CHAPTER I

0. My family name means nothing. My physical appearance is common in nothing stands out from other human beings. Age, possessions, titles, diplomas, are other considerations fleeting of a society in decline, representing only the label of the bottle, which very few know real content,

But those of you eager to know the existing Essence behind illusory appearances, will have to drink from the bottle - neck to his mouth - and in one gulp, become drunk, the AMRIT: the liquor distilled from SOURCE OF LIFE.

00. My birth, although it occurred right here, and the normal biological process at all true man, lost in TURBILHÃO NIGHT OF TIMES. But all of us are not born THERE? And is not the Earth, small piece of the Sun, released from His Father by Centrifugal Force exists in itself? And this is not even the Sun FIRSTBORN SON OF HIS MOTHER, that Grandiose Galaxy spinning in the Womb of Infinite Soft Dome Celeste?

000. As the "Real Wanderer", returning from a long trip: A Journey to the initiated centuries ago. Crossed Abyss, Land and Marine, and Unknown Worlds, looking for the ABSOLUTE TRUTH.

Like the Wandering Comet back now to my origins Plagas. Not as the possessor of that ABSOLUTE TRUTH, but I'll be wrapped in Flame Brightness LOVE I want to teach women and men - if they so wish. I return to the Men and Women of this little world turning a corner of the Universe. Bring them FREEDOM WITHOUT LIMITS and a DIVINE MADNESS. Come back different. Changed. A radical change, is deeply transformed in the mind, intellect, and why not say it, at the heart of REBEL STAR.

1. This walked my journey on foot, knees walked, crawled and also, until learned around me upright.

2. Climbed mountains where light, under a sky purest, touched the Eternal Snow that crown the highest peaks in the world. I delved in damp caves and trevasas, where only echoes flying bats, until I learned to see the LIGHT in the DARKNESS and LIGHT in LOCKS.

3. For a long time I had as friends, worms and insects, beasts, snakes and birds-of-prey, until I learned the true meaning of loyalty to the Balance of Nature.

4. From crying was anointed in my tears and then laughing, and laughing learned to laugh. Now crying laughing and crying river. AH HA! Akem AUM.

5. In the burning deserts of the world loved the tiny grains of sand, and desperately loved the distant stars, and learned that ALL IS ONE AND ONLY THING. So, I built an Altar to the God PAN.

6. I felt the bitter honey of Victories and Defeats of Bitter Sweetness met, and learned that there is balance in everything. Therefore, the absorbed Defeat and Victory in one event illusory, the result of the duality of Mortal Mind.

7. Savored the heat of LOVE and HATE Frieza. Tucking me in two, married them in me, so I follow the WAY MIDDLE while Twins Two mischievous boys play around me.

8. Lost it in bloody roar WARS, and rested in silent whiteness PEACE, therefore, became WARRIOR MONK-waiting for the first sign of battle fair. I'm the Tiger resting at attention. For this reason, many call me THAT SLEEPING AWAKE.

AH! HA!

9. Rested in tents Wandering Peoples, and spent the night Sumptuous Palaces. In the cold wintry night covered me rough skins of beasts slaughtered, but also agasalharam me bodies of voluptuous women, the vast wigs and soft bellies. And with that, I learned to be sober drunkenness, and chaste in a thousand techniques of eroticism.

10. LIFE and DEATH become diletas and my beloved girlfriends, with one another and with Docel slept under the stars, and learned the BIG SECRET Hidden by TWO SISTERS antagonistic appearance.

11. After all this and more, I approached the beautiful city right TORRES PYRAMIDAL - Aeternitas - there I spotted a man name ANYONE. For Aeons follow anyone.

NOBODY has become my MASTER SECRET.

12. With nobody knew the Arts and Sciences. He climbed to SACRED MOUNTAIN ZION, LEARNING, THE ASCENT, the subtleties of ADVAITA Doctrine, and now, after years of learning know NOTHING.

13. One day me NOBODY unveiled the Veils of Magnificent BLACK GODDESS, whose name was whispered to me by the left ear breeze in the afternoon:

NUIT KALI NU BAHVANI

14. What a schoolboy I fell in love madly and the Goddess, for years, I have been serving A, A loving and worshipping a. Do I follow the scent of sweat from the body of NU all women, and in women the scent intoxicates me Dela UN body.

15. One night of full moon, as I was in my lover's madness, I saw A - HERSELF-stunning YOUR NUDITY STELLAR front of me, his pubic shone with the Light of the Stars, and her belly rippled the Light Moonlight ...

O my God! What madness! Ecstasy Supreme ...

His arms were offered in a hug hallucinating.

16. By tapping that Body Radiant collapsed. To kiss her soft Pubis, freaked out, and I forgot myself. However, in unconsciousness, woke up, the madness became wise, and, as I found myself in oblivion AM NOT. And far, far beyond the edge of the Stars a NEW LOVE Women Goddess taught me.

I am now in a world where every detail is a world. A world that exerts a continuous manifold. An Orgasm in all organs of the senses explode. He is within me and outside of me. And GOD BECOMES WOMAN ... THE ETERNAL WOMAN, bent over me in a supreme joy and tender, no limits, no fears, no taboos ...

SHE IS MY MOTHER, MY WIFE, MY LOVER, MY MYSELF.

So now, those who wish to see me looking for the SPRING, and the WEST, to North and the South: for there will I arise every day, renewing me in Energy Star flowing abundantly by MAGIC GATE OF HEAVEN.

17. I appear in the Levant in the form of a boy riding a Golden Lion, which throws flames roar colored gaping maw. The Golden Mane and Fulva Animal unfolds in playing cascades of light, the BLACK EARTH, and their sharp claws make on the floor flashing sparks of fire.

Bring a BLOW REGIRANTE mother right, and the left is empty, only indicates the Infinite.

Six hundred and eleven times Rays crown it my head. My mantle dyes Emerald and Gold in the wind. My forehead boasts proudly SIGN MY LINEAGE :

18. In West'm Mature Man and Lofty. Brown hair, almost blond, framing my head. Ali, TWO SNAKES get tangled. One has jaws open down, and the other to open up.

My body shines in his armor Ruby and Gold. LEGENDS OF THE BLACK SWORD is wielded by my right hand. She flashes in Violet Rays. My left hand lifts the shell with braided hair Hydra. The horns of the DEVIL is made that the Trident boldly haul ahead of me. Monto, triumphant, nervous rider white mane black as deepest night, and, fluttering in the wind, my robe dyeing of Purple, Gold, Deep Blue and Scarlet.
