

## THE VOICE OF THE GODDESS

I am the last glimmer of light by the Sun  
I am the white Moon rising adorned with Stars  
I'm in Sea Foam, drunk to the beachfront.  
I am the Rose that opens to Kiss the Sun  
But, also, you will find me in the venom of snake that curls up on the fatal strike.  
I am Beautiful and horrible as Life  
I'm in the Dynamics of Life and Death in Static  
I'm Aphrodite and Hydra of ancient legends.  
I'm in love Lovers Cuddling, and shine the dagger that hurts.  
I'm White and Black  
I am Mother and Prostitute  
If you would love Me, you shall love the whole universe.  
For I am Nuit Nu Bhavani Kali
