January 1st. At Calcutta with one H. Lambe.

3rd. Very badague at night.

6th. Ill on and off ever since New Year started - fever, indigestion, mental depression.

10th. First day this year of feeling decently well and strong.

13th. Early morning walk - deep meditation. Developed a sort of inverted Manichaeism. Nature as evil and fatal force developing within itself (unwittingly) a suicidal Will called Buddha or Christ.

A. Bodhi Sattva (Christ)
B. Maya
Samsara (Buddha)

15th. It is a fallacy that the Absolute must be the All-Good &c. There is not an Intelligence directing - Law: line of least resistance. Its own selfishness has not even the wit to prevent Buddha

16th. We cannot call Nature evil. Fatal is the exact word. Necessity implies stupidity - this the chief attribute of Nature. As to "Supreme Intelligence" consider how many billion years were required to develop even so low a thing as emotion.

18th. Near this night I had an exceedingly vivid dream of my F, in which we gave in and began kissing. Always in fear of the other: W. was away one night and I did the Alice trick. Great ecstasy.

21st. Sea. To Rangoon with one Edward Thornton. A.R.I.B.A.

24th. Rangoon. Fever.

25th. Will go and take refuge in ^W Shive Dagon Pagoda.
? Sin-tranmatism. ^u ^u 103° Doctor.

26th. Doctor declares me well again.

7th. Shot two Brahmin ducks, big stork, and other birds. To Kama where steamboat to Prome. Stayed there. To Peter Rs15.

8th. Pagoda. Wrote poem and rondel and did some Mitri Bhavana, taking my refuge in the Triratna. Train 3.0.P.M. to Rangoon. Many strange dreams.

bread, eggs, ice cream.

✓ February 12th. On board S.S. Comilla for Akyab. Let me establish a portion of my mind and call it the Supreme God, and attribute powers of healing, protection, and other useful things to it: thus letting a Skanda mould Skandas.

Dream - partly lascivious. Of the annoying kind where at the very last stroke something interferes.

13th. 5.P.M. Off Sandoway.

10.30 P.M. Ship's time. 11.0. Rangoon Time. Went to warn Allan of my arrival.

Amusing and later singularly beautiful dreams.

? If I wrote down regularly all dreams, would my waking memory of them improve?

14th. Kyonk-pyu. In evening raced to Akyab and just got in. I easily found Lamma Sayadaw Kyong and Allan. He rather asthmatic. Slept in temple and had Dreams.

✓ 15th. Went to Dr. The Noo's house. With A.M. discussing A.P. and P. Pools dropped in incessantly to worship A.M. At night reconstructed Book III of Orpheus' reply and wrote the Minos and devised Orpheus' reply, and two pages of it. Dreams - two series again: both seem lascivious. One of being caught by husband. Note this as type.

16th. The Great Complaint of Orpheus. Allan came in morning, all day, with only an occasional fool to worship. At night wrote Minos & Co's answer to Orpheus.

Dreams - chiefly of travelling and of criticising Buddhist art and of trouble in hospitality.

17th. Wrote passage of Orpheus from Minos to Aidoneus.
Feeling a shade feverish 98.6. Slight dreams only.

18th. Rather bad go of fever 102°. 3. highest.

22nd. Allan here from morn to dewy eve. He approves Ahab.
Very excited mentally.
Slept at temple (I think) a dream.

26th. Arrived Calcutta.

27th. Got mail. Worked at Taun proofs and Ahab &c.

23th. Shopping - getting type done &c.

Dream - Met Naish and Perez. Dreamt Hegelianism.

March. 1st. Dreams not rememberable.

2nd. Went to Sodepore snipe-shooting.

Dreams. 1. Thornton reproached me with expense of punkah also for my cavalier conduct toward him. Long rational argument. 2. Allan and I met ? where thus fulfilling my presentiment that we should meet again, and so making my death in N. India possible. This continued with varied incident.

3rd. Shopping &c, and very long sleep after tiffin. Dream of Kashmir and arrangements of bank and letters.

4th. Worked very hard at proofs, letters, type &c. Had the seal January 20th - a great and striking success!

Dreams elaborate and vivid - suddenly and utterly lost all trace of - a flash! - Kelly and one Fraser as Social Reformers.

5th. Working at Dharumapada and mail. Dreams with afternoon sleep. Some dreams of Rawel Pindi.

6th. Analysed Ascension Day and Pentecost and finished Cap 1

X 7th. Packed and left Calcutta for Benares at 9.45 p.m.

Dreams of a railway journey and being kissed by a woman disgusting her by a I could not find name of station on map.

X 8th. Arrived at Benares. Hotel de Paris. Began Concentration Considered: fear of future seems practically destroyed,

Why do G. W.
was it on account of health
Health or Health
result no reason for not health like the

the last six months having worked well. This removes
all possible selfishness of incentive (after 4 $\frac{1}{2}$ years)
Mitri-Bhavana is left, and that alone. Aum!!!

Dreams many and most exceedingly vivid - memory fails me.

9th. Went to Sex Temple and some others in Kasimir. Visited Sri
Swami Swayam Prakashanand Maithila who promised to show me
a Yogi on the following day.

I think in Calcutta most of the time.

Fidelis, T.B.B. E.B.C. and a large family of kids.
The "taken in adultery" dream much elaborated. Also others.
Explain to W. why I was in bed with F. on Alice lines. But
I had begun to f...k..

X 10th. 3.44.A.M. Himself was Yogi, "At beginning of journey you
will find a Swami who will find a Yogi who will give you
mantra &c" But "Your Guru is very far away"
will succeed after some trouble! I promise to return and
see him if possible. Nautch. Ginde becomes Yogi.
Woke in night with vivid dream - made a mnemonic to avoid
getting up - and now forget.

11th. After long sleep remember 'Twas of going to a school
where Chas. Samuel was master: of recovering £20 of combats
to keep this, of flight and of London (I think this was
a second dream) Did little all day.

1. The religious poems. Also mater's were to be published
with two of E.A. Poe's on same subject. I met Poe in my
mythical London Villa - a preaching hoax &c.
2. Bank Holiday. Went inspecting something: girl totally
evasive me. I did nought. When I wrote above in pencil

at 2.30 A.M.) I knew Villa was dream, but I thought poems real.

Paid Bearer to date.

12th. To Agra. Arrived 12.0. Night, or rather 1.0.A.M. on the 13th.

Dream. Travelled to Delhi by mistake. Social complications, not vivid. Also in Kashmir - of riding a white mule. This should be a good omen.

13th. Wrote National Anthem for Ireland. Also the Hades Ode and the Rape of Persephone. How the thing drags on! The Hydra was a fool to it. Will anyone ever try to read it through? Saw Agra Fort and Geneshi Lall. Worked on Ahab. Semi-lescivious. Second girl in train baffled me by growing very small on Alice in W. principle.

14th. Saw Taj. A dream of beauty, with appalling evil things dwelling therein. I actually had to use H.P.K. formula! The building soon palls, the aura is apparent and disgust succeeds. But the central hall is like a magic circle, and of strained aura, like after the banishing. Nautch - ugh! One visit alone does not show full badness. Red elephant - talisman, Aubrey, tobacco, about gates of Binah bought with British gold ? dream.

15th. Met Astr.and Geomr. Manshi Elabi Bux. He says. "Look hard at point on wall unwinking for many days, gradually increasing time. You will thus obtain hypnotic power even to D. & H. C. of W." *Startly & fiendish Cancer effects*
To Delhi 9.50. Dreams. 1. Eastbourne return. Magic citation for divorce as co-respondent. On

Thunderstorm and wind at Delhi.

16th. Arrived Delhi 4.30 A.M. about

(2) Considerations of ye Booke of Syr Galahad ye Prince.

Remember incident only.

17th. Wrote Pros. appeal to Hades and Orpheus's invocation of the Eriujes. Mooned all day.

18th. More Book III. Eriujes scene 13 pp. Finished Orpheus' penult and ult. song. Lib. III. explicans. Invocation of Hermes from Hymn to Went to Kashmir P. 2. The accursed Book III utterly finished. Oh Book IV! Book III except p. 1. began Nov. 22. 01.

Dreams transient, numerous, and very vivid. Especially a Moon like Darshana - almost as bright and eternal. Suggested by Wells and my idea of possibilities of K2.
