Unless you are living under a rock you have probably heard about  
Pizzagate. The mainstream media has summarily dismissed  
Pizzagate as Fake news:

*“The conspiracy theory — stemming from creative interpretation  
of well-connected Washington political players’ emails, made  
public by Wikileaks — abounds on websites like 4Chan and  
Reddit.”*

I wanted to read about the “Creative interpretation” of the emails

and the modernist murals and paintings hanging on the walls of the Comet Ping Pong restaurant owned by the man at the center of this controversy, Mr. James Achilles Alefantis. Alefantis who co-founded Comet Ping Pong 10 years ago, a casual spot for clay oven pizza, is an artist born and raised in Washington and was once in a relationship with David Brock. Brock, a provocative former right-wing journalist who became an outspoken advocate for Mrs. Clinton. Alefantis manages his restaurant with kid-friendly features like Ping-Pong tables and a craft room. Famous natives like members of the band Fugazi have held small shows there.

So I searched the web and got About 10,900 results (0.78 seconds) :

And then there is the FBI who has been trying to end Child Sex Trafficking in the United States for years. Former CIA director and Circle member William Colby had this to say to his friend Senator John De Camp in 1994,

And then there is FBI director James Comey’s bizarre behavior in the last election when he inexplicably reopened the criminal investigation of Hillary Clinton because of the smoking gun evidence discovered on the laptop filed under “life insurance” belonging to Anthony Weiner, the disgraced former New York congressman and husband of 20-year Clinton aide Huma Abedin. Evidence that directly linked both Clintons to Epstein’s child sex slave [pedophilia operation](#) on his Caribbean island estate. ## **“Pizzagate”: How 4Chan Uncovered the Sick World of Washington's Occult Elite**

November 15, 2016

Posters over at 4Chan and Reddit have been conducting an extremely bizarre investigation following the John Podesta e-mail leak (Hillary Clinton's campaign chairman) and the results are surreal: They've apparently uncovered an elite child trafficking network which celebrates its tendencies using code words and disturbing artworks.

***Warning: This article contains disturbing material***

In my article [Clinton's Campaign Chairman John Podesta Invited to an Occult 'Spirit Cooking' Dinner by Marina Abramović](#), [Appendix B] I explained how a mundane dinner invitation found in the Podesta e-mail leaks was actually a clear link to bizarre occult ceremonies happening at the highest levels of power. While that by itself was rather shocking, it appears to only be the tip of a very disgusting iceberg.

4Chan effectively unearthed a strange network of high-powered people who, through art, events and social media, actually celebrate a culture that revolves around death, torture, cannibalism and ... child abuse. Most of this disturbing material was not even hidden, it was out there in the open, exposed on business' walls and posted on social media.

Furthermore, an analysis of the Podesta e-mails revealed that the network appeared to communicate using code words to coverup their shady dealings.

The epicenter of this entire thing is, believe or not, a hipster pizza place named *Comet Ping Pong*.

## Comet Ping Pong

*Comet Ping Pong* is a 'family friendly' pizzeria where people can eat, drink and play ping-pong.

The owner of *Comet Ping Pong* is James Alefantis who is, for some reason, ranked #49 in the top 50 'Most Powerful People in Washington' of GQ magazine.

Alefantis as featured on the GQ website. He is described as 'D.C. Radical Chic'.

Alefantis' boyfriend is David Brock, the gay founder of liberal media watchdog group *Media Matters for America*. He was described by *TIME* magazine to be "one of the most influential operatives in the Democratic Party". The power couple was heavily involved in Hillary Clinton's campaign.

An invitation to a Clinton fundraising event featuring 'Chef James Alefantis of Comet Ping Pong', Clinton's campaign chair John Podesta and others.

In short, Alefantis is very connected to very powerful people. Now let's look at his Instagram account, which was publicly accessible until 4Chan began prying in. The account is filled with bizarre and disturbing pictures – often involving small children. Here are some examples (I can't even post them all).

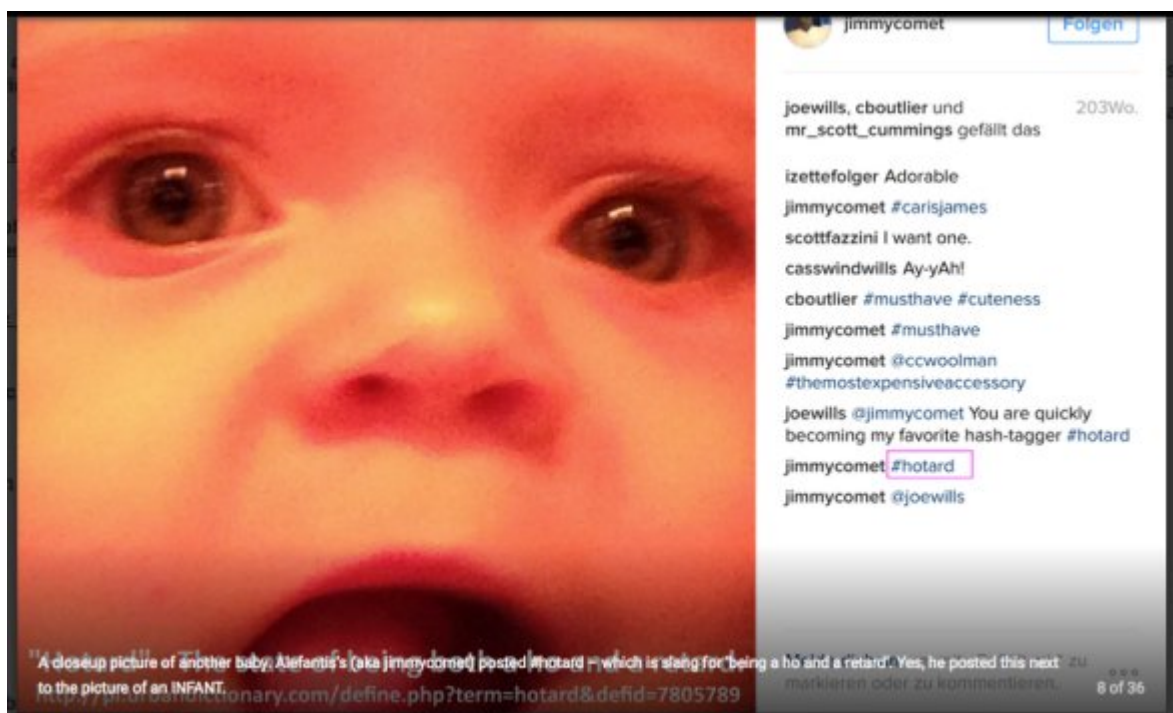

A young girl with her arms taped to a table with a man standing behind her. One of the comments say "This is pretty creepy bro." This is beyond creepy bro.

A young girl inside a basket ... as if she was about to be bought.  
Many pictures allude to buying and owning children while preying  
on this innocence.

A closeup picture of another baby. Alefantis's (aka jimmycomet)  
posted #hotard – which is slang for 'being a ho and a retard'. Yes,  
he posted this next to the picture of an INFANT.

Another strange pic involving a child and a weirdly placed yellow beads necklace. Also, notice the hashtag #chickenlovers.

Here's a definition of 'chicken lover' found with a basic web search.

For some reason, Alefantis posted a picture of a cavernous room.  
EVERY SINGLE comment next to this picture is EXTREMELY CREEPY, almost as if they knew that something awful was about to happen there.

artist Arrington de Dionyso. It depicts strange people holding the heads of smaller people.

This is another painting de Dionyso. His work often contains MKULTRA-related themes such as dual personalities (two heads), the exploitation of children – often mixed with occult symbolism.

Another 'radical' artist that is close to *Comet Ping Pong* is Marina Abramovic.

The Podesta Wikileaks dump revealed that John Podesta and his brother Tony were personally invited to Marina's Spirit Cooking event.

## John Podesta

A screenshot of John Podesta sitting in his office during an interview. Hanging on the wall is a painting that clearly alludes to cannibalism.

John David Podesta was the Chairman of the 2016 Hillary Clinton presidential campaign. He previously served as Chief of Staff to President Bill Clinton and Counselor to President Barack Obama. Wikileaks released thousands of Podesta's e-mails and it was soon discovered that an inordinate amount of messages referred to 'pizza' and 'hot dogs'. Often times, these words were used in bizarre contexts and in sentences that did not make any sense.

Some observers believe that handkerchiefs are used as 'mementos' in MK abuse. This is a painting from Monarch mind control survivor Kim Noble depicting a victim being abused. There's a piece of cloth underneath the child. The body appears to be levitating, which represents dissociation after extreme trauma.

This is an ad for Comet Ping Pong which appears to use the same “dissociation” symbolism.

art has even made the news. Here's an article from the Washington Post describing how guests were 'horrified' by the art inside Podesta's bedroom.

"At political events, there's an inevitable awkwardness," former Clinton administration official Sally Katzen said at a Women's Campaign Fund dinner at the Podestas' home this summer. "The art is an ice-breaker. It puts people at ease."

Not always. Folks attending a house tour in the Lake Barcroft neighborhood in Falls Church earlier this year got an eyeful when they walked into a bedroom at the Podesta residence hung with multiple color pictures by Katy Grannan, a photographer known for documentary-style pictures of naked teenagers in their parents' suburban homes.

"They were horrified," Heather recalls, a grin spreading across her face.

If Tony and Heather enjoy in-your-face art, they also reward their artists. The Podestas are eager to assist those they've earmarked as promising, and donate time and resources to the cause.

jimmycomet @andybrdy hmm where? It's a great piece  
andybrdy @jimmycomet at the national gallery in Ottawa. Ours isn't metallic gold though. I don't think.

The sculpture depicts the violent physical reaction of patients suffering from hysteria.

*"The physical tension of the hysterical arch – an intense muscular contraction, resulting in immobility and paralysis of the limbs – is emblematic of an equally extreme emotional state. Bourgeois makes this highly vulnerable position even more so by suspending her male figure from the ceiling."*

– **National Gallery of Canada**

Bourgeois was inspired by studies on hysteric women. The subject of her art is however a man.

The sculpture is also strikingly similar to one of Jeffrey Dahmer's headless victims. I won't post the picture in this article but it can be found [here](#).

[Actially I will just in case it is goes missing.]

Dahmer was a serial killer who abused and cannibalized young men. He often placed his victims in symbolic positions and took pictures of them.

An article from Washington Life describes Podesta's love from Marina Abramovic (do see the links connecting?) as well as "under-the-radar" artist named Biljana Djurdjevic.

*“If you’ve ever dreamed of strolling through a museum with a slice of pizza and glass of wine in hand, you need to befriend superlobbyist **Tony Podesta**. Known about town as a legendary political “fix-it” man, Podesta has turned his Kalorama home into a shrine to contemporary art, ranging from relatively under-the-radar artists such as Serbian painter **Biljana Djurdjevic** to those who are much better known (like French sculptor Louise Bourgeois). (...)*

*Currently he has collected from 40 different artists in some depth, with his top five being **Marina Abramovic**, **Vik Muniz**, Bourgeois, **Olafur Eliasson** and **Antony Gormley**.”*

*– Washington Life, **Inside Homes: Private Viewing***

Tony Podesta also has a large paint of Djurdjevic in his living room. Here’s another painting by Djurdjevic.

Rationalize it all you want, but this is a painting of a child being tortured.

## In Conclusion

This article only contains some of the findings uncovered by 'private investigators' online. What has been exposed is, most likely, only the tip of the iceberg of a huge, complex network that has many ramifications. Each thread could probably be investigated further and lead to even more disturbing facts connecting even more high-powered individuals.

Going through the material of this article is a difficult and painful process, but it exposes the true mind-state and philosophy of the occult elite. They publicly celebrate a specific culture of death, abuse and dehumanization through their art and events, leaving us to only speculate about what they do behind closed doors. The symbolism in the above images is in perfect accordance with the occult elite's culture that I have been describing on Vigilant Citizen for years.

The "*Pizzagate*" investigation reveals, at best, the disturbing culture of the elite and, at worst, an all-out child trafficking ring. And don't believe that only Democrats are into this. This is the true culture of the occult elite, a circle of powerful people who operate far above political parties, and far above the law.

*Kim Noble is a rare occurrence: a trauma-based mind control survivor with over 13 alter personas who don't know each other but who all paint. She has suffered DID and MPD (dissociative identity disorder and multiple personality disorder) for most of her life, as a result of an extremely traumatic childhood. Each one of her alters paints with a personal and distinctive style but they all have one thing in common: they reveal the dark world of mind control programming, from its horrific techniques to its symbolism. We'll look at the works of this unique artist who reveals a world that is totally hidden from the masses.*

Many articles on this site point out the presence of mind control symbolism in popular culture. Photo shoots, music videos and movies often glamorize and trivialize mind control and its symbolism by associating it with famous stars and trendy happenings. The fact however remains that these references celebrate one of the most abominable practices known to man: trauma based mind control, also called Monarch programming. Originating from the secret CIA project called MK-Ultra, Monarch programming subjects its victims to some of the most sadistic tortures conceivable (for more details on Monarch programming

see the article entitled [Origins and Techniques of Monarch Mind Control](#)).

The works of Kim Noble vividly document the life of a mind control slave through the eyes of 13 alter personas. While a few of these alters paint peaceful landscapes and nature scenes, most of them depict horrific aspects of mind control such as physical torture, electroshock, violent abuse, dehumanization and dark occult rituals. The stories told by these paintings are almost too much to bear, yet they likely actually happened to Kim Noble as they precisely reflect accounts of other Monarch survivors. Looking at the works of Kim Noble not only reveals gritty details of an abominable practice carried on by “elite” organizations, it reveals the symbolism that is also thrown in our faces on a daily basis through corporate-owned mass media. Let’s look at the life and works of Kim Noble.

## Who Is Kim Noble?

I have the feeling that Kim Noble herself would have trouble answering this question. Here’s the biography found on her official website.

*“Kim Noble is a woman who, from the age of 14 years, spent 20 years in and out of hospital until she made contact with Dr Valerie Sinason and Dr Rob Hale at the Tavistock and Portman Clinics. In 1995 she began therapy and was diagnosed with Dissociative Identity Disorder (originally named multiple personality disorder). D.I.D is a creative way to cope with unbearable pain. The main personality splits into several parts with dissociative or amnesic barriers between them. It is a controversial disorder but Kim has had extensive tests over 2 years by leading psychology professor at UCL, John Morton, who has established there is no memory between the*

*personalities and that she has the misfortune of representing the British gold standard over genuine dissociation.*

*Having no formal art training, Kim and 13 of her personalities (alters) became interested in painting in 2004 after spending a short time with an art therapist. These 12 artists each have their own distinctive style, colours and themes, ranging from solitary desert scenes to sea scenes to abstracts, collages, and paintings with traumatic content. Many alters are unaware that they share a body with other artists.*

*What is remarkable to all is both the quality of their work and the speed of their progress. Within five years of starting to paint they have already had seventeen successful solo exhibitions and participated in an equal number of group exhibitions. Kim was also the first Artist in Residence at Springfield University Hospital in Tooting, South West London.”*

*– [kimnoble.com](http://kimnoble.com)*

Despite the fact that she has to live with 13 alter personas – who randomly take control of her body – Kim Noble is fortunate enough to be living a relatively normal life. The fact that the programming stopped at a young age has helped her become “well-adjusted”. She has a teenage daughter named Aimee, who was mostly raised by the motherly alter named Bonny.

In the past few years, Kim Noble enjoyed some mainstream exposure and was featured in national newspapers such as [The Telegraph](#), [The Guardian](#), [The Independent](#) and several others. She even appeared at the [Oprah Show](#), where she was interviewed and was shown switching personas. As you might expect from mainstream media, the coverage of Noble’s condition was extremely superficial and focused on exploiting the “freak” aspect of her condition for shock value. The true cause of her condition,

trauma-based mind control, which is extensively described in her works, is almost never mentioned.

Although most articles and interviews about Noble “applauded” her courage and whatnot, none of them dared discussing the core message of her work and the system that it describes. Many of Noble’s paintings depict terrible scenes of organized, institutionalized and systematic violence, torture, and child abuse combined with elaborate occult symbolism. It is obvious that the trauma Noble went through was not caused by a single sadistic father but by an organized entity that held many children. The only article I found delving into the mind control aspect of Noble’s work was [\*The Art of Dissociation\*](#) from the excellent website Pseudo-Occult Media. However, to most newspapers, Noble’s work is nothing more than an example of “outsider art” (a term popularized by trendy art-world douches to identify art created by people with mental problems). Most observers are fascinated by the fact that each one of Noble’s alters paint with a distinctive style, but it’s as easy to recognize that her collective works describe her past as a Monarch programming victim.

The “real” Kim Noble does not recall any of the abuse she suffered – several of her alters do, however, and they express all of it in their paintings.

*“To all intents and purposes, each of Kim’s personalities is an artist in their own right: Patricia paints the solitary desert landscapes, Bonny’s pictures often feature robotic dancing figures or “frieze people”, Suzy repeatedly paints a kneeling mother, Judy’s canvasses are large, conceptual pieces while Ria’s work reveals deeply traumatic events involving children.*

*These disturbing images are at the root of Kim’s extraordinary condition; DID is a creative mental survival strategy whereby*

*the personality splits at a young age due to severe and chronic trauma. The number of personalities that exist often depends on how long the trauma lasts. But Kim herself has no memory of being abused as a child; she has been protected over the years by her alters.*

*"I've been told I was abused and to me at this moment in time, it's too much. It goes in one ear and out the other. It's no good retraumatizing me and telling me something I don't want to know – in any case, there would be a switch."*

*Kim has good reason to fear learning about her past as it's possible that if she acquires too much information, she won't be able to cope and will "disappear". It's happened twice before. (omega)*

*This is where it gets really weird – for Kim isn't Kim at all. The personality I am interviewing is Patricia and it is she who manages her and Aimee's lives, but Patricia wasn't always the dominant personality. Before Patricia took over, Bonny held the fort and two years previous to Bonny, it was Hayley.*

*Kim watches me closely as she explains: "You see Kim is just the 'house', the body. There isn't a 'Kim' at all – she has completely split. So we answer to the name Kim but really I am Patricia. When people call us 'Kim' I suppose many of us just assume it's a nickname, but once people know you they don't use your name very often in conversation."*

*Of the 20 or so personalities who share "Kim", some are easily identifiable: there is 15-year-old Judy who is anorexic and bulimic, maternal Bonny, religious Salome, depressed Ken, sensible Hayley, Dawn, Patricia and elective mute MJ. There are*

*also a handful of children “frozen” in time. A few of the alters know about the DID but many are unaware – or refuse to accept it.*

*“Judy doesn’t believe in the DID,” explains Kim. “She’s only a teenager and she calls our therapist a nutter when she tries to explain it to her. She’s so young, she doesn’t even think Aimee is her daughter. She knows about me and she thinks that I’m a terrible mother because I’m always leaving Aimee. To her, it’s totally normal to keep coming and going. She probably thinks that you come and go too.”*

*There are certain “triggers” that can force a change and gradually Kim has learnt what they are in order to avoid them – but it doesn’t stop her switching up to three or four times a day.”*

**The Podesta e-mails released by Wikileaks contain various bizarre entries, including an invitation to a 'Spirit Cooking' dinner from notorious occultist Marina Abramović. These parties include blood, semen, breast milk ... and God knows what else.**

A leaked e-mail reveals that John Podesta was invited to a 'Spirit Cooking' dinner by Marina Abramović in 2015. John David Podesta is the Chairman of the 2016 Hillary Clinton presidential campaign. He previously served as Chief of Staff to President Bill Clinton and Counselor to President Barack Obama.

Before going any further, [here's a video](#) [I have a copy in case it is Re-moved] of Marina preparing a 'Spirit Cooking' ritual.

Yes, the process involves buckets of congealed pig's blood. Marina paints on walls instructions that are coded in classic occultist language.

*Spirit cooking refers to “a sacrament in the religion of Thelema which was founded by Aleister Crowley” and involves an occult performance during which menstrual blood, breast milk, urine and sperm are used to create a “painting”.*

Strange fact: In [another leaked e-mail](#), Podesta contacts his doctor about an infected finger. Strange coincidence.

wound with clean peri strips. I've arranged to do that tomorrow morning. Tonight the finger seems to
be swelling more and hurts a bit more. Color is still pink and consistent with other skin. Swelling
could be a result of PT, but seems possible that it's infected. I can keep my a appointment with the
WH med unit and ck in after that, unless you think it's better to come in straight away.

Further in the video, Marina drenches in blood a statue shaped like a small child.

Why do I have the sick feeling that actual children might be used during these ceremonies?

Why would an occultist such as Marina Abramović be in direct and friendly contact with people at the highest levels of power? Because they are all part of the OCCULT ELITE.

## Marina Abramović

Marina Abramović is considered to be the “grandmother of performance art”. Most of her work however takes place in private settings where she conducts magick rituals. She is an important and powerful figure in pop culture and is greatly influential in Hollywood, the fashion world and the music business.

## Marina performing with Jay-Z.

Marina is an “occult pop culture” icon. Here are symbolic pictures celebrating this fact.

On this cover of Vogue Ukraine, Marina represents the stronghold of occultism on the fashion world.

In the same photoshoot, Marina is holds a goat's head by the horns – a classic way of representing the drawing of magickal power from Baphomet.

Same photoshoot: Marina standing in front of a model with inner body parts exposed while doing an occult handsign.

This picture was featured in The New Yorker along with a lengthy article praising her career. A serpent hiding one eye: The perfect way of representing a member of the occult elite.

Marina on the cover of ELLE with one eye hidden.

Mimicking Baphomet horns.

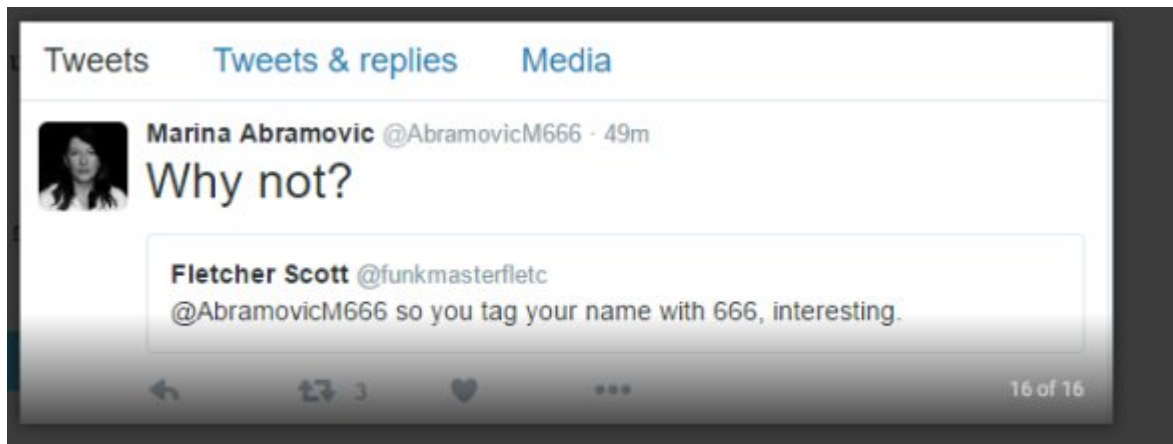

"Cleaning the Mirror", 1995.

Another interesting fact: Marina's Twitter name is

@AbramovicM666

This is why the term 'occult elite' is used to describe the highest level of power.

## Conclusion

Lastly, there is a highly disturbing video (**The Neutered Noel**) produced by Amanda Kleinman, also known as "Majestic Ape", who has been a host at Comet Ping Pong Pizza. She is very closely related to Sasha Lord, the music coordinator for the pizza restaurant. Please pay VERY close attention to the numerous freeze frame graphics which were extracted from this video. Please be aware that these pics are not for the faint-hearted and some of the photos truly offend.

What follows is just one example of Sasha Lord's poster art that she routinely creates for the music groups that play at Comet Ping Pong Pizza for family events. The posters invariably specify that the music is for "**All Ages**". The one below is a curious exception.
