to seek truth since I was a young child, and this is clearly a life-long spiritual journey. And for the record, I'm trying my damndest to escape the cycle of Samsara. If escaping this planet is your bottom line, I highly suggest visiting the EscapingPrisonPlanet sub. It will give you more insight, but always use discernment with whatever you read.

Excellent read. Thank you OP. I haven't read a post this interesting in a very long time.

It's wild they are utilising lasers now and that makes sense because I heard the machines they used were nuclear powered and a laser powerful enough to melt rock would require tremendous amounts of energy.

I never thought that some tunnels would be filled with water to allow submarines to travel in them. That certainly is a good way to keep uninvited guests out.

Reconcile that (seawater tunnels) with the fact that Ghislaine Maxwell holds submersible vehicle/submarine licenses. She officially ran her own country/company called 'TerraMar' on the ocean (a sidenote, 'water' is a symbolic comm meaning information). [See this picture](#) from the TerraMar website:

"The high seas are unregulated"

and

"The High Seas: plural, noun: The open water of an ocean or a sea beyond the limits of the territorial jurisdiction of a country."

Yes, they build these for those reasons and many more. The child sacrifice aspect of all this is **not** 'borderline fantasy', and in fact occurs daily in this world. I suggest researching who these people running these programs are, what their belief systems are (and what that entails), and cross-referencing information from the huge amount of first-hand testimonies and memories from survivors of these projects. I have many links and victim testimonies saved if you would like also. A big part of this is knowing that the people at the 'top' are all [programmed themselves too](#).

Not quite a 'level', but yes, there are those among the 'top' who are not mind-split and put under mind control. Everything I have read and researched points to *most* of these 'high-up' people being programmed. 'Bloodline' and 'royal' families will almost always subject their children to trauma-based mind control/SRA because they are programmed to, all of their generations of ancestors did, they believe it makes the child 'stronger'. I have heard of Illuminati families 'deciding' around age 3 whether the child will be completely amnesiac or if they will live consciously.

Pro-Life folks always say we need a return to the nuclear family. If each home had a dad and mom, then society would improve. I think this is a great post and I believe there is definitely truth to it, however, I think you are too trusting, too quick to believe, with some sources

what quotes you attribute to Otto Skorzeny, for example, come from Erik Monty Berman, who alleges that Skorzeny told him all of this on his deathbed. For as far as I know there is zero confirmation that Skorzeny indeed said any of this outside of what Berman says. The same source for "Skorzeny's" quotes says "The extreme prevalence of serial killers among Caucasian populations suggests that the Nazi eugenic

goal of a 'pure Aryan race' may have been an effort, perhaps unconscious, to create a gene pool more apt to produce psychopathic individuals who operate socially without conscience"

I think this is an absolutely nonsensical suggestion. Other parts of this source are misunderstandings or oversimplifications of history and important figures in it

Which people are you referring to, the people running them? They are top military/high-level Illuminati (there is a huge crossover at the top levels, for example [Lt. Col. Michael Aquino](#) being a top Illuminati programmer code-named 'Dr. Red', trained by 'the father of modern programming' Josef Mengele) with high enough clearance to know about and 'work' in these facilities. Covers are definitely given, their resume does not say 'X secret base' (these places do not officially exist at all), a different position or department will be officially given to them. The mind control victims are brought to these different government/military bases for programming (because these places have the advanced technology they want to use), and spend time being horribly tortured, mind-split, and reprogrammed as government slaves (there are also some places where the people/slaves/soldiers never leave, and work there their entire lives). The way these bases work is there are multiple different levels or areas, requiring higher and higher clearances the further down you go/level you are in. Yes, people have been killed for talking about these places and what happens in them.

Absolutely, the highest and most secret technology is developed and stored in these places. Multiple different victims have seen 'ufos' and advanced antigravity flying crafts kept in these bases.

[permalink](#) [embed](#) [save](#) [report](#) [reply](#)

↳ [menorahman100](#) 1 point 3 months ago

I don't think that victims would ever be shown the hangars where the craft are kept.

I'm sure that these bases are extensive, with no need to connect the MKUltra victims rooms to the hangars where the crafts are kept. That just seems too unreal and fake.

[permalink](#) [save](#) [parent](#) [report](#) [reply](#)

↳ [NeedleworkerSad357](#) [S](#) 2 points 3 months ago*

One of the reasons they witness these advanced craft is that some of these testimonies are from agents and 'black ops' soldiers (who do have the clearance). This is a very important fact to know, that high-level agents/soldiers are **very** highly abused and mind control programmed (just as other victims). Fiona Barnett was trained (in her 'Soldier Alice' alter personality) as an MK-DELTA child soldier with others under her command. See page 454, "Delta Training" in [her book here](#). She mentions seeing clones and that:

"A fleet of UFOs with NASA stamped on their shell were stored on an underground conveyor belt system at Pine Gap."

Another example is James Casbolt:

"My security number in Project Mannequin was X4566-2, and I was a commander of a 5-member unit that consisted of four males and one female. Even this was based around the kabala, as the five members each represented one of the five elements - air, water, fire, earth, metal/spirit. Our assassination unit was part of a 15-member "Delta" team, and the team was divided into three units. Each unit comprised of four males and one female. I was known as Commander Michael Prince."

They see these crafts because they are given the very high security clearances required (he says they gave him an UMBRA-1). When he mentions *"The underground base at Lambourne is the 'Area 51' of the U.K. with many exotic, anti-gravity aircraft stored there"*, the memories are from personal experience in many of these different underground facilities.

Another reason victims may be shown high technology like 'ufos' is in order to further reinforce the programming that their master is an 'alien'. The programmers will commonly purport to be 'aliens' or 'gods', to exert complete control over slaves. (See [these quotes](#) regarding the 'lizard reptilian' hoax they do). Cathy O'Brien states:

"Johnston 'validated' his ploy in my mind by arranging for me to see his 'space-ship'-a then TOP SECRET experimental aircraft which would eventually be known as a Stealth fighter at a military installation near Baton Rouge. The classified triangular Stealth was so alien to me at the time that it looked more like a spaceship than the U.S. fighter plane it actually is. This, in combination with

his inhumane demeanor and my previously instilled belief in transdimensional travel, convinced me he was the 'ET' he purported to be." and that "I now know that the only 'dimensions' I experienced were elaborate memory compartmentalizations of real, earthly events by real, earthly criminals, and certainly not by aliens, Satan, or demons."

[\(her book here\)](#).

It unfortunately is the truth. Do you think these bases do not exist or that they could not be built? Do you think these programs and mind control projects do not happen? Have you read the sources (many from first-hand victims that have been abused in the bases themselves) and come to that conclusion yourself? I have more information if you would like to educate yourself about this type of thing.

I've just read a lot, and picked up/cross-referenced the same details, information, names, etc. that appear in different places (and which usually lead to other places also). Many times a survivor of these programs will mention a name, who in turn will mention another name to look into. After a long time researching these topics a slightly clearer picture starts to form of all this insanity (what's true and what's not true). Coming at it from different angles is helpful, for example multiple different victim's books and testimonies, information from ex-agents and spies, material and works from other researchers, and so on (there are some excellent blogs also, for example [CathyFox](#), her [new one](#), and [PseudOccultMedia](#) has great MK media breakdowns too). Small corroborating details can be noticed and a general picture formed, reading everything and sifting through it all to find the common themes and repeated points helps establish what's happening.

Of the several tons of information here, there are probably at least a couple ounces of truth.

Underground bases very interesting topic and I'm certain they exist as refuge for the wealthy and powerful.

Along the mind control references, you don't know what your talking about. Where it came from, how its use or why its used.

You want mind control look at woke.

So from what I can gleam from this, is that the most repeat theme in all these reports is the existence of a numerous underground bases.

I take it with a grain of salt the activities done in such. but I'd say this confirms there's probably way more of these things then anyone thinks there are & that the majority of their activities aren't very well known.

Great post. Is there any good videos on this I can watch to learn more?

I stopped reading at James Casbolt. Clearly a charlatan.

I don't know who Casbolt is. The D.U.M.B.s are hardly a conspiracy theory- they are real and are the best explanation for the "missing" tens of trillion\$, and the flippant attitude of the criminal elites regarding WWIII and bio weapon research. THEY have luxurious places to crawl in to. The other info certainly has some internal logic and is frighteningly consistent with material elsewhere (like Wikispooks).

BUT, when I read "Elvis Presley- a Monarch slave", yeah, that was WAY too much! NO DAMN way. For one thing, his mama never let him out of her sight since she lost his twin brother at birth. And by the time he was "out of her sight", he was the Bull of the Woods and took zero crap off of anybody (not even the US Army). "If you're looking for trouble- you came to the right place!" Who can doubt it?

That said, I've bookmarked this post and sincerely thank the OP. This is the kind of material that one comes upon so rarely. It makes the head spin. AND, the comments this post has sparked is another fantastic source! And the OP's rebuttals to most every (sensible) objection is another amazing feat and shows very pure motivations! Thank you.

Too many different people from too many places and times have come forth with different pieces of this.

I think we are likely to have that reaction of disbelief unless you have some personal experience that hints at this (or worse)

More like the time before the flood where genetic manipulation was rampant.

CERN is more Tower of Babel-y, imo.

Genetic manipulation one of the literal causes of the flood. (Judgement)

So when they are taken to these locations, they are sitting in the back of a government Buick looking at the Welcome to Fargo sign as they drive into town? Or when their plane is landing, does the pilot say. Welcome to Top Secret Base Sarasota, FL? Or perhaps there is a gift shop down below with I was tortured today in Bucksnotn, TN, but only got this t-shirt items.

EDIT: Uhoh.. 5 minutes after originally posting this, I got a call from Happy Times Resort telling me I won a free 7 night stay. They

are sending a car to get me. I Google it, and it's located in Bucksnort, TN.

Whether they arrive via plane, car, or whatever, in every first-hand account I have come across, efforts are not made by the programmers to conceal the location or identities at the time because all memories are supposed to be securely, unretrievably compartmentalized after the victim's programming anyway. They rely on this never failing, and this point has been pointed out by survivors before. If deprogramming is successful, years of memory backtracking and retracing are required to make sense of their timeline and history (victims have no sense of time, and screen memories are utilized as well). Photographic memories are a common side effect of the brain stem scarring and traumas that slaves endure, and this does help with retrieval of exactly what happened and where. This is why full and exact conversations and details can be recovered (many are used as human tape recorders and 'carrier pigeons' for top-secret messages, for example Brice Taylor). The memories are there, the brain records everything, but they need to be accessed. I suggest reading the linked books if you actually want to further understand this.

No... No.. thanks, but no thanks. The Bucksnort men just left. I agreed that I would never read or research certain things on a list they gave me. They did ask where I got my ideas from. I told them you, and they mumbled something about cleaning up the trash via ladybug. I have no idea what they meant. Good luck!

There is no reason to let human subjects go on their ways ever. These supposedly evil people would be more than willing to kill them to cover their tracks. Don't be a sheep, always ask why.

They are programmed for a *reason*, to go out and do something (a mission, prostitution/sex slavery, drug drop, anything). This is the whole point, they do not stay at the bases forever, they are taken to them, programmed there, and taken back wherever. Many *have* been killed, of course they are more than willing to kill someone. Many MONARCH slaves are routinely 'used up' and killed when they turn 30, the programmers call it being 'thrown from the freedom train'. With high-level slaves (like black ops soldiers or 'Presidential Models' for example), millions of dollars have been spent on them and they are considered a 'national asset' and 'government property'. Reprogramming is always more favorable to them than losing all of their 'work'. Those few survivors who are able to get help, run, stay alive, deprogram, *and* talk, are the sources of much of the information regarding this topic.

They're literally called DUMB

It's a 4chan meme to see how much stupid shit people will believe.

You don't see the connection between D.U.M.B. and "dumb"

[permalink](#) [save](#) [report](#) [reply](#)

↑ [\[–\] NeedleworkerSad357](#) [S] 12 points 3 months ago*

It is an acronym, not purposely made to spell the word "dumb". 4chan went live in 2003, and these underground bases have been extensively talked about since at least the 1990s, if not earlier. Attempting to connect something to "4chan", "qanon", etc. when it's

unrelated is a standard glowie tactic, straight out of the playbook.
