An I₂ Q in 2505

1. I have at last made adequate arrangements to meet current expenses till the end of the year, by means of a regular allowance.

This will leave me free from anxiety, and able to attend to my real work.

This will relieve you from all further responsibility for that period. All sums that you can spare should be sent to Mr. Gube, to replace the publication fund which has been raided for the above purpose. (You need not incur the expense of cabling. Bank drafts will serve.)

2. We are engaged in forming a syndicate (or limited company) to exploit my works both sacred & profane.

You & others who have contributed

will receive stock in the company for the
amount.

Please inform Mr. Gripe exactly how
much you have advanced. I wish to
include all you have spent since we
first corresponded - i.e. including Pensylvania
etc.

If any movies sent me by you ^{have} come from
other sources, ~~for~~ we look to you to
allot them stock accordingly.

3. The details of the scheme may be outlined
thus:

1. Capital \$50,000.

each.)

Amesbury - Mansfield

Dear Sir,

When I left Amesbury on Sat June 16th
the auto which I had hired to convey
my party & baggage to the station
was with Captain Kern (the time I had
ordered). In the hurry this caused
several people either by accident or
design omitted to place a small wooden
case containing bread & butter in the auto.
Since that time I have been occupied
in various efforts to recover this case.
I arranged with the men who drive
the auto to duty from Amesbury to
Mansfield to look & collect the
case from the driver, & deliver
it to me. The driver refused
to do so, saying that he
had left it to the post office
via the express. But
nothing happened & I left
Amesbury from the hotel until
this morning is only to a letter

Amesbury - Mansfield

Dear Sir,

When I left Amesbury on Sat June 16th
the auto which I had hired to convey
my party & baggage to the station
was with Captain Kern (the time I had
ordered). In the hurry this caused
several people either by accident or
design on the plane a small wooden
case containing books & such like auto.
Since that time I have been occupied
in various efforts to recover this case.
I arranged with the men who drive
the auto as duty from Amesbury to
Mansfield to look & collect the
case from the driver, & deliver
it to me. But this was refused
for the only guarantee
for handing the case is for a
receipt & I have no money. But
nothing happened & I left
Amesbury from the hotel until
this morning is with a letter

Is it I should understand the complaint

to the police. In this letter

apparently they attempt to throw the

blame upon you.

Will you very

kindly investigate the matter.

I understand I may say in confidence

that the people into hotel did

everything to make us

thoroughly uncomfortable. They were

indeed a disappointment in every way to

such an extent that we seriously doubt

whether they are in full possession

of their normal faculties.

Dear Mr. T. T. T. Mrs. Russell
I hope you are
enjoying your holiday. I am still
enjoying mine. But I am working
rather hard I have done for the last 2
years.

I have been making very
elaborate plans for the future. I
do not know how much of you
will be there. I know definitely
your decision about the Group Fund.

With kind regards
yours
v. truly

p.s. how the Bandelaine project
will be very much obliged if
you will send me any press
cuttings you have about it.
Will return them immediately
by registered post.

1) It has been objected to
reincarnation that the population
of this planet has been increasing
rapidly: Where do the new "souls"
come from? It is not necessary
to invent theories about other
planets, it is enough to say that
the earth is passing through a
period when human units are
being built up from the elements
with increased frequency -
The evidence for this theory springs
to the eyes: in what other age
was there such puerility, such
lack of race experience, such
reliance upon incoherent
formulas -

Contrast the infantile - imbecile
emotionalism and exuberance of the
average "well educated" Anglo-Saxon
with the mature common sense
of the normal illiterate peasant.

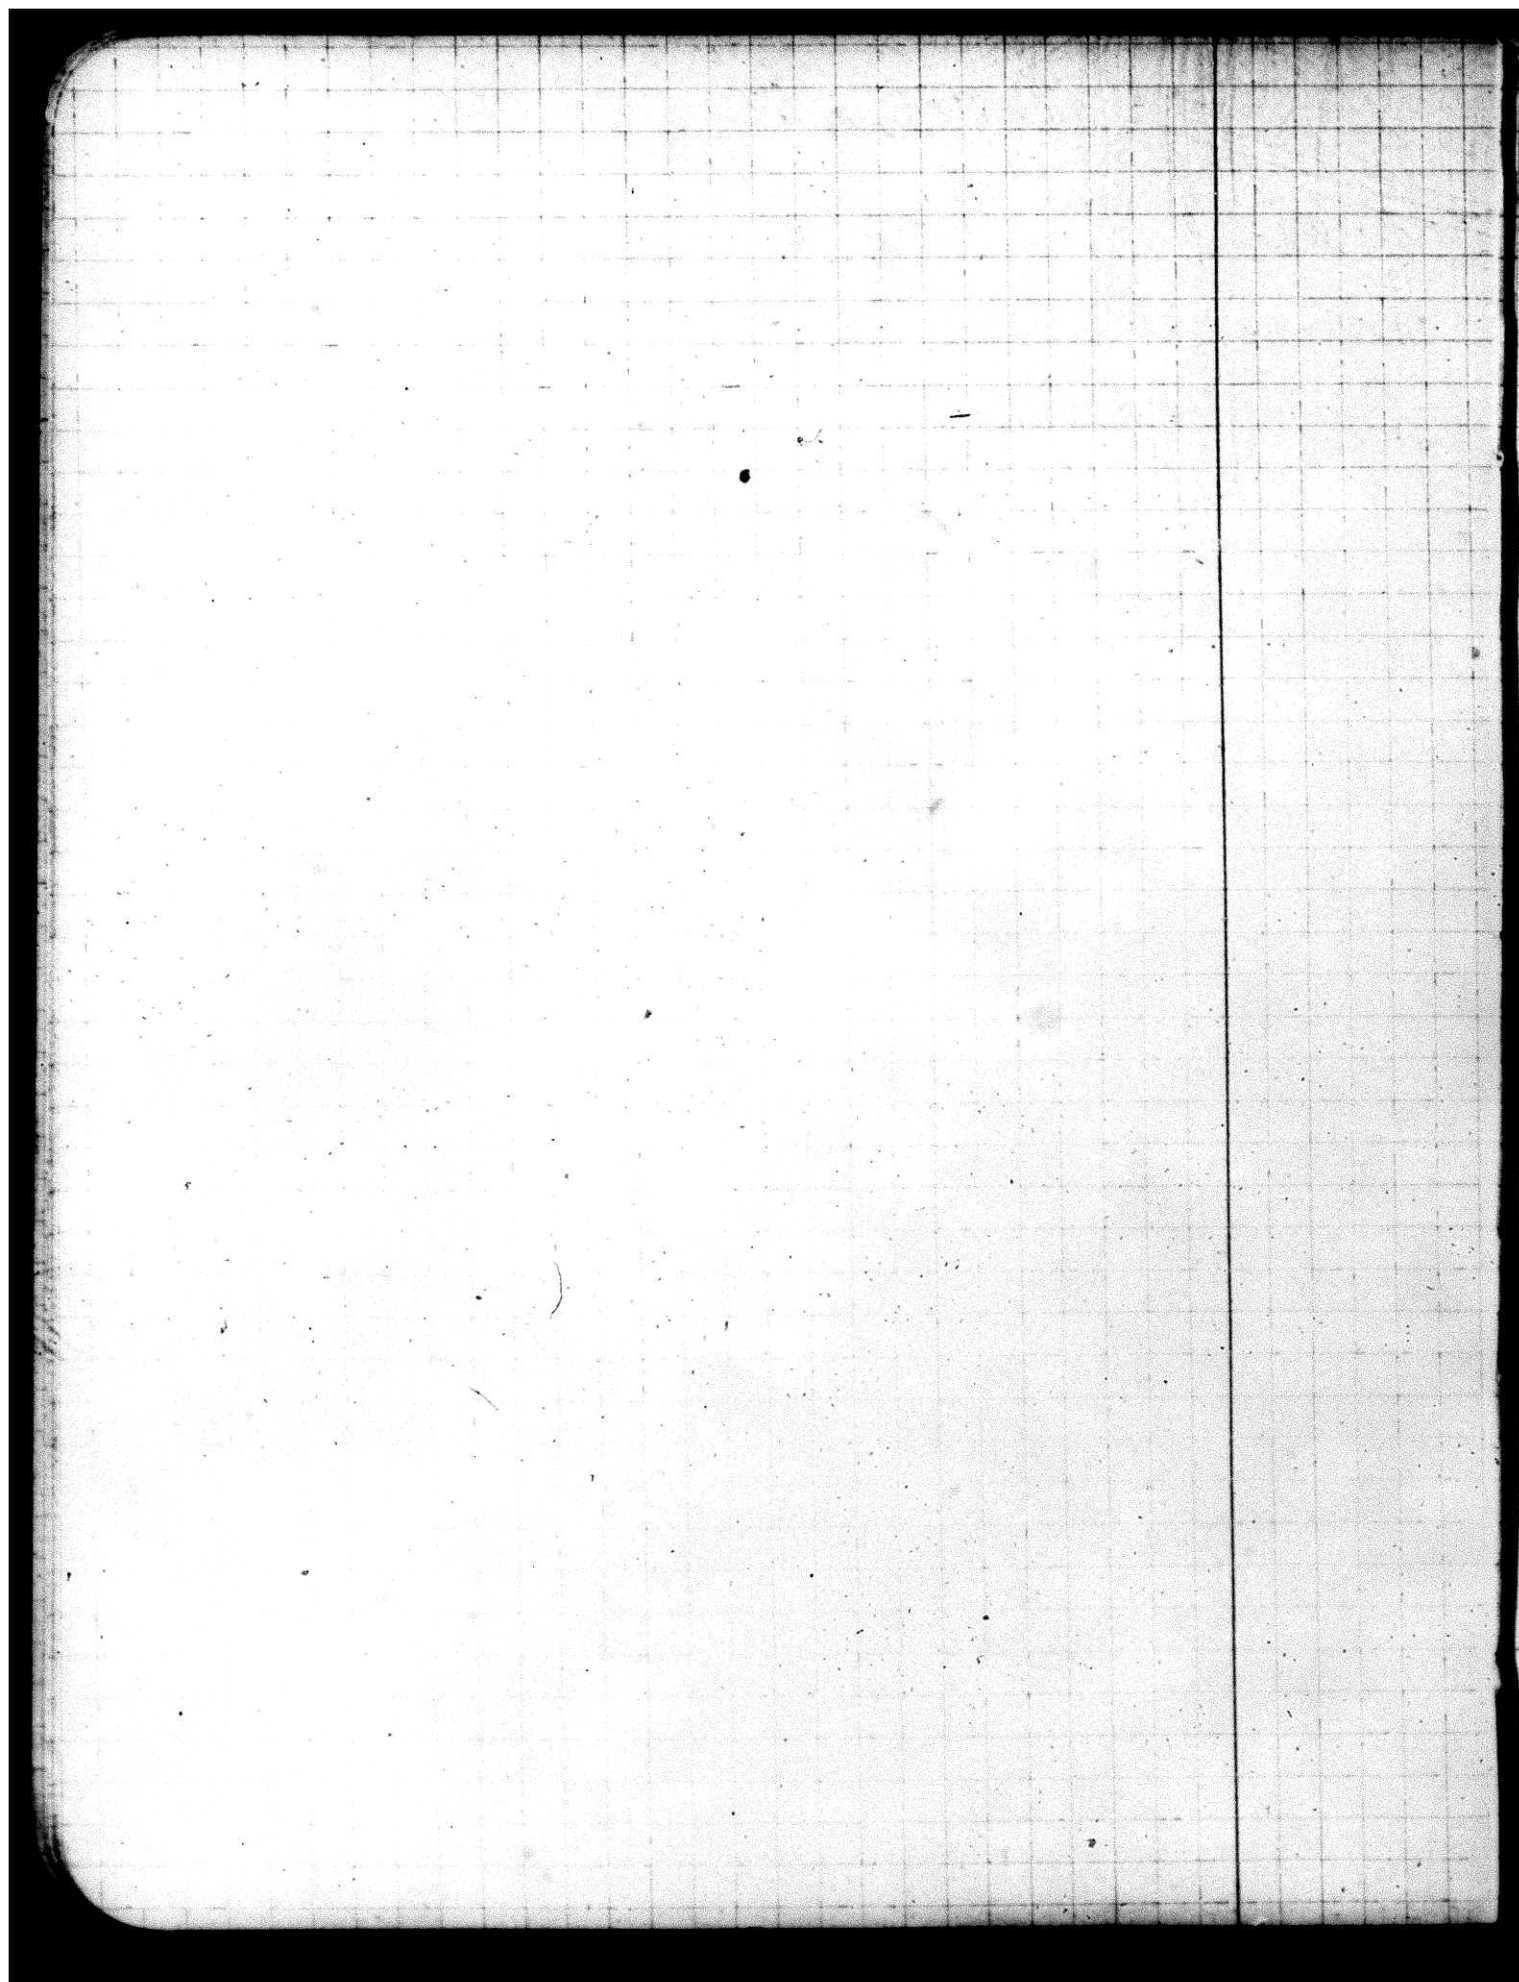

The vast majority of mankind to-day is composed of souls "who are living the human life for the first time."

Note especially the incredible spread of congenital homosexuality and other sexual deficiencies in many forms. These are the people who have not understood, accepted, and used even the Formula of Osiris -

Fin to them there are the "once-born" of William James, who are incapable of philosophy, magick, or even religion, but seek instinctively a refuge from the horror of contemplating the nature which they do not compound in soothing syrup affirmations such as those of Christian Science.

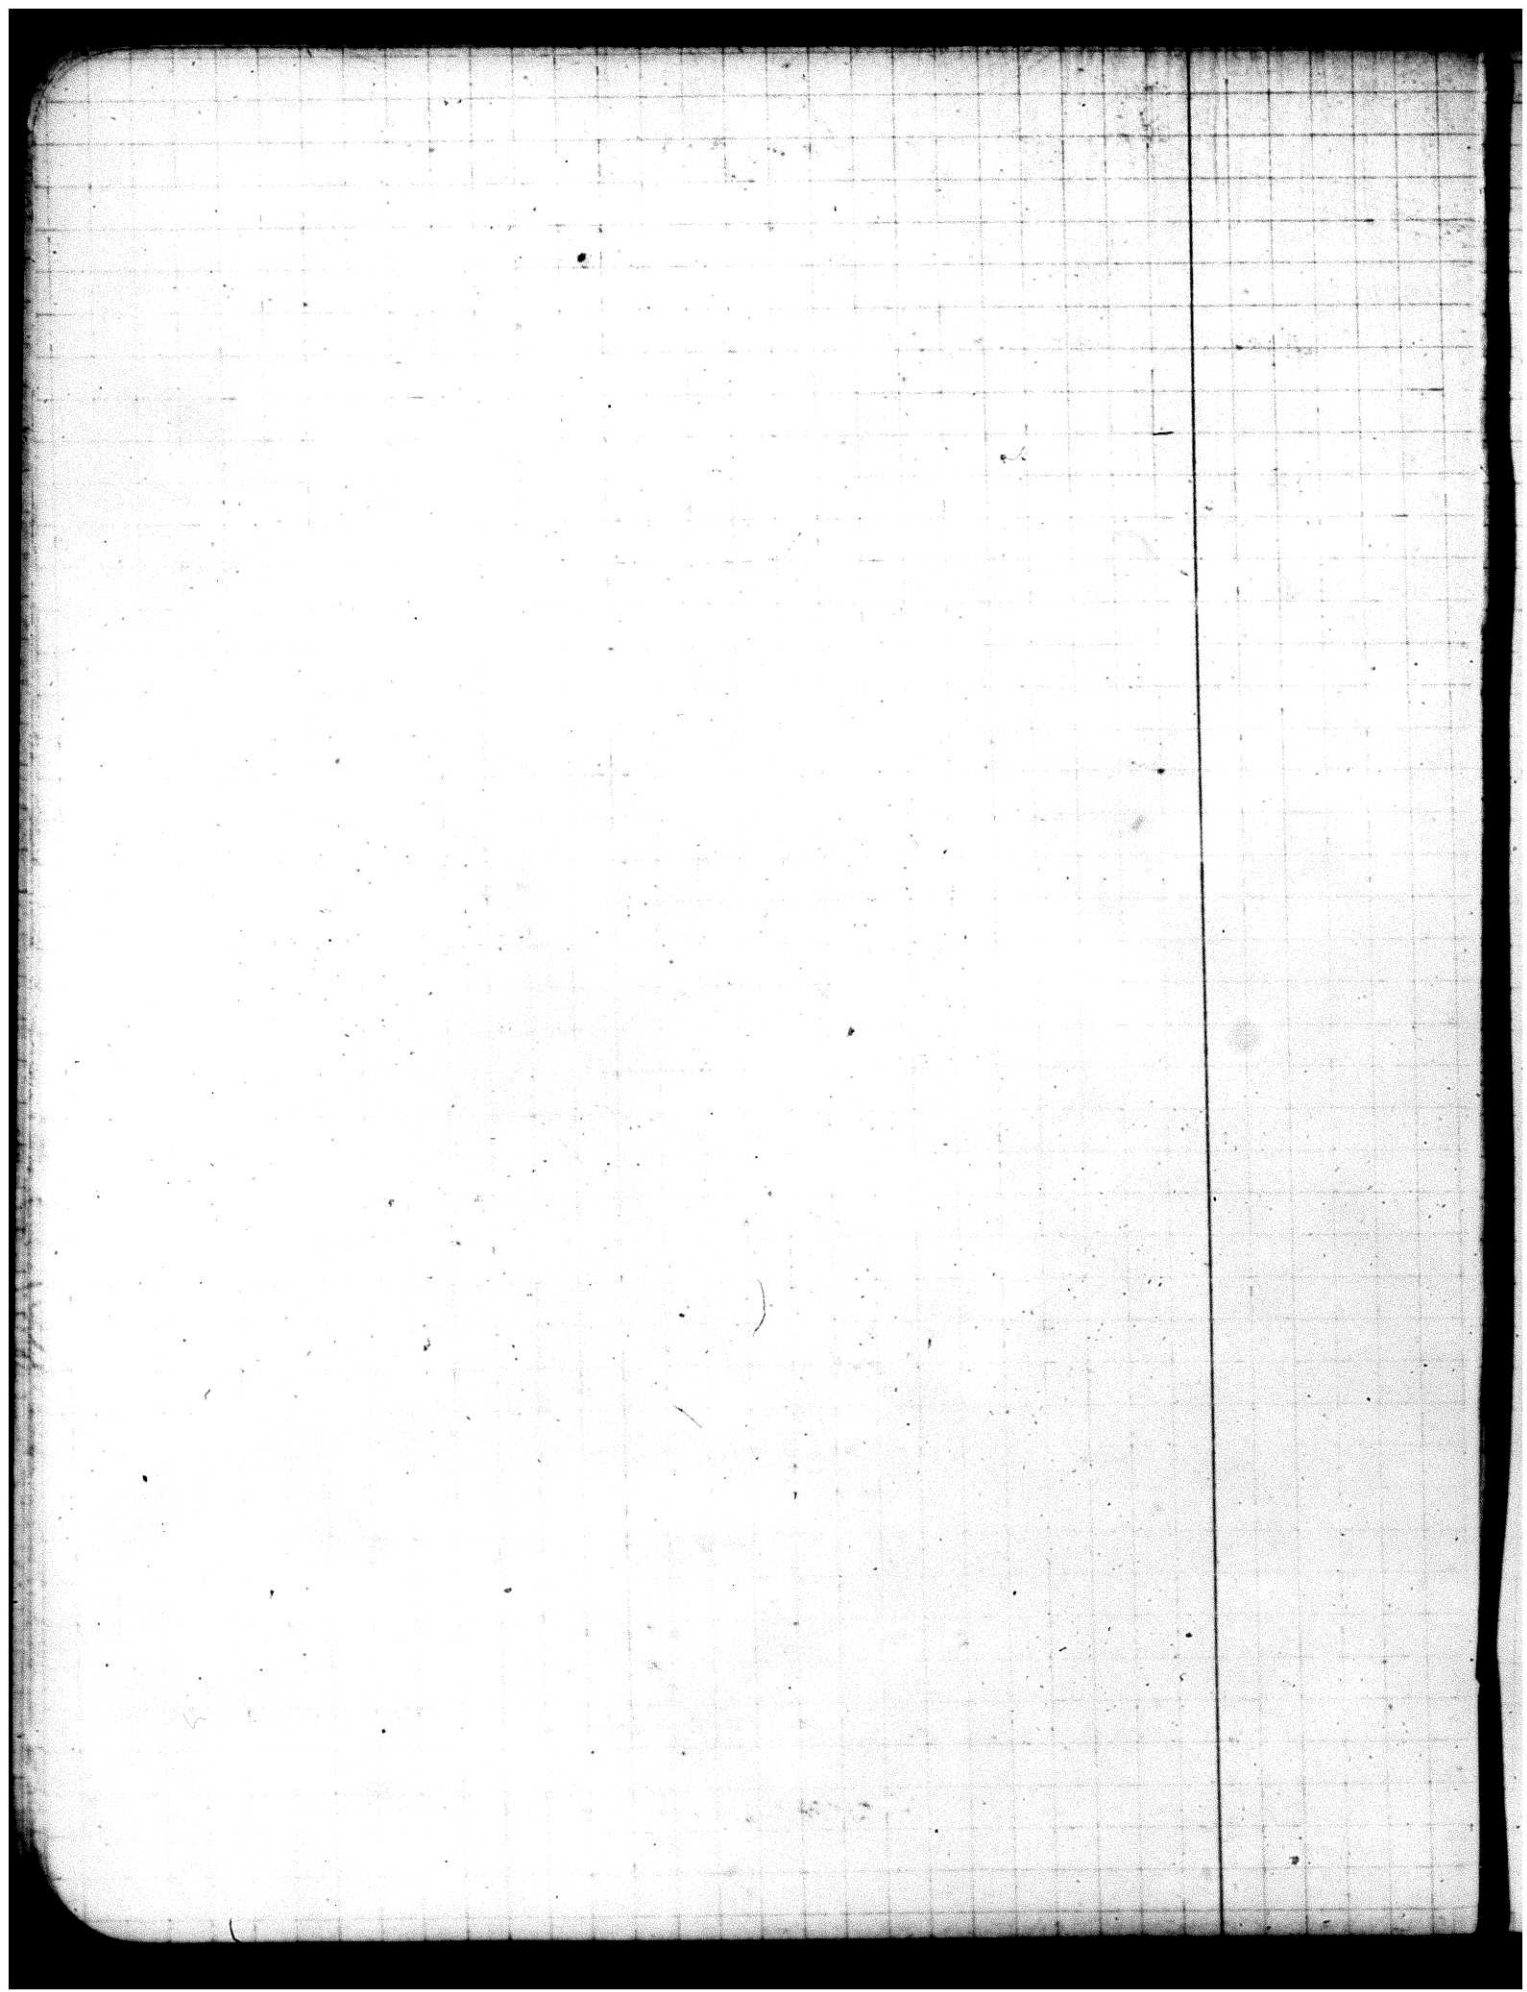

Spiritualism and all the sham
occult creeds, as well as the
emancipated forms of so called
Christianity -

Magick -

Magical phenomena of the creative order are conceived and germinate in a peculiar thick velvet darkness, crimson, purple, or deep blue, approximating to black: as if it were said of the body of our Lady of the Stars
