[02:43] <Ebony137> What are ya into Haddo?  
[02:46] <Ebony137> ...  
[02:47] <Haddo> Music  
[02:47] <Haddo> And you Ebony?  
[02:49] <Ebony137> Ditto, though I haven't had anything on the radio since the early 70;s.  
[02:50] <Ebony137> what kind do you like?

[02:52] <Haddo> I, when I was on the radio, (hehe, did a little pirate-radio show on a station called Radio Snake in the 80's) liked most funk and disco.....  
Now I almost only listen to classical music

[02:54] <Ebony137> kewl I love Bach the fugues mostly the best.

[02:54] <Haddo> I like to play piano, by some strange law, hehe, so I only play piano... hmm

[02:54] <Haddo> I am the one for you, talking fugues to me! :)

[02:55] <Haddo> I love fugues

[02:55] <Ebony137> kewl keyboardists rule, I play guitar and sing.

[02:56] <Haddo> Ok, I try to sing also, but also some of my friends like when I sing :)

[02:56] <Ebony137> Church hire this organ tuner to write something that would totally awe the peasants when they went onto the cathedrals, I'd say that does it, especially on a large pipe organ,

[02:57] <Ebony137> Back on a pipe organ in a fugue is psychedelic! WAY.

[02:57] <Ebony137> Bach that is

[02:58] <Ebony137> brb warm milk time...tums...

[02:58] <Haddo> I am not much for organ, but I know the Bach organ especially the thing, prelude or what it is, that he is most well-known for

[02:59] <Haddo> It is mighty

[02:59] <Belial> in that respect it rather resembles my libido

[03:00] Action: Belial searches for the faintest trace of belief in the faces of his companions.....finding none.....he changes the subject

[03:00] <Haddo> And in respect of that I know I am in the right channel

[03:00] <Ebony137> I love his harpsicord work too!

[03:01] <Haddo> :)

[03:01] <Haddo> I have played almost all of Bach's keyboard music on piano... :)

[03:01] <Ebony137> fuck how much of this stuff do I have to take to get the bleeding pain to back off. DAMN.

[03:01] <Haddo> Not good, but I have played through it

[03:03] <Belial> do you get Red Dwarf in America?

[03:03] <\_Zontar\_> it is decidedly so

[03:03] <Haddo> Get over here and I massage your shoulders

[03:03] <Haddo> :

[03:03] <Ebony137> yep we do, on the public tv stations.

[03:03] Action: Belial goes over to Haddo.....

[03:03] <Haddo> ok

[03:03] <Belial> oh it's just at the moment we have a marathon of it on the BBC

[03:03] <Ebony137> next!

[03:03] <Haddo> Did you see the episode where they disturbed the murder of Kennedy?  
[03:04] <\_Zontar\_> cannot predict now  
[03:04] <Belial> yeah.....lol  
[03:04] <Ebony137> must have missed that one. drat, well it will be back around  
.  
[03:04] <Belial> they got Kennedy to be the gunman on the grassy knoll  
[03:04] <Haddo> that was great, intelligent humor at its best  
[03:04] <Belial> is that how you spell 'knoll'?  
[03:04] <\_Zontar\_> as i see it, yes.  
[03:04] <Ebony137> yep  
[03:05] <Ebony137> shit there has got to be better on my cable than the stupid news.  
[03:06] <Belial> the guitar theme song is really cool.....  
[03:06] <Ebony137> m-tv not to bad, nice surround sound through the computer.  
yum  
[03:06] <Belial> hey anyone see the new Jamirouquai single?.....its about the only thing on MTV that I can stand  
[03:07] <Haddo> Ebony, is there any favourite of the Wholtemperirte klavier you got! ? hehe (got to get into the very specialized things)  
[03:07] <Ebony137> damn it ventolator again. Talk amongs ya selves....  
[03:07] <Belial> hahahahaha.....the titles really cool  
[03:07] <Belial> I love that video with Chevy Chase.....  
[03:08] <Ebony137> bad with remembering titles, I used to love a classical instrument called the serpent, but yuo don't here it much now.  
[03:08] <Belial> .....the bass guitar run at the end of the song is really groovy  
[03:08] <Belial> (talking about the title of the channel)  
[03:08] <Haddo> Chevy Chase, One of my idols, why do I allways look like him whe I make a mistake  
[03:10] <Haddo> But it is almost impossible to look like him.. Have you seen the one when he is in Las Vegas and is about to get more money from the money-machine.....
