

## CHAPTER SEVEN: The Franklin Cover-Up / Bohemian Grove Connection

blogspot.com

In 1989, the Franklin Credit Union (Lincoln, Nebraska) came under investigation, after an audit in which 40 million dollars came up missing. The culprit was the bank's founder, **Lawrence King**.

He had been a rising star in the Republican Party and had even sung the National Anthem at [the opening ceremonies](#) (see video at 1:10) of the Republican national convention in 1984. He had a reputation for throwing large, extravagant parties for high-level politicians in Nebraska and Washington DC.

When FBI agents raided his bank building, there was a huge and ugly twist in the plot: They discovered thousands of photographs...*pornographic photos of children with adults*.

Not just *any* adults though. *These were prominent local citizens...police officers, police chiefs, judges, and regional 'captains of industry'.*

And it went to even higher levels: *There were national leaders in these photographs...senators, congressmen etc.*

When I first came across this story (early 2005), I was electrified because it just so happened that back in 1988, I had read a book entitled [Satan's Underground](#) by Lauren Stratford, in which she had described being forced as a child to participate in strange sex parties, and brutally sadistic and murderous satanic rituals which were attended by an array of community VIPs.

I had been astonished and greatly impacted by the book, especially in the context of a handful of Geraldo Rivera TV specials during that time, which had focused on purported widespread satanic cult activity. The book was subsequently "discredited" in the eyes of most of the Christian community, as a result of intensive efforts on the part of a certain Bob Passantino.

Even I had been swayed by Passantino at the time, but...what were the odds of *two* independent sources

coming up with the utterly improbable and utterly bizarre stories of high-level satanic activity and pedophilia?

After reading the book in 1988, I had thought *never again in a million years* would I ever see or hear of such a horrendously evil scenario.

**John DeCamp** who eventually authored the book **The Franklin Cover-up** was a state senator in the Nebraskan legislature at the time of the scandal and was considered one of the five most powerful and influential politicians in the state (according to the Associated Press).

He was chairman of the banking and finance committee so it befell him to preside over the whole Franklin matter.

DeCamp is very far from being some sort of 'tin foil hat' paranoid. In fact, he and his associates initially set out to 'debunk' the rumors that were emerging from the FBI. He couldn't believe these stories were true...but he found out otherwise. Once the news got out to the public, **83 children came forward (by this time most were young adults) to give testimony of having been subjected to sex slavery and satanic ritual abuse.**

However, by the time local authorities had gotten through with the first four depositions...the remaining 79 witnesses turned around in their tracks. Two of the first four young people ended up dead. Previous to that, two siblings of the four witnesses also died...all of these under 'mysterious' circumstances.

The remaining two children stuck to their stories despite threats that they would both be charged with perjury for making 'false statements' against these prominent citizens. **Alicia Owen**, barely out of her teens, was sentenced to 25 years in prison. She finally got out in 2001, still holding to her original complaints.

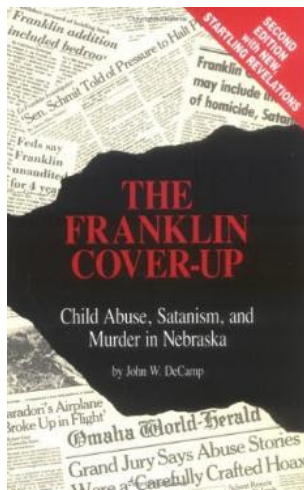

**Paul Bonacci** was also put in prison. He *also* has stuck to his testimony throughout all of this, and in fact has gone on to play an important role in the '**Jeff Gannon**' story about which there will be more to say shortly.

Ironically, Bonacci, despite having been imprisoned for perjury (and other things) nevertheless won a million dollar lawsuit against Lawrence King for charges of rape, kidnapping etc. (King was sent to prison for bank fraud only.)

**The breathtakingly corrupt process whereby such a grievous and blatant series of injustices could be committed, essentially in full view of the entire Nebraskan community...is a very, very disturbing, disconcerting thing.**

Although the story was blacked out on the national level...it was nevertheless documented in a fast-selling paperback book (DeCamp's)...and featured in a major investigative report by a TV news team from Great Britain. *And yet all the principals walked away virtually scot-free, AND sent the more 'obstinate' whistle-blowers/victims (young children) to prison for long terms.*

To put it in simple terms...when the authorities *ARE* the perpetrators and the perpetrators *ARE* the authorities, there is no earthly justice or recourse, at the end of the day (unless the American people wake up).

As I read through DeCamp's book, I came across a very haunting passage where Senator DeCamp described the critical closing events of Alicia Owen's trial. Here is DeCamp's excerpt about the moments before Alicia's sentencing:

*Sitting in Judge Enbody's chambers...my head hung so low it was hitting my shoestrings.*

*'I do not understand it, Your Honor', I kept repeating. "As God is my witness, I do not think that there is a judge or other person involved in this case who does not know that horrible injustice has been done.*

*Everybody knows that Alisha Owen is telling the truth and that she is being punished for it. And Your Honor, a person has to be be...blind or totally dishonest, not to know that some of this state's and nation's top businessmen and public officials have engaged in the worst crimes possible, which are now being covered up."*

*"And these kids, instead of being honored and protected for exposing these things, are being sent to prison. Why? Why? Why?"*

*Judge Enbody looked at me. Slowly, his voice shaking, he began to talk. "I'm just a man. I am not a god. I wish I were. I have no choice in what I have done. I am just a man, just a man, not a god. I am doing what I must do with the evidence before me," Judge Enbody concluded. He appeared even more shaken and upset then I was.*

(From "**The Franklin Cover-Up**" page 391-392)

Unfortunately, the indications are these kinds of horrors are going on all over the world. Here is a similar situation in Great Britain -- [Video](#)

---

The Franklin Cover-Up fiasco is, by the way, another gigantic object lesson which addresses the questions about how such things could be "*kept from the public*". Study this scenario. Are you not beginning to understand just how utterly manipulated and controlled the "mainstream media" are?

The media, including the TV networks, radio stations, all the major publishing houses, the entertainment and film industry...are under a very high degree of "elite" top-down control. And this amazing 'black out' of the Franklin story is an example of that.

## **WASHINGTON DC/GEORGE BUSH SR.**

Having been resoundingly rebuffed by the "system" in Nebraska, dozens of these young people

nevertheless came forward to tell *private investigators* their horror stories. Among these investigators was John DeCamp (he had returned to private life a few years after the Franklin scandal) who writes of all these things in his book.

**The children told of being flown to Washington DC to participate in these pedophilia activities. And yes...three or four of the young people readily identified Bush Sr. as having attended these gatherings.**

And there was **significant corroboration** on this: Several years earlier, in 1985, two young girls had testified about George Bush Sr. and this was separately confirmed by DeCamp --AND by Webster Tarpley in his explosive book **[George Bush: The Unauthorized Biography](#)**.

Here are some excerpts from Tarpley that are strongly seconded by DeCamp: *Way back in 1985, a young girl, Eulice (Lisa) Washington, was the center of an investigation by [Andrea L. Carener](#)*

, of the Nebraska Department of Social Services. The investigation was instigated because Lisa and her sister Tracey continually ran away from their foster parents, Jarrett and Barbara Webb. Initially reluctant to disclose information for fear of being further punished, the two girls eventually recounted a remarkable story, later backed up by other children who had been fostered out to the Webb's [sic].

These debriefings were conducted by Mrs. Julie Walters, another welfare officer, who worked for Boys Town at the time, and who had been called in because of the constant reference by the Webb children and others, to that institution.

Lisa, supported by her sister, detailed a massive child sex, homosexual, and pornography industry, run in Nebraska by Larry King. She described how she was regularly taken to Washington by plane, with other youths, to attend parties hosted by King and involving many prominent people, including businessmen and politicians. **Lisa specifically named George Bush as being in attendance on at least two separate occasions.**

Mrs. Julie Walters, now a housewife in the Midwest, confirmed that in 1986 she had interviewed the alleged child prostitute, Lisa, who told her about Mr. Bush. Lisa and her sister Tracey were temporarily living at the time in the home of Kathleen Sorenson, another foster parent. Mrs. Walters explained that at first she was very surprised. But Lisa, who came from a very underprivileged background with no knowledge of political affairs, gave minute details of her attendance at political meetings around the country.

From Julie Walters' 50-page handwritten report:

3/25/86. Met with Kathleen [Sorenson] and Lisa for about 2 hours in Blair [Neb.] questioning Lisa for more details about sexual abuse.... Lisa admitted to being used as a prostitute by [Lawrence] King when she was on trips with his family.

**Lisa said she first met V.P. George Bush at the Republican Convention** (that Lawrence King sang the national anthem at) and **saw him again at a Washington, D.C. party** that [Lawrence] King hosted.

Here is a December '07 interview with John DeCamp: **[LINK](#)**

DeCamp has written and stated in numerous interviews that over a dozen people died under 'mysterious circumstances' in a power struggle over the control of this Franklin scandal. This included [Gary Caradori](#)

(the official investigator for the Nebraska legislature) and his eight year-old son, when his plane blew up over Aurora, Illinois.

Also, a few years later, **William Colby**, the former director for the CIA (there are apparently good guys AND bad guys in the CIA) who had mentored DeCamp through the Franklin scandal *died 'mysteriously'*.

Some of you may recall that story from the news. Interestingly, the aforementioned Chip Tatum (in chapter 6) had some insights into that particular matter (in his Ted Gunderson interview):

**Ted Gunderson:** *Are you aware of the details of his [William Colby's] death?*

**Chip Tatum:** *I'm aware that he died in a canoeing accident. I'm aware that the home - the door of his home was left open and his computer was accessed.*

*You know, I've flown Bill Colby on several other occasions, in - under the OSG. One thing Colby was always meticulous about was the requirement to wear our water-wings whenever we were on overwater flights in single-engine rotary-wing aircraft.*

*He was meticulous about us wearing those safety-vests, almost to the point that you would think that he - you know, he had some fear of water, and, from what I understand from his wife, he always wore his life-vest when he went out canoeing. But he didn't have it on then, did he?*

**Ted Gunderson:**

*No, he did not, and furthermore not only was the computer left on, and the door was open, but there was a partial meal on the table, and, when Colby went out on his canoe, in the boat, he always put his flag up, his mariner's flag up. The flag was not up, and furthermore he was very meticulous about not going out in his boat when there was a high wind, and there was rough - in rough waters, and there were rough waters that particular night.*

*And I - you know, he's a good friend, or was a good friend of John DeCamp. John DeCamp is a good friend of mine. And I don't know how John feels, but I'm very comfortable saying that I think that he was murdered, assassinated.*

**Chip Tatum:** *I believe he was neutralized.*

**Ted Gunderson:** *Neutralized. You use the word "neutralized," I use the word "murder." They're both the same, when it comes to CIA operations.*

*You know, he was - I don't know if I can say this for a fact, but I'd say I've been told, after - up to 25 years after you've served in the CIA, you cannot write a book without approval of the CIA, without them reviewing it, editing it, and he was three months away from that period, and he was writing a book. Is that true, Chip?*

**Chip Tatum:** *That's true from the best of my knowledge...*

## BUSH AND SATANISM?

Satanic rituals in high places, wholesale pedophilia, massive CIA-based drug smuggling, murder after murder, CIA 'mind control' atrocities (you'll hear more about this later). *WHAT IN THE WORLD!*

Can we begin to ask certain questions out loud regarding some of the nation's 'leaders'...about Bush family members and Satanism/Luciferianism? Are there any hints anywhere? Any outward indications?

Well....there is **Bohemian Grove**, for one thing. The Grove is an [extremely strange place](#)

, to say the least. It is a huge 2700-acre compound located about 70 miles north of San Francisco (nearer to Sacramento) in a Redwood forest, and is ostensibly used as a retreat and gathering place for world leaders (male only)... going all the way back to the 1870's.

**David Gergen**, a top adviser to several US presidents has made the disparaging remark about this place in the past...that he didn't prefer to "*run around naked in the woods*". That gives you a hint. **Richard Nixon** also once made a remarkable and [pointed comment](#)

about alleged extensive homosexual activity going on at this place.

The Bohemian Grove is also quite clearly a **Druid organization**. The druidic status is openly acknowledged in Bohemian Grove's own historical documents. Any discerning Christian should be extremely intrigued and concerned to know that a vast array of elite US and international leaders (such as German Chancellor Helmut Schmidt--pictured in the photo below, giving a 'lakeside' lecture at the Grove) give this place glowing reviews...and happily participate in druidic rituals which take place at Bohemian Grove.

General awareness about the Grove is kept out of the mainstream. But the druidism being practiced at this place is an open secret on the back pages of the Internet.

The few times there are passing references in the media, it is simply assumed (and correctly so) by these media folks that the whole thing will be viewed by the public in the same way *they* view it...as a joke...a 'light-hearted lark'. Very few will have the biblical discernment required to *take seriously* the occultic/satanic essence of historic Druidism.

Truth be told, even among the two or three thousand luminaries who attend the one large annual gathering (usually held around July), the vast majority may not have any conscious awareness of actual "satanism" being practiced at the Grove.

But there is an abundance of evidence which indicates there is a core of serious occult devotees. It's the typical 'set-up' for Luciferians--a large organization with many outer layers of membership who are generally unaware of the "inner core".

*Although I must say...in this case it's unlikely the larger group is completely unaware of the prostitution, and weird "closeted-elite-gays" aspects of Bohemian Grove. Anyone who gets anywhere near the Grove*

hears all the stories, and a number of employees who work inside the compound have reported back with bizarre and disturbing "anecdotes".

**On this point I would be emphatic---*Bible-believing* people should be able to routinely recognize Druidism for what it is and always has been--- very thinly disguised Satanism.**

The central highlight of the annual gathering at the Grove is a mock human sacrifice. That's shocking enough, particularly since there are many supposed "Christian" government leaders attending. But then there are *also* reports of what happens in the smaller, more secretive gatherings. It is not good.

Many horror stories have been leaking out of this place, for many years. It has been described as a place of great debauchery and perversion. A sick and twisted playground for many of the 'elites' of this world. The problem for these people though, is that in the age of the Internet, the information is becoming available...and it can be documented and strongly corroborated.

This is one of those points at which Christian people maybe need to start 'connecting the dots'. Think about this from a Biblical perspective--- do you think it is a mere coincidence that an entire array of world leaders prefers to gather at a druidic/satanic compound?

If it's simply about getting some fresh air in more of a 'woody' setting, I'm sure there are plenty of luxury hotels in appropriate locations. Why, of all things, a druidic compound...where they stage mock human sacrifices (not to mention the horror stories that have seeped out of this place)?

In the photo above (you can [LINK](#) to a larger image)...notice the creepy, quasi-religious, druidic look of things, complete with swamp and torches.

It is certainly strange to see a gathering of 'elites' sitting on the ground...like kids at a vacation Bible school or something. What kind of a meeting of world leaders is this?? Why aren't they at their usual five-star hotels? What's different about this occasion?

And notice who is sitting right up front at this meeting: **Bush Sr. and Junior**. Lest anyone thinks this is photoshopped or something, the decades-long participation of these two in Bohemian Grove festivities is **strongly documented**. And even though relatively rare...if you know where to look for it in the media, their attendance has been routinely verified.

[LINK LINK LINK LINK](#)

In fact, many of the Bohemian Grove photographs circulating throughout the Internet come from official print copies of **The Annals of Bohemian Club**.

The truth of the matter is that the Bush people *can't get enough of this place*. They even have their own permanent, private encampment inside the compound, nicknamed The Hillbillies. **Lakeside at the Grove:**

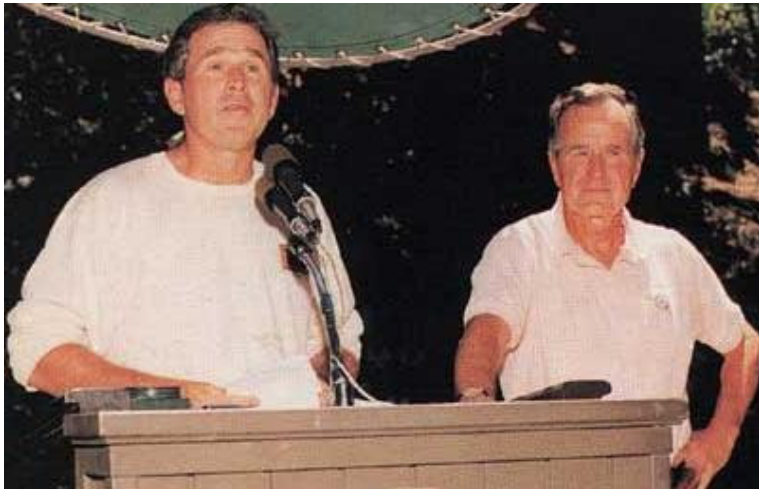

***A human effigy that has been prepared for the sacrifice ritual.***

In the above photo we see the remains of a human effigy, the morning after a sacrifice

ritual. Here you are looking at the lake from the other side. Notice the speaker's lectern in the background, where Bush Sr./Jr. and all of those world leaders were seated in the above photo (with Helmut Schmidt).

Is this not a shocking bit of evidence? Bush, father and son, had been sitting just on the other side of this same lake, right across from a location where there has been a satanic mock human sacrifice ritual. This ritual is a routine part of the "festivities" at Bohemian Grove. ***Bush, father and son, at the shaded lectern (the same lectern seen in the photo with Chancellor Schmidt).***

***The***

***Bohemian Grove Owl, which towers over center stage at lakeside.***

The owl (pictured above) has played an important role in corroborating some of the testimonies of the Franklin children. Remember Paul Bonacci, the boy who stuck to his story about the sex slavery/Satanism and went to prison? He had related an incredible story of a particular incident involving sexual assault and

human sacrifice...and he had insisted it took place at the base of a forty-foot 'owl' ...and at a location somewhere near Sacramento.

In 1989 none of the investigators knew what he was talking about and there was concern that trauma had affected his memory or that he was embellishing. Some years later (into the 90's) it was finally ascertained that there was indeed this improbable 40-foot owl....at the Bohemian Grove.

By the way, Bonacci does suffer from Multiple Personality Disorder (also known as DID) as a result of his horrendous experiences...as do virtually all of the children who have been subjected to satanic abuse (and the closely related 'CIA mind control' MK Ultra/Monarch atrocities which are described here a bit later).

Here now is this testimony from Paul Bonacci regarding that event. Be forewarned—even though this boy is making the effort to keep his language clean, he is nevertheless describing extreme savagery and brutality:

*"I went in January of '84 on every trip. I was paid by men King knew for sex. The summer of '84 sometime I went to Dallas, Texas and had sex with several men King knew in a hotel. I flew on YNR airlines (by the way that's a private airline or a private charter deal) and Cam airlines (another private charter deal) normally for King. I never had much personally to do with King only went where he told me to go."*

*"In or on July 26th, I went to Sacramento, CA. King flew me out on a private plane from an airfield in Omaha to Denver where we picked up Nicholas. A boy who was about 12 or 13, then we flew to Vegas to a desert strip and drove into Las Vegas to some ranch and got something. Then flew on to Sacramento."*

*"We were picked up by a white limo and taken to a hotel. I don't remember the name of it. We, meaning Nicholas and I, were driven to an area that had big, big trees. It took about an hour to get there. There was a cage with a boy in it who was not wearing anything. Nicholas and I were given these Tarzan things to put around us and some stuff like that. They told me to, (I won't use the word) blank the boy and stuff. (In other words have sex with him.)"*

*"At first I said no and they held a gun to my genitals (I'll use that word) and said do it or else lose them or something like that. I began doing it to the boy and stuff. And Nicholas had anal sex and stuff. We were told to blank him and stuff and beat on him. I didn't try to hurt him."*

*"We were told to put our blanks in his mouth and stuff and sit on the boy's blank and stuff and they filmed it. We did this stuff to the boy for about 30 minutes or an hour when a man came in and kicked us and stuff in the genitals. And picked us up and threw us. He grabbed the boy and started blanking him and stuff."*

*"The man was about (I'm not sure how to say this) the man was about so many inches long and the boy screamed and stuff. The man was forcing his blank into the boy all the way. The boy was bleeding from his rectum and the men tossed me and him and stuff and put the boy right next to me and grabbed a gun and blew the boy's head off."*

*"The boy's blood was all over me and I started yelling and crying and the men grabbed Nicholas and I and forced us to lie down. They put the boy on top of Nicholas who was crying and they were putting Nicholas's hands on the boy's blank. They put the boy on top of me and did the same thing."*

*"They then forced me to blank the dead boy. (It gets pretty crude.) They put a gun to our heads to make*

*us do it. His blood was all over us. They made us kiss the boy's lips. (Anyway, a few other things.) Then they made me do something I don't even want to write so I won't."*

*"After that the men grabbed Nicholas and drug him off screaming. They put me up against a tree and put a gun to my head but fired into the air. I heard another shot*

*from somewhere and then saw the man who killed the boy drag him like a toy. Everything including when the men put the boy in the trunk was filmed."*

*"The men took me with them and we went up in a plane. I saw the bag the boy was in. We went over a very thick brush area with a clearing in it. Over the clearing they dropped the boy. One said the men with the hoods would take care of the body for them."*

*"I didn't see Nicholas until that night at the hotel. He and I hugged and held each other for a long while. About 2 hours later the men or [Lawrence] King came in and told us to go take a shower since we'd had only been hosed off at some guy's house. We took a shower together and then were told to put on the Tarzan things."*

*"And after we were cleaned up and dressed in these things we were told to put on shorts, socks and a shirt and shoes and were driven to a house where the men were at some others. They had the film and they played it. As the men watched it they passed Nicholas and I around as if we were toys..."*

For further insight you can view [Conspiracy of Silence](#), a documentary about the Franklin scandal that was supposed to be broadcast but was cancelled only hours before it was to air on the Discovery Channel.

There is also a major research website, [FranklinCase.Org](#) which keeps track of all the latest developments and information.

Here is further testimony from Bonacci: [LINK](#)

It should be of major significance to students of the Bible to realize that this giant owl [has been identified](#) as the god "**Moloch**" (or Molech), who is therefore being honored (worshipped) in these mock human sacrifices that go on at the Bohemian Grove. Indeed, Moloch has historically been the central deity of Druidism, going back to [antiquity](#). The indication I have gotten from [biblical evidence](#)

is that "Moloch" is very likely an alias for Satan himself.

"Text Only" link: [Trouble in Bohemian Grove Paradise](#)

**George W. Bush has achieved enormous political gains from his reputation for being a devout, evangelical, born again Christian. I pose the question: Why would someone who truly seeks to follow Christ, come within a thousand miles of Bohemian Grove?**

**[LARGER IMAGE](#)**

In the above photo, we see the Moloch-honoring mock human sacrifice ritual in progress at the

Bohemian Grove. The great owl that Paul Bonacci described to DeCamp looms menacingly over the scene.

*Does this remind you of Satanism...or does it remind you of Satanism?*

*Remember--* Bush, father and son, literally have front row seats at these gatherings.(It has been reported numerous times that Bush Jr. has participated in the rituals, as a younger man).

the human sacrifice ritual...going back to his cabin to spend a little time in communion with the Lord and read a few passages from the Scriptures, before 'lights out'? I certainly can't. *Is it time to connect the dots?*

Can you imagine Mr. Bush after having sat through

## SKULL AND BONES

I would ask the reader to consider for a moment the following facts. I do not know why this is so completely overlooked by Christian people. It's really an amazing oversight:

George W. Bush, his father George W.H. Bush and grandpappy Prescott Bush...have all been members of the ultra-secret, ultra-creepy fraternity, Skull and Bones, at Yale University.

Understand this: Everything that has ever been reported about this group, everything that has ever been described about it, every inside peak that has ever been gained and every indication that has ever been received, points to...*hardcore, industrial strength Satanism.*

The initiation rites are overtly satanic and sexual, and involve tremendous evil, having nothing in common with Christian character. Even if this fraternity were no worse than some of the laughable cover stories that have been put out (such as having to lay naked in a casket during initiation and confess 'sexual sins') it should by all rights, be a source of embarrassment to a devout Christian and something from which he would want to distance himself.

George W. has never managed to utter one word of qualification, nor one word of reservation. Not a single indication of repentance. Nothing.

When he was asked about Skull and Bones on Meet The Press (Feb.8, 2004) during his campaign for re-election he simply said: *"It's so secret we can't talk about it."*

That was IT. No apology. No expression of regret. No awkward fumbling to put a 'positive spin' on it. Nothing like—"I was young and foolish in those days but since that time I have come to accept Jesus as my personal Savior and I really want put that terrible stuff behind me." Nothing

And he has continued to celebrate and commemorate his Skull and Bones membership, gathering regularly to fellowship with other members throughout all the years.

In the context...is there not something to discern here? Should we as 'God's people' continue to politely

avert our eyes from such things, as is currently the case (especially all those 'famous' Christian leaders who can't wait until their next luncheon at the White House)?

***The Skull and Bones building on the Yale campus***

***Left to right: Barbara Bush, George W. Bush, George H.W. Bush, Dorothy Walker Bush, Prescott Bush***

**At this stage, questions may be emerging** in some people's minds as to how it could be humanly possible for someone to have been this deceptive all along...to be this 'two-faced'...to live out a virtual Jekyll-and-Hyde existence so consistently...and to successfully erect a Christian façade over an entire lifetime.

**I think the answer is that...it is NOT humanly possible.**

If George W. and other members of the Bush family are in fact *luciferian* –and I strongly theorize they are—to be able to perpetrate that kind of massive deception and lead such a huge double life is something virtually 'superhuman'...something diabolical.

As you go along further in this investigation, you'll begin to hear more about the subject of luciferian/CIA 'mind control' techniques, which are extremely brutal and sadistic in nature.

We will get into this more (particularly in broaching the Jeff Gannon story) but suffice it to say...there are

things that need to be understood about the historical origins and methodology of Luciferianism. There are things that need to be understood about the rigors and even the brutality that Lucifer's human adherents subject THEMSELVES to.

## GOVERNOR JEB'S PERSONAL DEMON-GOD

Now here is an incident that strikes me as significant, especially in the context of everything else we have looked at--

In September of 2005, Governor Jeb Bush presided over the induction ceremony of Rep. Marco Rubio as House Speaker of the Florida legislature. At the close of the proceedings Gov. Jeb got up and made the **following statement**:

*"Chang is a mystical warrior. Chang is somebody who believes in conservative principles, believes in entrepreneurial capitalism, believes in moral values that underpin a free society."*

*"I rely on Chang with great regularity in my public life. He has been by my side and sometimes I let him down. But Chang, this mystical warrior, has never let me down."*

Run that by me again? Had his medication worn off...or is there something else going on here?

No one who witnessed this speech came away describing a 'twinkle' in the Governor's eye—as though it were a tongue-in-cheek comment. There was no tension-relieving chuckle from him followed by *"but seriously folks"*. He made the statement, and he hung it out there to dry.

(Not only that, but very ominously, there seemed to be 'knowing' applause and cheers from many of the legislative members and audience, who were in attendance.)

Again, are Christian people supposed to politely pretend he didn't say that? He is testifying to a personal relationship with a 'mystical' being. If he meant his words to be taken literally and at face value, then he is describing a personal relationship with a superhuman entity, i.e. a demon.

Those of us looking at this from a Biblical perspective should be able to decipher what he is referring to.

If he DIDN'T mean to be taken literally then, at best, his statement is very bizarre and he is an extremely odd person. As one blogger humorously commented on this: *"I have an imaginary friend too. His name is Loopy. He's a polar bear who helps me fight crime."*

As I said though...I think in the CONTEXT of everything else, this is a significant indicator. Remember—we have read reports of Jeb Bush hiring Colombian assassins for murder...also found in a corroborative context.

***Jeb Bush and Marc Rubio with the “Sword of Chang”--a gift from Bush.***

## **DEVIL’S HORNS**

Here is another aspect about the Bush people that makes them either very weird...or very sinister: They incessantly flash the ‘devil’s horns’. You can put this in the ‘For-What-It’s-Worth’ department but...I think it’s an indication. See for yourself, in the photos below.

Some have tried to argue that this all has to do with the President’s daughters having attended the University of Texas in past years. They’re just displaying the UofT “hook’em horns”, so it is explained.

Maybe in some specific situations and specifically in regards to their daughters, there is some partial truth to that. But I’m quite doubtful that explanation applies to *all* these occasions...not as much as these folks flash the horns.

I would pose this question--- So, when you’re getting off the presidential helicopter and walking across the White House lawn, flashing those horns...this is because your daughter was attending a certain college, a thousand miles away?

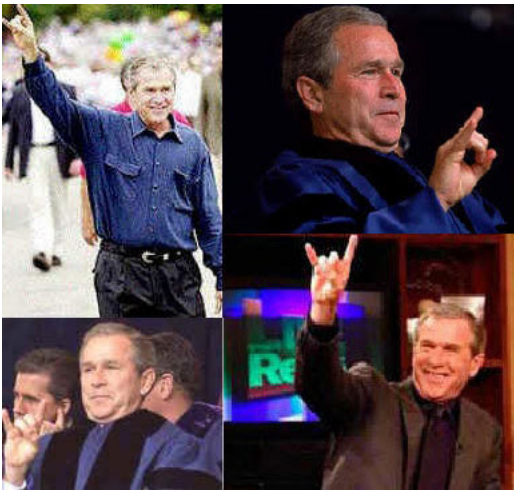

It has also been explained by ex-occultists and other occult researchers that, in this photo of Laura Bush (above), in addition to the ‘devil horns’ display, there is likely also intentional significance in the way her left hand has the downward pointing index finger.

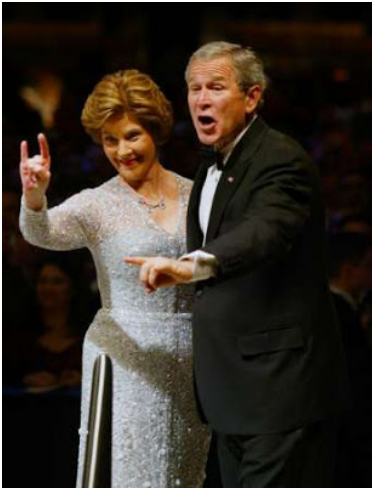

Personally, I have a WIDE variety of friends from a HUGE array of backgrounds and not a single one of them greets me with ‘the horns’...especially not middle-aged, 50-something people. At the very least, this is quite odd. After all, does Laura Bush (the heir to the [Welch’s Grape fortune](#)) strike you as someone who has gone to so

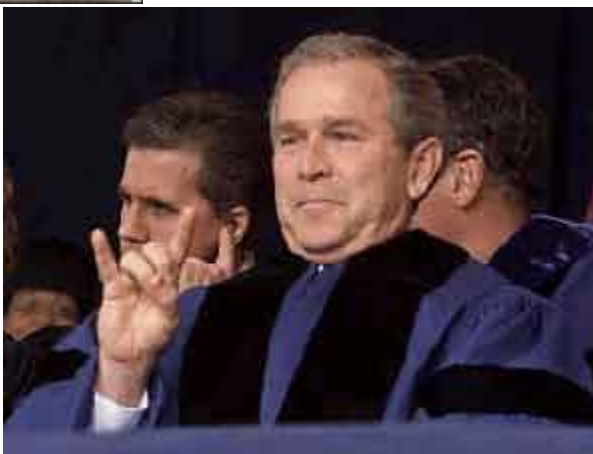

many Motley Crue concerts that this has just become her normal way of greeting people? The above photo was taken,

for example, at the Presidential Inauguration festivities. That's not the kind of place you're going to run into a bunch of pierced and 'tatted' teenagers out

in the audience shouting: "Hey, Mr. Prez...duuude!" What I believe we may be seeing here are 'elites' greeting one another.

## AND WHERE'S THE 'EVERYDAY' CHRISTIANITY?

In general, other than the religious 'testimony' George W. has

trotted out on occasion, and other than the bare minimum prerequisite 'Christian' affiliations of an American political family, the President's wife and daughters in particular, are completely and utterly lacking even the most perfunctory 'everyday' manifestations of their alleged Christianity. They make absolutely no mention of it in any of their statements, for one thing. *In our context*, that seems somewhat ominous.

It's certainly odd (although I suppose *not unprecedented*) that George Bush, the influential 'leader of the free world', has apparently had zero impact on his immediate family, in regards to his Christian faith, particularly since his 'conversion' was supposedly of a rather dramatic nature, and during a time when his daughters were still very young and impressionable.

Is this yet another indication that George Bush is merely a 'Christian' show pony, for cynical political purposes...(while the rest of his family snickers behind the scenes)?

And although a lot of young people sow their oats the way the Bush daughters have, it's harder to reconcile the comments Laura Bush made at the White House press dinner (in March of 2005) where she cracked jokes about masturbating a horse.

If she had simply been carried away in a moment of ill-advised humor, that's one thing. But these were *prepared statements* being read by her from a teleprompter. I happened to tune into the live broadcast (on C-span) and her numerous off-color comments were astonishing and made my blood run cold. It was as though you were witnessing a flip side...a 'darker side to these people's lives.

There are also a number White House 'insider' reports of [volcanic eruptions and profanity from the President](#)

. You can decide for yourself what the significance might be, but it all seems to go together to create a context: This 'Jekyll and Hyde' phenomenon.

Also, in these photos ([link/link](#)) you can see the President is missing one of his horns.

**Psalm 9:***I will praise you, O LORD, with all my heart;  
I will tell of all your wonders.  
I will be glad and rejoice in you;*

*I will sing praise to your name, O Most High.*

*My enemies turn back;*

*they stumble and perish before you.*

*For you have upheld my right and my cause;*

*you have sat on your throne, judging righteously.*

*You have rebuked the nations and destroyed the wicked;*

*you have blotted out their name for ever and ever.*

*Endless ruin has overtaken the enemy,  
you have uprooted their cities;*

*even the memory of them has perished.*

*The LORD reigns forever;*

*he has established his throne for judgment.*

*He will judge the world in righteousness;*

*he will govern the peoples with justice.*

*The LORD is a refuge for the oppressed,*

*a stronghold in times of trouble.*

*Those who know your name will trust in you,*

*for you, LORD, have never forsaken those who seek you.*

*Sing praises to the LORD, enthroned in Zion;*

*proclaim among the nations what he has done.*

*For he who avenges blood remembers;*

*he does not ignore the cry of the afflicted.*

*O LORD, see how my enemies persecute me!*

*Have mercy and lift me up from the gates of death,*

*that I may declare your praises  
in the gates of the Daughter of Zion*

*and there rejoice in your salvation.*

*The nations have fallen into the pit they have dug;*

*their feet are caught in the net they have hidden.*

---

*But the needy will not always be forgotten,*

*nor the hope of the afflicted ever perish.*

*Arise, O LORD, let not man triumph;*

*let the nations be judged in your presence.*

*Strike them with terror, O LORD;  
let the nations know they are but men.*

*Selah*
