# The Black Nobility (Part 1)

November 6, 2020 by [Total Disclosure](#)

During [Ciro Orsini's Deep Dive](#) and [Podcast](#), I showed you receipts and testimonies. In this chapter, the focus moves towards exposing the Black Nobility. The Papal Bloodlines are the secret, shadow hierarchy of the Jesuit Order controlling the Black Pope. These powerful bloodlines are the Breakspear, Somaglia, Orsini, Farnese, and Aldobrandini. These five dominating families unite with the Borgia, Chigi, Colonna, Conti, Este, Medici, Pallavicini, and Pamphili to form the ancient 13th Saturnalian bloodlines.

The most powerful man right now is the Grey Pope and King of Rome: Pepe Orsini. The Papal Bloodlines of the Jesuits "Black Nobility" are the real families who control the world from behind the scenes. They use religion, finance, property, health, weather, the media, and mind control to yield their power over the masses. The bloodlines often mentioned to be at the top are actually the second level of the human power hierarchy.

Yes, the Rothschilds and the Rockefellers control massive amounts of wealth, but whose wealth is far greater than theirs?

It makes sense that some of these bloodlines date back to the height of the Roman Empire and the founding of The Catholic Church. These antique dynasties have moved Kings and Queens from behind the scenes for at least a few millennia. They have made pawns out of the 99.9% of humanity, and their convenient stealth is ending as I and others expose them. These bloodlines control all the other secret societies through the Jesuit Order and their Knights of Malta.

Pepe Orsini

Ciro Orsini

## Bonded by blood

Their headquarters in missile-protected Borgo Santo Spirito in Rome offer shelter to the trillionaire criminals. Their wealth comes from centuries of exploiting humanity through enslavement and wars. Hailing back from the Dark Ages, to the Middle Ages! Every single war and gold plundering campaign benefited the ancient thirteen families in some way or the other. Pepe Orsini rules from Rome, Italy, and Henry Breakspear rules from Macau, China. The Windsors of England, the Oranjes of Holland, and the rest of the European royals are pawns.

Maria Camilla Pallavicini is far more powerful than Queen Elizabeth II. The Queen and Prince Philip are subordinate to the Papal Bloodlines and their Jesuit U.K. headquarters at 114th Mount Street in London. A study of who funded Elizabeth I with an astronomical amount of money to fight the Spanish shows it was the Pallavicini bloodline. The most powerful man right now in the pyramid is Pepe Orsini of the Roman Papal Bloodlines. The Orsini clan is also known as the Orso and the ancient Maximus Roman family.

There is no one more powerful than this figure who is known as the Grey Pope. The Papal Bloodlines are the secret shadow hierarchy of the Jesuit Order pulling the strings of the Black Pope. The thirty-first and current Superior General of the Jesuit Order is Venezuelan Arturo Sosa. He was elected by the 36th General Congregation on October 14, 2016. This man controls the White Pope, otherwise known as Jorge Bergoglio. "Pope Francis" is the only pope in existence for the masses, they have no clue.

## Three popes and thirteen families

Both the Black Pope and the White Pope are commoners, used as pawns by the Papal Bloodlines. The Rothschild bloodline married into the ancient thirteen when David Rothschild married Princess Olimpia Aldobrandini. These bloodlines constitute the most powerful families on the planet, and it isn't even close as far as wealth goes. The Grey Pope pulls the strings, unseen as he controls both wings of the Roman Catholic Church.

These Egyptian Ptolemaic Dynasties are in full control of the Company of Jesus, the High Grey Council of Ten, and anything below. It may be shocking to learn about these families for the very first time, for sure. But that's because the subservient thirteen families act as pawns and a distraction. The Astor, Bundy, Collins, DuPont, Freeman, Kennedy, Li, Onassis, Reynolds, Rockefeller, Rothschild, Russell, and Van Duyn bloodlines are below. They act as a shield and are the common target of historians and journalists trying to expose them.

The "Black Nobility" are the oligarchic families of Venice and Genoa who held privileged trading rights (monopolies) since the 12th century. These families created multiple fronts to hide their wealth and avoid disclosing the sources for such immense income. Forget about them paying fair taxes, as they are the taxman! "Fondi" is the collective financial interest of a family of the landed aristocracy or a family of the rentier-financier. The Fondi functions as a private bank, or a syndicate of several fondi may combine forces to create a jointly controlled private bank or insurance company.

# Chaos is a ladder

The fondi generates income from speculation on gains from the manipulation of commodity prices. It's all facilitated through monopolies over some portion of the markets. All commodities are exploited for gains, including raw materials and their transportation. Syndicates of fondi increase their power over society by financing the debt of governments. If the syndicate can establish a monopoly of lendable currency, bullion, or credit, it can dictate key government policies. including the appointments of government officials.

Thats how they control policies on tariffs, taxation, public works, land concessions, monopolies, and else. This is what we are witnessing with the International Monetary Fund offering "COVID-19 relief" to struggling nations. The old problem, reaction, solution mantra adopted by Freemasonry and other secret societies. Create the problem and then charge for the solution. With this fake pandemic, they are also trying to break society with the help of a total economic collapse. Or economic reset, if you are part of the club and you know what's coming. Chaos is a ladder.

The first of three crusades, from 1063 to 1123, established the power of the Venetian Black Nobility. The gold-plundering, land-grabbing campaigns solidified the power of the wealthy ruling class. The Black Nobility achieved complete control over Venice in 1171 when they claimed the Doge's appointment. It was now up to the Great Council, which consisted of the aristocracy (including the Medici bloodline), to decide. Venice has remained in their hands ever since, but the power and influence of the Black Nobility extends far beyond its borders.

#### The IMF is Focused on the Crisi

Enhance lending, debt relief, debt sustainability
- 2 A stable economy & strong recovery that includes everyone**  
Address the rise in inequality because of the pandemic, increase transparency, better governance
- 3 Building more resilient economies**  
Put the global economy on a more sound, sustainable, and greener footing

**"Some even believe we are part of a secret cabal working against the best interests of the United States, characterizing my family and me as 'internationalists' and of conspiring with others around the world to build a more integrated global political and economic structure – one world, if you will. If that's the charge, I stand guilty, and I am proud of it."**

**– David Rockefeller, from his own book, "Memoirs".**

## Houses of the unholy

Don't forget that our modern banking system originated in Italy. In 1204 the oligarchic family parceled out feudal enclaves to their members, and their power build-up has grown since. They pressure until the government breaks and owes so much it becomes a corporation. The Black Nobility is the owner of all these flagged corporations or countries. This Saturnalian cartel earned its title through their dirty tricks and love for all things Satanic. When the population revolted against the monopolies in government,

the leaders of the uprising were quickly seized and brutally hanged.

Today is not that different, but at least they try to disguise murders as suicides and accidents. The Black Nobility uses secret assassinations, blackmail, bribes, kidnapping, rape, and worst to subdue their "friends" and foes. The house of Orsini currently leads the Vatican kingdom. Who are some of these subservient royal families today? All the families can be traced back to the Windsor (Saxe-Coburg & Gotha) bloodline.

- Britain: House of Saxe-Coburg & Gotha.
- Belgium: House of Saxe-Coburg & Gotha.
- Germany: Houses of Hanover & Witten.
- Spain: House of Bourbon.
- France: House of Merovingian.
- Netherlands: House of Orange.
- Austria: House of Habsburg.
- Monaco: House of Grimaldi.
- Italy: House of Guelph & Savoy.
- Russia: House of Guelph.
- Sweden: House of Bernadotte.
- Norway: House of Wittelsbach.
- Denmark: House of Oldenburg.
- Portugal: House of Braganza.
- Romania: House of Hohenzollern.
- Serbia: House of Karadjordjevic.
- Luxembourg: House of Nassau.
- Liechtenstein: House of Nassau.
- Albania: House of Zogu.

## Sheer manipulation

The House of Guelph descends from the Este bloodline, and they rule Italy as one of the original Venice Black Nobilities. The House of Windsor and thus the present Queen of England, Elizabeth II, descends from the House of Guelph. The Guelphs are so intertwined with the German aristocracy through the House of Hanover that it would take several pages to mention all their connections. Almost all European royal houses originate from the Black Nobilities or swore fealty to them for eternity centuries ago.

Having the power to print money is not where the real power lies; controlling natural resources and armies is! Do you think Jeff Bezos, Bill Gates, Warren Buffett, and Carlos Slim (supposedly the wealthiest people in the world) have more wealth than the people

who allowed them to amass those fortunes in the first place? It would take Carlos Slim 220 years to spend all his money at a rate of \$1 million per day. And yet, the wealth he possesses is only a fraction of the wealth amassed by the Black Nobility. The Rockefellers and the Rothschilds are merely gatekeepers.

Today, the Windsors rule by dominating the raw materials market, and for years they fixed the price of gold. Curiously, a commodity they neither produce nor own. The house of Windsor also controls the price of copper, zinc, lead, and tin. It is no accident that the principal commodity exchanges are in England. Companies run by the Black Nobility include British Petroleum, Oppenheimer, Lonrho, Phibro, and many more. **PART II HERE.**

I am completely interested in truth and who controls what and why along with how we can become free. This is my first time hearing of the grey pope and although I've known a lousy the black pope I don't know too many people who realize he's real.

This is terrific. I am in Italy now 45 years and see all their wealth in plain sight. People do not know this. I once rented for a few years one of their many properties a restored former slave land workers country house all surrounded by hundreds of acres of land gained as described in this document. The tax information is still practiced today. I recall a few years after I had left I received a strange letter demanding Euro 2,000 for draining of the canal system along the cultivated fields which tenants have nothing to do with it. It is their fields and they make money from what they reap. I already had suspected something fishy about them. I met one of them visiting the property. They never talk to anyone except their administrators.

This is another subversive maneuver by the money changers of before Christ era. In deed, this is most likely true, but they're trying like hell to hide behind the " Italian" " Venice" "Roman Catholic Empire". They put the Italian Godfather and or the British Monarchy spin on the information leaving out crucial details. Upon further investigation and tracking everything correctly, these lineage always goes back to the Lost sheep of the House of Israel. They are the blood thirsty vampires who we are NOT allowed to talk about. Who are you still not allowed to mention on fear of imprisonment?? After all these decades. They are still hiding behind their lies and deceit hoping people will be too afraid to call them out for what they truly are. They are so evil, they make it a felony to criticize them. They are the Jew. They wrote the Bible, and the Bible has the blue print for the New World Order. Except this is not their first reset. Think about all the other past genocides. They thought it was

biblical then too and their ancestors before them and so and so forth. And every 138 years, they do these resets because they know we're figuring it out. That's why they keep destroying Empires.

I am a direct descendent of Savoy, Habsburg, Medici, Orsini, De Bourbon and Dupont. My 9th great grandfather Francois Giacinto Hyacinth Savoy escaped the monarchy at age 16 during the middle of the Piedmontese civil war. His mother Christine De Bourbon of France faked his death by burying an empty casket because she stood to lose everything if the truth ever got out. My grandfather migrated to acadia and lived out the rest of his days as a humble plowman who would confess his true identity to his children on his deathbed. To me, my great grandfather is a hero because he escaped the Satanic system of oppression and lived his life in peace and harmony with the land as we were meant to. These noble families only have power because we believe that they do. Their wealth only has value because we believe that it does. The truth of the matter is, the emperor has no clothes. They are nothing and they know it. The moment we decide to reject this satanic system of oppression, is the moment their power dissolves. And that is their biggest fear.

The Savoy bloodline ties us to the Princesse de Lamballe, who's death was also a hoax, by the way. If you read into the stories surrounding her demise, you'll find numerous contradictions in what's reported to have happened to her. No one is certain of how she died, despite the fact that she was reportedly murdered in broad daylight by a group of bloodthirsty "sans-culottes", which should've made it easier for people to see what happened and give more consistent accounts. Read more about that here:

<https://pieceofmindful.com/2021/01/10/black-dahlia/#comment-183287>

This also ties us to the French Revolution, which was another psyop ran by the same criminals. Lamballe was also a high-ranking Freemason, and her society played a key role in manufacturing revolutionary dissent against the French crown, so the Families were playing both sides against each other to distract – as well as to divide – the masses from the massive theft and lies they were perpetrating against them, as well as to profit immensely from it. With that in mind, there was no way they would allow harm upon her.

One of the goals behind the revolution was to seize church assets and give them to the state, which then ended up in the possessions of the bankers and their cronies. Another was to manufacture fake wars in Europe to speed up military expenditures, which was just another way to loot the French treasury of its contents. Napoleon was placed into power to continue that second objective, as the first one was already completed.

I mention Lamballe since she was closely connected to the Bourbons, who ruled France from 1589 (the year Catherine de Medici "died", btw) until 1792 (the year of Lamballe's "death"), when the Bourbon monarchy was abolished – until they were restored to power in 1815, only to be dethroned again in 1830.

During that time, France went through the Renaissance and then the Enlightenment, both of which sparked liberal sentiments amongst the aristocracy and the commons, something the Families did not like. But seeing that it was better to keep your enemies closer to you than your friends, they soon infiltrated them to weaken any serious opposition to their hegemony.

They've done the same thing with the American Revolution (which France also supported). Their ruling cousins in Britain saw it convenient to simply mislead the Americans into thinking that they were free, which allowed them to covertly control/manage their assets in the thirteen colonies and still receive a percentage of tax revenues – per the dictates of the treaties of 1783 & '94 – without much difficulty. Rinse and repeat.

Lamballe also went by the alias of Sophie Madeleine Dalmas, who married into the DuPont family a year before the Princesse "died" in 1792. The DuPonts, too, were closely associated with the French Bourbons, which is another huge clue. The family were also war profiteers (look at their track-record from WWI), so there's that They always keep it within the Families.

You are absolutely correct. I have been saying this for years. Wealth is but an illusion, based on say so. Whichever currency/commodity you wish to use, only has value because one party says so and the other accepts it. We the

common man, by awakening in numbers and withdrawing our acceptance of their DEBT system, will by doing so, confine them to the Hell that they themselves created. We Don't Need Them! All we need do is to unite in Peace.

And please tell me how does one go about rejecting this horrible genocide!!?? If you know please share your idea. If everyone keeps on praying to God, this will keep on happening generations after generations and on and on. This is a Kabbalah black magic spell in the church. Because of the infiltration. I realize that the brainwashing of the masses keeps getting stronger and stronger. Wishing love and light your way. Thanks in advance.

Consider this – nuclear bombs are a hoax. Hiroshima and Nagasaki were fire-bombed. Obama signed a 1 trillion dollar nuke program as he was leaving in 2016. Robert Oppenheimer was the lead on the Manhattan project. The whole project was a scam, like the Apollo moon landing. I did not know Oppenheimer has ties to the Black Nobility. Their biggest claim to raw power is the Nuclear Bomb. Their power really is hoax, but their scam is working (so far)

When looting the contents of the Federal Reserve & Treasury to fund fake wars won't do, there's always another profitable racket they could use their tax budgets to pay for. The Coronavirus scam is the most recent example of this. Like with the nuclear program and the War on Terror, trillions were amassed into the tax-exempt bank accounts and vaults of the ruling class and their minions from countries and businesses under their thumb, while the masses lived in terror and footed the bills for their rackets. These psychopaths are relentless in their effort to maintain and expand their power & wealth at all costs.

""Fondi"" is the collective financial interest of a family of the landed aristocracy or a family of the rentier-financier. The Fondi functions as a private bank, or a syndicate of several fondi may combine forces to create a jointly controlled private bank or insurance company."

The name "Fondi" reminds me of Jane Fonda, who – like all the top families and

their minions – are crypto-Jewish. She was also associated with Nancy Pelosi, who is from such bloodlines. Under her watch, Pelosi gave out trillions in tax breaks & monies to the uber-rich (TARP, Trump's tax cuts, CARES, two stimulus packages, etc. are prime examples), essentially continuing what Bush left off, but with a slightly different angle.

I'm sure there's a connection between Fonda and Fondi. Maybe a little genealogy research will show us the answers.

Anyways, here's her family tree. On Fonda's maternal side, she's also a Seymour, which probably ties us to Henry VIII's Jane Seymour (reportedly a Roman Catholic), as well as a famous British actress by that same name (admittedly of Jewish ancestry herself):

<https://www.geni.com/Jane-Fonda/6000000000138924065>

In some sites, it's claimed that Fonda is of Italian origin, so that may ties to "Fondi", also an Italian name:
