The Magus with Wand. On the Altar are Incense
Fire, Bread, Wine; the Chosen, the Scurvy, the Dapper,
and the Owl. In his left hand the Bull he taketh.

Hail, Asi! hail, Haer-Apep!  

The Silence speech beget!

The Words against the Son of Night.

Ishtar speaketh in the Light.

Knowledge and Power, twin warriors, shake

The Invisible; they roll asunder

The Darkness; matter shines; a snake

Sebek is smitten by the Thunder —

The Light breaks forth from under!

Hegres to the West, in the centre of the base
of the  of Osiris, Aris and Haos

O Then, the Apex of the Plane,

With Isis head and Phoenix wand

And wings of Night! Whose serpents strain

Their bodies, bounding the Beyond

Thou in the Light and in the Night

Art One, above their moving might!

He says he Wand ^{to} the Altar, near the
Scurvy his buttocks, curls a Green Snake

The Dogger after his Breast and I, & then
 the Chain of the Ball about his forehead
 saying The Lashed Venter! Limit thy Flood
 Through me - by night, or never, and Blood for
 Awaiting the Wounds, say The Fire before me!
 Let the Oil Balance, assure, avoid!

So life takes Time from Death, and runs.

Whirling round the Poles. 10
Hail, Ave! Praise the Father, bring on
The golden of the Starry One! 11

- How eye to thee, hand of the
 Word!
 Word of the Silence, Home
 & Thee!

Lord, we adore Thee, still and stirred
Beyond Infinity

The Secret Word.

From the Silence of the Tomb
 Unto the Shouting of the Lord,
 And back again to the Beyond,
 This is the Work and the Reward.
 This is the Path of A.M.A. —
 This is the Path of A.S.

Hail, Hail! Hail, thou blinding Wheel!
Alpha and Delta kissed and came
Too true but lost to flame.

Hail, Hail! Alpha's love of gold!
Alpha and Delta and Charles
Met in the shade of the Pylon
And in lots of proclom
That half-fold one and crown of flame
Hail, Hail! Alpha's blinding wheel!

Then the Great Pyramid duly built.

INITIATION follows

I know not where I am, I know not where I come
I know not where I go I seek - but that I do not know
I am blind and bound, but I have heard the way
Ring through eternity: Arise and follow me!

As yet Un-refer! I invoke
The Fourfold Honor of the Snake

Unto the Pit! by the dread Word
Of Power - But Set-Typhon hath heard -
SAZAZ SAZAZ ANDATSAN SAZAZ

The Fear of Darkness and of Death.
The Fear of Water and of Fire.
The Fear of the Chasm and the Chasm
The Fear of Hell and the dead Breath
The Fear of Him, the Lawgiver dire
That on the Threshold of the house
Stands with his Dread Face to slay
The Pilgrims of the Way

Thou speakest with force and care
Admonish with Fortitude and Wit
To the straight Path, or else their course
Vexes surely infinite
The Passage of the Sacred Pyrene

Asar! who clutches at my throat?

Who pains me down? Who stabs my heart?

I am unfit to pass within this Pylon of the Hall of Maat.

The Lustral Water! Let thy flood
Cleanse us - by night, murder
and blood!
The Gorge of the Dagger,
and the Chasm

Dying a ~~body~~ body, breast, and brain!

The Fire Informing! Let the oil
Balance, as air, as soil!

Still in deeper isolation. For I am one with all this pain
To ask admission to the Shrine
There is only a flesh is one -
Unless it be that I am Thou

I am Thine, his little, little brother
Who was Thine of Father's grace my birth -
I heard of me "land of my mother"
I heard that that after death
I should not be separated and a witness
I should not judge in my quest
I should not see nor of myself
Before the great God, he heard and he blessed
I speak from words, but OY MY
In the silence of the morning of dawn
I have found the soul, the soul, the soul
There is no more to be, when the soul is at home
- For though I be united to the world
In the highest of the world of the world
I have found of Father's grace my birth
I have found the soul, the soul, the soul
But my little, little brother
I shall be with you - I shall be with you

Yea! but I am a fool, a flatterer!

I am under the Shadow of The Wings

I am a Slave and a Traitor
 I am so filthy that I stain the little white
 I am a monster, a shapeless, ugly, vile
 I am a Trully and a Great Slave
 I am as ~~stupid~~ and as dumb as an ass
 I am actually cruel and mean
 I am a fool and foolish and so on
 I am a scoundrel and a coward, a scoundrel
 I am a villain and a scoundrel
 I am a glutton, a scoundrel, a scoundrel
 I am a sinner and a scoundrel
 I am as stupid and as dumb as the
 I am a thing of evil and of evil
 I am most violent and I am evil
 I am a villain and a scoundrel
 I am a man, a man of evil - a man
 I am a blood-thirsty, heartless and a man
 I am a villain and a scoundrel and a man
 I am my nature and I am a man
 I am not marked with the white flame of evil
 I am a Traitor! - die the traitor's death

I am under the Shadow of the Wings

Now let me pass the Path, blind one
 The guide of the Starry One!

A S A R ! and

Sad-mystery Terror is my name!
 Lord of the Gods' Dread Lord of Hell!
 I come. I fear Thee not, Thy flame
 Is mine to weave my maiden spell!
 I know Thee, and I pass Thee by.
 For more than Thou one I!

Asar! N.T.A. Sorrow that entells up the soul
Dance of the Gods! The blue sky Queen
This is Thy Name. I name Control
and pass! I know Thee, Lady of Tears!
I know Thee, and I pass Thee by,
For more than Thou am I.

Asar! N.T.A.

Asar! N.T.A.

I will not look upon Thee more
For Teth is Thy Name. Beyond!
Tales Planted, thou shalt pass before
The flaming forehead of the Sun
I know Thee, and I pass Thee by
For more than Thou am I.

Now witness Ye upon the Earth
Spirit and Water, and Red Blood!
Witness above, bright Buds of Birth,
Spirit, and Father - that are God!

Assur Un-nefer! I am Thine
 waiting my Glory on the throne
 Thy bride, Thy vanguard! Ah, my Lord!
 Smile through Respect with Thy Sword!

Assur Un-nefer! rise in me
 [redacted] of Thee! No chosen

Come! He, come now! I wait, I wait, I wait
 Patient - impatient slave of Fate
 Brought by Thy glance - Come now, come now,
 Touch and inform this burning love

Assur Un-nefer! in the shrine
 Make Thine our whole Thine

I am Assur - worthy alone
 To sit upon the Noble Throne
 Attack is mine, and mine defend
 And these are mine. Arise, go hence!
 For I am Master of my Fate
 Wholly initiate.

The Words are spoken daily The deeds are daily done
My soul is never weary to greet the risen Son

One! Four! Five! Hand!

Sealing of the

Proceed as in the Building with the words "Suns"
Now let mine hands embrace the trust 
And thence give life of all
The Adoration, and the Word Then at altar
Behold the Perfect One hath said
These are our body's elements
Wine and bread pure, a golden loaf
Incense and Wine and Fire and Word
These I consume, two sacraments
For the Perfection of the Oil
For I am clothed about with flesh
And I am the Eternal Spirit
I am the Lord that make flesh
From Death whose long I wait
Dance I partake with them I am
The Transfuser of the Unseen
Without us all the land of a Son
That it had not been       

For Silence duly is kept
And darkness duly brought to bed
The Shroud is hinged in my Thought
The truest Light is in my head.

Attack! I cut off the story line
There is a Seb, or Man that dwells therein
Behold the radiant Virtue of the Lord!

Defence! I close the mouth of Seth, thy
My foe on Nile, Aser that held out —!
Behold my radiant Power, ye things abhorred

For see! the Gods have crossed mine hands
Aser unfettered stands.

Wail, Ase, wail! How-Aseph cries —

Now I be Son of Man arise

And follow — dead where Aser lies!
