

Occultism & Magick: Library Update #27

Milestone edition.

With the incredibly appreciated help of an anon from here or /his/ who renovated my Alchemy folder, we're not well over 5k items in the library. Didn't update much...added the new alchemy folder (listed as "improved alchemy" in the regular folder"), Added a single index of books added in the update folder.

We're now at 33.8 gb, 476 folders, and 5047 individual texts or files. Wouldn't have made it this far without anons wanting or submitting files. Thanks guys :^)

Occultism & Magick: Library Update #29

Hey guys, new update for the library. First the update list, then some discussion on the trajectory of the project.

>A.'.A.'.>Libri

Added Grimorium Sanctissimum...have a few copies scattered about but this is the only one that's in a coherent ritual script. Spoiler: It's a fuckmagick.

>Eastern

Kaula Purana. Short, a page and a half. Just calls you a pleb if you're not a Kaula.

Skull Magic. If it's in a tantra, and it's a spell using a skull rather than a religious practice, Grey's gone through the trouble of extracting everything for your easy reference. VERY useful if you're an edgy fuckwad with an unused human skull lying about.

The Kapalika and Kalamukhas. These are speculations on what we know about the two now lost Saivist sects of Tantra which evolved into just about everything we know today.

Chinnamasta: The Awful Buddhist and Hindu Tantric Goddess. Reflections on the Corpse-Queen.

>Eastern>Shakta

Kulachudamani Tantra, not sure where to stick this one, it's here because it's Nigama rather than Agama; it's in two editions, the Arthur Avalon version and Lokanath's translation.

>Eastern>Tibet

Taming of the Demons, which covers the Buddha-ization of Tibet, and the migration from Bon to Vajrayana.

Life of Milarepa and Birth of a Heruka, both covering the life of the sorcerous Milarepa.

>Eastern>Vajrayana

Cakrasamvara Tantra, Samputa, Candamaharosana, and Dohakosa. Some of these are old and can barely be said to be Vajrayana at all, and are rather tantrik mahayana.

The Concealed Essence of the Hevajra Tantra. This one is just a better translation of the text.

Mahamudra and the Core Instructions of the Kagyu School, Brilliant Illumination of the Lamp of Five Stages, A Roll of Thunder from the Void.

>Kabbalah

Concealment and Revelation: Esotericism in Jewish Thought and the Philosophical Implications

Where we are today: I only expect me to know this, but I've cut some texts off my acquisition list at this point. What follows are the only texts I need to consider the library "complete" and I can focus on promulgation rather than curation.

Occultism & Magick: Library Update #30

Big update this time. Not in like size, I only got nine books for you. But this is the 30th time I've posted this specific thread, and I think that's something :3. The library's really a robust resource these days, so much so that I doubleposted some Vajrayana without noticing. Cleaned that up.

Here's what we've got this time:

>A.'.A.'.>Philosophy

Occultism & Magick: Library Update #31

New Folders – converted 'pamphlets' in the Grimories folder to "Hadean Press" and added the rest of the material from Guides to the Underworld. Added a few articles from the peer reviewed journal Preternature. Here's what I added:

>A.'.A.'.>Thelema

Added the new(er) book on Moonchild. Looks like trash.

Syzygy, looks like an unjuried journal from Mike Beriteaux.

>Kabbalah

Cain and Abel in Text and Tradition

I've taken Aghori's cache of files, and split them up: His Saivism general material went into my folder structures, as did the untranslated material, and the shakti stuff. I cleaned out all the 'misc' stuff from the Eastern folder itself into a 'beginners & basics' folder that covers some introductory historical and

academic material into the subjects most represented in the folders. There is a new folder under the heading: >Eastern>Saivism>Abhinavagupta (Uttara Kaula Trika) -

The -NEW- Abhinavagupta material in that folder is as follows:

- >Trident of Wisdom (Paratrisika Vivarana)
- >Paramarthasara of Abhinavagupta with commentary
- >Gitartha Samgraha – Abhinavagupta's Comment on the Bhagavad Gita
- >Santarasa and Abhinavagupta's Philosophy of Aesthetics
- >Tantraloka, Chapters 1, 2, 3, & 4
- >The Dhvanyaloka of Anandavardhana w/ the Locana of Abhinavagupta.

This supplements what I already have:

- >Malini Vijayvartik
 - >Tantrasara (very short version of Tantraloka)
 - >Svatantrya: The Idea of Freedom in the Pratyabhijna Thought of Abhinvagagupta
 - >Tantraloka Ch. 29, Para Puja, "The Kula Ritual" by John Dupuche
-
