Am very glad that you
will be coming. Call. Do
hurry out here. I want
to see you so much. I
have a strong idea that
your brain & political
ability are just what is
needed to complete the
conquest of Germany.

Please bring me a lb.
of Statika & a pound of

Perique. I am really

insane w this dreadful
tobacco that burns the
tongue. I expect to be

leaving here in quite a
few days now. In fact,

it is so much better. I have
found it nice. If I leave
for certain that you will
arrive on a certain date,
say on Oct. 12. I would
like to stay on in a hotel
until early in the morning
and get away.

have been thinking of it
a lot all this year.
The call of the Desert is
loud in my ears, what
are your plans for the winter?
I am making up a
mixed party, people who
are soul-sick & people
who want to develop
their higher faculties.
We shld. ~~go~~ int to

charge but if everyone
has to pay full share

I can save them from
