

'Alien Abduction' Mind Control Programming Part 2 (self.conspiracy)

submitted 18 days ago * by [NeedleworkerSad357](#)

[Continued from Part 1](#)

"Paralysis can be induced in the target by use of this method of broadcasting preparatory sets encoded on microwave beams. A pulse modulated microwave beam, carrying an ELF signal, which is identical to the one in the motor neurone centre of the brain, is used to jam the victims motor coordination. This is analogous to radar jamming, using a more powerful signal at the same frequency to swamp out the enemies radar. Motor neurone preparatory set potentials are jammed by a bigger signal carried by a microwave carrier beam, that literally overloads the brain, so it cannot control the body. Pulse modulated microwave weapons which broadcast the ELF preparatory sets of the motor cortex of the victim, will paralyse the victim without killing them. This technique can be used to abduct people for secret government mind control experiments, under the guise of alien abduction. A microwave beam of this nature will paralyse the victim, so they can be bundled into a black helicopter and airlifted away for experimentation. Once the procedure is complete, hypnosis can be used to plant false memories of alien abduction. In this way, alien abductions can be used by the authorities to enable them to obtain a limitless supply of guinea pigs for their mind control experiments. Real memories of government involvement are erased electronically. This technique clears all short-term memories from the victim's consciousness by broadcasting microwave beams at the target which carry the signals used for memory retention. When you remember something, it is first stored in your short-term memory. After approximately twelve hours, this short-term memory is converted in the brain to long term memory, after which you remember this information for the rest of your life. If this conversion from short-term memory to long term memory does not occur, the data is lost. Microwave radiation of a specific frequency can interfere with the transfer of memories from short to long term memory. By interfering with the connections between brain cells, memory can be disrupted. In this way, special force assassins can be brain-wiped after a mission, so they have no idea of the target they killed. Using hypnosis, false memories can then be planted in the brain, so the gap left by the real memory is papered over."

- Tim Rifat [36]

Abductee, researcher, and mind control victim Karla Turner notes another important point.

"Aliens can take us — our consciousness — out of our physical bodies, disable our control of our bodies, install one of their own entities, and use our bodies as vehicles for their own activities before returning our consciousness to our bodies."

- Karla Turner [25]

This is very important, it's exactly how mind control works. Mind control victims have MPD/DID. There are many programmed alter personalities (unaware of each other), that can 'come and go' or be triggered to the 'front' of the person. She is unwittingly describing the switching of alters. Their 'front' or 'main' alter perceives this as their body and consciousness being 'used and then returned' (this can also correlate with missing time).

Implanted screen memories, high-tech EM machines, holograms, VR headsets, drugs, hypnotic suggestion, and more are all being used in alien programming.

"There are numerous scripts for the Alien programming. Recent novels and Hollywood movies provide a non-ending pool of programming resources for the Programmers. Visual reality headgear and other high-tech methods can easily be incorporated into an alien abduction theme."

- Fritz Springmeier [8]

"The 'Alien' Invasion — a very active cover story for the development of mind control technology. Supposedly (as those weird syndicated UFO television programs keep reminding us) alien scientists have voyaged millions of light years to place CIA implants in the bodies of human subjects. This incredible cover story is widely believed—yet most 'skeptics' scoff at the notion that human scientists might want to do the same thing. The aliens have been pounded into the heads of the American consumer by a slue of books penned by military intelligence officers. It would be just as easy to hypnotically implant a screen memory in a victim's mind of the helicopter being a UFO."

- Alex Constantine [14]

"One of the methods that were used extensively to trick my mind, even when I was an adult, was Eriksonian hypnosis. It worked well because I was almost always in a trance state anyway. It was very easy for a person, skilled in hypnotism, to say certain words or phrases to me that influenced me to fully believe that, for example, a helicopter that was about to land in front of us was a UFO, and its pilots were aliens from Uranus. However, as I have remembered such experiences, I have remembered that even though I BELIEVED the vehicle was a UFO, I actually saw a military copter."

- Kathleen Sullivan [32]

"Five women described awaking at times and feeling as if they'd been 'beaten', to use Anita's term. And five said they had episodes in which a blinding light seemed to explode in their minds."

- Karla Turner [28]

"Alien programming by NWO (also involves Peter Pan programming): 'RIDE THE LIGHT' - Peter Pan programming meaning to go into hypnotic induction attached to a light that is seen when given a high voltage shock. This is given to make experiences seem like in another dimension."

- Fritz Springmeier [8]

"Blue beams of light are used as a hypnotic induction for slaves who are given the cover story of being abducted by aliens."

- Fritz Springmeier [9]

"They (CIA) tried to program me to believe in aliens. I went out to my living room in my house as a teenager, and like the ET movie where the child is sucked out the door, I'm looking out my window and this craft lands and then theres this blast of air that knocks me backwards, and then the door swings open and its sucking on me now. And while this is happening I realize that I'm in a sitting position and I'm restrained...even while all this is going on, I realize I'm restrained in a sitting position and I started screaming 'this is not real, this is not real', and suddenly everything stopped, the door opened behind me and I'm sitting in an Apache helicopter seat, looking at a huge screen with wind turbines on either side of it...this is happening at the military base where they train these helicopter pilots. A flight simulator, just adjusted. They went into my house, they filmed through my window, created this craft, and they did the wind on me and the suction to make me believe it was aliens coming to get me. Dr. Green, my programmer, walks in behind me and sticks a hypodermic needle into my arm."

- Cheryl Beck [30]

"In the last 20 years, tens of thousands of children are getting 'Pleiadian' programming. There are tens of thousands of children with programming that can be activated to make them think they were raised on Alcione in the Pleiades."

- Fritz Springmeier [9]

"Masers, not lasers, are the hidden thrust of 'Star Wars' (SDI). The weapon is an extremely sophisticated mind and body machine capable of thought transfer, manipulation of emotions and muscle control. Images, even dreams, can be beamed to the subject. A human or cybernetic controller can carry on a conversation [telepathically](#), and at the same time instill physical sensations, subliminal commands, emotions and visual and aural hallucinations. Computerized EM devices that talk and transmit images to the brain were current when Reagan delivered his first SDI pitch in 1983. Harlan Girard, in his NATO address on emergent technologies eight years later, said: 'Experiments had produced some communications equipment that far exceeded the ability to broadcast defeat into the minds of the enemy,' an objective of DoD brass. 'It

is not only capable of producing auditory hallucinations, but visual hallucinations as well.' 'Is it possible,' asks John Lambros, a prisoner at Leavenworth and mind control experimentee, 'that the particle beam intended for enemy missiles alone might now be intended for human minds?' The electronic battlefield has been armed for some time. GTE has had an electronic weapons division since the 1950s, then headed by William Perry, Clinton's secretary of defense. And in the 1960s executives of Honeywell, the Franco-American computer firm (and Star Wars contractor), told author Lincoln Lawrence that the company was experimenting with machines that 'penetrate a man's mind and control his brain waves over long distance.' The Microwave Mafia often rely on the implantation of miniaturized radio receivers. The technique is known as intra-cerebral control and uses radio or ultra-sound. It was developed by the CIA's MKDRACO and HATTER brain telemetry projects. The implantation of a micro-receiver in the frontal or temporal lobes by trained teams of operatives is done with an 'encaphalator,' usually through the sinuses of a drugged subject. But the current state of the art in Radio-Hypnotic Intracerebral Control (RHIC) depends upon 'Personal Radio and Electromagnetic Frequency Allocation,' or PREMA, a frequency unique to the subject's brain. A 'reading wand' is hidden near the victim, who is scanned by an instrument smaller than a briefcase. Once the 'Freq' is determined, the brain becomes a link in a cybernetic system, and the subject (or a group) can communicate, be surveilled, guided, manipulated, harassed or controlled from afar. The mind-invasive technology lurking behind the Star Wars cover story became the fascination of Brian Wronge, a victim of prison experiments in New York state. Wronge claims that the mind control fraternity has developed a 'gallium scan' to map electrical activity of the brain, and in concert with a transmitter linked to the nervous system, beam radio-biological signals to an analog computer or satellite."

- Alex Constantine [15]

"At the NASA facilities, they had some incredibly unusual programming that they did to some of us. I had one experience at age fifteen, I was taken to Goddard, which is a NASA facility outside of D.C. One of the things they seemed to like to do is dress up just like they are in Star Trek...they actually wear [Star Trek](#) uniforms with the Enterprise logo on them. Sometimes they would hypnotize me to think they were Dr. Spock, Bones, Captain Kirk, so I could not remember what their faces really looked like. One of the things they did at Goddard was very professional, very ingenious. They hooked me up to some kind of a computer system, very high tech for that period of time. They had earphones — more like a helmet on my head — and I don't understand how all this worked — but I closed my eyes and I could actually see images flashing in front of my face. They had a lot of sound effects and they did what they called 'Father Time' training at that facility at that time."

- Kathleen Sullivan [2]

"For instance, one of my alters was placed in a room that resembled the deck of the Starship Enterprise, in a chair that faced a large screen. My brain was then tuned to a specific frequency (an altered state), and a large bulbous head appeared on a screen. This 'alien' gave my alter instructions. Then the 'Captain's Chair' electro-shocked my alter...this alter would be fed instructions coded to her frequency, but would receive them through the 'alien' which continued to appear to her on the spaceship screen...if she was triggered to return to my body, she would bring all of her 'spaceship memories' with her, firmly believing that this 'alien' was part of the 'real world.'"

- Beth Goobie [16]

"Operation Greenstar was the mind-control project to create UFO abduction scenarios. Much of the high level programming is no longer done with human programmers, but is done via machines using drugs, electricity and harmonics."

- Fritz Springmeier [8]

"These manipulations and degrees of control are easily achieved after years of intensive research by both the CIA and the Office of Naval Intelligence. The methods cover the range of actual hypno-programming, through either overt or covert methods as utilized by the agency concerned in the use of R.H.I.C., U.S.I.C., E.E.O.M. and E.D.O.M. techniques. Ultrasound technology is most frequently used by the lesser intelligence agencies in their various theaters of operation. This method is known as Ultrasonic Intra-Cerebral Control. An intelligence unit commonly referred to as Division Five which is directly connected to the FBI, is mainly responsible for the study and subsequent use of this type of mind control procedure. The three types of procured methods of

mind control at its highest performance utilization are as follows: 1. E.D.O.M. (Electronic Dissolution of Memory) 2. E.E.O.M. (Electronic Enhancement of Memory) 3. R.H.I.C. (Radio Hypnotic Intra-Cerebral Control). RHIC techniques call for the implantation of a micro-sized electronic radio receiver. The implantation most frequently is made by highly trained teams within the Intelligence Community. The procedure involves the insertion of the micro-receiver (or transceiver) into the desired areas such as the frontal lobe or temporal lobe of the subject in question."

"According to my sources, this technique was state-of-the-art in the 1960's, but is obsolete today. Other, more sophisticated techniques are in use now."

"The device acts as a stimulator which can stimulate a muscle, nerve or brain frequency upon receiving the proper signal and will then initiate a desired response. The receiver generates sensory impulses which are then received through different nerves. These register as sensations which are the basis for perception. Under projects such as MK DRACO and HATTER, today's receivers are much smaller than the originals. Several types of 'encephalators' are used to implant the devices into brain tissue through the nostril of a sedated subject after hallucinatory programming has commenced. The process is painful and, in some cases, may result in permanent damage to the sinus cavity resulting in later ear, nose and throat problems for the subject in question. Another method used by some programs is the use of an oral encephalator to insert the transceiver or receiver through the soft palette of the mouth into the brain tissue. This method is also conducted in concert with hallucinatory program cues. The largest of these Mind Control programs under the auspices of the CIA, ONI and National Security Agency are as follows: MK ULTRA, REACH, MK XENO, MK DRACO, BLUEBIRD, DANCER, HATTER, ARTICHOKE, WATCHTOWER"

"One source reports that MK-DRACO is the code name for one of the 'alien abduction scenarios'."

- Walter Bowart [1]

"In the last decade, the technology has been developed to beam images onto the human brain during sleep from remote control locations. This technology serves many purposes — to program individuals for specific tasks while asleep, to create 'false' or 'screen' memories. If you can remember them, these techno-dreams are easy to identify. Whether they involve alien abductions, demons, rituals, 'children of light' or 'star people' scenarios...the main identifying feature is that they do not interact with the individual dreamer. Techno-dreams are generic images, movies that have been created to program thousands of individuals, perhaps simultaneously. I woke from one techno-dream in which I seemed to be lying on a stretcher while reptilian-type aliens loomed all about me. One leaned over me, and seemed to be pushing something into my head. If I hadn't woken and accessed the tail-end of this dream, one of my alters who existed at the 'sleep-frequency' at which this techno-dream was being broadcast would have been programmed to believe she had been kidnapped by reptilian aliens, and that they now controlled her through a brain implant. When I accessed this 'techno-dream,' I didn't consider it to be a memory because the scene had obviously taken place through the eye of a camera that had been laid on an operating table. Humans in reptilian costumes then stood around the table and one of them placed its hands above and beyond the camera lens so it would look as if it were pressing something into the 'dreamer's' brain."

- Beth Goobie [16]

The programmers behind these abductions will commonly program themselves in as aliens.

"The programmers and the handlers are setting themselves up as gods, or Almighty God, or as a being from a superior race of aliens, such as Pleiadians. However, those of us who have followed the Monarch programming know that these aliens are just men who do the programming. Time-Life Publishers (owned by men in the Illuminati) subtly gave this away in their book 'The UFO Phenomenon' when they referred to UFO abductions as 'the Oz factor.' They go on to say that its like [Dorothy in the Wizard of Oz](#) on page 71. Then they go so far as to reemphasize the point by showing a picture of Dorothy in Oz. Often the Programmers tell the alters which they have created, that they are their Creator and therefore their God. However, the actions of the handlers are so ungodlike, that should the programming break down, and the alters get a taste of reality, these lies soon are transparent. The lies that the handler is an alien are much harder to refute than the lies that the handler is God. The

trend appears to be for the handlers to refer to themselves as a superior race of aliens. Most if not all of the people seeing aliens, are really just being jerked around by their handlers. This doesn't mean that aliens do or don't exist. It does mean that those of us who have been working with people who have alien contact experiences and who understand Monarch mind-control have only seen people obviously under mind-control. Fritz has yet to meet someone who has had an 'alien contact' who wasn't under mind-control."

- Fritz Springmeier [8]

"...Not to mention 'god' programming as used by MI6/MI5/Russian Intelligence and the MOSSAD (from my experience)."

- Ex MI6 [26]

"Johnston 'validated' his ploy in my mind by arranging for me to see his 'space-ship' - a then TOP SECRET experimental aircraft which would eventually be known as a Stealth fighter at a military installation near Baton Rouge. The classified triangular Stealth was so alien to me at the time that it looked more like a spaceship than the U.S. fighter plane it actually is. This, in combination with his inhumane demeanor and my previously instilled belief in transdimensional travel, convinced me he was the 'ET' he purported to be."

- Cathy O'Brien [6]

Holograms are also used in this and other types of programming.

"One of the things the [Royal Arch](#) do when they are electroshocking/programming someone is to do fake aliens. When abusing children, they sometimes dress up as Mickey Mouse/Donald Duck/Disney characters, or claim their name is 'Chuck Norris'. Shape-shifting aliens is part of the routine. They project a hologram, using pop-up books. Makes it look like say [John Scarlett](#) or George W. Bush is turning into an alien. It's not true. I'm not saying there aren't people who BELIEVE they have met shape-shifting reptilians. But I have to tell you, it's PART OF THE PROGRAM. I know how they do it (people lying on backs, with holograms projected in pop-up books)."

- "Red Ox" [5]

"(George) Bush's most effective example of 'You Are What You Read' in his book About Faces occurred during his reading of the page depicting lizard-like 'aliens' from a 'far-off, deep space place'. Claiming to me to be an alien himself, Bush apparently activated a hologram of the lizard-like 'alien' which provided the illusion of Bush transforming like a chameleon before my eyes. In retrospect, I understand that Bush had been painstakingly careful in positioning our seats in order that the hologram's effectiveness be maximized."

"De la Madrid claimed to have Mayan/alien ancestry in his blood, whereby he transformed 'back into an Iguana at will.' De la Madrid produced a hologram similar to the one Bush did in his You Are What You Read initiation. His hologram of lizard-like tongue and eyes produced the illusion that he was transforming into an Iguana. While in Mexico, I was always ordered to wait by rocks where the abundant Iguanas sunned before being 'trance-ported' to my scheduled meetings with 'his Royal Lizardry', the Lizard of Ahs."

"Those who controlled my mind, and ultimately my actions, claimed to be 'aliens', 'demons', and 'gods'. But it was my experience that these perpetrators of New World Order controls were/are bound by fully, human confines, despite their terror-tactic claims and illusions. The true laws of nature, and the same laws of man do, indeed, apply to them...I now know that the only 'dimensions' I experienced were elaborate memory compartmentalizations of real, earthly events by real, earthly criminals, and certainly not by aliens, Satan, or demons."

- Cathy O'Brien [6]

"The agents promote disinfo-laden conspiracy theories through themselves and their protégés (actual mind control survivors). For instance, a current joint conspiracy among recognized disinfo agents is to frighten people into believing that: the high-level perpetrators (world-ranking politicians, etc.) are really shape-shifting aliens in human bodies (It is not difficult for identified disinfo agents, who are masters in mental manipulation and hypnosis, to 'convince' the highly suggestible protégés that they saw high-ranking politicians morph into lizard aliens and back again.) By buying into this disinfo, we are likely to either become irrational, or to melt into puddles of helplessness and fear. I believe that as long as they focus our attention onto subjects like this that are likely to push our panic buttons, they will render us

nearly, if not totally, ineffective in learning the truth and using it effectively."

- Kathleen Sullivan [32]

"Regarding David Icke - we were all put under mind control. Dr. Joanne Collie is David Icke's programmer. However, why Collie would want to push 'space lizards' through Mr. Icke is still a mystery. She would have known, as much as anybody else, that mind control programmers at Fort Monckton used to dress up in lizard masks in order to terrorise British Intelligence recruits (who had been drugged) into believing that they were run by alien 'masters'. Collie and MI6 were using alien lizard masks for their programmers - to programme their operatives into believing that their programmers were aliens. Why would they want to do anything as crazy as that? Go ask the Marines. A lot of what happened during those early years of mind control experimentation was pure insanity, but perhaps it was because they didn't want anyone to believe (on the other side of the mirror) that their Master mind control programmer was a human being and was therefore far more vulnerable to confrontation and exposure (as well as being made accountable for their actions), than a 'space lizard'."

"I also know that the 'interdimensional space lizard' ploy is also part of the 'alien agenda' but with a 'twist' to it i.e. MI6 programmers being hunted down - those like Stella Rimington (former head of MI5) for their vile, disgusting, and putrid satanic practices. That is why I do not mind this type of 'propaganda' going out. It is just another example of 'use their techniques and use them back upon them'. As far as I know George Bush initiated the 'alien lizard' form of propaganda, to terrorise his slaves. Does George Bush still go by the name of the Lizard of Ahs? (What happened to the Wizard of Oz?) Does Rimington still think that she is an 'interdimensional space lizard' courtesy of the Wizard of Ahs mind control programming? What about Collie and her insistence upon the 'fact' that interdimensional space lizards are real — whilst helping Icke to put his book together? Collie — who had handed out the 'alien lizard masks' to British Intelligence programmers at Fort Monckton in 1980."

"...Those like Rimington who even believed that they were space lizards...not withstanding those like George Bush who began to believe that they were descendents of 'alien lizard gods' who had interbred with mortals."

- Ex MI6 [26]

Many victims are made to believe they are 'channeling' and 'receiving messages' from aliens.

"Hello everyone. I will be taking down this blog shortly in the days ahead as I do not want to see anyone else entrapped in the horrible U.S. government PSYOPS (psychological operations) program. At this time, I am leaving this blog up simply to get this message out to the remaining visitors, and hope they will help share this message far and wide and reach those who have formally followed my work. The so-called 'channeled messages' I received claiming to be from my soul family from the stars were in fact simple radio waves sent by U.S. government agents, allegedly from an agency of the U.S. Department of Defense or the U.S. intelligence community, working in concert with volunteers, many of which are secret society members who help propagate enormous numbers of hoaxed news stories of UFOs and related space news, building a backdrop for a PSYOPS program that lures science and spirituality-minded individuals such as myself into their web. This program, commonly referred to as electronic harassment, has destroyed my life completely and continues to devastate my life until this very day, but I am certainly not alone, as the number of victims, known as targeted individuals, or TI's for short, grows exponentially each day. The electronic harassment operators are relentless, showing little or no mercy, keeping me under total surveillance, tormenting me, torturing me, and attempting to reprogram my mind as I sleep, turning my dreams into nightmares, effectively altering my behavior and free will choices as I continue through the mercifully final days of what was once my life. They have also in the past, and again very recently, scarred my body with their electromagnetic/microwave neuroweapon technology in a successful effort to control and negate my relationship with a woman who is now gone from my life. There is no recourse I have been able to uncover to shelter from this evil program. There exists endless documentation throughout the internet concerning government mind control programs and the technology used against the people, and it is advisable to familiarize yourself with this technology, as the spread of knowledge is our best and only defense against this despicable evil that will not stop until every last member of our society is a prisoner of his or her own altered mind. That is their sick and twisted plan —

the construction of the dystopian nightmare forewarned by George Orwell throughout the pages of his prophetic Nineteen Eighty Four. My advice to all is to stay clear of all these stories of UFOs, extraterrestrials, channeled messages, and psychic mediums speaking to the dead, as these fictitious news accounts and dubious television programs are a direct part of, or at the least, stand as compliment to, the hugely encompassing plan to desensitize and familiarize the public to synthetic telepathic communication, a simple but very effective feat of technology essential to mind control reprogramming. I humbly and sincerely apologize to anyone and everyone who has followed my work as a so-called channel of the Galactic Federation and the Ashtar Command. Soon I will be judged by our true higher powers in this universe, and may God have mercy on my soul for helping steer so many of you so far astray and into the clutches of this devilish, life destroying mind control program. I am forever truly sorry."

- Greg Giles [13]

"A whole business was made of the New Age to the slave community. As books and items were created for those searching for truth, the self-appointed 'enlightened ones' who were 'in the know' manipulated the spiritual ideologies in order to hide many of their mind control realities. What was behind much of it was really a group of men, controlling mind-controlled robots and herding them in the direction they wanted them. I was programmed to deliver to a famous Los Angeles channeler, the words to say just before a Whole Life Expo event where he channeled the message to a very large group of people in an auditorium who were in an altered meditative state. Henry (Kissinger) gave me the exact words to say. They were targeting high-level slaves and it encompassed those programmed with whales and dolphins, angels, ascended masters, eastern religions, energy, quantum physics, UFO's, aliens, channeling, and listening to your guides and angels. They felt if Los Angeles failed then the rest would because most were patterned after Los Angeles."

"I have met persons suffering from Multiple Personality Disorder that felt they were channeling entities, when in fact they were channeling parts of their own personality structure. A woman 'channeler' named Shirley graciously offered to channel privately for me. I told her I would be glad to ask any questions she had of herself while she was in a channeling state of mind. She agreed. The answer to the question when posed about 'if Shirley had been involved in any of this ritual abuse stuff,' was, 'Shirley is not ready to face that reality yet.' Channeling can be a very clever way to cover the reality of Multiple Personality Disorder and offers a way of covering up when personality systems break into conscious awareness, explaining it away as 'an entity.'"

- Brice Taylor [7]

Another common report is surgical implantation of devices and scars from medical procedures.

"Many operations which are said to take place inside the saucers and performed by 'alien' beings are in fact carbon copies of the kind of operations performed on the restraining tables of psychiatrists in the employ of the CIA and other military and intelligence agencies — right down to the reports of tiny electronic brain implants inserted through the nose, the standard insertion technique for both brain control shrinks (as exemplified by Dr. Jose Delgado, the originator of the technique) and, so we are told, the grey aliens."

- Jim Keith [19]

"Electronic stimulation of the brain — through implants or wirelessly — was also documented throughout the House and Senate Select Committees investigating covert government research in the 1970s. There is abundant precedent for these studies, yet the rare survivors who have come forward and documented the fact that they carry unknown devices or implants using X-ray or MRI are seen as proof of alien abduction!"

- Brian Moss [34]

"Perhaps the most interesting pieces of evidence surrounding the abduction phenomenon are the intracerebral implants allegedly visible in the X-rays and MRI scans of many abductees. Indeed, abductees often describe operations in which needles are inserted into the brain; more frequently still, they report implantation of foreign objects through the sinus cavities. Many abduction specialists assume that these intercranial incursions must be the handiwork of scientists from the stars. Unfortunately, these researchers have failed to familiarize themselves with certain little-heralded advances in terrestrial technology,' Cannon says. 'The abductees' implants strongly suggest a technological lineage which can be traced to a device known as a

'stimoceiver,' invented in the late '50s-early '60s by a neuroscientist named Jose Delgado.' Addressing the large number of 'implants' reported by abductees, Cannon writes: 'If we are to take seriously abductee accounts of brain implants, we must consider the possibility that the implanters, properly perceived, don't look much like the 'grays' pictured on [Whitley Strieber's](#) dustjackets. Instead, the visitors may resemble Dr. Joseph A. Meyer and his brethren.' Meyer, Cannon suggests, could be one of the top men behind the abductee brain implants, and the 'scoop marks' and other scars on abductees bodies. 'We would also have an explanation for the reports of individuals suffering personality change after contact with the UFO phenomenon.'"

• Walter Bowart [1]

"Researcher, writer, and producer Andy Boehm interviewed Paul Bonacci with Decamp's assistant Denise Meyer in 1993. He corroborates the stories of the other Project Monarch victims. Paul Bonacci encountered [Michael Aquino](#) at Offutt Air Force Base several times wearing an army uniform. 'Mainly it was on his trips to St. Louis,' Bonacci said, 'And cause he came here for a couple of different Satanic holidays. I encountered a lot of things that were with Monarch that were somewhere else. We went to different military bases. I went to Ft. Riley, Kansas. I went to the Presidio out in California for some training...a base in Colorado which is where they did a lot of the 'alien' training. What they would do is have a couple of ships that would look like alien ships, and they would drug you up. Cause I remember doing this to other kids. And they'd use some of the other kids and they would put them in uniforms and they would use LSD which would make you feel like you were already out of it anyway. They would be wearing uniforms and they would do little experiments. They would actually take little metal — they looked like implants — and they would let you see what they were doing. Some people would implant them, and then take them out, later on. I know some of them were locators. Because they wanted to know where the person was at all times. I mean they had this little thing, it was on the satellite and they could find that person. The reason they were doing that — I overheard some of them talking about it — as they had soldiers in action or something in different countries, that they would know where all their men were and they would know what the status of them was, whether they were living or dead, and they would be able, if they were dead, to find their body. So, that's why they were testing them. But on the kids they were using it to make sure they knew where they were.'"

• Walter Bowart [1]

"Some victims of these abduction experiences are implanted during their abduction. Researcher Helmut Lammer reports that 'alien' abductees Debby Jordan and Leah Haley had implants removed from their ears. What is significant about this, is that the bio-chip implant designed for humans which is credited to Dr. Man, best works behind the ears. (Sources: The Kansas City Star carried an article about how Dr. Man's implants work best behind the ear. Helmut Lammer reported on implants & military involvement in abductions in his article 'Preliminary Findings of Project MILAB: Evidence for military kidnappings of alleged UFO abductees.') From this author's interviews with 'alien abductees' it was clear that 100% of them were victims of U.S. government trauma-based mind-control and that many of them had been taken to underground programming facilities and made to believe they were at another planet. This is happening in foreign countries too. However, this doesn't mean that flying saucer craft do not exist, they do. It is strange that 'alien' implants have gotten more technologically sophisticated over the years."

• Fritz Springmeier [9]

Originally, the 'aliens' were 'regular' people (mind control slaves themselves), costumed to look alien and then used in these abduction scenarios. The drugs, fear, and various hypnotic/mind control techniques used further enhanced this facade to the victims being kidnapped and programmed.

"The grey alien is a creation of Nazi innovation. An alien being was needed to accompany the secret advanced flying machines made during WWII in Germany, which after the war were smuggled onto the shores of America and developed into the Nazi UFO hoax. What was their secret formula in creating the grey aliens? Let's start with the stocking mask. The stocking mask was the precursor of the ski mask so often used today in many a bank robbery. The stocking contorts the face down to the bones and removes a person's individual facial features. The ears become just two holes and the nose (on a child) becomes two nostrils instead. The mouth becomes a nonfunctional slit. And the eyes disappear altogether. It makes you look almost alien; except for the eyes. One could add a nice pair of WWII army surplus goggles to hide the

lack of eyes. If one hides the elastic on the goggles, each lens (which is almond shaped) becomes an eye. If the stocking is wrapped around the head, covering the hair, the head becomes bigger and bald. Add a little white bath powder to blend it all together. And did I mention that the Nazis liked to use children, specifically little girls. The Nazis were not only innovative; they were cheap. The little grey alien doesn't even get clothes, but has to run around in the cold night air naked. Why is the 'grey' alien not the 'gray' alien when reported in the American press? One might assume the use of the American spelling 'gray' would be the one of choice. A scratch of the surface and one discovers the term 'grey', with British spelling, has Western Intelligence roots. After World War II the Western Allies labeled refugees by color-coding. 'Black' denoted war criminals, 'White' denoted victims of Nazi oppression and 'Grey' denoted known Nazi collaborators. Only Blacks and Greys needed the Vatican ratline to escape justice. When I was a grey alien I was certainly collaborating with the Nazis, the UFO hoax's little joke. The grey aliens were a part of a larger program of mind control, especially of cult-connected members (victims). No one comes back from abduction with anything good to say about grey aliens because they were a substitute in what used to be 'Satan' programming, as in Satan is watching you, only now it's the greys and they are inserting implants and watching you. Same difference. Both Satan and grey aliens also like animal mutilations, not to mention both are involved in the sexual creation of hybrids, Satan-human and alien-human. What are grey aliens good for? They can't reproduce to make more grey aliens. This is true since they only used prepubescent females and then called them adult males. The Nazis seemed confused on this issue. Maybe the grey aliens had long life spans; which might enable them to travel in their Nazi UFO many millions of light years from home. At any rate they turned out to be enormously popular with the general public and cult alike. Two of the original space aliens, the Venusians and the Greys, were created out of people the Nazis already controlled, their army of Beta sex slaves. Sex trafficking and [blackmail](#) is one of the big guns in the Nazi war on sanity. With the Earth going to hell as we speak, the Nazis have supplied us with an otherworld salvation, about which we have a choice. We can all form a One World Government to fight the alien invasion, or we can all form a One World Government to follow our alien overlords, its up to you."

"Aliens can take us — our consciousness — out of our physical bodies, disable our control of our bodies, install one of their own entities, and use our bodies as vehicles for their own activities before returning our consciousness to our bodies.

Recently, I listened to a podcast or interview with Ron James of MUFON. In a section regarding Havana syndrome and brain anomalies of "experiencers" he mentions that he once interviewed retired United States Army colonel John B. Alexander (The Men who Stare at Goats). He goes on to describe Ret. Col. Alexander's work researching non-lethal weapons, which are not as innocuous as the term implies.

This is what Ron James said of the work: "These guys are looking at ways to control energy that we don't see and affect people's souls and all kinds of crazy stuff."

Do you think the US government has learned how to remove someone's "soul" or consciousness from their body? And place another within the vessel?

Can you imagine the vast implications of this? They could remove a world leader and place another consciousness in their body to control world affairs. Or they could take out the person piloting a leaders aircraft and assassinate them by way of plane crash. If the US or any government has created this technology, they are literally casting themselves as God.

Link to timestamped video of Ron James interview. The whole interview is interesting but long.

"They could remove a world leader and place another consciousness in their body to control world affairs."

This is already being done, just not by anything to do with souls, but trauma-based mind control. The people in power (presidents, high politicians, etc.) are under mind control since a young age. Their programmers can program them to do anything at all, they can switch/trigger their alter personalities at will, they are fully under control.

Seems like if they have the tech to sort of pop a person's consciousness out, that would be much easier than decades of programming and more decades of "handling."

Sounds like demonic possession. Demons are corporal beings.
